INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrators
Outpatient Imaging Affiliates Retirement Plan
Franklin, Tennessee

REPORT ON THE FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of Outpatient Imaging Affiliates Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Empower Retirement, the Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

EMPHASIS OF MATTER

As discussed in Note 3 to the financial statements, the Plan adopted new accounting guidance which simplified various investment disclosures. In addition, it adopted the requirement which eliminated the need to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. Our opinion is not modified with respect to these matters.

OTHER MATTER

The supplementary information on page 12 as of and for the year ended December 31, 2015, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplementary information is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplementary information.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH DOL RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The Plan is a participant directed defined contribution plan, covering all full-time employees of OIA Staffing, Inc., who are age twenty-one or older and have completed six months of service. OIA Staffing, Inc. is the Plan's Sponsor (the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Board of Trustees is responsible for oversight of the Plan and works with an independent investment advisory services company to help determine the appropriateness of the Plan's investment offerings and monitorng investment performance.

The Plan has entered into a trust agreement with Empower Retirement (the "Custodian") and appointed this company as Custodian of the plan assets.

Contributions

Each year, participants may elect to defer up to 100% of their compensation, as defined in the Plan document. Participants may also contribute amounts representing distributions from other qualified plans. Participants may change their salary deferral percentage at any time. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Employer matches 50% of a participant's contribution up to 6% of the participant's compensation. The Employer may also make certain discretionary contributions, as defined in the Plan document. No discretionary contributions were made by the Employer during the year ended December 31, 2015.

Employer matching contributions may be discontinued in accordance with various provisions of the Plan.

Contributions are subject to certain limitations in accordance with applicable regulatory requirements.

Participant accounts

Each participant's account is credited with the participant's contributions, allocations of Employer contributions, and Plan earnings, and reduced by an allocation of administrative expenses, any distributions and Plan losses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Employer contributions is based on years of continuous service. Participants are 20% vested after two years of service and an additional 20% thereafter, resulting in 100% vesting after 6 years of credited service. Participants are also 100% vested upon reaching the Plan's normal retirement age of 65, or upon their death or disability.

Payment of benefits

Benefit distributions equal to a participant's vested account balance are payable to the participant or his beneficiaries upon normal retirement (age 65), death, disability or termination of employment. The method of distribution shall be determined by the Plan Administrator in accordance with the provisions of the Plan. If the vested value of a terminated participant's account is less than $1,000, the total vested balance is distributed as an automatic lump-sum cash payment.

Forfeitures

Forfeitures result from termination of employment under circumstances which do not entitle the participant to be fully vested in his Employer contributions and are available to be first used to pay any Plan expenses and then may reduce the Employer's contributions to the Plan. Forfeitures remaining at December 31, 2015 and 2014 amounted to $39,021 and $37,933, respectively. Approximately $18,000 of forfeitures were used to pay plan expenses during 2015.

In-service withdrawals

In-service withdrawals are permitted by participants who have reached the age of 59 and 1/2. Earlier withdrawals may also be made in the case of financial hardship, as determined by the Employer. Participant deferrals must cease for six months following a hardship withdrawal. Hardships withdrawals are limited to the cumulative amount of the participant's contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment valuation and income recognition

Investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines the valuation policies utilizing information provided by the investment advisers and Custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefit payments are recognized in the year paid.

Administrative expenses

The Plan is responsible for its administrative expenses unless paid by the Employer. Investment-related expenses are included in net depreciation in fair value of investments.

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Reclassifications

Certain amounts in the prior year financial statements have been reclassified to conform to changes in accounting principles as discussed in Note 3.

