Advanced Lighting Technologies, Inc.

To the Management of the Advanced Lighting Technologies, Inc. 401(k) Retirement and Savings Plan:

Except as discussed in the following paragraphs, in planning and performing our audit of the financial statements of the Advanced Lighting Technologies, Inc. 401(k) Retirement and Savings Plan (the "Plan") as of and for the year ended December 31, 2015, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, there can be no assurance that all such deficiencies have been identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan's internal control to be significant deficiencies:

No Documentation on File For Employees Who Opt to Not Participate in the Plan

During our testing of eligibility to participate in the Plan, we noted that the Plan Sponsor does not maintain documentation for employees who opt not to participate in the Plan.

Recommendation

We recommend that plan management consider maintaining appropriate documentation for employees who opt not to participate in the Plan.

Company Matching Contribution Made on Wages in Excess of Annual Compensation Limit

During our testing of contributions, we noted one instance where matching contributions were made on wages in excess of the IRS compensation limit for 2015.

Recommendation

We recommend that plan management implement the appropriate controls to ensure that matching contributions are not made on wages in excess of the IRS compensation limit in effect for the given year.

We would be pleased to discuss these observations and recommendations in further detail at your convenience, to perform any additional study of the matter or to assist you in implementing the recommendations to the extent our independence is not impaired.

This communication is intended solely for the information and use of management, those charged with governance and others within in the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very Truly Yours,
Thornhill Financial, Inc.

Advanced Lighting Technologies, Inc
32000 Aurora Road, Suite A
Solon, OH 44139

To the Management of the Advanced Lighting Technologies, Inc. 401(k) Retirement and Savings Plan

We have conducted a DOL limited-scope audit of the financial statements of the Advanced Lighting Technologies, Inc. 401(k) Retirement and Savings Plan (the "Plan") for the year ended December 31, 2015, and have issued our report thereon dated September 15, 2016. As permitted by 29 CR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated March 30, 2016. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. As described in Note 2, the Plan changed accounting policies related to investments by early adopting ASU 2015-07 *Fair Value Measurement (Topic 820) Disclosure for Investments in Certain Entities that Calculate Net Assets Per Share (or its Equivalent)*, and Part 1 and Part II of ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. Part III is not applicable to this Plan. Accordingly, the accounting changes have been retrospectively applied to prior periods presented as if the policy had always been used. Other than the above changes, no new accounting policies were adopted and the application of existing policies was not changed during 2015. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no sensitive estimates noted in the audit.

The financial statement disclosures are neutral, consistent and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all identified misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 15, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

INDEPENDENT AUDITORS' REPORT**To the Plan Administrator of the Advanced Lighting Technologies, Inc. 401(k) Retirement and Savings Plan:****Report on the Financial Statements**

We were engaged to audit the accompanying financial statements of the Advanced Lighting Technologies, Inc. 401(k) Retirement and Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. Accordingly, we do not express an opinion on the 2015 financial statements referred to in the first paragraph.

Other Matter-Supplemental Schedules

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2015 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter-2014 Financial Statements

The financial statements of the Plan as of December 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated August 17, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2015 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ADVANCED LIGHTING TECHNOLOGIES, INC.
401(k) RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Advanced Lighting Technologies, Inc. 401(k) Retirement and Savings Plan (the "Plan") is provided for general information purposes. The Plan Sponsor is Advanced Lighting Technologies, Inc. and its controlled group of domestic subsidiaries (collectively the Company). Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan was established on July 1, 1984 and was most recently restated effective January 1, 2010. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

The Plan is a defined contribution plan generally covering all eligible employees of the Company. There are no age or service requirements for employee contributions, as defined in the Plan.

Participant Accounts and Contributions

Plan participants may make tax-deferred contributions of 1% to 60% of gross compensation up to the maximum amount allowed, which will not cause the Plan to violate any of its provisions or any limits imposed by the Internal Revenue Code (IRC). Effective September 20, 2014, participants may also elect to make Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

After six months of service, the Company is required to make matching safe harbor contributions equal to 100% of the first 3% of each participant's eligible compensation, and 50% of each participant's next 2% of eligible compensation. The Plan also allows for discretionary non-elective contributions, based on years of service, to be determined by the Board of Directors each Plan year. No non-elective contributions were made in 2015 and 2014.

Each participant's account is credited with the participant's contributions, the Company's contributions and investment fund earnings, as applicable.

Rollover Contributions

Distributions from another qualified plan may be transferred into the Plan.

Investment Options

Participants may direct the manner in which their contributions are to be allocated among the investment options available under the Plan. The Company contributions are allocated based upon the participant investment elections.

Plan Expenses

The Plan's administrative costs, including third party administration expenses and investment management fees are paid by the Plan. Fees attributable to loans and distributions are paid by the participants. All other expenses of maintaining the Plan, including the fees required for the Plan's annual audit, are paid by the Company.

Vesting

Participants are vested immediately as to 100% of their contributions and the Company's safe harbor matching and qualified non-elective contributions.

Forfeitures

At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$110 and \$3,699, respectively. These accounts are used to reduce future employer contributions and plan administration expenses. During 2015 and 2014, forfeitures of \$3,589 and \$7,090 were used to reduce employer contributions and plan administration expenses, respectively.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1 to 5 years, unless used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the current prime rate at the time of issuance. The interest rates on all outstanding loans at December 31, 2015 is 5.25%. Principal and interest is paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Benefit Payments

Distributions from a participant's account are not permitted before age 59 ½ except in the event of death, disability, termination of employment, qualified domestic relations order, or financial hardship (including from rollover accounts), as defined in the Plan. Any distribution made without a qualifying event may be subject to a 10% federal tax penalty. Distributions may be made in the form of a lump-sum cash distribution or periodic installment amount equal to the value of the participant's vested interest. Automatic cash out of vested balances of \$1,000 or less are permitted under the Plan.

Financial hardship withdrawals of the participant's voluntary 401(k) contributions are permitted in specialized circumstances of immediate and heavy financial need. A participant who receives a hardship distribution of voluntary contributions shall be prohibited from making elective deferrals for six months after receipt of distribution.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participant accounts shall become fully vested.

2. SIGNIFICANT ACCOUNTING POLICIES**Basis of Accounting**

The financial statements are prepared on the accrual basis of accounting.

Investments

Purchases and sales of securities are reflected on the trade dates. Gains and losses on sales of securities are based on the actual cost of securities. Dividend income is recorded on the ex-dividend date. Interest from other investments is recorded as earned.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in investments in the collective trust fund that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient not being categorized in the fair value hierarchy.

In July 2015, the Financing Accounting Standards Board issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Management has elected to adopt Parts I and II early. Part III is not applicable to this Plan.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. INFORMATION CERTIFIED BY TRUSTEE

The trustee has certified to the completeness and accuracy of the amounts reported as investments, notes receivable from participants, net investment loss and interest and dividends on the Plan's financial statements and the accompanying supplemental schedule of assets (held at end of year). The Plan invests in various funds which are managed by the trustee. The transactions involving these investments qualify as party-in-interest transactions.

4. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds: Valued at the net asset value of shares held by the Plan at year end.

Collective Trust Funds: Valued at the net asset value, exclusive of the adjustment to contract value. The use of net asset value as fair value is deemed appropriate as the collective trust funds do not have finite lives, unfunded commitments relating to these types of investments or significant restrictions on redemptions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2015				
Mutual funds	\$ <u>18,702,640</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 18,702,640
Measured at net asset value				<u>936,325</u>
				\$ <u>19,638,965</u>
December 31, 2014				
Mutual funds	\$ <u>27,772,425</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 27,772,425
Measured at net asset value				<u>2,785,170</u>
				\$ <u>30,557,595</u>

5. INCOME TAX STATUS

The Company adopted a standardized prototype plan document sponsored by Fidelity Management Trust Company which was restated effective January 1, 2010. Fidelity Management Trust Company obtained its latest determination letter from the Internal Revenue Service (IRS) dated March 31, 2008, which states that the prototype document satisfies the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since the prototype was received, however, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

In accordance with ASU 2015-12, the fair value of the Plan's interest in a collective trust fund is to be reported at contract value for financial statement purposes whereas the fund is to be reported at fair value on the Form 5500.

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500:

	<u>2015</u>	<u>2014</u>
Net assets available for benefits per the financial statements	\$ 19,781,744	\$ 31,055,650
Plus adjustment to contract value	<u>6,393</u>	<u>41,314</u>
Net assets available for benefits per 5500	\$ <u>19,788,137</u>	\$ <u>31,096,964</u>

The following is a reconciliation of investment income per the financial statements to the Form 5500:

	<u>2015</u>
Total investment income per the financial statements	\$ 466,372
Change in adjustment to contract value	<u>(34,921)</u>
Total investment income per 5500	\$ <u>431,451</u>

7. SUBSEQUENT EVENTS

Plan management evaluated subsequent events through September 15, 2016, the date which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.
