PENSION PLAN OF YORK CONTAINER COMPANY

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

NOTE A - DESCRIPTION OF PLAN

The following description of the Pension Plan of York Container Company (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a non-contributory defined benefit pension plan covering all of the eligible classes of employees except executive, administrative, office, plant supervisory, and sales personnel of York Container Company (the Company). Employees are eligible to participate in the Plan upon attainment of age 21 and completion of one year of service (defined as 1,000 hours in a 12 month period). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As of April 1, 2012, the Company adopted an amendment to the Plan which froze future benefit accruals and froze future participation in the Plan for employees hired after April 1, 2012.

Pension Benefits

Employees are eligible for normal retirement benefits at age sixty-five. The Plan also has provisions for early retirement benefits. The retirement benefit is payable monthly as long as the participant is alive, with payments ceasing upon the participant's death. If the present value of the pension does not exceed \$1,000, a lump-sum payment is automatic. Retirement benefits can also be paid in the form of a lump sum, joint and survivor annuity, or life annuity for a certain period.

The amount of normal annual pension benefits is equal to 1/12th of the sum of the pension credits for each year for which the participant is credited with a year of benefit service which is defined as having worked 1,000 hours during the year. A pension credit is equal to 1% of compensation for the plan year. The Plan was amended on April 1, 2012 to freeze future benefit accruals.

Death and Disability Benefits

Participants are eligible for pre-retirement death benefits if death occurs after five years of credited service or the participant is at least fifty-five years of age. The spouse will receive a benefit as though the participant retired on the date of death and elected a 50% qualified joint and survivor annuity, unless otherwise elected by the employee or beneficiary.

Participants are eligible for disability benefits if disability occurs after twenty years of credited service. The benefit will be the participant's accrued benefit to the date of disability or freeze date, whichever comes first.

NOTE A - DESCRIPTION OF PLAN - continued

Vesting

Participants are fully vested upon completion of five years of continuous service or attaining normal retirement age while still employed by the Company. Participants earn one year of continuous service for each year in which they are credited with at least 1,000 hours of service.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are discussed in Note D. Purchases and sales are recorded on a trade date basis. Unrealized gains and losses are recognized on investments as the difference between the market value at the end of the year and the market value at the beginning of the year or cost if purchased during the year. Realized gains and losses are recognized on the sale of investments using the average cost method and are recorded on a trade-date basis. Such gains and losses are then adjusted for any unrealized gain or loss recognized in prior years. Interest income is recorded when earned whether or not received. Dividends are recorded on the ex-dividend date.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The accumulated plan benefits for active employees are based on the sum of 1/12 of 1% of compensation for each year of benefit service to date up until the applicable freeze date. Benefits payable under all circumstances such as retirement, death, disability, and termination of employment are included to the extent they are attributable to employee service rendered to the valuation date.

PENSION PLAN OF YORK CONTAINER COMPANY

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Actuarial Present Value of Accumulated Plan Benefits - continued

The actuarial present value of accumulated plan benefits is determined by the actuary group of Standard Retirement Services, Inc. as of January 1, 2015. The actuarial present value of accumulated plan benefits is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations as of January 1, 2015 are:

- a. Life expectancy of participants (based on the Internal Revenue Service (IRS) 2015 Combined Static Mortality Table as of January 1, 2015)
- b. Retirement age assumptions (assumed an average retirement age of sixty-five)
- c. Discount rate (8.5%)
- d. Salary scale (0% as of January 1, 2015)

These actuarial assumptions are based on the presumption that the Plan will continue. Should the Plan terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits is as follows:

	<u>January 1, 2015</u>
Vested benefits:	
Participant currently receiving payments	\$ 941,624
Other participants	<u>2,859,183</u>
Total vested benefits	3,800,807
Nonvested benefits	<u>14,480</u>
Total actuarial present value of accumulated plan benefits:	<u>\$ 3,815,287</u>

PENSION PLAN OF YORK CONTAINER COMPANY

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Actuarial Present Value of Accumulated Plan Benefits - continued

The changes in the actuarial present value of accumulated plan benefits are as follows:

Actuarial present value of accumulated plan benefits as of January 1, 2014:	\$ 3,720,784
Increase (decrease) during the year attributable to:	
Benefits accumulated and plan experience	104,844
Increase due to decrease in the discount period	303,212
Benefits paid	<u>(313,553)</u>
Net increase	<u>94,503</u>
Actuarial present value of accumulated plan benefits as of January 1, 2015	<u>\$ 3,815,287</u>

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosures of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the Statements of Changes in Net Assets Available for Benefits.

PENSION PLAN OF YORK CONTAINER COMPANY

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Risks and Uncertainties

The Plan provides for various investment options. Investment securities of the Plan are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

Accounting Changes

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*. The ASU eliminates the requirements to categorize investments measured at fair value using the net asset value (NAV) practical expedient in a hierarchy level. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted and is to be applied retrospectively. Management has elected to adopt ASU 2015-07 early.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt ASU 2015-12 early.

PENSION PLAN OF YORK CONTAINER COMPANY

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

NOTE C - INVESTMENTS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of, and for the years ended, December 31, 2015 and 2014. Accordingly, the custodian has certified that the investments and investment income included in the financial statements and accompanying supplemental schedules is complete and accurate for 2015 and 2014. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and accompanying supplemental schedules.

At December 31, 2015 and 2014, the Plan's investments were held by the custodian, Standard Insurance Company. Adjustments have been made to some of these amounts using additional information obtained from the Company and recordkeeper of the Plan in order to present the financial statements on an accrual basis.

NOTE D - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses valuation techniques based on the available inputs to measure the fair value of its investment. When available, the Plan measures fair value using Level 1 inputs because they provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 and Level 2 inputs are not available.

PENSION PLAN OF YORK CONTAINER COMPANY

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

NOTE D - FAIR VALUE MEASUREMENTS - continued

In accordance with Sub-Topic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value of investments as of December 31, 2015 and 2014 for investments measured at NAV are \$3,431,740 and \$3,918,844, respectively.

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation or depreciation in fair value of investments in the Statements of Changes in Net Assets Available for Benefits.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

Pooled Separate Accounts (PSA): The NAV of each PSA is based on the market value of its underlying investments which are derived principally from or corroborated by observable market data. The NAV serves as a practical expedient to estimate the fair value.

The following table summarizes investments for which fair value is measured using NAV per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice is only applicable to the Plan.

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan maintains a guaranteed insurance contract with Standard Insurance Company that is considered to be fully benefit-responsive. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The average yield based on actual earnings were approximately 1.37% and 1.58% for the years ended December 31, 2015 and 2014, respectively. The average yield based on interest rate credited to participants were approximately 1.37% and 1.58% for the years ended December 31, 2015 and 2014, respectively.

DECEMBER 31, 2015 AND 2014

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY - continued

This contract meets the fully-benefit responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully-benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its future obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or, (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with participants.

NOTE F - PLAN TERMINATION

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated after providing for any administrative expenses:

- a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for the three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding plan termination.
- b. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC), a United States government agency.
- c. All other vested benefits (that is, vested benefits not insured by the PBGC).
- d. All nonvested benefits.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

NOTE F - PLAN TERMINATION – continued

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time, will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the level of benefits guaranteed by the PBGC.

NOTE G - FUNDING POLICY

Funding standards have been established by ERISA and the Internal Revenue Code (IRC) of 1954. The Company's funding policy is to make contributions under this Plan that meet or exceed the minimum funding standards while not exceeding the maximum funding standard. Any available accumulated funding credit is considered when determining the level of contribution. The Company met the minimum funding requirements for ERISA for 2015 and 2014.

There are no required participant contributions, nor are voluntary contributions permitted by the participants under the Plan.

NOTE H - PLAN TAX STATUS

The Plan obtained its latest determination letter dated August 9, 2012, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to federal and state income tax examinations by tax authorities for years before 2012.

