AOL Savings Plan

Notes to Financial Statements December 31, 2015

Note 1 - Description of plan

The following description of the AOL Savings Plan (the "Plan") as of December 31, 2015, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on December 3, 2009 and was most recently amended on August 1, 2014, by AOL, Inc. (the "Plan Sponsor" and the "Company"). The Plan is a defined contribution plan covering all employees except if the employee is a resident of Puerto Rico, a leased employee, an independent contractor, nonresident aliens and employees covered by a collective bargaining agreement. Upon meeting the eligibility requirements to participate in the Plan, an employee immediately begins to participate in the Plan unless the employee has affirmatively elected otherwise. Management of the Company is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's management. On December 28, 2015, the Company was acquired by Verizon, Inc. During this time, the decision to terminate the Plan was made by management.

Participant contributions

Each year, participants may contribute the lesser of 75% of pretax annual eligible compensation or an amount limited by the Internal Revenue Code ("IRC") in a calendar year, as defined in the Plan. The Plan also contains automatic enrollment of 3% which will be deducted from the eligible employees pay on a pre-tax basis. When a participant is automatically enrolled, the deferral contribution rate will increase by 1% each year until it reaches 10% of the participant's contributions. Participants may also elect to defer a whole percentage from 1% to 100% of any bonus compensation; however, the total bonus and regular deferrals may not exceed 75% of the participant's eligible compensation. Participants age 50 or older by the end of the plan year are permitted to make catch-up contributions to the Plan.

Employer contributions

The Plan Sponsor may make discretionary matching contributions to the Plan. A participant will become eligible to receive employer contributions after 90 days of eligible service. During 2015, the discretionary matching contribution was 50% of participant contributions up to 6% of the participant's eligible compensation per pay period, limited to defined amounts by the IRC.

Additionally, the Plan, effective January 1, 2014, reinstated the year-end "true-up" contribution. The Plan Sponsor contributes an additional amount, as a "true-up" contribution, to the extent necessary to ensure that the aggregate amount of matching contributions for the year is equal to the lesser of (i) the sum of 3% of each participant's eligible compensation, or (ii) 50% of each participant's contributions. For the year ended December 31, 2015, the "true-up" contribution was \$1,579,513. Of the "true-up" contribution, \$194,376 was funded out of the forfeiture account in 2016, therefore, the remaining amount of \$1,385,137 is recorded as an employer contribution receivable as of December 31, 2015.

The Plan Sponsor may make discretionary nonelective contributions in the amount to be determined by the Board of Directors for each plan year. Discretionary nonelective contributions, if any, made to the Plan by the Employer will be allocated to the participant's account in the ratio that the Participants eligible compensation bears to the total eligible compensation paid to all eligible Participants.

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Effective January 1, 2011, the Company amended the vesting percentage of the Company's discretionary employer match contribution of their accounts plus actual earnings to immediate vesting so as long as the employee was employed on or after December 31, 2010.

Investment options

Upon enrollment in the Plan, a participant may direct the investments of their accounts in 1% increments in various investment options. In addition, participants have the option to make contributions to a self-directed brokerage account. Under the self-directed brokerage account, participants may direct investments in any number of registered investment companies offered by FMR, LLC ("Fidelity"), regardless of whether they are included as investments options offered by the Plan.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum of the lesser of 50% of their vested account balance or \$50,000, reduced by the participant's highest outstanding note balance during the 12-month period. Up to 50% of their vested account balance may be used as collateral. Note terms range from one to five years or up to 10 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, ranging from 4.25% to 9.25%, as determined quarterly by the plan administrator. A participant may only have two notes outstanding at any given time. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a 10-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In the event a participant terminates or retires and the participant's vested account balance is less than \$1,000, the balance will be paid out as a lump sum without the participants consent.

Forfeited accounts

At December 31, 2015 and 2014, forfeited nonvested accounts total \$163,508 and \$1,475,890, respectively. These accounts will be used to reduce employer contributions and pay administrative expenses. During 2014, \$1,312,382 were funded from forfeited nonvested accounts.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for

AOL Savings Plan

Notes to Financial Statements December 31, 2015

that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Adoption of accounting standard

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Full Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Earnings from investments are recorded as earned using the accrual method of accounting. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan

AOL Savings Plan

Notes to Financial Statements December 31, 2015

distributed the 2015 excess contributions to the applicable participants prior to March 15, 2016.

Expenses

Administrative expenses for custodial fees are paid directly out of plan assets. Investment related expenses are included in net appreciation of fair value investments.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

The Plan has evaluated subsequent events through September 8, 2016, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in active markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Self-directed brokerage accounts: Accounts primarily consist of registered investment companies and common stocks that are valued on the basis of readily determinable market prices.

AOL Savings Plan

Notes to Financial Statements December 31, 2015

Registered investment companies: Valued at the daily closing price as reported on the active market on which the individual securities are traded.

Common collective trusts: Valued based on the net asset value, "NAV", of the underlying managed assets which is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

	2015			
	Level 1	Level 2	Level 3	Total
Common collective trusts	\$ -	\$ 140,993,524	\$ -	\$ 140,993,524

Total investments at fair value	<u>\$ 415,672,709</u>	<u>\$ 140,993,524</u>	<u>\$ -</u>	<u>\$ 556,666,233</u>

	2014			
	Level 1	Level 2	Level 3	Total

Self-directed brokerage accounts	26,011,660	-	-	26,011,660
Total investments at fair value	<u>\$ 429,681,356</u>	<u>\$ 135,020,217</u>	<u>\$ -</u>	<u>\$ 564,701,573</u>

For the years ended December 31, 2015 and 2014, there were no significant transfer between Levels 1 and 2 and no transfers in or out of Level 3.

Fair value of investments in entities that use NAV

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Notes to Financial Statements December 31, 2015

Note 4 - Fully benefit-responsive investment contract

The Plan holds investments in the Prudential Stable Value Fund, which is a synthetic investment contract. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. Synthetic investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The synthetic investment contract held by the Plan include wrapper contracts that provide a guarantee that the credit rate will not fall below 0%. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (the "IRC") or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines

AOL Savings Plan

Notes to Financial Statements December 31, 2015

2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

Note 5 - Related party transactions and party-in-interest transactions

The Plan's investments include registered investment companies and self-directed brokerage accounts that are managed by Fidelity Management Trust Company, trustee of the Plan. Therefore, these investments as well as notes receivable from participants qualify as party-in-interest transactions. As described in Note 2, the Plan made direct payments to the third party administrator totaling \$183,230. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 6 - Plan termination

The Board of Directors of AOL, Inc. the Plan Sponsor, voted effective December 28, 2015, to merge the Plan into the Verizon Savings Plan for Management Employees.

Note 7 - Tax status

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Certified investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2015 and 2014, and investment loss and interest income on notes receivable from participants for the year ended December 31, 2015 that is disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee of the Plan.
