THE DOLAN COMPANY 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

NOTE 1 DESCRIPTION OF PLAN

The following description of The Dolan Company 401(k) Savings Plan (the Plan) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective August 1, 2003. The Plan has been amended throughout the years to comply with tax legislation and was most recently restated effective October 1, 2009 and most recently amended effective January 1, 2016. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective December 31, 2015, certain employers ceased participation in the Plan.

Effective January 1, 2016, the Plan Sponsor was amended to be DiscoverReady LLC and the Plan name was changed to DiscoverReady 401(k) Plan.

Eligibility

The Plan covers all employees of The Dolan Company and affiliates (the Company) except for employees covered by a collective bargaining agreement. Employees are eligible to participate in the Plan after attaining age 21. Participants enter the Plan on the first day of the month following the attainment of the eligibility requirement.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions and federal regulations, of their compensation contributed as pre-tax 401(k) contributions to the Plan. Participants age 50 or older are allowed to make catch-up contributions. Employees are automatically enrolled to defer 3% into the Plan. Participants may change their automatic enrollment deferral percentage at any time.

The Company will make a matching contribution to the Plan. The Company's matching contribution is 50% of salary deferrals up to 6% of eligible earnings. The Company may, at its discretion, elect to make a profit sharing contribution to the Plan. There were no Company profit sharing contributions for the years ended December 31, 2015 and 2014.

Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to limitations.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans or conduit individual retirement accounts (IRAs).

THE DOLAN COMPANY 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's salary deferral, the Company's matching contribution, and an allocation of the Company's profit sharing contribution and Plan earnings or losses. Allocations are based on participant earnings or account balances as defined. Income is allocated daily based on the shares in the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after four years of credited service or upon reaching normal retirement age, death, or permanent disability.

During 2013, the Plan incurred a partial termination. As a result of this partial termination, all accumulated benefits of impacted participants were fully vested as of January 1, 2013, the date on which the employees were terminated.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The Plan allows participants to borrow funds from the Plan based on certain conditions. Notes are repaid through payroll deductions. Note terms are up to five years, except for notes to fund the purchase of a principal residence, for which the note may be repaid over a reasonable period that may exceed five years. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator.

Forfeited Accounts

Forfeited non-vested accounts are used to reduce future Company contributions. Forfeited non-vested accounts as of December 31, 2015 and 2014 totaled \$43,463 and \$20,168, respectively. There were \$144,037 and \$112,617 of forfeitures used to reduce Company contributions for the years ended December 31, 2015 and 2014, respectively.

Benefit Payments

The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account balance. Upon termination of service, death, disability, or retirement (age 65), the participant will receive the value of the vested interest in his or her account in the form of a lump sum distribution. Participants may also elect to receive installments, a fixed or variable annuity, or to defer payments until age 70½, if their account balance exceeds \$5,000. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance exceeds \$1,000 and is less than \$5,000, the Plan administrator will authorize an automatic rollover to an IRA. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Change in Accounting Principle

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I clarifies fully-benefit responsive investment contracts are limited to direct investments between the plan and issuer. Part I also eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measurement for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured at fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. The Plan has elected to early adopt Parts I and II.

Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2015 and 2014.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Investment in the collective trust fund is valued using the NAV of units, which are based on observable market prices for the underlying assets, held by the Plan at year-end. NAV is a readily determinable fair value and is the basis for current transactions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan.

Benefit Payments

Benefit payments are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2016, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

John Hancock Trust Company LLC, the trustee of the Plan effective August 1, 2015, has certified to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statement of net assets available for benefits as of December 31, 2015, the statement of changes in net assets available for benefits for the year then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2015. New York Life Trust Company, the previous trustee of the Plan, has certified to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statement of net assets available for benefits as of December 31, 2014, and the statement of changes in net assets available for benefits for the year then ended.

NOTE 5 RISKS AND UNCERTAINTIES

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

NOTE 7 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated May 18, 2015, received from the Internal Revenue Service (IRS) on the prototype plan indicating that the Plan is qualified under the IRC and is therefore not subject to tax under current income tax law. The prototype plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

John Hancock Trust Company LLC is the trustee of the Plan effective August 1, 2015, and New York Life Trust Company was the previous trustee. Therefore, transactions with John Hancock Trust Company LLC and New York Life Trust Company qualify as party-in-interest. Fees in the amount of \$22,773 were paid to John Hancock Trust Company LLC and \$8,467 were paid to New York Life Trust Company directly by the Plan for the year ended December 31, 2015. Fees in the amount of \$60,633 were paid to New York Life Trust Company directly by the Plan for the year ended December 31, 2014.
