CLINICAL RESEARCH MANAGEMENT, INC.
401(K) SALARY REDUCTION PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Clinical Research Management, Inc. (the "Plan Sponsor") 401(k) Salary Reduction Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and covers all eligible employees. An employee who has attained age 21 is eligible to participate at the first entry date following his/her employment. Participants are eligible for Plan Sponsor matching contributions at the first entry date after one year of service is complete. The entry dates are hire date, April 1, and October 1. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may elect to contribute up to the maximum amount allowed by Internal Revenue Service ("IRS") regulations for the Plan year. In addition, the Plan Sponsor makes matching contributions equal to 50% of the participant's contributions that are 10% or less of the participant's compensation. In addition, the Plan contains a catch-up option for participants who have attained age 50 before the end of the Plan year, permitting them to make additional elective deferrals.

Rollovers

Rollover contributions consist of amounts rolled over by participants from another qualified plan as defined by the Internal Revenue Code ("IRC").

Allocation of Forfeitures

Forfeitures attributable to Plan Sponsor matching contributions are used to reduce the Plan Sponsor's contribution or to pay Plan expenses. At December 31, 2015 and 2014, there were accumulated forfeitures of \$100,473 and \$69,303, respectively. Forfeitures totaling \$70,523 and \$28,557 were used to reduce the Plan Sponsor's contributions during the years ended December 31, 2015 and 2014, respectively.

Participant Accounts

Separate accounts are maintained by John Hancock Life Insurance (U.S.A) (the "Custodian") of the Plan, in the name of each participant. Participants direct their contributions and matching Plan Sponsor contributions to be invested in one or a combination of available investment accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants may elect their allocation percentage among investment options with varying degree of risk. Participants may change their investment directive at any time during the year directly with the Custodian.

NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

Vesting

Plan participants acquire vested nonforfeitable interest in the Plan Sponsor's matching contributions according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

However, if an active participant dies or becomes permanently disabled prior to attaining his normal retirement age, his vesting percentage shall be 100%. Participants are always 100% vested in their contributions to the Plan.

Participant Notes Receivable

The Plan allows for loans to participants from their individual account balances which are limited to the lesser of \$50,000 reduced by the repaid loan amount during the twelve months starting the day before the loan is made, or one-half the vested account balance reduced by the current outstanding loan balance. Loans are secured by the balance in the participant's account and bear interest at the Prime plus 2 percentage points at the times the loans were made. Principal and interest are paid through payroll deductions.

Notes are in default when payments are not made by the end of the calendar quarter following the quarter in which the payment was due, if there is still an outstanding balance on the note's maturity date, or employment with the Plan Sponsor is terminated. In the event of default, the entire outstanding note balance, consisting of the missed payments, remaining principal, and all accrued but unpaid interest, will be reported to the IRS as taxable income. If a note has not been fully repaid by the end of its term, the outstanding balance will be treated as a deemed distribution, and will be reported to the IRS as taxable income.

Payment of Benefits

On termination of service, if a participant's account is less than \$1,000, the participant must receive a lump-sum amount equal to the value of his or her vested account balance. If the participant's account balance is between \$1,000 and \$5,000 and the method of distribution is not specified by the participant, an automatic rollover to an Individual Retirement Account is made. If the participant's account exceeds \$5,000, the terminated participant may elect to defer distribution until a later date (not later than their normal retirement date).

CLINICAL RESEARCH MANAGEMENT, INC.
401(K) SALARY REDUCTION PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

Administrative Expenses

A portion of the administrative fees are paid by the Plan. Other administrative fees, including legal and professional fees, are paid by the Plan Sponsor.

Plan Termination

Although the Plan Sponsor has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all participants shall be fully vested and shall receive a full distribution of the balances in their respective accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis.

Use of Estimates

In preparing the Plan's financial statements, the Plan Sponsor is required to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities and the reported increases and reductions of Plan assets during the reporting period. Actual results could differ from these estimates.

Fair Value of Financial Instruments

Fair value estimates are made at a specific point in time based on relevant market information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

Valuation of Investments and Investment Income

The Plan's investments are valued at fair value at December 31, 2015 and 2014.

Investment income consists of interest income. The net appreciation (depreciation) in the fair value of investments consists of realized gains or losses and the unrealized appreciation (depreciation) on those investments. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported based on historical cost.

Participant Notes Receivables

The Plan allows loans in accordance with Plan document. The loans are carried at the unpaid principal balance plus accrued interest. Loans are deemed distributions by the Plan when they are determined to be in default.

Income Taxes

Under the Income Taxes Topic of the Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC"), Plan management is required to identify potential uncertain tax positions taken, assess and quantify those positions and record reserves. As of December 31, 2015 and 2014 and for the years then ended, Plan management has identified no uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions. The Plan underwent an IRS examination for the year ended December 31, 2013. The examination was closed during 2015 and no material corrections were made to the Plan.

Subsequent Events

In accordance with the Subsequent Events Topic of the FASB ASC, the Plan has evaluated subsequent events through September 19, 2016, the date the financial statements were available to be issued. See Note 7.

Fair value is a market-based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, the Plan uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 – Observable inputs such as quoted prices in active markets;
- Level 2 – Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3 – Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Valuation methodologies used for assets and liabilities measured at fair value are as follows:

- Money market fund: Valued at the underlying investments traded on an active market.
- Pooled separate accounts: Valued at the underlying investments traded on an active market.
- Guaranteed account: Valued at the net asset value of the underlying investments, less any liabilities

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of:

NOTE 5 - TAX STATUS

The Plan Sponsor adopted the Volume Submitter Profit Sharing Plan with CODA of the Custodian. The prototype plan obtained its latest determination letter on March 31, 2008, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Sponsor is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status and believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 - RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts and a guaranteed account managed by John Hancock, defined by the Plan as the Custodian of Plan investments. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$5,928 and \$5,356 for the years ended December 31, 2015 and 2014, respectively. There are also indirect fees deducted directly from investment earnings of the Plan.

NOTE 7 - SUBSEQUENT EVENT

Effective January 1, 2016, the Plan Sponsor amended the Plan's entry dates. An employee is eligible to participate immediately following the attainment of age 21. Participants are eligible for Plan Sponsor matching contributions at the first entry date after one year of service is complete. The entry dates are January 1, April 1, July 1 and October 1.
