INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
Core BTS 401(k) Retirement Plan

We were engaged to audit the accompanying financial statements of Core BTS 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Minnesota Life Insurance Company ("Minnesota Life"), the insurance company of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that Minnesota Life holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Minnesota Life as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the Plan administrator by Minnesota Life is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the insurance company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 1 — DESCRIPTION OF THE PLAN

The following description of the Core BTS 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was established on February 5, 2004 for the purpose of providing retirement, death and disability benefits for the employees of Core BTS, Inc. (“the Company”). The Plan is a defined contribution plan covering all eligible employees of the Company who have completed three months of service, have reached 21 years of age and are not covered under a collective bargaining agreement. The entry dates for this Plan are the first day of each calendar month of the Plan year coinciding with the date the employee meets the eligibility requirements. Employees are eligible for discretionary Company contributions after three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Minnesota Life Insurance Company (“Minnesota Life”) is the insurance company of the Plan.

Contributions

Participants in the Plan may elect to defer and to contribute from 1% to 99% of their annual eligible compensation, as defined by the Plan, not to exceed certain dollar limitations that are set by law. Participants age 50 or older may elect to defer and contribute additional amounts to the Plan up to a maximum that is set by law. Participants may also contribute (rollover) amounts representing distributions from other qualified defined benefit or defined contribution plans. Additionally, the Plan allows participants to change the amount of salary deferral on the first day of each calendar month of the plan year and to change the investment of their funds and future contributions on any business day in any combination of the investment options offered under the Plan, as long as the changes conform to the investment option's guidelines.

The Plan sponsor matches dollar-for-dollar the first four percent of the participant’s compensation deferred. The Plan sponsor may also make discretionary contributions.

Vesting

Participants are immediately vested in their contributions, including rollover contributions. Employer discretionary and matching contributions vest at a rate of 20% per year after two years of vesting service (vested 20% at the end of the second year of service and 20% annually thereafter with 100% at the end of the sixth year of service).

NOTE 1 — DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Plan Sponsor's contribution, the Plan earnings and is charged with administrative expenses not paid by the Plan Sponsor. The Plan provides that earnings on contributions from participants are accumulated tax deferred. The Plan also provides that the participants are not subject to income tax on the amounts contributed and related earnings until the Plan makes distributions to the participant. Each participant has the right to invest their contributions into any of the various investment options offered by the Plan. Allocations are based on participant earnings or account balances, as defined. Participants direct investment of all account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

If a participant terminates employment with the Company at a time when the participant does not have a fully vested account, the nonvested employer contributions and actual earnings thereon are forfeited. Forfeitures of matching contributions may be used to reduce future employer matching contributions, discretionary employer profit sharing contributions or cover future administrative expenses. During the years ended December 31, 2015 and 2014, \$139,887 and \$136,733, respectively, were used to reduce employer matching contributions. Forfeitures available at December 31, 2015 and 2014 totaled \$26,883 and \$34,810, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. All loans must be repaid in level payments on at least a quarterly basis over a five-year period unless the loan is for the purchase of a principal residence in which case the loan may be repaid over a ten-year period. The loans are secured by the balance of the participant's vested account and bear interest at a rate commensurate with market rates ranging from 4.25% - 8%.

Payment of Benefits

Benefits are payable upon reaching early retirement age of 59-1/2, normal retirement age of 65, total and permanent disability, termination, or death in the form of a lump sum payment. Separated participants with vested account balances exceeding \$5,000 may delay the timing of the receipt of benefits subject to minimum distribution rules required by law. Participants with a balance of \$5,000 or less may be paid out without the participant's consent. Participants may be entitled to a hardship withdrawal of their vested benefits if they qualify under the criteria established by the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in all employer contributions with all rights to any amounts in their respective accounts.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments in pooled separate accounts are participant-directed and reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments in the guaranteed investment contract is fully benefit-responsive and measured at contract value for the portion of the net assets available for benefits attributable to the investment contract. Contract value represents contributions made under the contract plus earnings less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in dividend income.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses, including Minnesota Life's custodial and administrative fees, are paid by the Plan. Administrative expenses for loans are paid by the participant. Certain other expenses like audit and accounting fees are paid by the Company. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Notes Receivable from Participants

Notes receivable from participants is measured as their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recent Accounting Pronouncements Adoption

In July 2015, FASB issued ASU No. 2015-12 ("*I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, III. Measurement Date Practical Expedient.*") Under Part I of the update, fully benefit-responsive investment contracts are measured, presented and disclosed at contract value for defined contribution and health and welfare benefit plans. Part II of the update eliminates the requirement to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation for investment by general type. Additionally, Part II requires that investments of employee benefit plans be grouped only by general type, eliminating the need to expedient to permit plans to measure investment and investment-related accounting as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month end.

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. This guidance removes the requirement to categorize within the value hierarchy all investments for which fair value is measured using net asset value per share (or its equivalent) using the practical expedient. New guidance was given effective January 1, 2016. The standard is effective for interim and annual periods beginning after December 15, 2015. The standard should be applied retrospectively to all periods presented and early adoption is permitted.

The Plan early adopted both standards retrospectively as of January 1, 2015. There was no impact on the standard to the Plan's Statement of Net Assets Available for Benefits and Statement of Changes in Net Assets Available for Benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2016, the date the financial statements were available to be issued.

NOTE 3 — FAIR VALUE MEASUREMENT

Financial Accounting Standards Board *Accounting Standards Codification* ("Codification"), *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the Codification are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

CORE BTS 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 3 — FAIR VALUE MEASUREMENT (Continued)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled Separate Accounts: Variable annuities for which prices/unit values are calculated daily by the annuity provider. The initial pricing input is the quoted price obtained for the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract.

The table sets forth by level, within the fair value hierarchy, the Plan's assets at fair market value as of December 31, 2015 and 2014:

CORE BTS 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 4 — INFORMATION CERTIFIED BY MINNESOTA LIFE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Minnesota Life has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, the Schedule of Assets Held (At End of Year) as of December 31, 2015, and the related investment activity reflected in the statements of changes in net assets available for benefits for the year ended December 31, 2015.

NOTE 5 — GUARANTEED INVESTMENT CONTRACT

Minnesota Life maintains the contributions in a guaranteed return account ("GRA"). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. As the investment contract is a fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Minnesota Life, represents contributions made under the contract plus earnings less participant withdrawals and administrative expenses. Participants ordinarily direct the withdrawal or transfer of all or a portion of their investment contract at contract value. Contract value approximates fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon by the issuer, but it may not be less than 1.5% for 2015. Such interest rates are set monthly and effective on the first day of the month. The average and actual yield at December 31, 2015 was 1.5%.

Since the GRA is an obligation of Minnesota Life, the occurrence of an event that limits the ability of the fund to transact at contract value with Minnesota Life and the participants in the fund is not probable. The GRA is a non-tradable obligation of Minnesota Life and it has no stated maturity. However, if an event should occur such that realization of a full contract value for a particular investment contract is no longer probable (for example, a significant decline in creditworthiness of Minnesota Life), the GRA will no longer be considered fully benefit-responsive.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

- Amendments to the Plan documents (including complete or partial Plan termination or merger with another plan)
- Changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions
- Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan
- Failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

CORE BTS 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 6 — RELATED PARTY TRANSACTIONS

The expenses of administering the Plan are paid by the Plan to the extent not paid by the Company. The Company provides various recordkeeping and administrative services for the Plan for which it receives no compensation. The Company paid audit fees amounting to \$13,500 on behalf of the Plan for the year ended December 31, 2015. Certain plan investments are units in a guaranteed return account and pooled separate accounts managed by Minnesota Life Insurance Company, an insurance company, as defined by the Plan and therefore, these transactions qualify as a party-in-interest transaction. The Plan paid Minnesota Life Insurance Company a total of \$19,063 for its services for the year ended December 31, 2015. In addition, loans to participants qualify as party-in-interest transactions.

NOTE 7 — INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2014 that the Plan based on its initial filing as a Prototype Plan, is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code. The Plan has been restated since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statement. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 — RISKS AND UNCERTAINTIES

The Plan provides investments in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.
