The Company also contributes an annual safe harbor non-elective contribution in the amount of 3 to 5 percent of each eligible participant's compensation for the Plan year.

Participant Accounts

Each participant's account is credited with the participant's elective salary reduction contribution, the Company's matching and non-elective contributions, and Plan earnings charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that could be provided from the participant's account.

Vesting

Participants are immediately vested in their elective salary reduction contributions and the Company portion of elective and non-elective contributions plus actual earnings allocated thereon.

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Participant Loans

Participants may borrow from their fund accounts as determined by the Plan administrator. Participants may borrow a minimum of \$1,000 or any amount that does not exceed 50 percent of the participant's vested account balance, whichever amount is smaller. The loans are secured by assignment of 50 percent of the borrower's interest in their account and each loan will bear interest at rates charged by local commercial lending institutions for comparable loans over a period not to exceed five years. A participant may only have one outstanding loan at a time.

Payment of Benefits

On termination of service, distributions from all accounts will be made in the form of a single lump sum payment of the entire value of the vested interest in the account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Evaluation

Management has evaluated subsequent events through September 27, 2016, the date on which the financial statements were available to be issued.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year and dividends which are recorded on the ex-dividend date.

Realized Gains and Losses on Investments

For financial statement purposes, realized gains and losses on investments are recorded based upon the first-in, first-out, historical cost method. Form 5500 requires the gains and losses to be determined at "revalued cost," that is, based on the current value of assets at the beginning of the year (or based on the historical cost if the investment was acquired during the year), rather than by comparing historical cost to current value.

Payment of Benefits

Benefit payments to participants are recorded when paid.

The table provides information that presents the fair value of investments at December 31, 2015 and 2014, which represent five percent or more of the Plan's net assets:

All of the Plan's investments are participant-directed and no portion of the assets are nonparticipant-directed.

NOTE 4 - LIMITED SCOPE AUDIT

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Reliance Trust Company, trustee and custodian of the Plan, for the period of April 23, 2015 through December 31, 2015 and by FASCore, LLC for the period of January 1, 2015 through April 22, 2015 and for the year ended December 31, 2014, the record-keeper of the Plan as agent for JPMorgan Chase Bank, N.A., the trustee of the Plan for the period of January 1, 2015 through April 22, 2015 and for the year ended December 31, 2014.

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in the Commingled Pension Trust Fund (Stable Asset Income) of JPMorgan Chase Bank, N.A. ("Fund"). The Fund's primary objective is to seek to provide capital preservation, liquidity, and current income at levels that are typically higher than those provided by money market funds. The Fund seeks to achieve this objective by using a highly diversified fixed income strategy by investing in other collective trust funds and a separate account which may include U.S. treasury and agency securities, mortgage-backed securities, asset-backed securities, commercial mortgage-backed securities, private mortgages, corporate debt, and short-term investments. The Fund also enters into investment contracts to provide responsive wraps ("Wrap Contracts").

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to the contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by the Fund, represents contributions made under Wrap Contracts less any participant-directed withdrawals plus accrued interest. Participating plans may terminate their interest in the Fund at any time. Withdrawals shall be paid at the lesser of book or market value, as defined in the Fund's Declaration of Trust.

The fair value of the investment contract at December 31, 2015 and 2014 was \$1,239,423 and \$1,603,652, respectively. The crediting interest rates of particular Wrap Contracts are generally adjusted quarterly and are tied to the changing yields on its respective portfolio as well as the performance of its underlying investments. In addition, the rate at which return is credited to the Fund can change as the difference between market value and book value of the covered assets changes. As a result, the crediting rate will generally reflect, over time, movements in prevailing interest rates and the performance of the underlying investments. Under each of the Wrap Contracts, the crediting rate of that particular contract will not be less than zero percent.

The existence of certain conditions can limit the Fund's ability to transact at contract value with the issuers of its Wrap Contracts. Specifically, any event outside of the normal operation of the Fund which causes a withdrawal from the Wrap Contracts may result in a negative market value adjustment with respect to such withdrawal. Example of such events include, but are not limited to, layoffs, bankruptcy, plan termination, mergers, early retirement incentives, and competing fund transfers or violations of equity wash or equivalent rules and changes of employer or plan qualification status. If the likelihood of such a non-book value withdrawal is imminent, it may be necessary to consider a revaluation of those particular fund contracts. The occurrence of an event outside the normal operating of the Fund which would cause withdrawals from Wrap Contracts is not considered to be probable.

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY - CONTINUED

In addition to the limitations noted above, issuers of Wrap Contracts have certain rights to terminate a contract and settle at an amount which differs from contract value. For example, certain breaches by the Fund of its obligations, representations, or warranties under the terms of Wrap Contracts can result in its termination at market value, which may differ from contract value. Wrap Contracts may also provide for termination with no payment obligation from the issuer if the performance of the contract constitutes a prohibited transaction under ERISA or other applicable law. Wrap Contracts may also provide issuer with the right to reduce contract value in the event an underlying security suffers a credit event or the right to terminate the contract in the event certain investment guidelines are materially breached and not cured.

	<u>2015</u>	<u>2014</u>
Average fund yields:		
Based on actual earnings	1.80%	1.75%
Based on interest rate credited to participants	1.80%	1.75%

NOTE 6 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 3 inputs were available to the Plan.

NOTE 6 - FAIR VALUE MEASUREMENTS - CONTINUED

Level 1 Fair Value Measurements

The fair value of interests in registered investment companies is based on quoted net asset values of the shares held by the Plan at year end.

Level 2 Fair Value Measurements

The fair value of the Plan's investment in the Commingled Pension Trust Fund (Stable Asset Income) of JPMorgan Chase Bank, N.A. (see Note 5), also known as a common/collective trust is based on inputs, other than the quoted prices included within Level 1, that are observable for valuing the asset or liability, either directly or indirectly. Observable inputs include quoted market prices for similar assets or liabilities in active or non-active markets.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

	Fair Value Measurements at Reporting Date Using		
	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)

NOTE 6 - FAIR VALUE MEASUREMENTS - CONTINUED

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2015 and 2014, are reported in net appreciation (depreciation) in fair value of investments.

NOTE 7 - TAX STATUS

The underlying prototype plan of Great-West Trust Company, LLC, has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the form of the Plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC) and, therefore, the Plan is qualified and the related trust is tax exempt.

The Plan was restated effective December 1, 2014, under a new prototype plan of Great-West Trust Company, LLC which has received an opinion letter from the IRS dated March 31, 2014, stating that the form of the Plan was designed in accordance with applicable sections of the IRC and, therefore, the Plan is qualified and the related trust is tax exempt. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

NOTE 8 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of registered investment companies managed by Reliance Trust Company and JPMorgan Chase Bank, N.A., the trustees as defined by the Plan for the years ended December 31, 2015 and 2014 and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$1,425 and \$1,230 for the years ended December 31, 2015 and 2014, respectively.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to provisions of ERISA.

NOTE 10 - ADMINISTRATION OF PLAN ASSETS

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The majority of administrative expenses, including compensation for officers or employees performing administrative functions, are paid directly by the Company.

NOTE 11 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 12 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500
