NOTE 1: DESCRIPTION OF PLAN

The following description of the Kids Care Dental Group 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2008, by Kids Care Dental Group (the Company) to provide retirement benefits for its employees in accordance with section 401(k) of the Internal Revenue Code (IRC). The Plan is a defined contribution plan covering all employees who are at least age 18 and have completed three consecutive months of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute a portion of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may modify their salary deferral elections on the first day of each Plan year quarter. Each participant may elect to have their individual account invested in any combination of funds made available to the Plan by John Hancock Life Insurance Company (John Hancock), the Plan custodian.

The Company makes safe harbor matching contributions equal to 100% of participant salary deferrals that do not exceed 3% of eligible compensation plus 50% of participant salary deferrals between 3% and 5% of eligible compensation.

The Company may also elect to make profit sharing contributions. All contributions are subject to limits set by federal law.

Participant Accounts

Each participant's account is credited with the participant's own contributions, an allocation of the Company's contributions, and an allocation of net earnings from investments and changes in investment values. Allocations are based on each participant's contributions, earnings, or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's account.

Vesting

Participants are vested immediately in their contributions, Company Safe Harbor contributions and any earnings thereon.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Upon termination of service, including termination due to death, disability or retirement, a participant may receive a lump-sum distribution or a direct rollover distribution into a qualified plan. At the time of retirement, if a participant's account balance is in excess of $5,000, the participant may delay the distribution. However, for all participants, minimum required distribution must be made by April 1st following the year the participant retires or reaches the age 70½. A participant may also elect to receive a pre-retirement distribution if the participant is 100% vested in the amount being distributed, and has reached the age of 59½.

Administrative Expenses

All reasonable administrative expenses not paid by the Company may be paid from Plan assets. Fees associated with certain participant directed transactions are deducted from the affected participants' Plan accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions which affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Subsequent Events

Management has performed an evaluation of subsequent events from January 1, 2016, through October 4, 2016, which is the date these financial statements were available for issuance. Management does not believe that any transactions or events that occurred during this period require disclosure within these financial statements.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are stated at fair value and contract value as certified by the Plan's custodian. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07 Fair Value Measurement (Topic 820); Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalents). The ASU removes the requirement to categorize investments measured at fair value using the net asset value (NAV) as a practical expedient within the fair value hierarchy. The Plan adopted the provisions of ASU 2015-07 for the year ended December 31, 2015. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted and applied retrospectively. The Plan's management has elected to adopt ASU 2015-07 early.

In July 2015, FASB issued ASU 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962) I. Fully Benefit Responsive Investment Contracts; II. Plan Investment Disclosures; and III. Measurement Date Practical Expedient. The amendments remove the requirement to:

- Report fully benefit-responsive guaranteed investment contracts at fair value. See Note 5.
- Disclose individual investments held which exceed 5% of net assets available for benefits.
- Disclose net appreciation in fair value of investments by type of investment held.
- Disaggregate investments reported in the fair value hierarchy table by class of investment. They may be presented by general type only.
- Disclose investment strategy for investments for which fair value is measured using the NAV practical expedient, if they are Form 5500 Direct Filing Entities.

ASU 2015-12 has been adopted for the December 31, 2015 plan year end. However, the retrospective approach requires that the above items, applicable to the prior year, be presented in accordance with ASU 2015-12 as well.

NOTE 3: INFORMATION CERTIFED BY THE CUSTODIAN (UNAUDITED)

Information contained in the accompanying financial statements and supplemental schedule that was certified by the custodian as to completeness and accuracy includes:

- Details (cost, market, and contract value) and summaries of investments held at December 31, 2015 and 2014;
- Summaries of investment income and transactions for the year ended December 31, 2015.

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1) Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2) Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3) Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Common/collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments or redemption restrictions.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a PSA is calculated based on a compilation of primarily observable market information. There are no unfunded commitments or redemption restrictions.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 225,886	-	-	225,886
Total assets in the fair value hierarchy	225,886	-	-	225,886
Investments measured at NAV (practical expedient)				1,214,996
Investments at fair value				$ 1,440,882

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

	2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,403,551	-	-	1,403,551
Total assets in the fair value hierarchy	1,403,551	-	-	1,403,551
Investments at fair value				$ 1,403,551

NOTE 5: GUARANTEED INTEREST CONTRACT WITH INSURANCE COMPANY

The Plan entered into a fully benefit-responsive group annuity contract issued by Principal Life Insurance Company. Principal Life Insurance Company maintains the contributions in a general account. The account is credited with a fixed rate of interest. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. Contract value, as reported to the Plan by Principal Life Insurance Company, represents contributions made under the contract, plus interest earned, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value less an early withdrawal charge, when applicable.

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than one percent and not more than three percent. Such interest rates are reviewed on a semiannual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6: TAX STATUS

On March 31, 2008, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under IRC Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all accounts become fully vested and non-forfeitable. Plan assets would first be used to pay any expenses properly charged to the Plan. The remainder would then be distributed to participants in a lump sum.

NOTE 8: RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Principal Life Insurance Group (Principal). Principal is the custodian of the Plan assets and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in expenses on the statement of changes in net assets available for benefits.

NOTE 9: NON-EXEMPT TRANSACTIONS

During the Plan year ended December 31, 2015, the Company failed to remit to the Plan's custodian certain employee contributions totaling $21,917, within the period prescribed by DOL regulations. Delays in remitting contributions to the custodian were due to administrative errors. Management expects to make corrective contributions during 2016 for late deferral remittances which occurred during the year ended December 31, 2015.

NOTE 10: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
