Arrow Drillers, Inc. 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2015 and April 30, 2015

Note 1: Description of Plan:

The following description of Arrow Drillers, Inc. (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering substantially all full-time employees of the Company who are not covered by a collective-bargaining agreement, are not nonresident aliens, and have completed one year of service during which at least 1,000 hours are worked. Employees are automatically enrolled in the Plan on the entry date next following or coinciding with the employee's fulfillment of the eligibility requirements, with a salary deferral rate of 1% of pay. Employees may elect to opt-out of the Plan if they submit a request in writing to the Plan administrator. Entry dates are the first day of the first month of the Plan year or the first day of the seventh month of the Plan year next following or coinciding with the employee's fulfillment of the eligibility requirements. The Plan also covers all Davis-Bacon or prevailing wage contract employees of the Company who are not nonresident aliens or members of a collective-bargaining agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan year end was previously April 30. The Trustees of the Plan elected to amend the Plan year end to December 31, beginning with the period ended December 31, 2015.

Contributions:

Each year, participants may contribute up to the maximum allowed under the Internal Revenue Code, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also has a Roth 401(k) provision, which allows for contributions made on an after-tax basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions:

The Company makes safe harbor contributions to the Plan equal to 3% of each participant's compensation. Safe harbor contributions totaled $84,171 for the period ended December 31, 2015. The Company may choose to make discretionary matching contributions and discretionary profit sharing contributions to the Plan as defined in the Plan agreement. For the period ended December 31, 2015, the Company made a profit sharing contribution totaling $83,215. There was no matching contribution for the period ended December 31, 2015. The Company also contributes the amount allowable as retirement contributions included under the General Prevailing Wage Determinations in effect and used to determine compensation for Davis-Bacon or state prevailing wage contracts. For the period ended December 31, 2015, the Company made prevailing wage contributions totaling $305,648.

Note 1: Description of Plan, continued:

Participant Accounts:

The Plan administrator maintains a separate account for each participant and each type of contribution. Each participant may select from a series of investment options designated by the Company and the Plan administrator. Each participant's account is credited with the participant's contributions and allocation of (a) the Company's contribution and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are immediately vested in all employer matching, safe harbor, and profit sharing contributions. Prevailing wage contributions are fully vested and may be used to offset any additional profit sharing and/or matching contributions made by the Company.

Payment of Benefits:

On termination of service, death, disability, or retirement, a participant will receive either a lump-sum amount or a series of installments over a period of time equal to the value of the participant's vested interest in his or her account. Hardship distributions will be distributed as a lump-sum.

Note 2: Summary of Significant Accounting Policies:

Basis of Accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Note 2: Summary of Significant Accounting Policies, continued:

Payment of Benefits:

Benefits are recorded when paid.

Administrative Expenses:

All administrative expenses may be paid out of the Plan unless paid by the Company. During the period ended December 31, 2015, substantially all expenses were paid by the Plan and consisted of $14,829 in contract administration fees and $12,102 in investment advisory fees.

Recent Accounting Pronouncements:

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") No. 2015-12, Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Part II early in these financial statements, via retrospective application.

Subsequent Events:

Management has evaluated subsequent events through October 12, 2016, the date on which the financial statements were available to be issued. See Note 10.

Note 4: Fair Value Measurement of Investments:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and April 30, 2015.

Money market funds: Valued at cost, which approximates fair value.

Mutual funds: Valued at the net asset value of shares held by the Plan at the period end.

The methods described above may produce a fair value calculation that may not be as indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4: Fair Value Measurement of Investments, continued:

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2015:

	Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 47	$ -	$ -	$ 47
Mutual funds	6,374,589	-	-	6,374,589
Total investments at fair value	$ 6,374,636	$ -	$ -	$ 6,374,636

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at April 30, 2015:

	Investments at Fair Value as of April 30, 2015			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 47	$ -	$ -	$ 47
Mutual funds	6,602,932	-	-	6,602,932
Total investments at fair value	$ 6,602,979	$ -	$ -	$ 6,602,979

Note 5: Tax Status:

The Plan has been established under a prototype plan. Effective January 1, 2016, the Plan agreement was restated to comply with pension regulations. The prototype plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, is in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and the Plan continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examinations by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and April 30, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6: Transactions with Parties-in-Interest:

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Note 7: Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8: Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 9: Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2015 and April 30, 2015 to Schedule H of Form 5500:
