NOTE 1: DESCRIPTION OF PLAN

The following description of the Checkmate Industries Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a salary reduction contribution plan covering all employees of the Company. All employees who have attained 21 years of age, and have completed one year of service, are eligible to make elective deferral contributions, and are eligible for employer matching and profit sharing contributions. The Plan was established in 1986, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions

Each year participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan limited to the maximum ($18,000 under 50 and $24,000 over 50 for 2015) permitted by the Internal Revenue Code. Participants may designate all or a portion of their contributions as a Roth elective deferral. Participants may also contribute amounts representing distributions from other qualified plans, if certain requirements are met. All amounts contributed to the Plan are directly invested in the participant accounts according to their investment elections. Participants may direct their investments and employer matching contribution by choosing from various investment options offered by the trustees.

Employer Contributions

The employer may make a basic matching contribution on behalf of each participant in an amount equal to the percentage declared for the contribution period, if any, by a board of directors' resolution of the deferral contributions made by each participant during the contribution period. The board of directors' resolution may limit the deferral contribution matched to a specified percentage of compensation or limit the amount of the match to a specified dollar amount.

Discretionary employer qualified non elective contributions may be made for each plan year in an amount determined by the employer for all eligible participants, as either matching contributions, or as discretionary Profit Sharing Contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, net of an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, including rollovers, plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

NOTE 1: DESCRIPTION OF PLAN (continued)

Withdrawals

Participants may withdraw all or any parts of their vested account resulting from rollover contributions. Financial hardship withdrawals are limited to the amount of the participant's elective deferral contributions (but none of the income earned on such contributions). Hardship withdrawals are limited and are subject to federal rules.

Participant Loans

Generally, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's vested account and bear interest at a rate reasonable at the time of application, considering the purpose of the loan and the rate being charged by representative commercial banks in the local area for a similar loan. The loan agreement shall provide for the payment of principal and interest not less frequently than quarterly. All loans must be repaid within five years.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant (or participant beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or if the vested account balance exceeds $5,000, in monthly installments not to extend beyond the joint life expectancy of the participant and his or her beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Operating Expenses

All expenses to maintain the Plan are paid by the Company.

NOTE 3: UNAUDITED FINANCIAL INFORMATION CERTIFIED BY THE GUARDIAN INSURANCE and ANNUITY COMPANY

The following represents investments at December 31, 2015 and 2014 of the Plan at fair value which was furnished to the Plan administrator by The Guardian Insurance and Annuity Company and Certifies to be complete and accurate:

2015	2014
$3,444,760	$3,418,561

NOTE 4: TAX STATUS

The Internal Revenue Service has determined and informed the Company by a determination letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code as of the financial statement date. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 5: NON-DISCRIMINATION

The Internal Revenue Code requires that a Qualification Test be performed to assure that employee deferrals do not discriminate in favor of highly compensated employees.

NOTE 6: RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Guardian Insurance and Annuity Company. Guardian Insurance and Annuity Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the administrator services amounted to $4,110 for the year ended December 31, 2015.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 8: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 8: FAIR VALUE MEASUREMENTS (continued)

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liabilities; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds:

Valued at the net asset value (NAV) of shares held by the Plan at year end based upon quoted market prices determined in an active market.

Common stocks:

Valued at the closing price reported on the active market on which the individual securities are traded.

Common collective trusts:

Valued at net asset value (NAV) as provided by the administrator of the trust.

Money market funds:

Valued at the closing price of shares held by the Plan at year end.

Mutual Funds - $(88,893)

NOTE 10: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11: SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 30, 2016, the date the financial statements were available to be issued.
