NOTE 1: PLAN DESCRIPTION

The following description of **Proven Partners Manufacturing** ("Company") **Retirement Savings Plan** ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan, covering all employees of the Company who have one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Each year, participants may contribute up to the maximum percentage allowable of pretax annual compensation, as defined by the Plan, up to the maximum allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds through pooled separate accounts and a fully benefit-responsive investment contract as investment options for participants.

The Company may make discretionary matching contributions. For the years ended December 31, 2015 and 2014, the Company made matching contributions equal to 100% of the first $400 contributed by a participant plus 25% of the amounts contributed over $400 up to 6% of the base compensation that a participant contributes to the Plan. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vested in the Company's matching contribution portion of their accounts plus actual earnings thereon, upon entrance into the Plan.

Notes Receivable from Participants: The Plan document includes provisions authorizing loans from the Plan to active eligible participants. The maximum amount of a loan shall not exceed the lesser of $50,000 or 50 percent of the participant's vested interest in the Plan as of the valuation date preceding the making of such loan. The loans are secured by the balance in the participant's account and bear interest at 4.25 percent, a rate which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. The term of the loan cannot exceed five years, unless the purpose of the loan, as determined at the time of the application, is to acquire or construct a principal residence for the participant, then the repayment of the loan shall not exceed thirty years. Principal and interest is paid ratably through payroll deductions.

NOTE 1: PLAN DESCRIPTION (continued)

Payment of Benefits: Upon termination of service due to death, disability, or retirement, the participant or their beneficiary will receive 100 percent of the participant's account balance. If the value of the vested benefit is $5,000 or less, a lump-sum distribution will be made; otherwise, they may elect to receive the benefit as a lump-sum amount equal to the value of the participant's vested interest in his or her account or in installments over a period of time not to exceed the participant's life expectancy determined at the time of distribution. For termination of service due to other reasons, a participant may receive the vested portion of their account balance as a lump-sum distribution. In addition, hardship distributions out of the participant's voluntary contributions are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59½.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

Change in Accounting Policy: In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. This ASU is effective for fiscal years beginning after December 31, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to early adopt Parts I and II.

In May 2015, the FASB issued ASU No. 2015-07, Fair Value Measurement. This ASU amends Accounting Standards Codification (ASC) Topic 820 and removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. This ASU also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The guidance in this ASU is effective for the Plan's year ending December 31, 2017; however, the Plan chose to early adopt this new guidance for the year ended December 31, 2015.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Change in Accounting Policy (continued): The presentation of the fair value of the Plan's pooled separate accounts as of December 31, 2014, has been removed from the hierarchy levels in the table presented in Note 3 in order to conform to the presentation used as of December 31, 2015. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Use of Estimates in the Preparation of Financial Statements: The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value except for fully benefit-responsive investment contracts (FBRICs). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

FBRICs are reported at contract value, which is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net investment income.

Subsequent Events: The Plan has evaluated subsequent events through the date of the report on the financial statements.

NOTE 3: FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the plan has the ability to access.

Level 2: Inputs other than level 1 that are observable, such as quoted prices for similar assets or liabilities in active markets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the asset or liability.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds held in pooled separate accounts: Fair value is estimated using the net asset value (NAV) per unit by the issuer of the pooled separate accounts. Fair value is based on the fair value of underlying investments held by the pooled separate accounts.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3: FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the plan's fair value measurements at December 31, 2015 and 2014:

	Fair Value Measurements at December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Total investment assets in the fair value heirarchy	$ 0	$ 0	$ 0	$ 0
Investment assets measured at NAV (a)				**$ 1,138,650**
Total investments at fair value	**$ 0**	**$ 0**	**$ 0**	**$ 1,138,650**

	Fair Value Measurements at December 31, 2014			
	Level 1	Level 2	Level 3	Total
Total investment assets in the fair value heirarchy	$ 0	$ 0	$ 0	$ 0
Investment assets measured at NAV (a)				$ 1,063,194
Total investments at fair value	$ 0	$ 0	$ 0	$ 1,063,194

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for beneifts.

Fair Value of Investments in Entities That Use NAV: The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2015 and 2014, respectively.

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Mutual Funds held in pooled separate accounts	$ 1,138,650	N/A	Daily	N/A

December 31, 2014	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Mutual Funds held in pooled separate accounts	$ 1,063,194	N/A	Daily	N/A

NOTE 4: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (FBRICS)

The Plan invests in a FBRIC with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The FBRIC is carried at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 4: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (FBRICS) (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but there is no minimum crediting rate. The average yield and crediting interest rates were 1.50% and 1.60% for the years ending December 31, 2015 and 2014, respectively. The interest crediting rates are reviewed on a semi-annual basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Transamerica. Such events include, but are not limited to, the following: (a) partial or complete legal termination of the investment contract, (b) tax disqualification of the investment contract, or (c) certain investment contract amendments if issuers' consent is not obtained. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring.

NOTE 5: INFORMATION CERTIFIED BY PLAN TRUSTEE

The Plan administrator has elected the method of annually reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to the Plan's investments disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2015 and 2014, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Transamerica Financial Life Insurance Company (Transamerica), the trustee of the Plan.

The Plan's independent public accountants did not perform any generally accepted auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 6: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts managed by Transamerica. Transamerica is the custodian and trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Administrative fees charged by Transamerica also qualify as party-in-interest transactions. Fees paid by the Plan for the custodial services amounted to $11,553 and $10,917 for the years ended December 31, 2015 and 2014, respectively.

Notes receivable from participants also qualify as party-in-interest transactions.

These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

NOTE 8: TAX STATUS

Effective August 14, 2015, the Plan document was restated to comply with various tax law changes. Since the plan was restated on a prototype document that has received a favorable opinion letter, the Plan is not required to file for an individual determination letter. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and accordingly, believes the Plan is exempt from federal and state income tax.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
