TRI-PHASE, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2014 AND DECEMBER 31, 2014

Note 1. DESCRIPTION OF PLAN:

The following brief description of the Tri-Phase, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General:

The Plan is a defined contribution plan covering all employees of Tri-Phase, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401(k) of the Internal Revenue Code.

Eligibility:

Employees are eligible to participate in the Plan once they attain age 18 and complete 3 months of service. Once eligibility has been established, participants may enter the Plan on the first day of the month coinciding with or next following the date the eligibility requirements are satisfied.

Employee contributions:

Participants may contribute up to 75% of their annual wages subject to annual limits as set by the Internal Revenue Code. The maximum annual amount that can be contributed to a 401(k) arrangement as an elective deferral, that is, as a pre-tax contribution, is $18,000 and $17,500 for 2015 and 2014, respectively. For fiscal years beginning after December 31, 2001, individuals age 50 or over by the end of the plan year are allowed to make additional contributions to a 401(k) plan, in excess of the standard limits. Such additional contributions will be limited to the lesser of a specified dollar amount in ($6,000 for 2015 and $5,500 for 2014) or the participant's compensation for the year reduced by the participant's other elective deferrals.

Employer's contributions:

Safe harbor matching contributions:

The Company matches 100% of the amount of the participant's deferrals that do not exceed 3% of the participant's compensation and 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation but that do not exceed 5% of the participant's compensation. The Company's matching contribution for the year ended December 31, 2015 was $253,486.

Discretionary contributions:

The Company, at its discretion, may contribute to an integrated profit sharing plan, which means the Plan takes into account contributions the Company makes for employees under the Federal Social Security Act in making Company contribution allocations. For each plan year the Company contributes to the Plan, the Advisory Committee will allocate this contribution to the separate accounts maintained for participants. The discretionary contribution for the year ended December 31, 2015 was $481,301.

Participant accounts:

Each participant's account is credited with the participant's contributions and allocation of: (1) the Company's contributions and (2) Plan earnings. The benefit to which a participant is entitled is the benefit, which can be provided from the participant's account less any unvested portion of the Company's contributions.

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2014 AND DECEMBER 31, 2014

Note 1. DESCRIPTION OF PLAN (Continued):

Notes receivable from participants:

Under the terms of the Plan, participants may borrow from their account, a minimum of $1,000 up to a maximum of $50,000 or 50% of the participant's account balance, whichever is less. Participants may have three loans outstanding at a time. Principal and interest is paid ratably through payroll deductions. The specific terms and conditions of such loans are established by the Plan administrator.

Vesting:

Participants are immediately vested in their voluntary contributions and the employer safe harbor matching contribution. The participants are vested in the Company's non-matching contributions based on the number of years of service. Participants become 20% vested each year beginning at year two through year six.

Benefit payments:

On termination of service, retirement or death, a participant or his or her beneficiary is entitled to receive a lump-sum distribution equal to the value of his or her account.

Forfeited accounts:

Forfeitures may first be used to pay any administrative expenses. Any remaining forfeitures will be allocated among the remaining plan participants in the same manner as Company discretionary contributions. For the year ended December 31, 2015 there was $20,079 of forfeitures applied to the profit sharing contribution.

Administrative expenses:

The Company pays some administrative expenses of the Plan. Certain investment expenses are charged to the participant's account.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Method of accounting:

The financial statements are prepared using the accrual basis of accounting.

Cash and cash equivalents:

Cash equivalents are considered to be short-term, highly liquid investments with original maturities of three months or less.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Gains and losses on investments are recognized in the period in which the appreciation or depreciation occurs. The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in fair value of investments, which consists of the net realized gains or losses and unrealized appreciation or depreciation on those investments.

As described in professional accounting standards, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Purchases and sales:

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Participant loans:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Separate funds:

The Plan currently provides that participants' contributions may be invested by participants in one or more mutual funds and managed accounts.

Payment of benefits:

Benefit payments are recorded when paid.

Accounting changes:

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully-benefit responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully-benefit responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and net appreciation or depreciation in fair value of investments by general type. Part III also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early.

In May 2015, FASB issued ASU 2015-07 Fair Value Measurement (Topic 820); Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent). The ASU removes the requirement to categorize investments measured at fair value using net asset value (NAV) as a practical expedient within the fair value hierarchy. The Plan adopted the provisions of ASU 2015-07 for the year ended December 3, 2015. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted and applied retrospectively. The Plan's management has elected to adopt ADU 2015-07 early.

Reclassification of prior year presentation:

Certain prior year amounts have been reclassified for consistency with the current period presentation. These reclassifications had no effect on the reported results of operations and were necessary to comply with the early adoption of the accounting change mentioned above.

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2014 AND DECEMBER 31, 2014

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Subsequent events:

Management has evaluated subsequent events through October 12, 2016, the date which the financial statements were available for issue.

Note 3. NATURE OF ESTIMATES:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 4. SIGNIFICANT CONCENTRATION OF CREDIT RISK:

The Plan provides for various investment options in any one or a combination of mutual funds that invest in stocks, bonds, fixed income securities and other investment securities. These investments are exposed to various risks, such as credit, interest rate and market. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. All of the Plan's assets are invested in accounts with Morgan Stanley Smith Barney and MG Trust Company and are subject to the SIPC insurance limitations. All assets held in accounts with MG Trust Company are subject to participant investment direction. All assets held in accounts with Morgan Stanley Smith Barney are subject to trustee investment direction.

The Plan places its cash with high credit quality financial institutions. At times, the account balances may exceed the institution's federally insured limits. The Plan has not experienced any losses in such accounts.

Note 5. INFORMATION PREPARED AND CERTIFIED BY THE PLAN CUSTODIANS (UNAUDITED):

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the custodian certified information regarding the cost and fair value of all investments and notes receivable from participants transactions held at December 31, 2015 and December 31, 2014 and investment and notes receivable from participants transactions entered into during 2015, which was used in preparation of the accompanying financial statements and supplemental schedule.

Note 6. INVESTMENTS HELD BY CUSTODIAN:

Plan assets, held by Morgan Stanley Smith Barney, are as follows:

Investments	**Fair Value December 31, 2015**	**Fair Value December 31, 2014**
Invesco Intl Growth R	$ 888,986	$ 853,393

Stocks	73,682	77,266
Total Investments Not Certified	$ 4,685,020	$ 4,546,979

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2014 AND DECEMBER 31, 2014

Note 6. INVESTMENTS HELD BY CUSTODIAN (Continued):

For the year ended December 31, 2015 the investment depreciation totaled $438,991. The interest and dividend income totaled $270,573.

Note 7. FAIR VALUE MEASUREMENTS:

Professional accounting standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under professional accounting standard are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and December 31, 2014.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Benefit responsive investments: Valued at the net asset value, exclusive of the adjustment to contract value (See Note 8).

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2014 AND DECEMBER 31, 2014

Note 7. FAIR VALUE MEASUREMENTS (Continued):

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and December 31, 2014:

Investments at Fair Value as of December 31, 2015

	Level 1	Level 2	Level 3	Total

Investments at fair value				$ 11,308,879

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2014 AND DECEMBER 31, 2014

Note 8. BENEFIT RESPONSIVE INVESTMENTS:

The Plan entered into a benefit-responsive investment contract with Wells Fargo Bank (Wells Fargo). Wells Fargo maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Wells Fargo, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events may limit the ability of the Fund to transact at contract value with the issuer. Such events may include but are not limited to: amendment to the administration of the fund, merge or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of the fund, failure to meet certain tax qualifications, participant communication that is designed to influence participants not to invest in the fund, transfer to competing options without meeting the equity wash provisions of the fund, and plan sponsor withdrawal without the appropriate notice to the fund and/or issuer.

The Plan currently has a holding of $1,547,923 in Wells Fargo Stable Value Fund, a benefit-responsive investment.

Early application of the FASB ASU 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962), (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient, allow us to eliminate the requirement to measure the fair value of fully-benefit responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully-benefit responsive investment contracts. However, under FASB ASU 2015-12, the amount previously presented as contract value is now presented as fair value.

Note 9. INCOME TAX STATUS:

The Plan has been granted tax-exempt status by both the Federal government and the State of California.

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 10. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.
