SCION GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS AND SUPPLEMENTAL SCHEDULE
DECEMBER 31, 2015
(Employer Identification Number 36-4486467, Plan Number 001)

1. Plan Description

The following description of Scion Group 401(k) Plan (the "Plan"), a defined contribution plan, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan that covers the eligible employees of Scion Group Management Inc. (the "Company"), or any of its affiliates.

Income Taxes and Tax Status of the Plan

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Amendment and Termination of the Plan

The Company has the right to amend the Plan at any time, however, any amendment which affects the rights, duties or responsibilities of the Trustee or Administrator may only be made with the Trustee's or Administrator's written consent. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Participation

Employees of the Company become eligible to participate in the 401(k) Plan provided they are at least 21 years of age and have completed at least 3 months of service.

Contributions

The Plan provides for employee salary 401(k) contributions up to a maximum of 100 percent of the annual compensation subject to maximum tax deferred limitations established by the Internal Revenue Code. The Plan allows participants to contribute up to 100 percent of their compensation on an after-tax basis. Participants who have not satisfied the minimum service or age requirements may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for discretionary profit-sharing contributions which are determined by the board of directors every year and then allocated based on eligible compensation. The Plan also provides for discretionary employer matching contributions which are determined by the board of directors every year. Employer matching contributions totaled approximately $191,465 for the year ended December 31, 2015.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary matching contributions (if applicable), and an allocation of Plan earnings. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions becomes 20% vested after two years of service and continues to vest at a rate of 20% for each successive year until 100% vested after six years of service. In the event of death, disability or retirement at designated ages, participants become fully vested.

Investment Options

Participants may elect contributions to any of the available investment vehicles and may revise their elections at any time. Upon becoming active, elections become effective immediately.

Loans to Participants

Participants may borrow from their individual 401(k) accounts, with minimum and maximum loan amounts as determined by the Plan documents. The loans are secured by the balance in the participants' accounts and bear interest at a rate determined by the Plan administrator. Participants may borrow two times during a calendar year and are limited to no more than one outstanding loan at any one time. The maximum term for any loan is 10 years.

Hardship Withdrawals

Participants may request that all or a portion of their elective contributions be distributed in the case of severe financial hardship, as defined in the Plan document. The Company must approve any such hardship withdrawals.

Payment of Benefits

Upon retirement, death, disability or termination of service, a participant may elect to receive a lump-sum distribution equal to his or her vested account balance. The timing of distributions is to be made as provided for in the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting in conformity with generally accepted accounting principles.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in orderly transactions between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Unrealized gains or losses from appreciation or depreciation of investments are recognized as increases or decreases in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Substantially all of the administrative and professional expenses of the Plan were paid by the Plan. Administrative expenses paid by the Plan totaled approximately $8,854 for the year ended December 31, 2015.

3. Investments

The following table lists investments that represent 5 percent or more of the Plan's net assets:

Vanguard Target Retir 2015 Inv	$ 123,289
Vanguard Target Retir 2035 Inv	127,845
Vanguard Target Retir 2040 Inv	364,140
Vanguard Target Retir 2045 Inv	228,713
Vanguard Target Retir 2050 Inv	166,325
Vanguard Target Retir 2055 Inv	125,914
	$ 1,136,226

The total investments held by The Standard as of December 31, 2015 were $1,312,465. During 2015 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $30,762.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level I – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level II – Inputs to the valuation methodology include the following: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

Level III – Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Common collective trusts: Valued at the unit prices established by the funds' sponsors on the last business day of the Plan year, based on the fair value of the assets underlying the funds.

Common stocks, corporate debt and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Money market funds: Valued at NAV of units held by the Plan at year-end.

Short-term investments: Valued at cost plus accrued interest, which approximates fair value.

Guaranteed investment contracts: Valued at fair value of the underlying investments which consist of mutual funds, short-term investments, corporate debt and U.S. government securities.

Participant loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets as of December 31, 2015:

	Level I	Level II	Level III	Total
General Account – Insurance Company	$ 92	$ -	$ -	$ 92
Pooled Separate Accounts	1,312,373	-	-	1,312,373
Participant Loans	-	-	7,690	7,690
Total Investment Assets at Fair Value	$1,312,465	$ -	$ 7,690	$1,320,155

The table below sets forth a summary of changes in the fair value of the Plan's Level III assets (participant loans) as of December 31, 2015:

Balance, Beginning of Year	$ 9,339
New Loans	-
Repayments	(1,649)
Balance, End of Year	$ 7,690

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. Financial Investments with Off-Balance Sheet Risk

As of and during the year ended December 31, 2015, the Plan held no direct investments in derivatives.

7. Related-Party Transactions

All of the Plan investments are managed by The Standard. The Standard is also the asset custodian of the Plan, and, therefore these transactions qualify as party-in-interest transactions.

8. Information Certified by the Asset Custodian

American National Insurance Company, the custodian of the Plan from January 1, 2015 through December 17, 2015, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 17, 2015, and the related investment activity reflected in the statement of changes in net assets available for benefits for the period from January 1, 2015 through December 17, 2015.

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Standard, the custodian of the Plan from December 18, 2015 through December 31, 2015, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2015, and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015 and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015.

9. Subsequent Events

Subsequent events have been evaluated through September 28, 2016 which is the date the financial statements were available to be issued and there are no subsequent events requiring recognition and/or disclosure.
