Notes to Financial Statements

December 31, 2015

1. Description of the Plan

The following description of the Heritage Family Funeral Services, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all employees of Heritage Family Funeral Services, Inc. (the Plan Sponsor). Participation in the Plan is strictly voluntary, and employees can elect to participate on the first day of the Plan quarter after attainment of age 21 and completion of one year of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Sponsor is responsible for the administration of the Plan and has entrusted the maintenance of records and the day-to-day administration to Qualified Plan Administrators, Inc. (QPA).

Contributions

Participating employees may defer 401(k) contributions up to the Internal Revenue Service (IRS) limitation. In addition, participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan as listed in the schedule of assets (held at end of year). Participants have the opportunity to change the investment options previously elected at any time.

The Plan Sponsor may make a discretionary matching contribution to the Plan. For 2015, the Plan Sponsor elected to make matching contributions equal to 100% of the employee's contributions up to 3% of the employee's compensation. The Plan Sponsor may also make discretionary profit sharing and qualified nonelective contributions. During 2015, the Plan Sponsor did not make a discretionary profit sharing or qualified nonelective contributions.

Participant contributions to the Plan are made through periodic payroll deductions. Both the participant contributions and the Plan Sponsor discretionary matching contributions are remitted to Voya Retirement Insurance and Annuity Company (Voya), the trustee, after each payroll. Discretionary profit sharing and qualified nonelective contributions, if any, are remitted annually. Receivables from the Plan Sponsor for contributions are unsecured.

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's discretionary matching, profit sharing and qualified nonelective contributions and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and discretionary qualified nonelective contributions plus actual earnings on these contributions. Vesting in the Plan Sponsor's discretionary matching contribution and discretionary profit sharing contribution portion of their accounts plus related earnings thereon is based on years of vesting service in which the participants complete 1,000 hours of service, as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Payment of Benefits

If the participant's vested benefit in the Plan does not exceed \$1,000 at the time of termination of employment, the participant's benefit must be distributed in a single lump-sum payment as soon as administratively feasible. If the participant's vested benefit in the Plan exceeds \$1,000 at the time of termination of employment, the participant may elect to either maintain their account in the Plan, receive a lump-sum distribution or rollover their account balance into another individual retirement account. Participants may also withdraw their vested account balances at any time on or after the age of 59½, or upon retirement, death or disability.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures generated totaled \$2,776 and forfeitures used to pay administrative expenses totaled \$4,104 in 2015. As of December 31, 2015 and 2014, forfeited non-vested accounts total \$970 and \$2,288, respectively. Forfeitures may first be used to pay administrative expenses and then to reduce future Plan sponsor contributions.

2. Significant Accounting Policies

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis, as are annual returns filed under applicable provisions of ERISA and the Internal Revenue Code ("IRC").

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures and changes therein. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan sponsor's management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan sponsor. Expenses paid by the Plan sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

2. Significant Accounting Policies (continued)

Recently Issued Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. During 2015, management has elected to adopt Parts I and II early.

Reclassifications

Certain amounts in the prior year have been reclassified to conform with 2015 classifications.

Subsequent Events

In preparation of the accompanying financial statements, subsequent events that have occurred since the statement of net assets available for benefits date have been evaluated through September 30, 2016, the date the financial statements were available for issuance.

3. Certified Information (Unaudited)

Voya, the trustee, holds the Plan’s investment assets and executes transactions therein. Financial information relating to those assets is included in the accompanying financial statements based on information provided to the Plan administrator and certified as complete and accurate by Voya. That information, which has not been audited by independent auditors, is summarized below.

The fair value of investments is \$3,905,851 and \$3,947,858 as of December 31, 2015 and 2014, respectively

Net depreciation in investments totaled \$85,910 in 2015. Interest income from the annuity contract of party-in-interest totaled \$2,796 in 2015.

Heritage Family Funeral Services, Inc. 401(k) Plan

Notes to Financial Statements (continued)

3. Certified Information (Unaudited) (continued)

Fees paid by the Plan to parties-in-interest totaled \$2,225 in 2015.

The Plan has one investment representing greater than 20% of net assets available for benefits as of December 31, 2015 and 2014.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, which have not changed during 2015 or 2014:

Pooled Separate Accounts: Valued daily using publicly available quoted market prices of the underlying investments held by the pooled separate account at year-end.

Annuity Contract: Valued at fair value based on the amount that would be received if the contract was terminated at the reporting date, by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Heritage Family Funeral Services, Inc. 401(k) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following table sets forth by level, within the fair value hierarchy, the Plan's investments as of December 31:

	Level 1	Level 2	Level 3	Total
2015:				
Pooled Separate Accounts	\$3,613,865	\$ —	\$ —	\$3,613,865
Annuity Contract	—	291,986	—	291,986
Total investments at fair value	<u>\$3,613,865</u>	<u>\$291,986</u>	<u>\$ —</u>	<u>\$3,905,851</u>
2014:				
Pooled Separate Accounts	\$3,597,025	\$ —	\$ —	\$3,597,025
Annuity Contract	—	350,833	—	350,833
Total investments at fair value	<u>\$3,597,025</u>	<u>\$350,833</u>	<u>\$ —</u>	<u>\$3,947,858</u>

5. Related Party Transactions and Party-in-Interest Transactions

Plan investments are in accounts of Transamerica Life Insurance Company, agent for Reliance Trust Company, the trustee, and therefore, these transactions qualify as party-in-interest transactions. Related party transactions include contributions from the Plan Sponsor.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Plan sponsor contributions.

7. Income Tax Status

The IRS has ruled the volume submitter plan from which the Plan was prepared qualifies under provisions of the IRC. Although the Plan has been amended, the Plan administrator believes the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

8. Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

Heritage Family Funeral Services, Inc. 401(k) Plan

Notes to Financial Statements (continued)

9. Excess Contributions

Amounts payable to participants totaling \$10,720 and \$7,465 as of December 31, 2015 and 2014, respectively, for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed these excess contributions to the applicable participants prior to March 15, 2016 and 2015, respectively.
