GSW SPORTS LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2015

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the GSW Sports LLC 401(k) Plan (the "Plan"), a defined contribution plan, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established on January 1, 1987, and was most recently amended on February 1, 2015, to provide retirement benefits for employees of GSW Sports LLC (the "Company") and certain affiliated companies. Participating employers of the Plan include the Company and its affiliates; Golden State Warriors LLC (the previous principal employer and Plan sponsor), SC Warriors LLC, and GSW Arena LLC.

Effective February 1, 2015, the Plan's eligibility criteria was amended to eliminate the minimum age and service hour requirements. As amended, the Plan covers all eligible employees who are not leased employees, union employees, players, contractors, interns (paid or unpaid), employees eligible to participate in the Restated National Basketball Association Saving Plan for Coaches and Trainers, and employees who are employed by an affiliated employer which does not adopt this Plan. Prior to February 1, 2015, the Plan covered all eligible employees who attained twenty-one years of age, worked a minimum of 250 hours in a three month eligibility period, and were not members of a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, and certain provisions of the Internal Revenue Code ("IRC"). The Trustees are responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Trustees.

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

Participant Contributions – Each year, participants may voluntarily contribute up to 75% of their pretax annual compensation, as defined by the Plan, subject to a maximum annual amount allowed under the IRC. For the year ended December 31, 2015, the maximum amount allowed was $18,000. Additionally, participants, who have attained 50 years of age before the end of the Plan year, are eligible to make catch up contributions of up to $6,000 for 2015. Participants may also make "rollover" contributions representing distributions from other qualified retirement plans.

Employer Contributions – The Company has the option to contribute an amount equal to 100% of each participant's pretax contribution, up to a maximum of 10% of the participant's annual compensation. The Company may also make an annual discretionary profit sharing contribution at the option of the Company's board of directors, subject to limitations imposed by applicable provisions of the IRC. No employer contributions were made in 2015.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts – The Plan maintains an account for each participant which is credited with the participant's contributions and Company matching contributions, if any, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing and matching contributions and earnings thereon is based on the number of years of service as presented in the following schedule:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year	34%
2 years	67%
3 or more years	100%

Investment Options – Upon enrollment in the Plan, a participant may direct the investment of their account balance into various funds or an investment contract offered by the Plan.

Notes Receivables from Participants – Participants may borrow from their vested account balance provided they meet the Plan's eligibility requirements. The minimum loan amount is $1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or $50,000. The term of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions and loans are due immediately upon termination of employment. Interest rates are determined by the plan administrator, based on the prime rate as published in the Wall Street Journal plus 1%, and remain fixed throughout the life of the loan.

Payment of Benefits – Upon termination of service, death, disability or retirement, a participant may elect to receive a distribution in the form of a lump-sum payment, installment payments, or a combination of lump-sum and installment payments. If a terminated participant's account balance is between $1,000 and $5,000, and no instructions have been received from such participant, the amount will be rolled over to an individual retirement account as designated by the plan administrator. Vested account balances of less than $1,000 are automatically cashed out as a single lump-sum distribution. A participant may also elect to receive a pre-retirement distribution if the participant is 100% vested in the amount being distributed, and has reached 59½ years of age.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Forfeited Accounts – The non-vested portion of a terminated participant's account balance is forfeited. Forfeited accounts are applied to reduce employer contributions and fund administrative expenses. As of December 31, 2015 and 2014, there were no forfeited non-vested accounts and no forfeited accounts were applied during the year ended December 31, 2015.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared under the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Transamerica Life Insurance Company ("Transamerica"). See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants represent loans that are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2015 excess contributions to the applicable participants prior to March 15, 2016.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payments of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

Adoption of Recent Accounting Pronouncements – Effective January 1, 2015, the Plan adopted Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* Under the guidance in ASU 2015-07, investments for which fair value is measured using the net asset value per share practical expedient will no longer be categorized within the fair value hierarchy levels, but will be presented as a reconciling item. Investments that calculate net asset value per share (or its equivalent), but for which the practical expedient is not applied, will continue to be included in the fair value hierarchy. ASU 2015-07 also eliminates the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value by limiting those disclosure requirements to investments for which the entity has elected to measure the fair value using that practical expedient.

Effective January 1, 2015, the Plan adopted FASB ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* (consensuses of the FASB Emerging Issues Task Force). The overall objective of this ASU is to reduce complexity in employee benefit plan accounting. Some of its key provisions include the designation of contract value as the only required measure for fully benefit-responsive investment contracts and the elimination of certain disclosure requirements for investments.

These ASUs have been applied retrospectively. Accordingly, the 2014 Statement of Net Assets Available for Benefits and certain disclosures related to 2014 have been modified to be in accordance with these new standards. These modifications have had no effect on previously reported net assets available for benefits.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used are required to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Interest Bearing Cash: Valued at cost, which represents fair value.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

These valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments as of December 31, 2015 and 2014:

	2015			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 6,051,551	$ -	$ -	$ 6,051,551
Interest Bearing Cash	9,471	-	-	9,471
Investments at Fair Value	$ 6,061,022	$ -	$ -	$ 6,061,022

	2014			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 5,776,445	$ -	$ -	$ 5,776,445
Interest Bearing Cash	4,133	-	-	4,133
Investments at Fair Value	$ 5,780,578	$ -	$ -	$ 5,780,578

NOTE 4 – INFORMATION CERTIFIED BY THE CUSTODIANS

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica and State Street Bank & Trust ("State Street"), custodians of Plan assets, have certified to the completeness and accuracy of all investments and the notes receivable from participants reflected on the accompanying statements of net assets available for benefits and in Notes 3 and 5 as of December 31, 2015 and 2014, the supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment income and income on notes receivable from participants reflected in the Statement of Changes in Net Assets Available for benefits for the year ended December 31, 2015.

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

As part of the Stable Value Option, the Plan entered into a fully benefit-responsive investment contract with Transamerica. Transamerica ("the issuer") maintains the contributions in a general account. The general account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a monthly basis for resetting, and at least 45 days in advance of the date the new rate will be effective.

All permitted participant-initiated transactions involving the investment occur at contract value with no conditions, limits or restrictions. The occurrence of an event that limits the ability of the Plan to transact at contract value with Transamerica is not probable.

Transamerica may terminate the contract with 30 days advanced written notice to the contract owner for reasonable cause, which includes the following: 1) the Plan is changed so as to significantly affect Transamerica's obligations under the contract; or 2) the contract can no longer be treated as a pension plan contract, as that term is defined under the IRC, and Transamerica determines that it is not practical to continue providing benefits under the contract; or 3) the Plan is terminated; or 4) the contract-holder fails to comply with the requirements under the contract, or 5) the contract-holder, except by unintentional omission, fails to provide information Transamerica requires under the contract; or 6) the contract holder, except by unintentional omission, fails to furnish Transamerica with a copy of any amendments to the Plan; or 7) annual report records, as defined; or 8) the sum of the contract account values at any time equals $20,000 or less. Upon termination by Transamerica, a market value adjustment may apply.

The investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract values, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 6 – TAX STATUS

The terms of the Plan are based on a prototype plan which received a favorable opinion letter from the Internal Revenue Service on March 31, 2014 stating that the prototype plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan has not filed for a separate determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

NOTE 7 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and a fully benefit-responsive investment contract, which are managed by an affiliate of Transamerica; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Transamerica provides certain administrative services to the Plan pursuant to a service agreement between the Company and Transamerica. Transamerica receives revenue from certain investment service providers for services Transamerica provides to the funds. This revenue is used to offset certain amounts owed to Transamerica for its administrative services to the Plan.

If the revenue received by Transamerica from such investment service providers exceeds the amount owed under the service agreement, Transamerica remits the excess to the Plan. Such amounts may be applied to pay Plan recordkeeping and administration fees. During 2015 there were no excess amounts. The Plan or Plan sponsor may make a payment to Transamerica for administration expenses not covered by revenue sharing.

NOTE 8 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination from among the funds offered through the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the Plan's financial statements to Form 5500 as of December 31:

		2015	2014
a.	Net Assets Available for Benefits per the Financial Statements	$ 6,693,773	$ 6,323,623
	Reconciling Item: Excess Contributions Payable	54,523	-
	Net Assets Available for Benefits per Form 5500	$ 6,748,296	$ 6,323,623
b.	Increase in Net Assets Available for Benefits per Financial Statements	$ 370,150	
	Reconciling Item: Excess Contributions Payable at December 31, 2015	(54,523)	
	Increase in Net Assets Available for Benefits per Form 5500	$ 424,673	

NOTE 11 – SUBSEQUENT EVENTS

Effective January 1, 2016, the Prototype Plan was restated with generally the same provisions; the most significant provisions changes were: the addition of auto enrollment and the addition of Roth contributions. Under the automatic enrollment feature, eligible employees who have not elected to participate will be automatically enrolled in the Plan unless an affirmative election has been made by the employee not to participate in the Plan. Automatically enrolled participants will have 2% of eligible compensation withheld and contributed to an account established for them within the Plan. Under the Roth contribution feature, eligible participants will be permitted to make post-tax contributions to the Plan, subject to limitations imposed by the IRC. The restated plan covered amendments through the effective date and contains provisions that are intended to permit continued compliance with current qualification requirements of the IRC.

The plan administrator has evaluated subsequent events through October 7, 2016 the date the Plan's financial statements were available to be issued.
