Notes to the Financial Statements
As of December 31, 2015 and 2014, and for the Year Ended December 31, 2015

NOTE 1 – PLAN DESCRIPTION

The following description of the Emkay Inc. (the “Company”) Voluntary Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement or the summary plan description for a more complete description of the Plan's provisions.

A. GENERAL

The Plan is a contributory, defined-contribution plan providing retirement benefits to employees of the Company who meet eligibility requirements. An employee must complete one month of service and be eighteen years of age or older to begin participating as of the first day of the month following the month in which the employee fulfills eligibility requirements. An employee is eligible for Company matching once they complete one year of service. A year of service must exceed 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

B. EMPLOYEE CONTRIBUTIONS

Under the Plan, participants are allowed to defer a portion of their compensation under a salary reduction agreement. “Compensation” is defined as a participant’s W-2 earnings excluding reimbursements, expense allowances, fringe benefits, moving expenses, deferred compensation, and welfare benefits. Salary reduction contributions made to qualified plans sponsored by the employer are included in compensation. The agreement, which can be revoked at any time, effectively reduces a participant’s salary by the amount elected, with the amount of salary reduction being placed in the participant’s account. Participants who have attained age fifty before the end of the Plan year are eligible to make catch up contributions. The maximum amount of pre-tax compensation that can be deferred is the lessor of 100 percent of the participant’s pay or the annual limit as determined by Internal Revenue Code (“IRC”) limitations.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at three percent of eligible compensation. This deferral rate will be increased annually by one percent to a maximum of six percent of eligible compensation.

C. EMPLOYER CONTRIBUTIONS

The employer matches seventy-five percent of participant contributions up to six percent of eligible compensation. The Plan also allows for the Company to make a discretionary contribution on behalf of all eligible employees. There was no discretionary contribution made during 2015.

D. PARTICIPANT ACCOUNTS

Each participant account is credited with the participant’s contribution and allocations of employer contributions, plan earnings, and distribution fees (if applicable). Allocations are based on participant earnings or account balances, as defined.

NOTE 1 – PLAN DESCRIPTION – (CONTINUED) –

E. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of their vested account balance reduced by the participant's highest outstanding loan balance during the twelve month period preceding the date of the loan. A participant may have up to two loans outstanding at any time. Note receivable transactions are treated as a transfer from (to) the investment fund to (from) the note receivable fund. Notes receivable are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions. Loan repayments may be made over a period not to extend beyond five years, unless such loan is used to acquire a principal residence in which the repayment period may be up to ten years.

F. VESTING

Participants are immediately vested in their contributions and employee rollover contributions. Participants vest in the Company's matching contribution and related investment earnings according to the following schedule:

Full Years of Service	Vested Percentage
Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

G. PAYMENT OF BENEFITS

In the event of retirement, death, disability, or termination of service, the vested balance of the participant's account is paid to the participant in a lump sum as directed by the participant. The Plan's provisions also provide for withdrawals in the event of financial hardship, as defined by the Plan.

H. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination or partial termination, each participant would become immediately 100 percent vested in their account balance.

NOTE 2 – ACCOUNTING POLICIES

A. FINANCIAL REPORTING FRAMEWORK

The accompanying financial statements are prepared according to accounting principles generally accepted in the United States of America ("GAAP"), as promulgated by the Financial Accounting Standards Board ("FASB") in the Accounting Standards Codification ("ASC").

NOTE 2 – ACCOUNTING POLICIES – (CONTINUED) –

B. BASIS OF ACCOUNTING

The financial statements of the plan are prepared on the accrual basis of accounting.

C. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

D. INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are recorded at fair value (except for the fully benefit- responsive investment contract, which is stated at contract value, see Note 7). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for a discussion of fair value measurements.

Investment income is recorded when earned, on the accrual basis, and allocated to each participant's account daily based on the number of shares held in each participant account. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the plan’s gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

E. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

F. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

G. PAYMENT OF BENEFITS

Benefits are recorded when paid.

H. ADMINISTRATIVE EXPENSES

Administrative expenses of the plan are charged against earnings, except to the extent the expenses are paid by the Company.

NOTE 2 – ACCOUNTING POLICIES – (CONTINUED) –

I. SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 12, 2016, which is the date the financial statements were available to be issued. All items which are required for disclosure have been included in the accompanying financial statements are notes thereto.

J. ADOPTION OF NEW ACCOUNTING RULES

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Part III is not applicable to this Plan, but management has elected to adopt Part I and II. Accordingly, the amendment was retrospectively applied resulting in the fully benefit-responsive investment contract to be carried at contract value, see Note 7. The disclosures of individual investments that represent 5 percent or more of net assets available for benefits, the net appreciation or depreciation in fair value of investments by general type; and the level of disaggregation of investments that are measured at fair value has been simplified by disaggregating investments by general type versus disaggregating by nature, characteristics and risks.

NOTE 3 – FORFEITED ACCOUNTS

The forfeited non-vested account is available to pay administrative expenses or reduce future employer contributions. Forfeited, non-vested account balances amounted to $50,723 and $14,270 as of the years ended December 31, 2015 and 2014, respectively. In 2015 and 2014, forfeitures were used to reduce employer contributions by $0 and $8,559, respectively.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan's investments are held in a trust administered by Bank of America, the trustee of the Plan beginning on December 1, 2015. Prior to December 1, 2015, Fidelity Trust Management Company was the trustee of the Plan. The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2015 and 2014.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2015.
- Schedule H, line 4a – schedule of delinquent participant contributions

The Plan’s independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 – PARTY–IN–INTEREST

Certain Plan investments are shares in mutual funds managed by the trustee and, therefore, these transactions qualify as party-in-interest transactions. As of December 31, 2015, there were no investments in funds managed by the trustee (Bank of America). As of December 31, 2014, there were investments in funds managed by the trustee (Fidelity) that qualified as party-in-interest transactions totaling $7,304,025. The Plan also has notes receivable from participants that qualify as party-in-interest transactions and were $260,335 and $213,221, as of December 31, 2015 and 2014, respectively.

NOTE 6 – TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 7 – INVESTMENT IN A COMMON AND COLLECTIVE TRUST

The Plan has entered into a traditional fully benefit-responsive investment contract with Putnam Fiduciary Trust Company during the year ended December 31, 2015. The total contract value of the Plan's investment is $380,499 at December 31, 2015. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The crediting rate is reviewed on a quarterly basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Putnam Fiduciary Trust Company, represents invested principal plus accrued interest earned thereon. Participants may ordinarily direct the withdrawal of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events outside the normal operation of the trust that cause a withdrawal would limit the Plan's ability to transact at contract value with Putnam Fiduciary Trust Company. Examples of such events include, but are not limited to, targeted layoffs, bankruptcy resulting in employee job loss, reorganizations, spin-offs, and Plan termination. However, as of December 31, 2015, the occurrence of an event outside the normal operation of the trust that would limit the Fund's ability to transact at contract value is not considered to be probable.

NOTE 7 – INVESTMENT IN A COMMON AND COLLECTIVE TRUST – (CONTINUED) –

In addition, issuers of investment contracts have certain rights to terminate a contract and settle at an amount that differs from contract value. The only event that would cause termination at other than contract value would be if the issuer were to be provided with willingly fraudulent information about the Fund by the Trustee, which would constitute a breach of contract. As of December 31, 2015, the Plan administrator does not believe the occurrence of such an event is probable.

Investment contracts may also provide for termination with no payment obligation from the issuer if the performance of the contract constitutes a prohibited transaction under ERISA or other applicable law. As of December 31, 2015, the Plan administrator does not believe the occurrence of such an event is probable. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE 8 – FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

In accordance with the framework, the Plan groups assets and liabilities measured at fair value into three levels based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs, other than quoted market prices included within Level 1 that are observable, for the asset or liability, either directly or indirectly, such as:

a. Quoted prices for similar assets or liabilities in active markets
b. Quoted prices for identical or similar assets or liabilities in inactive markets
c. Inputs other than quoted prices that are observable for the asset or liability
d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuations techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used between December 31, 2015 and December 31, 2014.

- *Mutual Funds:* valued based on the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 8 – FAIR VALUE MEASUREMENTS – CONTINUED –

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table classifies the investments measured at fair value on a recurring basis by level within the fair value hierarchy as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 8,354,179	$ -	$ -	$ 8,354,179
Total Assets at Fair Value	$ 8,354,179	$ -	$ -	$ 8,354,179

The following table classifies the investments measured at fair value on a recurring basis by level within the fair value hierarchy as of December 31, 2014:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 8,582,471	$ -	$ -	$ 8,582,471
Total Assets at Fair Value	$ 8,582,471	$ -	$ -	$ 8,582,471

NOTE 9 – PROHIBITED TRANSACTION

During 2015 the Company failed to remit participant contributions in a timely manner. The participant contributions related to a payroll in January 2015 for a total of approximately $11,000 were remitted to the Plan in violation of Department of Labor (DOL) Regulations. The Company is currently consulting with their attorney regarding potential correction and as of the date of this report, no amount has been determined.
