Notes to Financial Statements

Note 1. Plan Description

The following description of Anchor Tool & Die Company Employee Profit Sharing Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of Anchor Tool & Die Company (the Company) who have completed one year of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: The Plan provides for employee salary 401(k) contributions up to a maximum of 80% of annual compensation, as defined in the Plan, subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to contribute additional catch-up contributions

The Company may contribute an employer-matching contribution as a percentage of the participant's contributions. During 2015 and 2014, the Company contributed an employer-matching contribution of 50% of the participant's contribution, not to exceed 2% of the employee's eligible compensation.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of a) the Company's contributions and b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting: Participants are immediately 100% vested in employee salary contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, shall be determined in accordance with the following schedule:

<u>Years of vesting service:</u>	<u>Vesting</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Payment of benefits: Upon termination of service, participants with account balances less than \$1,000 receive an automatic distribution of that balance without consent. Balances greater than \$1,000 but less than \$5,000 are to be rolled over to an individual retirement account as designated by the Company, absent an election by the participant for distribution. Participant balances in excess of \$5,000 can remain in the Plan until such time the participant elects to receive a lump-sum payment equal to the vested balance of his account.

Hardship withdrawals: Participants may request that all or a portion of their account be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

**Anchor Tool & Die Company
Employee Profit Sharing Retirement Plan**

Notes to Financial Statements

Note 1. Plan Description (Continued)

Forfeitures: If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future Company contributions. There were no forfeitures used to reduce employer contributions during the year ended December 31, 2015. At December 31, 2015 and 2014, forfeited account balances totaled \$12,359 and \$6,608, respectively.

Notes receivable from participants: Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Internal Revenue Code. Loans are collateralized by the participant's account balance and bear interest at a market rate. Principal and interest is paid ratably through payroll deductions over the term of the loan.

Termination: While it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, the trustee shall distribute all assets remaining in the Plan, after payment of any expenses properly chargeable against the Plan, to the participants in accordance with the value of the units credited to such participants as of the date of such termination. Upon termination, participants become 100% vested in their account balances.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 13, 2016 the date the financial statements were available to be issued.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Benefit payments: Benefits are recorded when paid.

Administrative expenses: Expenses of the Plan are paid by the Plan or the Company as determined by the Company.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

**Anchor Tool & Die Company
Employee Profit Sharing Retirement Plan**

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Plan tax status: Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. As of December 31, 2015 and 2014, management evaluated the Plan's tax positions and concluded that the Plan had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 3. Information Certified and Provided by PNC Bank

The following is a summary of the asset information as of December 31, 2015 and 2014 and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedules that were prepared by or derived from information provided by the trustee and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that information provided to the plan administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets.

	2015	2014
Registered investment companies	\$ 7,330,944	\$ 7,996,058

	<u>\$ 246,743</u>

Note 4. Fair Value Measurements

FASB establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB Standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Common/collective trust fund: Valued at the total of the NAV, as a practical expedient to estimate fair value in accordance with authoritative accounting guidance, of the underlying securities held by the account at year-end, which have been determined based upon information reported to the Plan by the trustee. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015, and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2015			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 7,330,944	\$ -	\$ -	\$ 7,330,944
Total assets in the fair value hierarchy	7,330,944	-	-	7,330,944
Investments measured at net asset value ^(a)				1,129,301
Investments at fair value	\$ 7,330,944	\$ -	\$ -	\$ 8,460,245

	2014			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 7,996,058	\$ -	\$ -	\$ 7,996,058
Total assets in the fair value hierarchy	7,996,058	-	-	7,996,058
Investments measured at net asset value ^(a)				1,262,064
Investments at fair value	\$ 7,996,058	\$ -	\$ -	\$ 9,258,122

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Transfers between Levels

For the years ended December 31, 2015 and 2014, there were no significant transfers in or out of Level 1, 2, or 3.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015, and 2014, respectively. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require up to 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Investment	2015	2014	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	Fair Value	Fair Value			
Common/collective trust fund	\$ 1,129,301	\$ 1,262,064	None	Daily	None

Notes to Financial Statements

Note 5. Tax Status

The Plan obtained its latest determination letter dated March 31, 2014, in which the Internal Revenue Service determined that the Plan was in compliance with the applicable requirements of the Internal Revenue Code (Code). Effective September 1, 2015, the Plan readopted a non-standardized form of a prototype plan sponsored by PNC Bank. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Note 6. Party-in-Interest Transactions

Certain plan assets are in investment funds managed by PNC Bank or its affiliates. PNC Bank is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines. Fees paid by the Plan for administrative services amounted to \$975 for the year ended December 31, 2015.

Note 7. Prohibited Transactions

During the year ended December 31, 2015, and 2014, the plan sponsor failed to deposit \$77,735 and \$30,743, respectively, of participant deferrals and loan repayments within the required time frame as prescribed by the United States Department of Labor (DOL). The DOL considers the late deposits to be prohibited non-exempt transactions. The plan sponsor remitted lost earnings to the plan related to the contributions in July and August 2016, respectively, and is in the process of filing IRS Form 5330 and paying the applicable excise tax. The excise tax payment will be made from the plan sponsor's assets and not from the assets of the Plan.

The following is a reconciliation of net assets available for benefits per the financial statements at December 31 to the Form 5500:
