Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Xylem Pension Plan for Bargaining Unit Employees - Auburn, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by The Northern Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2015 and 2014 and for the years then ended that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

XYLEM PENSION PLAN FOR BARGAINING UNIT EMPLOYEES - AUBURN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of the Xylem Pension Plan for Bargaining Unit Employees - Auburn (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General - The Plan is a defined benefit pension plan covering the hourly employees of United Steelworkers of America, AFL-CIO, Local 9832 at the Auburn, NY location of Xylem Water Systems U.S.A., LLC ("Employer"), a subsidiary of Xylem Inc. (the "Company" or "Plan Sponsor"). The Benefits Administration Committee, as appointed by the Board of Directors of the Company ("Plan Administrator"), controls and manages the operation and administration of the Plan, while the Pension Fund Trust and Investment Committee directs the managers of the Plan's investments. The Northern Trust Company (the "Trustee") serves as the trustee of the Plan. The Plan became effective January 1, 2012 ("Effective Date") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan's assets include an undivided interest in an investment account of the Investment Master Trust of Xylem Inc. ("Master Trust"), EIN 37-6491099, as of and for the years ended December 31, 2015 and 2014. The Master Trust includes the combined assets of the Plan as well as several other employee benefit plans sponsored by the Company and its subsidiaries (collectively the "Participating Plans").

Use of the Master Trust permits the commingling of Plan assets with the assets of other Participating Plans for investment and administrative purposes. Although Plan assets are commingled in the Master Trust, the Trustee maintains supporting records for the purpose of allocating the net income or losses of the Master Trust to the Participating Plans. The net investment income or losses of the investment account is allocated by the Trustee to each Participating Plan based on the relationship of the interest of each Participating Plan to the total of the interests of the Participating Plans. A schedule of Master Trust assets has been filed with the U.S. Department of Labor and includes the Plan's proportionate share of such assets at December 31, 2015 and 2014.

The Plan was amended effective January 1, 2015 to clarify participation, eligibility and other administrative updates.

The Plan was amended effective July 26, 2014 to increase the monthly benefit rate for future credited service and no new participants will be added to the Plan after August 3, 2014.

Eligibility - All hourly employees of the Employer represented by United Steelworkers of America, AFL-CIO, Local 9832 at the Auburn, New York location are eligible to participate in the Plan if they were on the Employer payroll at the Effective Date, or after completing one hour of service prior to August 4, 2014. Effective August 4, 2014 the Plan is closed to new participants.

In addition, an employee who was not on the payroll of a Participating Unit on January 1, 2012 due to a work-related injury and received payment under a plan that is maintained solely for the purpose of complying with applicable workers' compensation laws for the payroll period that includes January 1, 2012 shall become a Participant on January 1, 2012, as outlined in the Plan document.

Contributions - Contributions to provide benefits under the Plan are made solely by the Company, and charged to the Employer. See Note 5 for the Company's funding policy.

Pension Benefits - Participants are eligible for monthly benefit payments upon reaching age 62. The normal monthly benefit payments are determined by multiplying the benefit rate, which depends upon the period of

credited service, as defined by the Plan, by the total number of years of credited service. A participant is 100% vested after five years of service. Prior to that time, the participant is not vested. A participant's pension benefit in the Plan is reduced by the normal or postponed pension benefit under the ITT Pension Plan for Bargaining Unit Employees Seneca Falls, New York ("Former Pension Plan"). The Plan Sponsor established the Plan to continue the pension plan benefits of the Former Pension Plan.

Participants are eligible to receive early retirement benefits between the ages of 55 and 62 upon completion of five years of credited service. Early retirement benefits are computed in a manner similar to normal retirement at age 62, except that they are reduced by certain factors, as outlined in the Plan document, for each month that the early retirement date precedes the normal retirement date.

Death and Disability Benefits - The surviving spouse of a participant who is vested is automatically covered by the pre-retirement death benefit option, which will provide a benefit for the surviving spouse upon death prior to retirement, unless coverage is waived. The benefit would be equal to the benefit the spouse would have received had the participant retired on the date of death, computed under the normal form of payment and subject to certain limitations as outlined in the Plan document.

A participant who has completed 5 years of continuous service and who becomes totally and permanently disabled is eligible to receive a disability retirement benefit. The amount of the benefit is computed as it would be for normal retirement based on the participant's years of credited service as of the date of disability.

Administrative and Investment Management Expenses - Administrative expenses of the Plan, including actuarial services, audit fees and regulatory fees are paid by the Master Trust on behalf of the Plan, as provided in the Plan document and the Master Trust agreement. Certain accounting and other administrative services are provided to the Plan and Master Trust at no charge. These services are performed by employees of the Company or Employer and no such employee receives compensation from the Plan.

Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income or losses reported by the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties - The Plan's interest in the Master Trust includes investments in mutual funds, exchange traded notes, collective trusts and limited partnerships. Investments, in general, are exposed to various risks, such as interest rate risk, credit risk, liquidity risk, and overall market volatility. Due to the level of risk associated with certain Plan investments, it is at least reasonably possible that changes in the values of certain Plan investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

Investment Valuation and Income Recognition - The Plan's interest in the Master Trust is reported at fair value which has been determined based on the fair value of the underlying investments of the Master Trust. A more detailed description of the individual types of investments can be found in Note 4.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

New Accounting Standards - In May 2015, the Financial Accounting Standards Board ("FASB") issued guidance regarding the disclosure of investments which are measured using the net asset value ("NAV") practical expedient. The guidance removes the requirement to categorize such investments within the fair value hierarchy. Investments measured using the NAV practical expedient will be presented as a reconciling item between the fair value hierarchy disclosure and the investments at fair value presented on the statement of net assets available for benefits. This guidance is effective for interim and annual periods beginning after December 15, 2016. The guidance must be applied retrospectively and early adoption is permitted. The Plan elected to early adopt this guidance. Adoption of this guidance did not have an impact on the Plan's statements of net assets available for benefits or the statements of changes in net assets available for benefits.

In July 2015, the FASB amended various disclosure requirements applicable to investments held by defined benefit pension plans. The new guidance eliminates or simplifies various disclosure requirements applicable to plan investments. Adoption of the new guidance resulted in the reporting of investments within the fair value hierarchy by general type rather than by classes of investments, and other changes in investment disclosure requirements. This guidance is effective for fiscal years beginning after December 15, 2015. The Plan elected to early adopt this guidance, which requires retrospective application to all periods presented. Adoption of this guidance did not have an impact on the Plan's statements of net assets available for benefits or the statements of changes in net assets available for benefits.

Note 3. Investments - Unaudited Information

The Northern Trust Company, Trustee of the Plan, holds investment assets and executes transactions therein, and substantially all information pertaining to the Plan's investments included in the financial statements, including the associated investment income (loss), has been certified as complete and accurate by them. This information has not been audited by independent accountants.

Note 4. Fair Value Measurement

The Plan determines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan uses a hierarchical structure to prioritize the inputs to valuation techniques used to measure fair value into three broad levels defined as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices (in non-active markets or in active markets for similar assets or liabilities), inputs other than quoted prices that are observable, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 inputs are unobservable inputs for the assets or liabilities.

The fair value hierarchy is based on maximizing the use of observable inputs and minimizing the use of unobservable inputs when measuring fair value. Classification within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement.

NAV practical expedient is the measurement of fair value using the net asset value ("NAV") per share (or its equivalent) practical expedient as an alternative to the fair value hierarchy as discussed above.

The Plan's policy is to recognize significant transfers between levels at the beginning of the reporting period. There were no significant transfers during 2015 and 2014.

The fair value of the Plan's interest in the Master Trust reflects the Plan's interest in the fair value of the underlying net assets of the Master Trust. The following descriptions of the valuation methodologies and assumptions are used by the Plan to estimate the fair values of investments held as underlying investments of the Master Trust:

- *Cash and cash equivalents* - Cash investments are short term investment commingled trust vehicles which are valued using the NAV practical expedient provided by the fund manager, and are not classified within the fair value hierarchy.
- *Mutual Funds* - Mutual funds are publicly traded in active markets and valued at the closing price reported on those major markets on the measurement date. Mutual funds are classified within Level 1 of the fair value hierarchy.
- *Exchange Traded Notes ("ETNs")* - ETNs are senior, unsecured, unsubordinated debt securities issued by an underwriting bank. ETNs have a maturity date and are backed only by the creditor of the issuer. Returns of ETNs are usually linked to the performance of a market benchmark or strategy. ETNs are valued at the closing price reported in the exchange in which the ETNs are traded. ETNs are classified within Level 1 of the fair value hierarchy.
- *Collective Trusts ("CTs")* - CTs are valued at fair value at the Plan's year-end date using the NAV provided by the administrators of the CTs as a practical expedient. Investments in CTs can be redeemed on a daily basis, except as noted below, and there are no unfunded commitments. CTs are not classified within the fair value hierarchy.
- *Limited Partnerships* - A Limited Partner is the investor in the fund that does not take on more risk than the amount of their initial investment in the fund. The Limited Partners have limited liability in the partnership structure while General Partners, who have management control over the fund, are liable for the debt obligations. Limited Partnerships are valued using the NAV practical expedient provided by the fund manager which reflects the Plan's share of the fair value of the net assets. Limited Partnerships are not classified within the fair value hierarchy.

While the Plan Administrator believes that the valuation methods are appropriate and consistent with how other participants in the market value these type of investments, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used at December 31, 2015 and 2014.

The following table sets forth by level within the fair value hierarchy a summary of the Master Trust investments measured at fair value at December 31, 2015:

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	NAV Practical Expedient *	Total
Cash and cash equivalents	\$ —	\$ —	\$ —	\$ 468,296	\$ 468,296

The following table sets forth by level within the fair value hierarchy a summary of the Master Trust investments measured at fair value at December 31, 2014:

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	NAV Practical Expedient *	Total
Cash and cash equivalents	\$ —	\$ —	\$ —	\$ 611,532	\$ 611,532

* For the Master Trust's investments at December 31, 2015 and 2014 where fair value is estimated based on NAV practical expedient, the redemption notice period is trade date plus one day, the redemption frequency is daily and there are no unfunded commitments. Exceptions are the Highclere International Investors SMID Fund (a collective trust) which has a 10 day notice requirement for redemption and an anti-dilution charge estimated to be between 45 and 90 basis points and the MacKay Shields High Yield Active Core Fund (a limited partnership) which has a 30 day notice requirement for redemption.

Investments measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value of the Master Trust as disclosed in Note 7.

- (a) The primary objective of the MacKay Shields High Yield Active Core Fund is to seek to outperform the Merrill Lynch High Yield Master II Index by selectively investing in a diversified portfolio of fixed and floating rate notes and bonds offering relatively attractive current market yields after adjusting for pertinent risks (including security structure and creditworthiness).

Note 5. Funding Policy

Contributions to provide benefits under the Plan are made solely by the Company, and charged to the Employer. Funding requirements under Internal Revenue Service ("IRS") rules are a major consideration in making contributions to the Plan. The Company's funding policy is to make cash contributions to the Plan not less than the minimum required by applicable law and regulations. While the Company has significant discretion in making voluntary contributions, ERISA, including subsequent amendments, and applicable

Internal Revenue Code ("IRC") regulations mandate minimum funding thresholds. The Company continually monitors the funded status and minimum funding requirements.

Interest, dividends and cumulative net appreciation (depreciation) of investments of the Plan serve to reduce future contributions that would otherwise be required to provide for the defined level of benefits as outlined in the Plan document. The Company's contributions are adjusted to reflect differences between actual contributions in prior years and the amounts required under the Company's current funding policy to meet the minimum funding requirements of ERISA. The Company met the minimum funding requirements for the years ended December 31, 2015 and 2014.

Note 6. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to service rendered by participants as of the valuation date. Accumulated plan benefits include benefits expected to be paid to: (1) retired or terminated participants, (2) beneficiaries of participants who have died, and (3) present participants or their beneficiaries. The actuarial present value of accumulated plan benefits is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of December 31, 2014 is as follows:

Vested accumulated plan benefits:

Retired participants and/or beneficiaries currently receiving benefits	\$ 221,399
Other participants	1,570,955
Total vested accumulated plan benefits	<u>1,792,354</u>
Nonvested accumulated plan benefits	329,380
Total actuarial present value of accumulated plan benefits	<u><u>\$ 2,121,734</u></u>

The changes in the actuarial present value of the Plan's accumulated plan benefits for the year ended December 31, 2014, are as follows:

Actuarial present value of accumulated plan benefits - December 31, 2013	\$ 1,459,900
Increase (decrease) during the year attributable to:	
Benefits accumulated and (gains) losses	349,013
Benefits paid	(12,699)
Interest	116,294
Plan changes (a)	209,226
Actuarial present value of accumulated plan benefits - December 31, 2014	<u><u>\$ 2,121,734</u></u>

(a) The basic monthly benefit rate was increased for future credited service.

The significant actuarial assumptions used in the December 31, 2014 valuations were:

- Mortality: The mortality assumption for non-annuitants and healthy annuitants remained the RP-2014 Healthy Fully Generational Mortality Table with Blue Collar adjustment reflecting improvement Scale MP-2014 and for disabled annuitants the RP-2014 Disabled Fully Generational Mortality Table reflecting improvement Scale MP-2014.
- Retirement age: Retirement rates from 2.03% at age 55 to 100.00% at age 70.
- Long-term rate of return was 8.0% per annum.

Actuarial assumptions for the period before normal retirement include factors for mortality, termination of employment, early retirement and disability.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Note 7. Interest in Master Trust - Unaudited

The following table presents the Plan's interest in investments of the Master Trust at December 31, 2015 and 2014:

	2015	2014
Investments at estimated fair value:		
Cash and cash equivalents	\$ 468,296	\$ 611,532
Mutual funds	20,787,538	19,952,745
Exchange traded notes	2,488,233	3,946,645

Limited partnerships	3,618,708	3,763,120
Investments in the Master Trust	<u>\$ 56,907,351</u>	<u>\$ 60,243,913</u>
 Plan's interest in investments of the Master Trust	 <u>\$ 2,199,546</u>	 <u>\$ 2,232,467</u>
 Plan's interest in investments of the Master Trust as a percentage of the total	 <u>3.87%</u>	 <u>3.71%</u>

The net investment income (loss) of the Master Trust for the years ended December 31, 2015 and 2014, are summarized below:

	2015	2014
Investment income (loss) in the Master Trust:		
Net appreciation (depreciation) in fair value of investments	\$ (2,530,846)	\$ 2,107,978
Interest and dividends	772,713	812,062
Fees & expenses	(245,266)	(243,274)
Net investment income (loss) in the Master Trust	<u>\$ (2,003,399)</u>	<u>\$ 2,676,766</u>
 Plan's interest in the Master Trust investment income (loss)	 <u>\$ (78,171)</u>	 <u>\$ 88,439</u>

Note 8. Exempt Party-In-Interest Transactions

Parties in interest are defined by Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Amounts paid by the Plan to parties in interest included fees paid for investment management, actuarial services and other professional and regulatory fees. Certain professional fees for the administration of the Plan were paid by the Company. The Master Trust holds a portion of its investments in collective trusts managed by the Trustee of the Plan and Master Trust. These assets and related transactions qualify as exempt party-in-interest transactions.

These transactions are not deemed prohibited party-in-interest transactions because they are covered by statutory or administrative exemptions from the IRC and ERISA rules on prohibited transactions.

Note 9. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations there under and the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the existing assets and the PBGC guaranty while other benefits may not be provided for at all.

Note 10. Federal Income Tax Status

The Plan became effective January 1, 2012, and a request for an IRS determination letter stating that the Plan is designed in accordance with applicable sections of the IRC had not yet been filed as of December 31, 2015 because the regular cycle for the Plan to file for a determination letter is February 1, 2015 to January 31, 2016. However, the Company believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC, and the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan remains subject to income tax examination for 2012, 2013, 2014 and 2015.

Note 11. Subsequent Events

The Plan Administrator has evaluated subsequent events for recognition and disclosure through September 20, 2016, which is the date the financial statements were available to be issued. No significant events were noted, except as disclosed below.

In January 2016, the Plan was amended and restated to prepare for the IRS Cycle E filing for a determination letter to confirm the qualified status of the Plan and related trust, in accordance with the applicable sections of the IRC. The Application for Determination for Employee Benefit Plan was filed on January 29, 2016 within the required period for the Cycle E filing. A response from the IRS has not yet been received.

Mortality

Mortality tables mandated by PPA as specified in IRS Regulation 1.430(h)(3)-1, applied on a static basis, using the blended annuitant/non-annuitant table applicable to small plans.

Actuarial cost method

The Funding Target is the present value of accrued benefits based on compensation and service to date. The Target Normal Cost is the present value of benefits expected to be accrued during the current plan year, reflecting the effect of expected compensation increases during the year and including expected plan related expenses to be paid from plan assets during the year.

Schedule SB, Part V – Actuarial Assumptions and Methods

Non-Prescribed Funding Assumptions and Methods

The following assumptions were selected by the plan's enrolled actuary. The asset valuation method was selected by the plan sponsor with the actuary's advice and is an acceptable method under PPA.

Expenses

Expected plan related expenses equal to prior year plan related expenses, excluding the prior year PBGC premium plus current year PBGC premium were added to Target Normal Cost. This amount is equal to \$78,088.

Frequency of optional payment forms

55% of future retirees and terminations are assumed to take a life annuity. For future retirees and terminations who are assumed not to take a life annuity, 10% are assumed to take a Joint and Survivor 50%, 5% are assumed to take a Joint and Survivor 66 2/3%, 10% are assumed to take a Joint and Survivor 75%, 15% are assumed to take a Joint and Survivor 100%, and 5% are assumed to take 10-Year Certain and Life Annuity.

Marital percentage

85% of participants are assumed to be married at death. Husbands are assumed to be 3 years older than their wives.

Asset valuation method

The Actuarial Value of Assets is Market Value as of the valuation date, including discounted receivable contributions, reduced by 2/3 and 1/3 of the of the gain/(loss) in the prior 2 years, respectively. The gain/(loss) for each period is determined as the actual return on Market Value during the period less the expected return on Market Value based on an assumed earnings rate chosen by the actuary but required by PPA to be not greater than the applicable third segment rate. The resulting value is constrained to be within a corridor of 90% to 110% of Market Value, including discounted receivable contributions.

	Actuary's Assumption	Third Segment Rate	Reflecting PPA Limit
2015 Expected Return	8.00%	6.81%	6.81%
2014 Expected Return	8.00%	6.99%	6.99%
2013 Expected Return	8.00%	6.76%	6.76%

The expected asset return assumption was based on an analysis of long term expected returns for the asset classes in which the plan's assets were invested as of the measurement date.

Future actuarial measurements

Future actuarial measurements may differ significantly from current measurements due to plan experience differing from that anticipated by the economic and demographic assumptions, changes expected as part of the natural operation of the methodology used for these measurements, and changes in plan provisions, applicable law or regulations. An analysis of the potential range of such future differences is beyond the scope of this report.

Summary of Changes from the January 1, 2014 Valuation

- The interest rate basis was updated to the current rates as specified in IRS Regulation 1.430(h)(2)-1. These rates are constrained in accordance with HATFA.
- The mortality assumption was updated according to the projection specified in IRS Regulation 1.430(h)(3)-1, applied on a static basis, using the blended annuitant/non-annuitant table applicable to small plans.
- The expected plan related expenses added to the Target Normal Cost were updated from \$48,784 to \$78,088.

The assumption changes listed above increased the Funding Target by \$115,914.

Schedule SB, Part V – Summary of Plan Provisions

Spouse's benefit

Eligibility

Death after becoming eligible for a vested benefit.

Benefit

If the death of the member occurs while the member is actively employed, the benefit payable for life to the surviving spouse is 50% (reduced by 1% for each full year the surviving spouse is more than 10 years younger than the deceased member) of the member's accrued benefit as of the date of death. Benefit commences on the first day of the month next following the later of the date on which the member's death occurred and the date the member would have attained age 45.

If the death of the member occurs subsequent to the member's date of termination and prior to the commencement of benefit payments, the benefit payable for life to the surviving spouse is 50% of the member's accrued benefit as of the date of death reduced for early commencement of payments and for the 50% joint and survivor form of payment. This benefit is payable commencing on the earliest date the member could have retired and commenced benefit payments had he survived.

Normal form of benefit
