INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Rosenberg & Estis, P.C. 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Rosenberg & Estis, P.C. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the former trustee/custodian of the Plan, and Voya Retirement Insurance and Annuity Company, the current custodian of the Plan (collectively the "custodians"), except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that Fidelity Management Trust Company held the Plan's investment assets and executed transactions for the period January 1, 2015 through December 14, 2015 and Voya Retirement Insurance and Annuity Company held the Plan's investment assets and executed transactions for the period December 15, 2015 through December 31, 2015. The Plan administrator has obtained a certification from Fidelity Management Trust Company as of December 31, 2014 and December14, 2015, and for the period January 1, 2015 through December 14, 2015, and from Voya Retirement Insurance and Annuity Company as of December 31, 2015, and for the period December 15, 2015 through December 31, 2015, that the information provided to the Plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2015 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - PLAN DESCRIPTION

The following description of the Rosenberg & Estis, P.C. 401(k) Plan (the "Plan") provides only general information. The participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, established January 1, 1989, is a defined contribution plan covering eligible employees of Rosenberg & Estis, P.C. (the "Company"). All employees are eligible to participate in the Plan except for employees covered by a collective bargaining agreement and non-resident aliens who receive no earned income from the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective September 28, 2015, the Plan adopted a volume submitter defined contribution plan to replace their previous volume submitter defined contribution plan.

Effective December 1, 2015, the Plan adopted a volume submitter 401(k)/profit sharing plan to replace the volume submitter defined contribution plan previously adopted on September 28, 2015. Effective December 14, 2015, the Plan terminated its trustee and custodial agreement with Fidelity Management Trust Company ("Fidelity") and transferred the investment assets to Voya Retirement Insurance and Annuity Company ("Voya") (collectively the "Custodians"). There were no significant changes to the plan features in relation to the change of Custodians or adoption of the new plan document.

Contributions

Employees become eligible to participate after three months of service and attainment of age 21, if later and may enter the plan immediately following their eligibility date. Seasonal employees, temporary employees, part-time employees and interns need to complete at least 1,000 hours of service per service year to be eligible.

Each year, participants may contribute up to 100% percent of annual compensation, as defined in the Plan, as pretax and/or after tax elective deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Participant contributions are subject to certain limitations.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Contributions (Continued)

Employees become eligible for discretionary matching and/or profit sharing contributions if they are employed on the last day of the calendar year or complete at least 501 hours of service, as defined in the plan documents. This requirement is in addition to eligibility requirements.

The Company matching contribution is a discretionary percentage of pretax and/or after-tax contributions, which is determined by the Company on an annual basis. The Plan also allows for profit sharing contributions in an amount, if any, to be determined by the Company. During 2015, no matching and/or profit sharing contributions were authorized by the Company.

Participants direct the investment of contributions credited to his or her accounts into various investment options offered by the Plan. The Plan currently offers pooled separate accounts and the option to self-direct their contributions in other investments.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Company's matching contribution, as well as allocation of the Company's profit sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after 6 years of credited service. If a participant retires, becomes disabled, or in the event of death, the participant becomes fully vested.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the vested portion of their account balance. Loan terms may not exceed five years unless the loan is for the purpose of acquiring a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at a reasonable rate of interest as determined at the time of the loan application by the Company. Loans outstanding during the year had interest rates which ranged from 3.25% to 10%. Principal and interest are paid ratably through semi-monthly deductions and credited to the borrower's account balance.

Payments of Benefits

When a participant retires or ceases to be an employee due to disability they are entitled to receive a lump sum distribution equal to the value of the participant's vested interest in his or her account. Upon termination, a participants vested balance shall be distributed in the form of a lump sum payment if less than $5,000 ("cash out limit"). Under certain circumstances (hardship), and with approval of the Company, a participant can elect at any time to receive a portion of his or her vested account balance subject to the provisions of the Plan. In-service withdrawals are permitted once a participant has attained age 59 ½.

Forfeitures

Forfeiture accounts are to be used to pay Plan administrative expenses then to reduce future Company contributions. At December 31, 2015 and 2014, the Plan does not have any forfeited non-vested accounts.

Administrative Expenses

Substantially all of the Plan's expenses are paid by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are presented on the modified cash basis of accounting. Under the modified cash basis of accounting, contributions are recognized when received rather than when receivable and corrective contributions are recorded as distributions when paid rather than as a reduction of the related contributions as required by generally accepted accounting principles.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fully Benefit Responsive Investment Contract

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. Contract value for this collective trust is based on the net asset value of the fund as reported by Fidelity. The statement of net assets available for benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as described in Note 5.

Purchases and sales of securities are recorded on a trade date basis. Interest and dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded as it is received. Related fees are recorded to the participant's account. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - UNAUDITED INFORMATION

Voya is the custodian of the Plan for the period December 15, 2015 through December 31, 2015, and Fidelity was the custodian/trustee of the plan for the year ended December 31, 2014 and for the period January 1, 2015 through December 14, 2015. The Custodians hold the Plan's investment assets and execute transactions thereon. Fidelity held the notes receivable from participants while they were the custodian/trustee and executed transactions thereon. Financial information relating to those assets is included in the accompanying financial statements and supplemental schedule based on information provided by the Custodians which was certified as complete and accurate. That information, which is unaudited, consists of approximately 75% and 100% of the Plan's assets at December 31, 2015 and 2014, respectively, and approximately 93% of the investment income (loss) for the year ended December 31, 2015.

NOTE 5 - FAIR VALUE MEASUREMENTS (UNAUDITED)

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 5 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common stocks and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

NOTE 5 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Common collective trust: Valued based on the NAV of the collective trust. The NAV, as reported by the Custodians is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The common collective trust, which is a stable value fund, invests in fixed-income securities or bond funds, enters into "wrap" contracts issued by third-parties, and invests in cash equivalents represented by shares in money market funds, with the objective of preserving capital and to providing a competitive level of income that is consistent with the preservation of capital. It maintains a $1 per unit price. There are no unfunded commitments with respect to the common collective trust. The fund generally provides for daily redemptions by the Plan at reported NAV per share, without any advance notification. The fund may in its sole discretion, impose restrictions on issues and redemptions of units. There were no restrictions imposed as of December 31, 2015 or subsequent to that date.

Pooled separate accounts: Valued at the NAV of the shares held by the Plan. The pooled separate accounts are not available in an exchange or active market, however the fair value is determined based on the pro-rata share of the underlying investments in the pooled separate accounts.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

The Plan offered pooled separate accounts to Plan participants for investments in the Plan effective December 15, 2015. The investments were sponsored by Voya. The following are the investment strategies by investment category for each group of separate accounts there were offered to participants.

Asset Allocation

Funds in this category invest in a combination of assets such as aggressive stocks, international stocks, large-company stocks, government bonds, foreign bonds or money markets. The allocation percentage to each asset type may be fixed, bounded by a range, or is discretionary based on the stated objectives and target allocations of the particular fund.

NOTE 5 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Small/Mid/Specialty

Funds in this category carry the highest relative risk rating of aggressive. These funds seek capital appreciation by investing primarily in stocks of small-and medium-sized companies. Furthermore, specialty funds in this category apply a narrow focus to invest in stocks of specific companies in a particular industry.

Large Cap Value

Funds in this category have a relative risk rating of Moderate. Funds seek long-term growth of capital or a combination of growth and income by investing primarily in stocks of larger, mature companies. Stocks are selected for price appreciation and for the value of the current income provided through dividends.

Global / International

Funds in this category carry the highest relative risk rating of aggressive. There are three main types of funds in this category. International funds investing in stocks of companies outside of the United States. Global funds investing in stocks of companies in the United States and developed countries outside of the United States. Emerging Markets funds investing in securities of developing countries.

Bonds

Funds in this category run the spectrum of relative risk from conservative to moderate to aggressive. Funds are primarily seeking income or growth of income, with less emphasis on capital appreciation. Aggressive fixed-income funds primarily invests in below-investment grade bonds or bonds of foreign issuers. Funds with a moderate risk evaluation invest in investment grade corporate bonds, mortgages, government bonds and, to a lesser degree, preferred stock, foreign or convertible bonds. Conservative funds are short-term bond funds focusing solely on Treasury Bills and other highly-rated, short-term (e.g. 90 day) securities.

Large Cap Growth

Funds in this category can have a relative risk rating of moderate or aggressive. Funds with fewer holdings and a relatively narrow focus merit the risk level of aggressive. Overall, these funds invest primarily in stocks of larger U.S. companies. These funds seek long-term growth of capital.

NOTE 5 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Balanced

Funds in this category have a relative risk rating of moderate. These funds seek to balance growth of principal and current income by investing in a combination of stocks and bonds - generally in a 60/40 proportion. Some funds have fixed asset allocations and others allow discretion to allocate between equities and bonds, depending on return and risk.

Stability of Principal

Assets are invested in conservative investment options that seek – but not necessarily guarantee – to hold the principal value of an investment stable through all market conditions.

NOTE 6 - PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are units of pooled separate accounts managed by Voya. Voya is the custodian of the Plan assets effective December 15, 2015 (See Note 1), and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in the fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Plan investment in stable value fund and certain other plan investments liquidated during the year were shares of mutual funds managed by Fidelity Investments. Fidelity, a related party to Fidelity Investments was the custodian/trustee of the plan for the year ended December 31, 2014 and for the period January 1, 2015 through December 14, 2015 (See Note 1), and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in the fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Plan investment in money market is managed by TD Ameritrade, Inc. (“TD”). TD is the sub-custodian of the self-directed plan investments effective December 18, 2015, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in the fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

NOTE 6 - PARTY IN INTEREST TRANSACTIONS (CONTINUED)

During 2015, LPL Financial Corporation, USI Advisors, Inc. and its affiliates, Morningstar Associates, LLC and Associated Pension Consultants, Inc. provided certain advisory and third party administration services to the Plan. These transactions qualify as party in interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

NOTE 7 - PLAN TERMINATION

Although it has not expressed an intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA and terms of the Plan. In the event of termination or partial termination of the Plan, participants' accounts shall be fully vested as of the date of such termination. The Company determines the date and manner in which participants' accounts will be distributed in accordance with ERISA.

NOTE 8 - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the volume submitter sponsor by a letter dated March 30, 2012, that the volume submitter plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The volume submitter plan has been amended since receiving the opinion letter. However, the Company believes that the volume submitter plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require adjustment to or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - OPERATIONAL COMPLIANCE

In December 2014, the Plan filed a Voluntary Compliance Program (VCP) submission with the IRS pursuant to the IRS' Employee Plans Compliance Resolution System (EPCRS) under Revenue Procedure 2013-12 to correct a Plan document error with respect to a rollover contribution. No funding is required as a result of this error. The Plan received a request for additional information from the IRS dated July 17, 2015 to which the Plan submitted a response on August 28, 2015. In the opinion of the Plan administrator and the Plan's ERISA counsel, this correction will not have an impact on the Plan's qualified tax status.

The Plan received a compliance statement from the IRS dated April 4, 2016 agreeing to the correction method and revision in administrative procedures described in the submission.

NOTE 10 - RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31,	
	2015	2014
Net assets available for benefits per the financial statements	**$ 17,385,162**	$ 16,920,319
Add: Adjustment from contract value to fair value for fully benefit responsive investment contract	**-**	6,724
Net assets available for benefits per the Form 5500	**$ 17,385,162**	$ 16,927,043

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500:

Net increase in net assets per the financial statements	**$ 464,843**
Less: Adjustment from contract value to fair value for fully benefit responsive investment contract for prior year	**(6,724)**
Net increase in net assets per the Form 5500	**$ 458,119**

NOTE 11 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 12 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 13, 2016, which is the date the financial statements were available to be issued.