Events occurring after reporting date

The Plan has evaluated events and transactions that occurred between December 31, 2015 and October 13, 2016, the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

NOTE 3 - CHANGE IN ACCOUNTING PRINCIPLE

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965); (Part I) Fully Benefit-Responsive Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirement to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan assets. Part II also eliminates the disclosure of significant investment strategies for an investment in a fund that files an annual report on Form 5500 as a direct filing entity when the Plan measures that investment using the net asset value practical expedient. Part III simplifies accounting for a plan with a fiscal year end that does not coincide with a calendar month end. Plans are allowed to measure investments and investment-related accounts using the month end closest to its fiscal year end. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively to all periods presented; Part III is applied prospectively. Management has elected to adopt Part II early. Parts I and III are not applicable to the Plan.

In May 2015, FASB issued ASU 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent) (Topic 820)* which eliminates the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. Disclosures are required by class of investment and should include a description of any redemption terms and conditions and any significant restriction on the ability to sell the investments. This ASU is to be applied retrospectively to all periods presented and is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Management has elected early adoption of this ASU.

NOTE 4 - INFORMATION CERTIFIED BY CUSTODIAN

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator has elected that the information certified by the Custodian, Empower Retirement, not be subjected to any auditing procedures, except for comparing such information to the related information contained in the financial statements and supplementary information.

The Custodian has certified to all investments (individually and in summary) as of December 31, 2015 and 2014. The Custodian has also certified to all investment transactions for the year ended December 31, 2015, including investment income, realized and unrealized gains and losses and all supplementary information.

NOTE 5 - FAIR VALUE

The Plan classifies its investments based on a hierarchy consisting of: Level 1 (valued using quoted prices from active markets for identical assets), Level 2 (not traded on an active market but for which observable market inputs are readily available) and Level 3 (valued based on significant unobservable inputs). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value:

Mutual funds	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
Collective trust funds	Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

There have been no changes in the valuation methodologies used at December 31, 2015 and 2014.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes, by level, within the fair value hierarchy, investments measured at fair value on a recurring basis as of December 31, 2015 and 2014:

	2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,468,473	$ -	$ -	$ 6,468,473
Total investments in the fair value hierarchy	6,468,473	-	-	6,468,473
Investments measured at net asset value (a)				52,191
Investments at fair value	$ 6,468,473	$ -	$ -	$ 6,520,664

	2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,485,161	$ -	$ -	$ 6,485,161
Total investments in the fair value hierarchy	6,485,161	-	-	6,485,161
Investments measured at net asset value (a)				88,950
Investments at fair value	$ 6,485,161	$ -	$ -	$ 6,574,111

(a) In accordance with Subtopic 820-10, certain investments that were measured at fair value using the net asset value per share (or the equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient:

Investment	Fair Value at December 31, 2015	Fair Value at December 31, 2014	* Unfunded Commitment	* Redemption Frequency	* Redemption Notice Period
(a) Collective trust fund	$ 52,191	$ 88,950	$0	Daily	30 days

*Information noted in these columns is the same for each investment type for 2015 and 2014.

There are no participant redemption restrictions for these investments; the notice period is applicable only to the Plan. If the Plan initiates a full redemption of the account, the issuer reserves the right to require 12 months' notification in order to ensure that security liquidations will be carried out in an orderly business manner.

The description of the significant investment strategies for each category of investment in the collective trust fund follows:

(a) This category invests its assets in a diversified portfolio of Stable Value Investment Contracts issued by life insurance companies, banks, and other financial institutions, the performance of which may be predicated on underlying fixed income invesments. The principal value of these assets is designed to remain stable regardless of stock and bond market fluctuations.

This category seeks to preserve capital and provide stable and predictable returns.

NOTE 6 - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Empower, the Custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. Administrative expenses of $56,221 were paid by the Plan to Empower for third party administrative services during the year ended December 31, 2015.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 - INCOME TAX STATUS

The Plan has adopted a prototype plan (Prototype). The Prototype received its latest opinion letter on September 30, 2014, in which the Internal Revenue Service ("IRS") stated the Prototype, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has not applied for a separate determination letter.

The Prototype has been amended and restated since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe the Plan and Prototype are designed and have been operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been provided in the financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax asset or liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in investment securities, which are exposed to various risks, such as interest rate, credit and overall market risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
