Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Chase Industries, Inc. 401(k) Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Standard Insurance Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter – Recently Adopted Accounting Pronouncements
As discussed in Note 2 to the financial statements, the Plan adopted the new accounting guidance related to the presentation of fair value of certain investments and disclosures of investments. Prior year disclosures have also been revised to reflect the retrospective application of adopting these changes in accounting. Our disclaimer of opinion is not modified with respect to these matters.

Emphasis of Matter – Plan Merger
As discussed in Note 10 to the financial statements, the Board of Directors of Chase Industries Inc., the Plan's sponsor, approved to merge the assets of the Thermoseal Industries, LLC Retirement Plan into this plan effective July 15, 2015. All plan assets were transferred to the Chase Industries, Inc. 401(k) Plan on July 15, 2015. Our disclaimer of opinion has not been modified with respect to this matter.

Other Matter
The supplemental schedules – Schedule H, Line 4(a) – schedule of delinquent participant contributions for the year ended December 31, 2015 and Schedule H, Line 4(i) – Schedule of Assets (held at end of year) as of December 31, 2015, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of the Plan

The following brief description of Chase Industries, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan sponsored by Chase Industries, Inc. (the Company) for the benefit of its employees who have at least three months of service and are age 18 or older. The following companies acquired by the Company during 2015 adopted the Plan: Thermoseal Industrial, LLC (effective March 17, 2015), Tiger Door LLC (effective April 20, 2015), Rubbair, LLC (effective May 18, 2015) and Commercial Door Systems (effective August 21, 2015). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Under terms of the Plan, eligible associates (other than nonresident aliens and residents of Puerto Rico) with at least three months of service may participant in the Plan. Participants are automatically enrolled in the Plan with an elective pre-tax deferral rate of 2% of compensation, increasing each January 1 thereafter by 1% until such elective deferral rate is 6% of compensation, unless the participant affirmatively elects out of the automatic deferral feature, elects a different deferral rate or elects not to participate in the Plan. Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. The amount of participant's contributions for any Plan year may not exceed certain limits set by the Plan document and the Internal Revenue Code (IRC). Contributions may be pre-tax, after-tax or a combination of both, subject to Internal Revenue Service (IRS) 401(k) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts and a guaranteed investment contract as investment options for participants. The Company may make discretionary matching contributions as determined by the Board of Directors. The Company's matching contribution was 50% of employee's salary deferral amounts up to 6% of employee's eligible compensation. The Company may also make a discretionary profit sharing contribution to the Plan, which was $0 for the year ended December 31, 2015.

Participant accounts: Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's matching contribution, (b) the Company's profit sharing contribution and (c) Plan earnings and losses, including an allocation of administrative expenses. Allocations are based on participant compensation or account balances, in accordance with the method described in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and earnings thereon. Vesting in employer contributions along with the earnings thereon is based on years of continuous service, where a year is defined as one in which an employee works 1,000 or more hours.

Vesting in the employer's contributions along with earnings thereon is as follows:

Years of Service	Vesting Percentage
Less than 1 year	0%
1 year	30%
2 years	60%
3 or more years	100%

Note 1. Description of the Plan (Continued)

Notes receivable from participants: The Plan includes a provision allowing participants to borrow funds from the Plan. Under the terms of this provision, borrowings are subject to certain limitations, including a minimum borrowing of $500 and a maximum borrowing not to exceed the lesser of $50,000 or 50% of the participant's vested account balance. The notes receivable are secured by the balance in the participant's account. The maximum loan term is five years unless the loan is taken for the purchase of a primary residence. The interest rate charged on the outstanding notes receivable balances are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratable through payroll deductions.

Payment of benefits: A participant may receive the value of his or her vested account upon retirement, disability or termination in a lump sum distribution. Upon death of a participant, the beneficiary shall be entitled to the full value of the account. Hardship withdrawals, as defined in the Plan, are also available to participants.

Forfeitures: Forfeited non-vested accounts are used to pay Plan expenses or reduce future employer contributions. Forfeited non-vested accounts totaled approximately $2,000 and $10,000 at December 31, 2015 and 2014, respectively. Employer contributions were reduced by approximately $17,600 from forfeited non-vested accounts during the year ended December 31, 2015.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are treated as distributions based upon the terms of the plan document.

Contributions: Participant contributions and employer matching contributions are recognized when the participant contributions are withheld from the participant's earnings. Discretionary employer contributions are recognized when declared by the employer.

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses may be paid by the employer or the Plan, at the Company's discretion.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Recent accounting pronouncements: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management is currently evaluating the impact this update will have on the Plan's financial statements. The Plan adopted this Update for the 2015 plan year, and it was retrospectively applied to December 31, 2014. Prior year disclosures have been revised to reflect the retrospective application of this Update. The impact of adopting this Update is reflected in Note 4.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force).* The purpose of this Update is to simplify plan accounting.

- The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

- The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan* as a direct filing entity, disclosure of that investment's strategy will no longer be required.

Note 2. Summary of Significant Accounting Policies (Continued)

- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Parts I and II of this Update for the 2015 plan year, and the amendments in Parts I and II were retrospectively applied to December 31, 2014. Prior year disclosures have been revised to reflect the retrospective application of this Update. The impact of adopting these amendments is reflected in Notes 3 and 4.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 13, 2016, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by the Custodian

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014 and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by Standard Insurance Company and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate to the best of their knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

	2015	2014
Investments, at fair value:		
Pooled separate accounts	$ 8,716,003	$ 6,479,283
Investments, at contract value:		
Guaranteed investment contract	467,887	445,702
	$ 9,183,890	$ 6,924,985

Standard Insurance Company also certified to the completeness and accuracy of $163,357 of net depreciation in the fair value of investments and $7,243 of interest and dividend income for the year ended December 31, 2015.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted process for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled separate accounts: Valued at the net asset value per share based on quoted market prices of the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2015			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at the net aset value [(a)]	-	-	-	8,716,003
Investments at fair value	$ -	$ -	$ -	$ 8,716,003

	2014			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at the net aset value [(a)]	-	-	-	6,479,283
Investments at fair value	$ -	$ -	$ -	$ 6,479,283

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in this footnote.

Changes in Fair Value Levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfers relative to total net assets available for benefits. For the year ended December 31, 2015, there were no significant transfers in or out of Level 1, 2 or 3.

The following tables summarize investments whose fair value is estimated using net asset value per share (or its equivalent) as a practical expedient as of December 31:

	2015			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 8,716,003	$ -	Daily	None

	2014			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 6,479,283	$ -	Daily	None

Note 5. Guaranteed Investment Contract with Insurance Company

The Plan entered into a traditional investment contract with Standard Insurance Company (Standard). The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the traditional investment contract at December 31, 2015 and 2014 was $467,887 and $445,702, respectively.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting. The contract does permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events limit the ability of the plan to transact at contract value with the issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code.
2. The Plan's total investment in the contract falls below an amount specified in the contract.
3. Premature termination of the contract.
4. Plan termination or merger.
5. Changes to the Plan's prohibition on competing investment or other Plan provisions that have an adverse effect on the investment.
6. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6. Tax Status

Effective October 1, 2013, the Plan adopted a volume submitter prototype plan sponsored by Standard Retirement Services, Inc. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with applicable provisions of the Internal Revenue Code.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

Note 8. Party-In-Interest Transactions

Certain Plan investments held during the year are shares of the guaranteed investment contract managed by Standard. Standard is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. During 2015, the Plan paid administrative fees in the amount of $13,760 to Standard.

Note 9. Nonexempt Transactions

During 2014, the Plan sponsor inadvertently failed to deposit participant contributions of $2,076 within the required timeframe as stated by the United States DOL regulations. During 2015, the Plan sponsor inadvertently failed to deposit participant contributions of $55,737 and participant loan payments of $7,376 within the required timeframe as stated by the United States DOL. The Plan sponsor intends to reimburse the plan for lost interest. The Plan sponsor will file Form 5330 and intends to pay the applicable excise tax. The excise tax payments will be made from the Plan sponsor's assets and not from assets of the Plan.

Note 10. Plan Merger

Effective July 15, 2015, the Thermoseal Industries, LLC Retirement Plan was merged into the Chase Industries, Inc. 401(k) Plan. As a result, the Plan shows transfers in of $1,617,059 on the Statement of Changes in Net Assets Available for Benefits. Net assets of the Thermoseal Industries, LLC Retirement Plan transferred legal control to the Chase Industries, Inc. 401(k) Plan effective July 15, 2015 and are held by the Plan's trustee.
