#### **Independent Auditor's Report**

To the Trustees Security State Bank Retirement and 401(k) Savings Plan and Trust Centralia, Washington

#### **REPORT ON THE FINANCIAL STATEMENTS**

We were engaged to audit the accompanying financial statements of Security State Bank Retirement and 401(k) Savings Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

#### **Basis for Disclaimer of Opinion**

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Reliance Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

10900 NE 4th St Suite 1700 Bellevue WA 98004

#### **Disclaimer of Opinion**

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

#### **Other Matter**

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplementary information, as listed in the accompanying table of contents, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplementary information is the responsibility of management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplementary information.

#### REPORT ON FORM AND CONTENT IN COMPLIANCE WITH DOL RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements
For the Year Ended December 31, 2015

#### Note 1 - Plan Description

The following description of the Security State Bank Retirement and 401(k) Savings Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

**General** - The Plan is a defined contribution plan covering all eligible employees of Security State Bank and Security State Mortgage Company (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

**Eligibility** - Employees are eligible to participate in the Plan's 401(k) provisions on the first day of the calendar quarter that coincides with or immediately follows their date of hire or, if later, attainment of the age of 21.

Employees shall become a participant in the discretionary employer matching and profit-sharing provisions of the Plan following the later of the date on which the employee completes one year of service (defined as 12 months and at least 1,000 hours) or attainment of the age of 21.

**Contributions** - Each year, eligible participants may contribute their pretax annual compensation up to the maximum amount allowed by the Internal Revenue Code (IRC). The Plan allows participants to make catch-up contributions if they have attained age 50 before the end of the plan year. Participants may also contribute amounts representing distributions from other eligible plans.

The Company may elect to make matching contributions and/or profit-sharing contributions at the discretion of the Board of Directors. Contributions are subject to certain regulatory limitations. There were no matching or profit-sharing contributions for the year ended December 31, 2015.

Participant Accounts - Participants direct the investment of their contributions into various investment options offered by the Plan. Participants can choose from various collective trust funds, a mutual fund and a guaranteed interest contract. Each participant's account is credited with the participant's contributions, employer matching contributions, proportionate share of any profit sharing contributions, and allocations of plan earnings or losses. Additionally, participants are charged with an allocation of administrative expenses. All contributions and account balances are directed to available investment options by the participants.

Notes Receivable From Participants - The Plan allows participants to borrow from their account a minimum of \$1,000 up to a maximum of 50% of their vested account balance or \$50,000, whichever is less. Loans must be repaid pursuant to a level, fixed repayment schedule not to exceed five years, unless for a residential mortgage. Loans are secured by the balance in the participant's account and bear interest at a reasonable fixed rate based on the prime rate of interest as reported in the Wall Street Journal as of the date the loan documents are prepared. Principal and interest are paid through automatic payroll deductions. Participants may not have more than two loans outstanding at any given time.

**Payment of Benefits** - Vested benefits are payable in one lump-sum distribution or installment payments at the election of the participant upon retirement, death, disability, or termination. Participants who have attained age 59½ may elect to receive a distribution of all or any portion of their account balance to termination of employment (in-service withdrawals). The Plan also allows for hardship withdrawals. The Plan provides that vested balances that do not exceed \$1,000 may be distributed in a lump-sum amount without the participant's consent.

Notes to Financial Statements
For the Year Ended December 31, 2015

#### Note 1 - Continued

**Forfeitures** - Forfeitures are used first to pay administrative expenses. Any remaining profit sharing forfeitures will be reallocated to remaining participants. Any remaining matching forfeitures will be used to reduce future Company matching contributions. No forfeitures were used to pay administrative expenses or to offset Company contributions during 2015. At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$0.

**Vesting -** All contributions plus earnings by the participants are fully vested at the time of contribution. Employer matching and profit sharing contributions are vested using the following percentages:

Years of Service	Vested Percentage		
Less than 2 years	0%		
2	20%		
3	40%		
4	60%		
5	80%		
6 or more	100%		

#### Note 2 - Summary of Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

**Use of Estimates** - The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities with disclosure on contingent assets and liabilities at the date of the financial statements and reported amounts of additions to or deductions from plan assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments represents the change in fair value of assets from one period to the next and realized gains and losses on investments.

Notes to Financial Statements
For the Year Ended December 31, 2015

#### Note 2 - Continued

**Notes Receivable From Participants** - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

**Benefits Paid to Participants** - Benefits paid to participants are recorded when paid. As of December 31, 2015 and 2014, no amounts had been requested for payment by participants but not yet paid.

**Administrative Expenses** - Several of the investment options are subject to investment and administrative fees based on a percentage of invested assets, as disclosed in the funds' prospectuses. All such fees are charged directly against the respective fund's investment performance and thus are not separately disclosed in the accompanying financial statements. The Plan pays for certain investment advisory and record-keeping services. Substantially all other administrative expenses related to the Plan are paid by the Company.

Recently Adopted Accounting Standards - In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. In July 2015, the FASB issued ASU No. 2015-12, which designates contract value as the only required measure for fully benefit-responsive investment contracts, eliminates the requirement to disclose individual investments that represent 5% or more of net assets available for benefits, and simplifies certain investment disclosures. Management has elected to adopt both standards effective December 31, 2015. The new guidance has been applied retrospectively and had no impact to the Plan's net assets available for benefits.

**Subsequent Events** - The Plan's management has evaluated subsequent events through October 3, 2016, the date on which the Plan's financial statements were available to be issued.

### Note 3 - Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under this guidance are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

<u>Level 2</u> - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

Notes to Financial Statements
For the Year Ended December 31, 2015

#### Note 3 - Continued

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2015 and 2014.

<u>Collective Trust Funds</u> - Units held in collective trusts are valued using the net asset value (NAV) of the fund. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV of a collective investment fund is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund.

<u>Mutual Fund</u> - Valued at daily closing price as reported by the fund. The mutual fund held by the Plan is an openend mutual fund that is registered with the Securities and Exchange Commission. This fund is required to publish the daily NAV and transact at that price. The mutual fund held by the Plan is deemed to be actively traded.

The valuation methodologies used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Fair Value Measurements as of December 31, 2015						
		Level 1		Level 2		Level 3	Total
Mutual funds	\$	126,707	\$		\$	_	\$ 126,707
Total Assets in the Fair Value Hierarchy	\$	126,707	\$		\$	-	126,707
Investments measured at NAV <sup>(a)</sup>							 8,807,143
Total Investments at Fair Value							\$ 8,933,850

Notes to Financial Statements
For the Year Ended December 31, 2015

#### Note 3 - Continued

	Fair Value Measurements as of December 31, 2014					.4	
	Level 1		Level 2		Level 3		Total
Mutual funds	\$ 120,782	\$		\$		\$	120,782
Total Assets in the Fair Value Hierarchy	\$ 120,782	\$	<u>-</u>	\$			120,782
Investments measured at NAV <sup>(a)</sup>						1	10,400,754
Total Investments at Fair Value						\$ 1	10,521,536

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2015, and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	2015	2014	Unfunded	Redemption	Redemption
	Fair Value	Fair Value	Commitment	Frequency	Notice Period
Common collective trust funds	\$ 8,807,143	\$ 10,400,754	None	Daily	None

#### Note 4 - Investment Contract With Insurance Company

During 2013, the Plan entered into a guaranteed interest contract with The Standard Insurance Company (The Standard). The Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract value for the investment contract is based on the contract value as reported to the Plan by The Standard. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract is included in the statements of net assets available for benefits at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the fund issuer or otherwise. The crediting interest rate is based on a formula set by The Standard and is reviewed on a quarterly basis for resetting. The effective annual yield on the contract will never be less than 1.0%.

Notes to Financial Statements
For the Year Ended December 31, 2015

#### Note 4 - Continued

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Therefore, the guaranteed interest contract is considered to be fully benefit-responsive. Certain events limit the ability of the Plan to transact at contract value with The Standard. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The Company does not believe the occurrence of these events is probable.

#### Note 5 - Information Certified by Plan Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the custodian, has certified that the following information included in the accompanying financial statements and supplementary information is complete and accurate:

- Fair value and contract value, if applicable, of investments as of December 31, 2015 and 2014;
- Investment income earned for the year ended December 31, 2015; and
- Investment transactions for the year ended December 31, 2015.

