401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014**

Note 1: Description of the Plan

The following description of the Lucky Eagle Casino 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering employees of the Lucky Eagle Casino (the "Casino"), who have attained the age of 18 and completed one year of service. The Plan has two features: a salary deferral feature and an employer match feature. The Plan became effective on January 1, 1999 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may contribute a percentage of their annual compensation, up to established Internal Revenue Service (IRS) limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Plan includes an automatic salary deferral feature in which 3% of the participant's compensation is automatically withheld and contributed to the Plan once the participant meets the eligibility requirements. A participant may elect not to participate in the Plan upon notification to the Plan sponsor. The Plan allows for the Casino to make employer matching contributions up to 3% of participant compensation. Participants direct the investment of their contributions and associated employer matching contributions into various investment options offered by the Plan. The Plan offers several investment choices through investments held with Standard Insurance Company.

Participant Accounts – Each participant's account is credited with their salary deferral contribution, the Casino's matching contribution, and the allocation of the Plan earnings. The benefit to which a participant is entitled is the vested portion of the the participant's account.

Vesting – Participants are immediately vested in their voluntary contributions and earnings thereon. Employer matching contributions and actual earnings thereon become vested as follows:

<u>Service Period</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
2 years of service	20%
3 years of service	40%
4 years of service	60%
5 years of service	80%
6 years of service	100%

Notes Receivable from Participants – Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. The loans are secured by the balance in the participant's account and charge interest at the prime rate. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits – Upon disability, retirement, death, or termination of employment, a Plan participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the account, equal installments over a period of time, or a different form of commercial annuity.

401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014**

Note 1: Description of the Plan (Continued)

Forfeited Accounts – At December 31, 2015 and 2014, forfeited amounts available to offset employer contributions totaled \$13,544 and \$36,443, respectively. During the years ended December 31, 2015 and 2014, the Casino utilized \$40,508 and \$36,443, respectively, in forfeitures to offset matching contributions and Plan expenses.

Note 2: Summary of Significant Accounting Policies

The following significant accounting policies were used to prepare the financial statements in accordance with generally accepted accounting principles.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Generally accepted accounting principles include statements from the Governmental Accounting Standards Board (GASB), as well as other guidance provided by the American Institute of Certified Public Accountants' Audit and Accounting Guide: *Employee Benefit Plans*.

In February 2015, GASB issued Statement No. 72, *Fair Value Measurement and Application*, the objective of which is to improve financial reporting by clarifying the definition of fair value, establishing general principles for measuring fair value, providing additional application guidance, and enhancing disclosures about fair value measurement. GASB Statement No. 72 becomes effective for the Plan for the 2016 reporting period.

In June 2015, GASB issued Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*, the objective of which is to reduce Generally Accepted Accounting Principles (GAAP) hierarchy to two categories of authoritative GAAP and address the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP. GASB Statement No. 76 becomes effective for the Plan for the 2016 reporting period.

The effect of future adoption of GASB Statements No. 72 and No. 76 on the Plan's financial statements has not been evaluated as of the date of this report.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. The most significant estimate for the Plan was the estimate of the fair value of the Plan's investments.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances. Interest income is recorded when received and credited to the participants' accounts. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

DECEMBER 31, 2015 AND 2014**

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value as certified by the Plan's custodian, Standard Insurance Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Reporting Benefit-Responsive Investment Contracts

In July 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Parts II and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part I is to be applied retrospectively since management has elected to adopt Part I early. As of December 31, 2015 and 2014, the Plan is invested in a group annuity contract through Standard Insurance Company Stable Asset Fund. The contract is fully benefit-responsive.

Benefits

The Plan recognizes benefit payments in the period the benefits are paid.

Administrative Expenses

All administrative expenses of the Plan may be paid out of the Plan assets, if the Casino does not pay expenses directly. Fees related to the administration of notes receivables from participants are charged directly to the participant's account and are included in administrative fees.

Date of Management's Review

Subsequent events were evaluated through October 4, 2016, which is the date the financial statements were available to be issued.

Reclassification

Certain reclassifications have been made to prior period balances in order to conform to the current period presentation. The previously reported net position available for benefits was unaffected by the reclassification.

Note 3: Fair Value Measurements

The Plan's investments, other than the fully benefit-responsive contracts, are reported at fair value in the accompanying statements of net position available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014**

Note 3: Fair Value Measurements (Continued)

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 2 inputs only when Level 1 inputs are not available to the Plan. There were no Level 1 or 3 inputs available to the Plan.

Level 2 Fair Value Measurements

The fair value of the mutual funds held in the pooled separate accounts and the Stable Asset Fund are based on inputs other than quoted prices included within Level 1 that are observable for valuing the asset or liability, either directly or indirectly. Observable inputs include quoted prices for similar assets or liabilities in active or non-active markets. Fair value of the investments is based on the net asset value of the fund as reported by the investment advisor. Net asset valuation is computed by dividing the total assets minus liabilities, allocated to each share class by the number of shares outstanding for that class at the close of each business day that the New York Stock Exchange is open. Level 2 inputs may also include insignificant adjustments to market inputs.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015:

December 31, 2015	Fair Value	Inputs Other than Quoted Prices in Active Markets for Identical Assets (Level 2)

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$136,976 in 2015 and appreciated in value by \$379,069 in 2014. Those changes in the Plan's investments were due to the mutual funds held by the Plan.

**LUCKY EAGLE CASINO
401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014**

Note 5: Guaranteed Investment Contract with Insurance Company

The Plan invests in a fully benefit responsive investment contract with Standard Insurance Company ("Standard"). Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract meets the fully benefit-responsive criteria and; therefore, is reported at contract value. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value of the fully benefit-responsive investment at December 31, 2015 and 2014, was \$1,540,575 and \$1,468,866, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014**

Note 9: Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code (IRC) and, accordingly, the trust's net investment income is exempt from income tax. The Plan has obtained a favorable tax determination letter dated March 31, 2008, from the Internal Revenue Service, covering the Plan offered by the trustees. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan sponsor believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified and the related trust is tax-exempt.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 10: Related-Party Transactions / Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Standard, the custodian as defined by the Plan and; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$59,473 and \$56,160 for the years ended December 31, 2015 and 2014, respectively.

Note 11: Plan Termination

Although it has not expressed any intention to do so, the Casino has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 12: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term. Such changes could materially affect participants' account balances and the amounts reported in the statements of net position available for benefits.

Note 13: Delinquent Participant Remittances

During the year ended December 31, 2015, the Casino erroneously failed to remit certain participant salary deferrals, aggregating to \$69,508, to the Plan in a timely manner, as defined by ERISA. These contributions were considered non-exempt party-in-interest transactions that may result in the imposition of a 15-percent excise tax on the amount of the transactions. The Casino intends to pay any fines imposed, including the excise tax resulting from these late remittances. The Casino also intends to compensate participants for lost income resulting from delay in remitting the contributions. The Casino believes that these non-exempt transactions did not affect the tax status determination of the Plan.
