RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

Note 1 – Description of the Plan

P.A.M. Transport, Inc. (the Company or Employer) sponsors the P.A.M. Transport, Inc. 401(k) Retirement Savings Plan (the Plan). The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of the Company's employees, except for employees covered under a collective bargaining agreement, nonresident aliens, leased employees or employees of any member of a controlled group who does not affirmatively adopt this Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Investment Committee, which is a committee appointed by the Company's board of directors. Minnesota Life Insurance Company (Minnesota Life) holds the Plan's assets. Securian Financial Group processes and maintains the records of the participant data. Certain officers of the Company serve as the Plan's trustees.

Eligibility

Nonexcluded employees who have reached 18 years of age and have completed one month of service, during which at least one hour of service is completed, are eligible to participate in the Plan. Participants may enroll in the Plan on the first day of the month immediately following or coinciding with the date eligibility requirements are met.

Contributions

Each year, participants may contribute up to 100% of pretax compensation, as defined. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for Employer matching contributions equal to 50% of the participant's elective contributions up to a maximum of 1.5% of the participant's compensation, as defined. Employer matching contributions are calculated annually. Additional amounts may be contributed by the Employer under the Plan's profit sharing provisions at the discretion of the Company's board of directors. Allocations of such profit sharing contributions are based on the proportion of each participant's compensation to the total of all participants' compensation, as defined. No profit sharing contributions were made for the year ended December 31, 2015. Participants must have completed one year of service, as defined, be employed on the last day of the year and be at least age 18 in order to be eligible for Employer contributions. These requirements are waived in the event of death, disability or retirement.

Contributions are subject to certain limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and Employer matching contributions, as well as allocations of Employer profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contributions is based upon years of continuous service as follows:

Years of Service	Vesting Percentage
Less than one year	0%
One, but less than two	20%
Two, but less than three	40%
Three, but less than four	60%
Four, but less than five	80%
Five years or more	100%

Participants automatically become 100% vested upon: 1) normal retirement (attainment of age 65); 2) disability; or 3) death. Participants who terminate for any other reason are entitled to the vested amount of their accounts.

Notes receivable from participants

Notes receivable from participants are not permitted by the Plan.

Payment of benefits

Upon retirement, termination, disability or death, a participant, or his or her beneficiary in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Other distribution options available for account balances exceeding $5,000 include installment or partial withdrawals. Additionally, participants may take an in-service distribution upon reaching the age of 59½. Upon termination, automatic distributions are required for balances of less than $1,000. Generally, certain minimum distributions are required for participants who have separated from service and have reached age 70½.

The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

Forfeitures

Forfeitures are used to reduce annual Employer contributions. As of December 31, 2015, the Plan had $27,299 in unallocated forfeitures, which were used subsequent to year end to reduce Employer contributions for the year ended December 31, 2015. As of December 31, 2014, the Plan had $38,931 in

unallocated forfeitures, which were used during 2015, to reduce Employer contributions for the year ended December 31, 2014.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by Minnesota Life. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits

Benefit payments are recorded when paid. There were no benefits requested before year-end that were not paid.

New accounting pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820) Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its equivalent*), which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-07 also limits certain disclosures to investments for which the entity has elected to measure the fair value using the practical expedient. ASU 2015-07 is to be applied retrospectively, and for nonpublic filers is effective for years beginning after December 15, 2016, with early adoption permitted.

In July 2015, FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures and (Part III)*

Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristic and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III allows a plan to measure its investments and investment-related accounts using the month-end closest to its fiscal year end. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted, and Parts I and II are to be applied retrospectively.

Plan management has elected to early adopt the applicable ASUs and has concluded that the adoption did not have a significant impact on the Plan's financial statements.

Subsequent events

The Plan administrator has evaluated subsequent events through October 7, 2016, the date the financial statements were available to be issued.

Note 3 – Information Certified by Minnesota Life

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Minnesota Life has certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) is complete and accurate:

- Investments as shown on the statements of net assets available for benefits as of December 31, 2015 and 2014;
- Net investment activity as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015;
- Investment information included in the footnotes and on the supplemental schedule of assets (held at end of year) as of December 31, 2015.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

Note 4 – Investments Measured Using the Net Asset Value per Share Practical Expedient

Investments held by the Plan consist of pooled separate accounts. Following is a description of the valuation methodology used for assets measured at fair value on a recurring basis:

Pooled separate accounts – Stated at fair value as determined by the issuer of the pooled separate accounts based on the fair market of the underlying investments, which is valued at the net asset value (NAV) based on the fair market value of the underlying investments less its liabilities. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be

used if it was determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The following table summarizes investments for which the fair value is measured at the practical expedient as of December 31, 2015 and 2014:

Investment	Fair value 2015	Fair value 2014	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption period notice
Pooled separate accounts	$ 10,876,276	$ 11,358,172	n/a	Daily	n/a

Note 5 – Related Party and Party-in-Interest Transactions

Certain administrative expenses, totaling approximately $14,000, were paid by the Company on behalf of the Plan for the year ended December 31, 2015. The Company does not expect reimbursement from the Plan for these expenses. Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

The Plan's investments are managed by Minnesota Life. In addition, Securian Financial Group contributed amounts totaling $75,915, which are reflected as other contributions in the statement of changes in net assets, to certain participant accounts which were assessed a market value adjustment resulting from a premature termination of an investment contract with the Plan's previous custodian. These transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan are included in net depreciation in fair value of investments.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Employer contribution portion of their accounts.

Note 7 – Tax Status

The Company adopted a volume submitter profit sharing plan with CODA (VSPS Plan) sponsored by Minnesota Life. The Internal Revenue Service has determined and informed the VSPS Plan sponsor by a favorable opinion letter dated March 31, 2014, that the VSPS Plan is designed in accordance with the applicable sections of the Internal Revenue Code (the Code). The VSPS Plan's opinion letter is being relied on by the Plan. Although the Plan has been amended since receiving the opinion letter, Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes the Plan is qualified and the related trust is tax-exempt.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Note 9 – Prohibited Transaction

During the year ended December 31, 2014, the Company inadvertently failed to deposit $11,778 of participant contributions within the required timeframe as stated by the DOL. The DOL considers late deposits to be nonexempt prohibited transactions. The Company will file a Form 5330 and pay applicable excise taxes in 2016. The excise tax payments will be made from the Company's assets and not from Plan assets.

Note 10 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:
