Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Change in Accounting Principle

As discussed in Note 2 to the financial statements, the Plan adopted ASU 2015-07, *Fair Value Measurement: Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (NAV)* and ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contributions Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. The adoptions had no effect on the change in net assets as previously reported. Our opinion is not modified with respect to that matter.

Other Matter

The supplemental schedules of delinquent participant contributions and assets held (at end of year) are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Note 1. Description of the Plan - The following description of the Post Acute Partners Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a participant-directed, defined contribution plan covering all full-time, nonunion employees of Post Acute Partners, LLC and Affiliates (collectively the "Company") who are over the age of 18. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA").

Contributions - Participants may make pre-tax or post-tax contributions from their compensation, up to amounts permissible under ERISA and the Internal Revenue Service. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Salary deferrals from participants and employer contributions are directed by participants to investment options made available by the Plan. The Company may make discretionary matching contributions as deemed appropriate. To be eligible for a Company match, a participant is required to have one year of service, complete 1,000 hours of service during the plan year, and be employed on the last day of the year. The Company approved a match of 50% of up to the first 4% of eligible compensation for 2015 and 2014 which totaled $633,894 and $642,307, respectively and is included as employer's contributions receivable.

The Company may also make discretionary profit sharing contributions to all eligible participants based on eligible compensation. To be eligible for a Company discretionary profit sharing contributions, a participant is required to have one year of service and be an active employee at the end of the year. There were no discretionary profit sharing contributions made for 2015 or 2014.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings (losses), and (c) charged with an allocation of plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. The maximum loan term is 60 months or up to 360 months for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions. The default of a loan is deemed a taxable distribution of the unpaid balance.

If a participant fails to make a payment when a loan is due under the terms of the loan, that participant will be in default. In the event of default, the loan shall become due and payable immediately and interest will continue to accrue until the entire loan balance is repaid. The Plan will take all reasonable actions to collect the balance owed on the loan. Under certain circumstances, the loan in default could be considered a distribution from the Plan and could be considered income to the participant. In any event, failure to repay a loan will reduce the benefit a participant would otherwise be entitled to from the Plan.

Vesting - Participants are immediately vested in their elective and rollover deferral contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary profit sharing portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits - Active participants may receive distributions from their elective contribution account and their rollover contribution account at any time after attaining the age of 59 1/2 or due to hardships as defined in the Plan. Upon termination of service, disability, or retirement (age 65), a participant is entitled to a lump-sum payment if their account balance is equal to or less than $5,000 at the time of distribution.

Forfeitures - At December 31, 2015 and 2014, forfeited nonvested accounts totaled $92,664 and $28,508 respectively. These accounts will be used to reduce future employer contributions. Also, in 2015, employer contributions were reduced by $28,508 from forfeited accounts.

Note 2. Summary of Significant Accounting Policies

Method of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected in the net appreciation in the fair market value of such investments.

In May 2015, the FASB issued ASU 2015-07, "Fair Value Measurement: Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (NAV)." This ASU removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient. This ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted, and is applied retrospectively. Management as elected to early adopt this ASU. The adoption of ASU 2015-07 had no effect on the change in net assets as previously reported.

In July 2015, the FASB issued ASU 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contributions Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient." Part I eliminates the requirement to measure fully benefit responsive investment contracts (FBRIC) at fair value and present related fair value measurement disclosures, and allows FBRIC to be reported at contract value. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to early adopt Part II. The adoption had no effect on the change in net assets as previously reported.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Expenses of administering the Plan, other than loans fees, are paid by the Company. Certain administrative expenses are paid with forfeitures.

Subsequent Events - The Plan evaluated subsequent events through the date of the report, which is the date these financial statements were available to be issued.

Note 3. Guaranteed Investment Contract

The Plan holds a guaranteed group annuity with Principal Life Insurance Company ("Guaranteed Option"). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Guaranteed Option is a Group Annuity Contract - Custodial Guaranteed Interest Contract and is backed by the assets of the general account of Principal Life Insurance Company. Benefit payments are made at contract value (no termination or surrender charges) for Plan benefit events and investment transfers initiated by Plan participants. Thus, this contract is considered benefit responsive.

The average yield for this benefit responsive contract was 1.29% and 1.54% for the years ending December 31, 2015 and 2014, respectively, and the crediting interest rate was 1.85% and 2.00% as of December 31, 2015 and 2014, respectively.

Note 4. Information Prepared and Certified by the Trustee

The plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the investment information certified by the trustee was not audited by the independent auditors except for comparing such information to the related information included in the accompanying financial statements and schedules. Investments held as of December 31, 2015 and 2014 of $19,180,605 and $18,126,414, net investment gain (loss) of $(427,957) and $1,064,697 and participant loans of $279,715 and $162,120 for the years then ended respectively, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee.

Note 5. Fair Value Measurements

ASC 820-10 establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds - Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

Pooled Separate Accounts - The Plan's share of pooled separate accounts is determined on a participation-unit basis. The participation unit value is adjusted each business day to reflect investment results under the separate account. Pooled separate accounts consist of a variety of underlying investments. The net asset value is based on the market value of the underlying investment.

Guaranteed Investment Contract - Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement purposes only. In determining the reasonableness of the methodology, the value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of difference methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value are summarized below:

	Assets at Fair Value as of December 31, 2015

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 6. Investments Measured at Net Asset Value (NAV) Per Share

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Available)
Pooled separate accounts	$ 679,949	n/a	Daily

December 31, 2014	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Available)
Pooled separate accounts	$ 561,613	n/a	Daily

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2015:

	Level 3 Assets Year Ended December 31, 2015 (Guaranteed Option)
Balance, beginning of year	$ 936,160
Realized gains (losses)	1,743
Unrealized gains (losses) relating to investments held at the reporting date	10,316
Purchases	316,447
Sales	(306,015)
Expenses	(1,696)
Balance, end of year	$ 956,955
The amount of total gains or losses for the period attributable to the change in unrealized gains or losses relating to assets still held at the reporting date	$ 10,316

Note 7. Related Party and Party-In-Interest Transactions

Certain plan investments are managed by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company is the trustee, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants are entitled to the entire amount of their account.

Note 9. Tax Status

The Plan uses a prototype plan document sponsored by Principal Life Insurance Co ("PLIC"). The internal Revenue Service ("IRS") has determined and informed PLIC, in a letter dated March 31, 2008, that the prototype document satisfied the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS and the prototype plan has been amended since receiving the notification letter. Nevertheless, the plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 10. Risks and Uncertainties

The Plan provides for various investment options in combinations of mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Certain employee contributions and participant loan repayments were not remitted to the Plan within the time frame specified by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company for the years ended December 31, 2015 and 2014.

The Company intends to remedy the delinquent remittances through the voluntary compliance program.

Note 11. Subsequent Events

During May and June of 2016, the Plan filed Voluntary Fiduciary Correction Program packets for the plan years ending December 31, 2015, 2014 and 2013.

Note 12. Reclassifications

Certain reclassifications have been made to the financial statements for the year ended December 31, 2014. These reclassifications are for comparative purposes only and have no effect on the change in net assets as originally reported.