NOTE I - TRANSACTIONS WITH PARTIES-IN-INTEREST

Plan investments are managed by Standard Insurance Company, the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. Transactions resulting in plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption exists. Standard Insurance Company is a party-in-interest as defined by ERISA as a result of investing plan assets in its funds and accounts and providing investment management services. However, these transactions are exempt under Section 408(b)(8) and are not prohibited by ERISA.

Expenses of administering the Plan are paid from plan assets or by the Company pursuant to provisions of the plan document. For the years ended December 31, 2015 and 2014, record keeping fees were paid from plan assets, and the Company paid the auditing fees and PBGC payment.

NOTE J - SUBSEQUENT EVENTS

The Plan evaluated subsequent events for recognition or disclosure through October 13, 2016, the date the financial statements were available to be issued.

Summary of Principal Plan Provisions

Original Effective Date:	January 1, 1966
Last Restatement:	January 1, 2012
Subsequent Amendments:	EGTRRA Restatement adopted 4-12-2012 PPA Amendment adopted 12-30-2009
Eligible Employee:	Any person who is employed by the employer <u>except</u> one of the following: 1) leased employee 2) executive, administrative, office, plant supervisory, and sales personnel 3) non-resident aliens with no U.S. source income 4) individual who provides service by written agreement that states that the individual is not eligible to participate in the plan.
Participation:	Eligible employees enter the plan on the first of the month following completion of twelve months of service working at a rate of 1,000 hours and attainment of age 21.
Service:	A participant accrues a year of service for each plan year in which they work at least 1,000 hours after they enter the plan.
Vesting Service:	The sum of the plan years during which a participant has at least 1,000 hours of service.
Normal Retirement Date:	Normal retirement is attainment of age 65.
Early Retirement Date:	At any time after attainment of age 55 and 5 years of vesting service, a participant may elect early retirement.
Regular Benefit Amount:	The normal retirement benefit is 1.0% of annual compensation divided by 12 plus the prior year's monthly accrued benefit. Benefits frozen as of April 1, 2012.
Early Retirement Benefit:	To compensate for the longer period over which benefits will be paid, the normal retirement benefit accrued to date is reduced 1/15th per year for each of the first 5 years preceding normal retirement plus 1/30th per year for each of the next 5 years preceding normal retirement that early retirement commences. This reduction will be prorated for periods less than a year.

Summary of Plan Provisions (cont.)***Termination Benefit:***

A terminating participant who has completed 5 years of service is entitled to receive a vested monthly benefit starting on his normal retirement date. The amount of the benefit is the normal retirement benefit earned on the basis of service and salary to termination date multiplied by the appropriate vested percentage from the following table:

<u>Years of Service</u>	<u>Vested Interest</u>
less than 5	0%
5 or more	100%

In addition, a participant becomes 100% vested upon attainment of retirement age or death while an active employee.

Disability Benefit:

In the event of a participant with at least 20 years of vesting service incurs a total and permanent disability while an employee prior to normal retirement age, the participant will receive each month during the continuance of the disability a pension equal to his/her normal retirement benefit (without actuarial reduction).

This benefit will cease upon the earlier of (a) the discontinuance of the disability, (b) death or (c) attainment of normal retirement age.

Normal Form of Benefit:

The normal annuity form is a monthly income payable as a Straight Life annuity. At the participant's option, retirement income may be paid on a joint and survivor basis, certain and life annuity, or lump sum. Election of an optional annuity form may be made at any time before retirement. When an optional annuity form is elected, the amount of income is adjusted so the cost to the fund is the same as it would have been under the normal annuity form.

Optional Benefit Forms:

Single Life Annuity, 100%, 75%, or 50% Joint and Survivor Annuity, 15-year Certain and Life Annuity, 10-year Certain and Life Annuity, 5-year Certain and Life Annuity, and Single Sum Payment.

***Death Benefits
(Pre-Retirement):***

In the event of a participant's death before retirement, the death benefit will be payable to the surviving spouse in the form of a Qualified Preretirement Survivor Annuity. The remaining value of the accrued benefit will be payable to the participant's surviving spouse or other beneficiary.

Summary of Plan Provisions (cont.)***Death Benefits
(Post-Retirement):***

None except as provided by the annuity form elected.
