To the Trustees
Hospital Housekeeping Systems 401(k) Benefit Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hospital Housekeeping Systems 401(k) Benefit Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 3, which was certified and provided by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's assets and executes transactions. The Plan administrator has obtained certifications from the custodian as of December 31, 2015 and 2014, and for the years then ended, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedule of assets (held at end of year) as of December 31, 2015 and the schedule of delinquent participant contributions for the year ended December 31, 2015 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. These supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance With the Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of Hospital Housekeeping Systems 401(k) Benefit Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was amended and restated effective January 1, 2014 and was subsequently restated and amended April 1, 2016.

General

The Plan is a defined contribution plan that covers all employees of Hospital Housekeeping Systems, LLC (the "Company" or "Plan Sponsor") who have completed one month of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

The Company can contribute a discretionary match at the option of the Board of Directors. For the years ended December 31, 2015 and 2014, the amount of the match was equal to 50% of the employee's deferral up to a maximum deferral of 7% of plan year compensation. To be eligible for the employer discretionary match, an employee must be employed on the last day of the year and have completed six consecutive months of service. Certain nonexempt hourly employees are not eligible for employer matching contributions.

Participants may elect to contribute up to 75% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants are always 100% vested in their voluntary contributions.

Participant Accounts

Participants direct the investment of their contributions into various investment options offered by the Plan.

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions. Vesting in the Company's discretionary match contributions portion of their accounts is based on years of service. Company discretionary match and profit sharing contributions have a three-year cliff vesting period as follows:

Completed Years of Service	Vested Percentage
Less than 3 years	0%
3 years	100%

Notes Receivable From Participants
Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest, as determined by the Plan administrator. Principal and interest are paid through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Corrective Contributions Payable
Amounts payable to participants for ineligible contributions to the Plan are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits
On termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Any balance under $1,000 is automatically paid out as soon as administratively possible. Hardship withdrawals are also available subject to certain limitations.

Forfeitures
Participant forfeitures of nonvested balances will be used to reduce future employer contributions and pay the expenses of the Plan. During 2015 and 2014, employer contributions and expenses were reduced by forfeited nonvested accounts by $6,031 and $10,195, respectively. At December 31, 2015 and 2014, unallocated forfeitures totaled $1,757 and $803, respectively.

Administrative Expenses
Administrative expenses may be paid by either the Plan Sponsor or the Plan, as provided by the Plan document. Loan administration fees are paid by the participant electing the loan.

2. Summary of Significant Accounting Policies

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Basis of Accounting
The accompanying financial statements are prepared on the accrual basis of accounting.

Stable Value Fund
Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required, the statements of net assets available for benefits present the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Recent Accounting Pronouncements
In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Defined Contribution Pension Plans, and Health and Welfare Benefit Plans – (1) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this ASU is to simplify plan accounting.

- The amendments in Part I of this ASU designate contract value as the only required measurement for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

- The amendments in Part II of this ASU will eliminate the requirements for plans to disclose (1) individual investments that represent 5% or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value ("NAV") per share (or its equivalent) practical expedient in *Fair Value Measurement: Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or its Equivalent)* and that investment is in a fund that files a United States Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

- The amendments in Part III of this ASU reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The ASU may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this ASU are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. Plan management is currently evaluating the impact this ASU will have on the Plan's financial statements.

In May 2015, FASB issued ASU No. 2015-07*, Fair Value Measurement: Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or its Equivalent)*. The amendments in this ASU remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. The amendments in this ASU are effective for entities with fiscal years beginning after December 15, 2015. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management is currently evaluating the impact this ASU will have on the Plan's financial statements.

3. Information Certified and Provided by Delaware Charter Guarantee and Trust d/b/a Principal Trust Company

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee and Trust d/b/a Principal Trust Company ("Principal"), the custodian of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedules:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2015 and 2014

- Investment income (loss) and interest on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014

- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2015

- The contract and fair value of the fully benefit-responsive investment contract

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

4. Investments

The following presents investments that represent 5% or more of the Plan's net assets:

	December 31, **2015**	2014
Principal Trust Target Retirement 2045	**$ 992,443**	$ 982,194
Principal Trust Target Retirement 2035	**631,637**	661,877
Principal Trust Target Retirement 2025	**579,061**	539,412
Principal Trust Target Retirement 2050	**552,024**	420,913
Principal Trust Target Retirement 2030	**465,969**	380,165
Principal Trust Target Retirement 2020	**421,801**	419,842
Principal Trust Target Retirement 2040	**386,417**	366,942
Principal Stable Value Signature	**342,920**	314,977

The Plan's investments, including gains and losses on investments bought and sold, as well as held during the year appreciated (depreciated) in fair value as follows:

	Years Ended December 31, **2015**	2014
Mutual funds	**$ (7,005)**	$ 2,880
Common collective trusts	**(73,553)**	230,105
Pooled separate accounts	**(5,467)**	12,597
Stable value fund	**2,391**	1,454
	$ (83,634)	$ 247,036

5. Fair Value Measurements

FASB's Accounting Standards Codification ("ASC"), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB's ASC, *Fair Value Measurements and Disclosures*, are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices for the asset or liability that are observable
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

- Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- Common collective trust funds – Valued at the NAV of units of a bank common collective trust funds. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust funds, the investment adviser reserves the right to temporarily delay withdrawal from the common collective trust funds in order to ensure that securities liquidations will be carried out in an orderly business manner.

- Pooled separate accounts – Primarily valued at NAV per share based on quoted market prices of underlying investments.

- Stable value fund – Valued at the NAV of units of a bank's stable value fund. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not

used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate full redemption of the stable value fund, the investment adviser reserves the right to temporarily delay withdrawal from the stable value fund in order to ensure that securities liquidations will be carried out in an orderly business matter.

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	December 31, 2015			
	Total	Level 1	Level 2	Level 3

6. Stable Value Fund

The Plan has entered into a benefit-responsive stable value fund with Principal. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the stable value fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value fund. The stable value fund is presented at fair value on the face of the statements of net assets available for benefits, with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the stable value fund at December 31, 2015 and 2014 totaled $342,920 and $314,977, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for

example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable.

The stable value fund does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average yield consists of the following:

	Years Ended December 31,	
	2015	2014
Based on actual earnings	**1.57%**	1.41%
Based on interest rate credited to participants	**0.74%**	0.52%

7. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Principal. Principal is the custodian, as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions.

The Plan Sponsor paid certain administrative expenses related to the Plan for the years ended December 31, 2015 and 2014.

8. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Plan Sponsor contributions.

9. Tax Status

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service ("IRS"). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Effective July 1, 1997, the Plan adopted a standardized form of a prototype plan. The prototype plan has applied for a determination letter from the IRS as to the prototype plan's qualified status. The Plan administrator plans to submit an application for determination for its adoption of such prototype plan. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

10. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31,	
	2015	2014
Net assets available for benefits per the financial statements	**$ 5,945,610**	$ 5,488,512
Less participant contributions receivable	**(46,124)**	(44,763)
Less employer contributions receivable	**(246,322)**	(272,587)
Add corrective contributions payable	**27,384**	-
Net assets available for benefits per Form 5500	**$ 5,680,548**	$ 5,171,162

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500:

	Years Ended December 31,	
	2015	2014
Net increase in net assets available for benefits per the financial statements	**$ 457,098**	$ 884,244
Less current year participant contributions receivable	**(46,124)**	(44,763)
Less current year employer contributions receivable	**(246,322)**	(272,587)
Add prior year employer contributions receivable	**272,587**	209,044
Add prior year participant contributions receivable	**44,763**	-
Add current year corrective contributions payable	**27,384**	-
Net income per Form 5500	**$ 509,386**	$ 775,938

12. Late Deposit of Participant Deferrals

During 2015, the Plan Sponsor inadvertently failed to deposit $4,357 of participant deferrals within the required time frame, as stated by the United States Department of Labor's regulations. The Plan Sponsor reimbursed the Plan for lost interest. The Plan Sponsor will file Form 5330 and pay the applicable excise tax in 2016. The excise tax payments will be made from the Plan Sponsor's assets and not from the assets of the Plan.

During 2014, the Plan Sponsor inadvertently failed to deposit $3,983 of participant deferrals within the required time frame, as stated by the United States Department of Labor's regulations. The Plan Sponsor reimbursed the Plan for lost interest in 2015.

13. Subsequent Events

Effective April 1, 2016, the Plan's vesting period changed for certain employees covered under collective-bargaining agreements from a three-year cliff vesting period to a five-year graded vesting period.

Effective April 1, 2016, the Company's discretionary match will be determined based on an employee's status on the last day of the Plan year. Discretionary match calculations will vary based on the employee's collective-bargaining arrangement.

The Plan has evaluated subsequent events through September 21, 2016, the date the financial statements were available to be issued.
