SUGAR CANE GROWERS COOPERATIVE OF FLORIDA
RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2015 and 2014

(1) Description of Plan

The following description of the Sugar Cane Growers Cooperative of Florida Retirement Savings Plan (the Plan) is provided for general informational purposes only. Plan documents should be referred to for a complete description of the Plan's provisions.

(a) General Information

The Plan is a defined contribution plan covering all eligible employees of Sugar Cane Growers Cooperative of Florida (Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Eligibility

All employees age 20-1/2 and over with 6 months of service are eligible to participate in the Plan.

(c) Investments

Common trust funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for discussion of fair value.

(d) Contributions

Employees may make pretax voluntary contributions, not to exceed $18,000 for 2015 and $17,500 for 2014. Participants age 50 and over may make additional catch-up contributions, subject to certain limitations pursuant to Section 414(v) of the Internal Revenue Code.

Employer contributions to the Plan are discretionary. From the inception of the Plan, the Employer has matched 25% of the first 6% of annual compensation of the participant's contribution. Effective January 1, 2006, the Employer is continuing to match 25% of the first 6% of annual compensation of the participant's contribution for participants under the age of 40 on December 31, 2005 and for all new employees hired after December 31, 2005.

(Continued)

The Employer also set matching contributions for employees hired before January 1, 2006 and in the following age groups on December 31, 2005 as follows:

Age Group	Employer Matching
40 – 44	37.50% of the first 6% of annual compensation
45 – 49	50.00% of the first 6% of annual compensation
50 – 54	66.75% of the first 6% of annual compensation
Over 55	100.00% of the first 6% of annual compensation

In addition, effective January 1, 2006, the Employer began making Safe Harbor Non Elective contributions for all eligible participants equal to 3% of qualified compensation.

Forfeitures of nonvested employer contributions may be used to reduce the contributions by the Employer or other Plan administrative expenses. At December 31, 2015 and 2014, forfeited nonvested accounts totaled $ -0- and $5, respectively.

(e) Participant Accounts

Each participant's account is credited with the employee's contributions, the Employer's contributions and the employee's pro rata share of Plan earnings. Participants elect to invest their contributions and the Employer's contributions in a variety of investment options (see note 4). Death benefits are payable to the participant's beneficiary.

(f) Vesting

Participants are immediately vested in their voluntary contributions and the Employer Safe Harbor Non Elective contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested at the normal retirement age of 65, death, disability and after three years of credited service.

(g) Payment of Benefits

Upon termination of employment a participant is eligible to be paid a lump sum benefit equal to the vested portion of the participant's account.

(h) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Notes to Financial Statements

(2) Basis of Accounting

The Plan's financial statements are prepared using the accrual basis of accounting. Employee and employer contributions are recorded in the period in which contributions are withheld from salaries and wages by the Employer. Interest income is recognized when earned. Dividends are recorded on the record date. Purchases and sales of securities are recorded on a trade date basis. Benefits are recorded when paid.

(3) Administrative Expense

Certain expenses of Plan administration have been paid by the Employer and are not reflected on the accompanying financial statements.

(4) Investments (Unaudited)

The Plan's sponsor has received certification from Reliance Trust Company as to the accuracy, completeness and valuation of investments and investment transactions as of December 31, 2015 and 2014 and for the years then ended.

Investments, which are participant–directed, as of December 31, 2015 and 2014 are as follows (investments representing 5% or more of the Plan's net assets as of December 31, 2015 or 2014 are separately identified):

		2015	2014

The net appreciation (depreciation) of the Plan's investments, including gains and losses on investments sold, during the years ended December 31, 2015 and 2014 amounted to $(1,170,024) and $795,345, respectively.

Notes to Financial Statements

(5) Fair Value of Investments

The Plan adopted the provisions of the Fair Value Measurements and Disclosures Topic of the FASB ASC, which established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(6) Party-in-Interest Transactions

Reliance Trust Company, as the Plan's trustee, uses the clearing firm, National Financial Services, a subsidiary of Fidelity Investments Institutional Group (Fidelity), to process all of its transactions. Fidelity provides custodian and brokerage services to the Plan, and therefore, these transactions qualify as party-in-interest transactions.

The Ingham Group is the Plan's third party administrator and registered investment advisor. As such, they are a fiduciary of the Plan and all investment transactions are considered to be transactions with a party-in-interest.

Notes to Financial Statements

(7) Federal Income Tax Status

The Plan was established pursuant to provisions of the Internal Revenue Code (IRC) and ERISA. A favorable tax determination letter dated March 9, 2011 has been received from the Internal Revenue Service by the Plan's sponsor indicating the Plan qualifies under Section 401(a) of the IRC and the trust is exempt from income taxes under Section 501(a) of the IRC. Accordingly, no provision for income taxes has been recorded in the accompanying financial statements. The Plan administrator believes the Plan has operated under the terms of the Plan document and therefore the Plan remains qualified.

The Plan is subject to routine audits by various taxing jurisdictions. The Plan's open audit periods are 2012 through 2015.

(8) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right to discontinue contributions at any time and to terminate the Plan subject to provision set forth in ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

(9) Risks and Uncertainties

The Plan invests in various investment funds that are subject to various risks that determine the value of the fund. Due to the level of risk associated with certain financial instruments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

(10) Reconciliation of the Financial Statements to Form 5500

Amounts allocated to withdrawing participants are recorded in Form 5500 for benefit claims that have been processed and approved for payment before year end, but not yet paid as of that date, while such amounts are recorded when paid in the accompanying financial statements. The difference in the accounting for these benefits payable between the financial statements and the Form 5500 are reconciled in the following tables.

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2015:

		2015
Net assets available for benefits per the financial statements	$	29,277,708
Less amounts allocated to participants for benefits payable		(3,406)
Net assets available for benefits per Form 5500	$	29,274,302

Effective January 1, 2016, the Employer revised the matching contributions such that all new hire employees, and all employees hired before January 1, 2006 and in the 40 to 44 age group on December 31, 2005, will receive matching contributions equal to 50% of the first 6% of annual compensation of the participant's contribution.