#### Note 6 - Federal Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated July 8, 2010, stating that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter, however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

The Plan is subject to audits by the IRS for certain tax periods based on applicable laws and regulations; however, there are currently no audits for any tax periods in progress.

#### Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company may terminate the Plan at any time with respect to any or all participants by the adoption of an appropriate resolution by its owners. In the event of a complete termination of the Plan, the rights of all participants in their account balances shall, as of the date of termination, be fully vested and not subject to forfeiture.

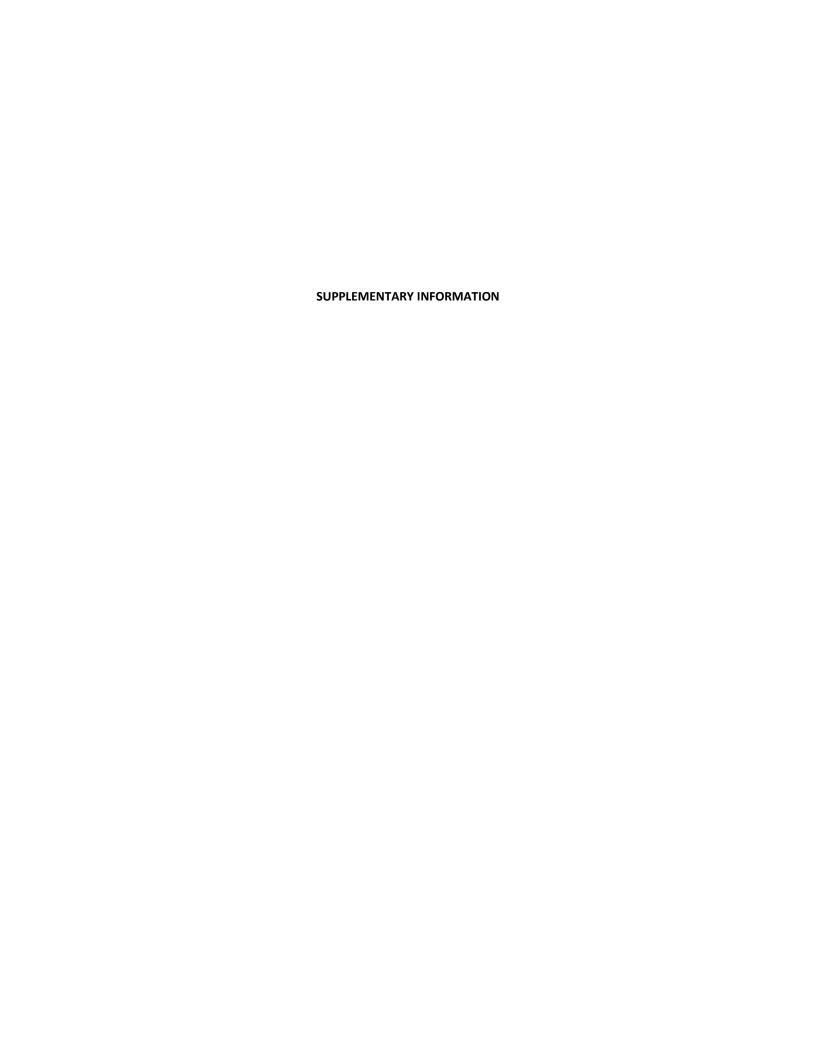

#### Note 8 - Party-in-Interest Transactions

The Plan's investments include collective trust funds that are managed by Reliance Trust Company. Reliance is the custodian as defined by the Plan and, therefore, transactions involving the Plan's collective trust funds qualify as party-in-interest transactions. The Standard serves as the record-keeper and third-party administrator for the Plan. Further, the Plan invests in a guaranteed interest contract issued by The Standard. As a result, fees paid to The Standard qualify as party-in-interest transactions. Fees paid by the Plan to The Standard were \$37,074 for the year ended December 31, 2015.

Notes to Financial Statements
For the Year Ended December 31, 2015

#### Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.
