LIBERTY HEALTH CARE CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2015 AND 2014

1. Description of Plan:

General:

The following description of Liberty Health Care Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provision.

The Plan is a defined contribution plan of LBK Health Care, Inc. ("Plan Sponsor") and affiliated companies (referred to collectively as the "Company"). All employees of the Company are leased employees of a professional employer organization, One Source Employee Management, LLC, except for employees of LBK Health Care, Inc. and Liberty Health Care Corporation. The Plan is available to all leased employees and employees of the Company who meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2015, a majority of the affiliated companies sold their operating assets to an unrelated third party buyer, and therefore, the leased employees of those affiliated companies were provided an opportunity to be hired by the unrelated party lessee who is leasing the operations from the unrelated third party buyer. As a result of the sale, a partial termination of the Plan occurred. Terminated participants affected by the partial termination became fully vested in their account balances as of September 30, 2015. Plan management is in the process of distributing the affected participants' balance based on the participants' election.

Contributions:

Participant contributions to the Plan are made by employees within limitations stipulated in Section 401(k) of the Internal Revenue Code. Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Contributions for 2015 are net of \$509 and contributions from 2014 are net of \$2,487 which relate to the return of excess deferral contributions to participants as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are included in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2015 and 2014.

The Plan Sponsor may elect to provide a discretionary matching contribution equal to a percentage of each eligible participant's deferral contribution. The Plan Sponsor did not make a discretionary matching contribution in 2015 or 2014.

LIBERTY HEALTH CARE CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2015 AND 2014

1. Description of Plan (continued):

Participant accounts:

Each participant's account is credited with the participant's contribution and any Company contributions, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their account plus actual earnings thereon is based on years of continuous service. Participants vest 20 percent per year of service and are 100 percent vested after five years of service. Participants affected by the partial Plan termination became 100% vested in the Company's discretionary matching contribution portion on September 30, 2015.

Notes receivable from participants:

Notes receivable from participants are treated as a separate fund. Interest charged to participants is reviewed by the Plan administrator and is calculated at 1% over the prime rate published in the Wall Street Journal on the first business day of the month the loan is originated. Notes may not exceed the lesser of \$50,000 or 50% of a participant's vested account balance, and the repayment period shall not exceed five years, unless the loan is taken for the purchase of a primary residence, in which case the loan is to be repaid over a reasonable period of time that may exceed five years. Each note is collateralized by the remaining balance in the participant's account. Interest rates on participant notes are 4.25% as of December 31, 2015 and 2014. Principal and interest are paid ratably through payroll deductions.

Payment of benefits:

Participants become eligible for benefit payments upon death, disability, retirement or termination. Participants may elect to receive a lump sum cash distribution or a direct rollover distribution in an amount equal to the value of the participant's vested interest in his or her account.

Forfeited accounts:

Forfeitures of nonvested accounts are retained in the Plan and are used to pay administrative expenses of the Plan. No forfeitures were allocated to pay Plan administrative expenses in 2015. Forfeitures totaling \$2,190 in 2014 were allocated to pay Plan administrative expenses. Forfeited, nonvested accounts totaled \$1,290 at December 31, 2015 and \$634 at December 31, 2014.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2015 AND 2014

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates and assumptions.

Investment valuation and income recognition:

Investments are reported at fair value, except for the guaranteed interest account that is a fully benefit-responsive investment contract which is reported at contract value, as provided by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC ("Great-West"), the trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as part of the note balance. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make note repayments and the plan administrator deems the note receivable to be in default, the note receivable is reduced and a benefit payment is recorded.

Payment of benefits:

Benefits are recorded when paid.

LIBERTY HEALTH CARE CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2015 AND 2014

2. Summary of significant accounting policies (continued):

Expenses:

Expenses to maintain the Plan may be paid by either the Plan or the Company. Expenses paid by the Plan are allocated to each participant. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the loan balance. The Company provides other accounting and administrative services at no cost to the Plan. The Company paid no administrative costs of the Plan in 2015. Administrative expenses of the Plan paid by the Company amounted to \$9,500 in 2014. The administrative expense paid by the Company in 2014 was reimbursed by the Plan in 2015 and was included in administrative expenses payable on the statement of net assets available for benefits at December 31, 2014. Additionally, investment related expenses are included in net appreciation (depreciation) in value of investments.

Change in accounting principle:

During 2015, the Plan adopted a change in accounting principle related to the measurement of fully benefit-responsive investment contracts and investment disclosures, that are part of the amendments of Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Pension Plan* (Topic 962), *Health and Welfare Benefit Plans* (Topic 965). The fully benefit-responsive investment contract was previously measured at fair value with an adjustment to the contract value on the statement of net assets available for benefits. Due to this change in accounting principle being required to be implemented retrospectively, the investment contract is measured at contract value on the statements of net assets available for benefits, effective January 1, 2014.

The investment disclosures were previously required to include (1) the disaggregation of the fair value of investments by type and class, (2) investment appreciation (depreciation) in fair value by general type, and (3) individual investments with a value equal to or greater than 5% of net assets available for benefits. Due to this change in accounting standard being required to be implemented retrospectively, the footnotes no longer include the above investment disclosures, effective January 1, 2014.

Subsequent events:

In preparing these financial statements, the Plan's management has evaluated events and transactions for potential recognition through October 13, 2016, the date the Plan's financial statements were available to be issued.

LIBERTY HEALTH CARE CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2015 AND 2014

3. Investments:

The following table presents the current value of investments at December 31, 2015 and 2014. All investments are participant directed.

	<u>2015</u>	<u>2014</u>
Guaranteed investment contract (at contract value)	\$ 633,328	\$ 711,157
Pooled separate accounts (at fair value)	<u>3,806,073</u>	<u>4,261,273</u>
	<u>\$ 4,439,401</u>	<u>\$ 4,972,430</u>

4. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

The fair value of the pooled separate accounts is based on the fund's net asset values (NAV) at the end of the Plan year, similar to a mutual fund NAV.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2015 AND 2014

4. Fair value measurements (continued):

The following fair value hierarchy table presents information about the Plan's assets measured at fair value as of December 31, 2015 and 2014.

	<u>2015</u>	<u>2014</u>
	<u>Level 2</u>	<u>Level 2</u>
Participant-directed:		
Pooled separate accounts	<u>\$ 3,806,073</u>	<u>\$ 4,261,273</u>

5. Investment contracts with insurance company:

The Plan entered into a fully benefit-responsive investment contract with Great-West. Great-West maintains the contributions in a separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such events, that would limit the Plan's ability to transact at contract value with Plan participants, is probable.

The contract does not permit Great-West to terminate the agreement prior to the scheduled maturity date.

The minimum guaranteed interest rate varies by participant and depends on the date the participant established his or her account.

LIBERTY HEALTH CARE CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2015 AND 2014

6. Information certified by trustee:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule including investments and notes receivable from participants held at December 31, 2015 and 2014, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2015 and 2014, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Great-West, the trustee of the Plan.

7. Related party and party-in-interest transactions:

Certain Plan investments are managed by Great-West. Great-West is the trustee as defined in the Plan and, therefore, these transactions qualify as party-in-interest transactions.

8. Plan termination:

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

9. Tax status:

Effective January 1, 2012, the Plan adopted a standardized form of a volume submitter plan sponsored by ASC Institute, LLC. The volume submitter plan has received an opinion letter dated March 31, 2014 from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that it is no longer subject to income tax examinations for years prior to 2012.

10. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
