MPI MGMT LLC d/b/a Olshan Properties 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the MPI MGMT LLC d/b/a Olshan Properties 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established for the benefit of the employees of MPI MGMT LLC d/b/a Olshan Properties ("the Company or Employer"). The Plan is a defined contribution plan covering substantially all employees of the Employer who have three months of service. The Retirement Committee of the Board of Directors of the Company controls and manages the operation and administration of the Plan. State Street Bank and Trust Company serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Transfers

During September 2014, The Olshan Hotel Management Group Employees' 401(k) Retirement Plan merged and transferred \$3,770,225 of net assets to The MPI Management LLC d/b/a Olshan Properties 401(k) Plan.

Participants may contribute compensation, as defined in the Plan document, subject to certain Internal Revenue Code ("IRC") limitations. Participant salary deferrals may be traditional 401(k) (pretax) or Roth 401(k) (after-tax). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Employer contributes 25% of participant's elective contribution to the Plan up to 4% or 1% of eligible compensation if the participant's elective deferral is over 4%. Contributions are subject to certain limitations.

Investment options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds, and common collective trust funds as options.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings (losses), and charged with benefit payments, transaction fees related to notes receivable from participants and distributions, and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferrals plus actual earnings/losses thereon. Vesting in the Employer's contribution portion of their accounts plus actual earnings thereon is based on years of service as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants' accounts become fully vested upon reaching normal retirement age.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. At December 31, 2015, outstanding loans bore interest rates ranging from 4.25% to 5.25%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment and annuity options as provided by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Amounts contributed on a before-tax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participant reaches the age of 59.5 years.

Forfeitures

At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$2,945 and \$647, respectively. These accounts will be used to reduce future Employer contributions, pay plan expenses or allocate to remaining participants. During 2015, forfeitures of \$22,432 were used to reduce Employer contributions.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded upon distribution.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable and distributions) are charged directly to the participant's account.

New accounting standards

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*. The ASU removes certain disclosures and the requirement to categorize within the fair value hierarchy investments for which fair value is measured using the net asset value ("NAV") per share practical expedient provided by Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The ASU should be applied retrospectively to all periods presented. Management has elected to adopt this guidance for the year ended December 31, 2015.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and to provide certain disclosures. Contract value is now the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies disclosures of the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks for disclosure purposes. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively to all periods presented. Management has elected to adopt Parts I and II for the year ended December 31, 2015.

The statement of net assets available for benefits as of December 31, 2014, did not require any adjustment to reflect retrospective application of the new accounting guidance. There was no effect to total net assets available for benefits as previously reported.

Subsequent events

The Plan has evaluated subsequent events through September 13, 2016, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1:** Observable inputs such as quoted prices in active markets.
- Level 2:** Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3:** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

MPI MGMT LLC d/b/a Olshan Properties 401(k) Plan
Notes to Financial Statements

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2015 and 2014. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Common collective trust funds

These funds are valued at the NAV of units of the collective fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$4,878,160	\$ -	\$ -	\$ 4,878,160
Investments valued at NAV ^(a)				724,067
Investments at fair value				<u>\$ 5,602,227</u>

(Compiled)

Assets at Fair Value as of December 31, 2014				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,869,465	\$ -	\$ -	\$ 4,869,465
Investments valued at NAV ^(a)				959,853
Investments at fair value				<u>\$ 5,829,318</u>

^(a) In accordance with Topic 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2015 and 2014. There are no participant redemption restrictions for these investments and the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2015	(Compiled) Fair Value at December 31, 2014	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust Funds	\$ 724,067	\$ 959,853	None	Daily	12 months

MPI MGMT LLC d/b/a Olshan Properties 401(k) Plan
Notes to Financial Statements

The Plan recognizes transfers between the levels as of the actual date of the event or change in circumstances that caused the transfer. There were no gross transfers between the levels for the year ended December 31, 2015.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Unaudited Information Certified by Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2015 and 2014 and for the year ended December 31, 2015 that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee.

	<u>2015</u>	<u>2014</u>
Investments	<u>\$ 5,602,227</u>	<u>\$ 5,829,318</u>
Notes receivable from participants	<u>\$ 65,968</u>	<u>\$ 37,524</u>
Net depreciation in fair value of investments	<u>\$ (267,117)</u>	
Interest and dividends	<u>\$ 242,436</u>	
Interest income from notes receivable	<u>\$ 1,943</u>	

5. Exempt Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by State Street Bank and Trust. State Street Bank and Trust is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid to the trustee by the Plan for administrative services were \$500 for the year ended December 31, 2015.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the prototype (or volume submitter) plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated July 8, 2014 that the prototype (or volume submitter) plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying 2015 and 2014 financial statements to Schedule H of Form 5500 as of December 31:
