REDMOND TECHNOLOGY PARTNERS, LLC EMPLOYEE 401(k) PLAN

Notes to Financial Statements

December 31, 2015 and 2014

NOTE 1 – PLAN DESCRIPTION

The provisions of the Redmond Technology Partners, LLC (the Company) Employee 401(k) Plan (the Plan) were effective January 1, 1996. The Plan has been amended and restated to comply with current legislation. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company, except for those under collective bargaining agreements and nonresident aliens. Prior to June 1, 2015, employees were eligible for participation after attainment of age 21. Effective June 1, 2015, employees are eligible for participation after attainment of age 21 and completion of one year of service as defined in the Plan document. Employees may begin participation in the Plan on a quarterly basis. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Participants may elect to contribute up to 100% of their pre-tax or Roth after-tax eligible compensation, as defined in the Plan document and within statutory limits. These contributions are paid to the Plan after each pay period and placed in participant directed investments. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Effective January 1, 2016, the Plan was restated to add employer matching contributions of 100% on deferrals up to 3% of compensation, plus 50% match on deferrals between 3% and 5% of compensation. Subsequently, on March 10, 2016 the Plan was restated to remove the matching contribution provisions.

Participant Accounts

Individual participant accounts are maintained by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (together referred to as Great-West), the Plan's trustees and record keepers. Each account is credited or charged with the participant's contribution, allocations of investment income and losses on the individual account balances, and administrative expenses, if any. Distribution and loan fees are deducted from the respective participants' accounts. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – PLAN DESCRIPTION (continued)

Investment Options

The Plan's investments are held by Great-West in a variable return contract and an insurance company general account contract. The variable return contract consists of pooled separate accounts with varying degrees of risk.

Vesting

Participants are 100% vested in their own contributions plus actual earnings thereon. Effective March 10, 2016, participants are 100% vested in Company safe harbor contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. Terms of the notes receivable may not exceed five years, except for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions. There are no notes receivable outstanding at December 31, 2015.

Payment of Benefits

Benefits may be distributed upon retirement, death, disability, or other termination of employment. Benefits equal to the participant's vested account may be paid in a lump-sum or in installments depending on certain factors as described in the Plan document and at the participant's election. Under certain hardship circumstances, or attainment of age 59 ½, participants may request a distribution of their account balance prior to retirement or other termination.

Administrative Expenses

The Plan's investment fund options are subject to investment management fees and certain revenue sharing fees, as disclosed in each fund's prospectus. A majority of these fees are charged directly against each fund's investment performance and, therefore, are included in net appreciation in the accompanying Statement of Changes in Net Assets Available for Benefits. Revenue sharing fees are collected from various mutual fund companies by Great-West and are used to offset the Plan's third party administration fees and trustee fees. Loan administration and managed account fees charged by Great-West are deducted from the accounts of the respective Plan participants. Any remaining unpaid Plan administration expenses, including the annual audit fee, are paid by the Company and therefore excluded from these financial statements.

Subsequent Events

The date to which events occurring after December 31, 2015, have been evaluated for possible adjustment to the financial statements or disclosure therein is October 12, 2016, which is the date on which the financial statements were available to be issued.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are significant accounting policies used by the Plan:

Change in Accounting Principle

In May 2015, the FASB issued ASU 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which eliminated the requirement to categorize investments for which fair value is measured using the net asset value per share practical expedient within the fair value hierarchy. In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health And Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. ASU 2015-07 and ASU 2015-12 are effective for fiscal years beginning after December 15, 2016 and December 15, 2015, respectively, with early adoption permitted. ASU 2015-07 and ASU 2015-12 Parts I and II are to be applied retrospectively. Management has elected to adopt ASU 2015-07 and ASU 2015-12 Parts I and II for the year ended December 31, 2015, retrospectively applied to December 31, 2014.

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value (Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus accrued but unpaid interest, if any. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If an active participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant is taxed as if a benefit payment has been made. When the participants terminate employment and withdraw their account balance, the loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid. Corrective distributions payable generally represent the distribution of certain assets to employees in order for the Plan to comply with ERISA nondiscrimination requirements.

NOTE 3 – FAIR VALUE MEASUREMENTS

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled separate accounts - Valued at the net asset value (NAV) of units of an insurance company pooled separate account. The NAV, as provided by the investment trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate account, the insurance company reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2015 and 2014, respectively.

December 31, 2015				
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Pooled separate accounts	\$ 1,974,154	None	Daily	30 days

December 31, 2014				
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Pooled separate accounts	\$ 2,082,489	None	Daily	30 days

Pooled separate accounts – The investments’ objectives are to maximize total returns, achieve capital growth, and to maximize current income consistent with their comparatively low risk profile, and liquidity. The investments seek to achieve this objective by investing primarily in a variety of mutual funds with varying degrees of risk.

NOTE 4 – GUARANTEED PORTFOLIO FUND WITH INSURANCE COMPANY

The Plan holds a traditional fully benefit-responsive investment contract (guaranteed income fund) with Great-West. This investment is reported at contract value. Contract value is the relevant measure for insurance contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the insurance company traditional general account investment contract is \$610,732 and \$595,134 at December 31, 2015 and 2014, respectively.

The contract issuer maintains the contributions in a general account, and is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is established by the contract issuer and may not be less than zero. The crediting rate is reviewed on an annual basis for resetting. The contract permits the Plan to terminate the contract prior to the scheduled maturity date with 30 days advance written notice.

The Plan’s ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Premature termination of the contract might limit the ability of the Plan to transact at contract value with the contract issuer. Terminated contracts are subject to market value adjustments and termination charges.

NOTE 4 – GUARANTEED PORTFOLIO FUND WITH INSURANCE COMPANY (continued)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. The contract holder adopts an amendment to the Plan or operates the Plan in a manner which is unacceptable to the issuer
2. The contract holder fails to comply with any provision contained in the Group Annuity Contract
3. The Plan fails to qualify or becomes disqualified under Internal Revenue Code Section 401(a), as amended
4. Total amount of deposits received by the issuer in the preceding twelve months is less than \$25,000
5. The sum of all participant annuity account values falls below \$25,000
6. The contract holder fails to make deposits which have been deducted from participants' paychecks within 90 days of the date on which such deduction was made
7. Transfers to investment vehicles outside the Group Annuity Contract exceed 10% of the value of the guaranteed and variable sub-accounts at the beginning of the calendar year

NOTE 5 – INFORMATION CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West, the trustee, has certified that the following data included in the accompanying financial statements, notes, and supplemental schedule on page 14 is complete and accurate.

- 1) Fair value of pooled separate accounts as of December 31, 2015 and 2014.
- 2) Contract value of insurance company general account investment contract as of December 31, 2015 and 2014.
- 3) Outstanding balances of notes receivable from participants as of December 31, 2014.
- 4) Dividends and interest, net appreciation in fair value of investments, and other loss for the year ended December 31, 2015.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements, notes, and supplemental schedule on page 14.

NOTE 6 – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are units of participation in pooled separate accounts and guaranteed income fund managed by Great-West, the trustee of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. No fees were paid directly by the Plan to Great-West and its affiliates for the year ended December 31, 2015; however, Great-West and its affiliates receive revenue sharing fees from various investments to offset Plan administrative costs. The Plan uses another service provider for managed account advisory services, and paid fees totaling \$204 for these services during the year ended December 31, 2015.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Participants are always 100% vested in their accounts.

NOTE 8 – TAX STATUS

The Plan operates under provisions of a volume submitter plan document which received an opinion letter from the Internal Revenue Service dated March 31, 2014, which stated that the Plan, as then designed, was acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has been amended since the date of the opinion letter. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan allows participants to invest in investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with the investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 10 – CORRECTIVE DISTRIBUTIONS PAYABLE

Employee contributions included in the accompanying Statement of Changes in Net Assets Available for Benefits are net of \$22,111 of payments that will be made to certain active participants in 2016 to return 2015 excess deferral contributions as required to satisfy the relevant non-discrimination provisions of the Plan. Additionally, \$30,209 in payments were made to certain active participants in 2015 to return 2014 excess deferral contributions as required to satisfy the relevant non-discrimination provisions of the Plan.

NOTE 11 – PROHIBITED TRANSACTIONS

During 2014 and 2015 the Company determined that it failed to remit to the Plan's custodian certain employee contributions totaling \$114,478 within the period prescribed by the Department of Labor (DOL) regulations. Delays in remitting employee contributions to the custodian were due to administrative errors. The Company remitted the employee contributions and made contributions to the affected participants' accounts to compensate those participants for the potential lost income due to the delays in 2016.
