PROVIDIA HOME CARE CORP. 401(K) PLAN

Notes to Financial Statements

December 31, 2015

1. Description of the Plan

The following description of the Providia Home Care Corp. 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

Providia Home Care Corp. of Miami, Inc. ("Company/Employer") adopted the plan effective January 1, 2014. The Plan is a defined contribution plan covering substantially all employees, age twenty-one or older, of the Company. Eligible employees can become participants in the Plan on January 1, after satisfying service requirements. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

The Plan is administered by ADP, LLC. State Street Corporation is the trustee/custodian of the Plan assets.

Contributions

Subject to certain limitations, participants could elect to contribute to the Plan up to 90% of their compensation for each payroll up to a statutory maximum of $18,000 plus catch-up contribution for participants age 50 and above. The Company has elected to fund discretionary matching contributions. The matching employer contribution, if any, is discretionary. No employer contributions were made in 2015. Participants direct the investment of their contribution into various investment options offered by the Plan. The Employer can make an additional non-elective discretionary contribution to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the employer's contributions, and an allocation of Plan's earnings as defined and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. At December 31, 2015, there are 212 participants of which 153 are active. At that date, 159 participants have account balances. Participant loans are permitted.

1. Description of the Plan – (Cont.)

Notes Receivable from Participant

Participants may borrow from their funded accounts up to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years and bear interest at a rate of 2% above prime (5.25% for 2015). Principal and interest is paid ratably through payroll deductions. Notes receivable from participants amounted to $1,632 at December 31, 2015 and are measured at their unpaid principal plus any accrued but unpaid interest.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into various investment options. Participants have online access to their accounts and may change their investment options at any time.

Forfeitures

Forfeitures of terminated participants' non-vested accounts may be used to reduce the employer's matching contribution for the year in which the forfeiture occurs or to pay the Plan's administrative expenses. Forfeitures in 2015 amounted to $0.

Hardship Withdrawals

Hardship withdrawals are permitted by the Plan for medical expenses, burial or funeral expenses, repair of damage to principal residence, costs to purchase residence or prevent eviction and payment of college tuition. The participant may withdraw his elective deferral and employer match and the participant may not contribute to the Plan during the following six (6) months.

Vesting/Payment of Benefits

Upon retirement, a participant may elect to receive payment for the value of their account through a lump-sum payment. Participants are 100% vested in their contributions. The Company's matching contributions are subject to the following vesting schedule for participants who retire before the normal retirement date.

Full Years of Service	Vesting Percentage
Less than 2	0
2 but less than 3	20
3 but less than 4	40
4 but less than 5	60
5 but less than 6	80
6 or more	100

1. Description of the Plan – (Cont.)

Upon termination of service, an employee receives payment for the vested value of their account. The Plan automatically distributes participant accounts with balances under $1,000 upon termination. For amounts greater than $1,000, the terminated participant must consent to a lump sum distribution.

Upon death or permanent disability, a participant becomes 100% vested in their account.

Withholding Taxes

The Plan is required to withhold 20% of distributions not directly transferred to another qualified plan or IRA account. These funds are then remitted to the Internal Revenue Service.

Plan Termination

While the Company has not expressed any intent to terminate the Plan, it reserves the right at any time to amend, modify or terminate the Plan without the consent of any participant or beneficiary. In the event of such termination, the Plan provides that the participants shall become 100% vested in their accounts, including all matching employer contributions.

2. Summary of Significant Accounting Policies

The accompanying financial statements have been prepared on the accrual basis of accounting. Participant and employer contributions are recorded in the period in which contributions are withheld from salaries and wages by the employer.

Estimates

The preparation of financial statements could require the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures of assets at the date of financial statements and the reported amounts of addition and deductions in assets available during the reporting period. Actual results may differ from those estimates.

2. Summary of Significant Accounting Policies – (Cont.)

Investments

Investments are presented at fair value. Investments are valued by the Trustee based upon the fair value (quoted market price) of investment held by the Fund and the number of shares outstanding. Investments in fully benefit-responsive investment contracts (FBRIC's) are reported at contract value as contract value is the amount the participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a stable value investment. Changes in unrealized appreciation (depreciation) for the period are reflected in the statements of changes in net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administration of the Plan

Certain administrative expenses of the Plan may be paid by the Company. The Plan is not required to reimburse the Company for any administrative expenses paid by the Company. Expenses not paid the Company are paid by the Plan.

Date of Management's Review

Subsequent events have been evaluated for potential recognition or disclosure through September 20, 2016 which is the date the financial statements were available to be issued.

3. Tax Status

The Plan was determined by the Internal Revenue Service to be "qualified" plan under Section 401(a) of the Internal Revenue Code of 1986, and, accordingly, the Plan is exempt from federal income taxes. In the opinion of the Plan Administrator, the Plan is currently being operated in accordance with Plan Agreement and in conformity with applicable IRC provisions and therefore exempt from federal income tax. No provision for taxes has been included in the accompanying financial statements.

4. Investments, including Investments Exceeding 5% of Plan Assets

5. ***Financial Information Certified by Plan Trustee***

Under the Department of Labor's regulations, certain assets and related information held by a bank, trust company or similar institution, or an insurance company, that is regulated and subject to periodic examination by a state or federal agency does not have to be audited, provided the plan administrator exercises this option and the institution holding the assets certifies the required information. State Street Corporation has provided certification as to the completeness and accuracy. Investment assets, net appreciation (depreciation) in fair value of investments, and interest, dividend and other income contained in the statement of net assets available for benefits, statement of changes in net assets available for benefits, and supplemental schedules as of and for the years then ended December 31, 2015 have been certified as accurate and complete by the Plan trustee, in accordance with 29CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

6. ***Fair Value Measurements***

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under GAAP are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted market prices in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

6. Fair Value Measurements – (Cont.)

The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual Funds Held in Pooled Separate Accounts: Valued at fair value established by the Custodian on the last business day of the Plan year, which is composed primarily of the value at the daily closing price as reported by the underlying mutual fund.

The fair value calculation may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2015, the reported value and the fair value of the Plan's investments are equivalent. All Plan assets are considered Level 1 or Level 2. See Note 5 for investment details.

Fair Value Measurements

Description	Quoted Prices in Active Mkts (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual Funds-Pooled Separate Accounts	$ 322,343	-	-	322,343
Common Collective Trust	-	9,669	-	9,669
	$ 322,343	9,669	-	332,012

7. Related Party Transaction

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Certain Plan investments are managed by ADP, LLC. State Street Corporation is the custodian and, therefore, these transactions qualify as party-in-interest transaction. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Notes Receivable from Participant

Participants may borrow from their funded accounts up to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years and bear interest at a rate of 2% above prime (5.25% for 2015). Principal and interest is paid ratably through payroll deductions. Notes receivable from participants amounted to $1,632 at December 31, 2015 and are measured at their unpaid principal plus any accrued but unpaid interest.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into various investment options. Participants have online access to their accounts and may change their investment options at any time.

Forfeitures

Forfeitures of terminated participants' non-vested accounts may be used to reduce the employer's matching contribution for the year in which the forfeiture occurs or to pay the Plan's administrative expenses. Forfeitures in 2015 amounted to $0.

Hardship Withdrawals

Hardship withdrawals are permitted by the Plan for medical expenses, burial or funeral expenses, repair of damage to principal residence, costs to purchase residence or prevent eviction and payment of college tuition. The participant may withdraw his elective deferral and employer match and the participant may not contribute to the Plan during the following six (6) months.

Vesting/Payment of Benefits

Upon retirement, a participant may elect to receive payment for the value of their account through a lump-sum payment. Participants are 100% vested in their contributions. The Company's matching contributions are subject to the following vesting schedule for participants who retire before the normal retirement date.

Full Years of Service	Vesting Percentage
Less than 2	0
2 but less than 3	20
3 but less than 4	40
4 but less than 5	60
5 but less than 6	80
6 or more	100

1. Description of the Plan – (Cont.)

Upon termination of service, an employee receives payment for the vested value of their account. The Plan automatically distributes participant accounts with balances under $1,000 upon termination. For amounts greater than $1,000, the terminated participant must consent to a lump sum distribution.

Upon death or permanent disability, a participant becomes 100% vested in their account.

Withholding Taxes

The Plan is required to withhold 20% of distributions not directly transferred to another qualified plan or IRA account. These funds are then remitted to the Internal Revenue Service.

Plan Termination

While the Company has not expressed any intent to terminate the Plan, it reserves the right at any time to amend, modify or terminate the Plan without the consent of any participant or beneficiary. In the event of such termination, the Plan provides that the participants shall become 100% vested in their accounts, including all matching employer contributions.

2. Summary of Significant Accounting Policies

The accompanying financial statements have been prepared on the accrual basis of accounting. Participant and employer contributions are recorded in the period in which contributions are withheld from salaries and wages by the employer.

Estimates

The preparation of financial statements could require the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures of assets at the date of financial statements and the reported amounts of addition and deductions in assets available during the reporting period. Actual results may differ from those estimates.

2. Summary of Significant Accounting Policies – (Cont.)

Investments

Investments are presented at fair value. Investments are valued by the Trustee based upon the fair value (quoted market price) of investment held by the Fund and the number of shares outstanding. Investments in fully benefit-responsive investment contracts (FBRIC's) are reported at contract value as contract value is the amount the participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a stable value investment. Changes in unrealized appreciation (depreciation) for the period are reflected in the statements of changes in net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administration of the Plan

Certain administrative expenses of the Plan may be paid by the Company. The Plan is not required to reimburse the Company for any administrative expenses paid by the Company. Expenses not paid the Company are paid by the Plan.

Date of Management's Review

Subsequent events have been evaluated for potential recognition or disclosure through September 20, 2016 which is the date the financial statements were available to be issued.

3. Tax Status

The Plan was determined by the Internal Revenue Service to be "qualified" plan under Section 401(a) of the Internal Revenue Code of 1986, and, accordingly, the Plan is exempt from federal income taxes. In the opinion of the Plan Administrator, the Plan is currently being operated in accordance with Plan Agreement and in conformity with applicable IRC provisions and therefore exempt from federal income tax. No provision for taxes has been included in the accompanying financial statements.

5. ***Financial Information Certified by Plan Trustee***

Under the Department of Labor's regulations, certain assets and related information held by a bank, trust company or similar institution, or an insurance company, that is regulated and subject to periodic examination by a state or federal agency does not have to be audited, provided the plan administrator exercises this option and the institution holding the assets certifies the required information. State Street Corporation has provided certification as to the completeness and accuracy. Investment assets, net appreciation (depreciation) in fair value of investments, and interest, dividend and other income contained in the statement of net assets available for benefits, statement of changes in net assets available for benefits, and supplemental schedules as of and for the years then ended December 31, 2015 have been certified as accurate and complete by the Plan trustee, in accordance with 29CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

6. ***Fair Value Measurements***

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under GAAP are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted market prices in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

6. Fair Value Measurements – (Cont.)

The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual Funds Held in Pooled Separate Accounts: Valued at fair value established by the Custodian on the last business day of the Plan year, which is composed primarily of the value at the daily closing price as reported by the underlying mutual fund.

The fair value calculation may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2015, the reported value and the fair value of the Plan's investments are equivalent. All Plan assets are considered Level 1 or Level 2. See Note 5 for investment details.

Fair Value Measurements

Description	Quoted Prices in Active Mkts (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual Funds-Pooled Separate Accounts	$ 322,343	-	-	322,343
Common Collective Trust	-	9,669	-	9,669
	$ 322,343	9,669	-	332,012

7. Related Party Transaction

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Certain Plan investments are managed by ADP, LLC. State Street Corporation is the custodian and, therefore, these transactions qualify as party-in-interest transaction. The Plan Sponsor pays directly any other fees related to the Plan's operations.
