Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2, which was certified or provided by Fidelity Investments, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

The Plan is a defined contribution plan that was established in 2004 by Ping Identity Corporation (the "Company") to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the "Code"), as amended, and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration – Under the terms of the Plan, a group of designated officers of the Company act as the trustee. The Company has contracted with a third-party administrator to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Company.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought or sold, as well as, held during the year.

Income Taxes – The Plan has received a favorable determination letter dated March 31, 2014. Although the Plan has been amended since receiving its latest favorable determination letter, the Company believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2012.

Risks and Uncertainties – The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Recently Adopted Accounting Guidance:

ASU 2015-12 – In July 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-12, Topic 962 – *Plan Accounting: Fully Benefit-Responsive Investment Contracts (Part I), Plan Investment Disclosures (Part II) and Measurement Date Practical Expedient (Part III)*. Part I designates contract value as the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement for the Plan to disclose (1) individual investments that represent 5% or more of net assets available for benefit and (2) the net appreciation or depreciation for investments by general type. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with month-end. The amendment will be effective for fiscal years beginning after December 15, 2015 with earlier adoption permitted. Parts I and II shall be effective on a retrospective basis and Part III shall be effective on a prospective basis. The Plan adopted the amendment for the year ended December 31, 2015 and retroactively applied Part II to 2014. The adoption of these changes had no impact on the Plan or the associated financial statements, with the exception of the eliminated disclosure requirements described within Part II above.

ASU 2015-07 – In May 2015, the FASB issued ASU 2015-07, *Topic 820 – Fair Value Measurement: Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its equivalent)*. The amendments in ASU 2015-07 remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendment also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient; rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015 and interim periods within those fiscal years. Earlier adoption is permitted and should be applied retrospectively. The Company adopted this amendment for the year ended December 31, 2015 and retroactively applied it to 2014. The adoption of these changes had no impact on the Plan or the associated financial statements.

2. **INVESTMENTS** (unaudited):

The Plan's investments appreciated (depreciated) as follows during the year ended December 31, 2015:

Net Appreciation (Depreciation) (unaudited)	
Common stock	$ 27,797
Mutual funds	(573,508)
	$ (545,711)

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Fidelity Investments has certified the fair value of assets held at December 31, 2015 and 2014, and transactions entered into during the year ended December 31, 2015, that were used in the preparation of the accompanying financial statements and supplemental schedule.

3. **FAIR VALUE MEASUREMENTS** (unaudited):

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2015.

The following is a description of the valuation methodologies used for assets measured at fair value:

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. It is not probable that the mutual funds will be sold at amounts that differ materially from the NAV of shares held.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Common stock	$ 181,235	$ –	$ –	$ 181,235

	Investments at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total

Total investments at fair value	$ 9,748,694	$ –	$ –	$ 9,748,694

4. **RELATED PARTY TRANSACTIONS**:

Certain Plan investments are managed by Fidelity Investments, the custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

5. **PARTICIPATION AND BENEFITS**:

Participant Contributions – Employees of the sponsor are eligible to participate in the Plan at the start date of employment and attaining the age of 21. The employee must elect to participate and can be enrolled the first day of each month. Participants may elect to have the Company contribute their eligible pre-tax or Roth after-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable or taxed compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer Contributions – The Company is allowed to make contributions to the Plan, as defined in the Plan and as approved by the Board of Directors. At the end of the Plan year, the Company, at the discretion of the Company's Board of Directors, may make a profit-sharing contribution, as defined in the Plan document. Profit-sharing contributions are allocated to eligible participants based upon the percentage of the participant's compensation to the total compensation for all eligible participants. The Company did not make profit-sharing contributions for the Plan year ended December 31, 2015. The Company may make employer matching contributions at the discretion of the Company's Board of Directors. The employer matching contributions for the Plan year ended December 31, 2015 totaled $643,410.

Vesting – Participants are 100% vested in the employer's matching contributions after one year of service.

Participant Accounts – Each participant's account is credited with the participant's contribution, Plan earnings or losses and an allocation of the Company's contribution, if any. Allocation of the Company's contribution is based on eligible employee compensation, as defined in the Plan.

Payment of Benefits – Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's interest in their account.

Loans to Participants – The Plan allows participants to borrow a minimum of $1,000 and a maximum of 50% of their vested account balance or $50,000, reduced by the highest outstanding loan balance during the previous twelve month period. The loans are secured by the participant's balance. Such loans bear interest at the available market financing rates and must be repaid to the Plan within a reasonable period of time, unless the loan is used for the purchase of a principal residence, in which case the maximum repayment period may be longer but cannot extend beyond 10 years. The specific terms and conditions of such loans are established by the Plan administrator. There was a total of $202,147 and $213,950 in loans outstanding as of December 31, 2015 and 2014, respectively.

6. **NON-DISCRIMINATION TESTING**:

For the Plan year ended December 31, 2015, the Plan failed the non-discrimination testing, which resulted in a corrective distribution of $4,859, which was distributed in 2016.

7. **PLAN TERMINATION OR MODIFICATION**:

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA.

8. **RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**:

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

Change in net assets per financial statements	$ 1,442,884
Add: Current year corrective distributions payable	4,859
Change in net assets per Form 5500	$ 1,447,743
