Independent Auditors' Report

To the Plan Administrator, Plan Management, Board of Directors, and Participants of
Charter School Services of Michigan, Inc. Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Charter School Services of Michigan, Inc. Retirement Plan, which comprise the statement of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Lincoln Financial Group and Voya Retirement Insurance and Annuity Company, the custodians of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that Voya Retirement Insurance and Annuity Company held the Plan's investment assets and executed investment transactions from September 23, 2015 to December 31, 2015, and that Lincoln Financial Group held the Plan's investment assets and executed investment transactions as of December 31, 2014, and for the period January 1, 2014 to September 22, 2015. The plan administrator has obtained certifications from the custodians as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplementary Schedule of Assets (Held at End of Year) as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplementary schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Charter School Services of Michigan, Inc. Retirement Plan
Notes to the Financial Statements
December 31, 2015 and 2014

Note 1 – Description of the Plan

The following description of the Charter School Services of Michigan, Inc. Retirement Plan (Plan) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Charter School Services of Michigan, Inc. (Company), except for members of a collective bargaining unit and non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible for plan participation in the elective deferral portion of the plan and discretionary Company non-elective contributions when they have attained the age of 20.5 years; entry is immediate after satisfying the eligibility requirements. Employees are eligible for the discretionary Company matching contributions when they have attained the age of 20.5 years and have completed one year of service; entry is immediate after satisfying the eligibility requirements. One year of service is defined as any plan year in which 1,000 hours are worked.

Contributions

Each year, participants may contribute a percentage of their annual compensation, not to exceed the limits of the Internal Revenue Code (IRC). A maximum deferral of \$18,000 and \$17,500 was allowed in 2015 and 2014, respectively. Participants who were age 50 or older were allowed to defer an additional \$6,000 and \$5,500 in 2015 and 2014, respectively. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Discretionary Company matching contributions are allocated to each participant based on a percentage of the participant's elective contributions as determined by the Company's Board of Directors. During 2015 and 2014, the Company matched 100% of participant elective contributions up to a maximum of 5% of eligible plan compensation.

Participant Accounts

Each participant's account is credited with the participant's and Company contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Charter School Services of Michigan, Inc. Retirement Plan
Notes to the Financial Statements
December 31, 2015 and 2014

Vesting

Participants are 100% vested in their voluntary contributions, including any earnings thereon, immediately upon their effective date of participation. Participants are vested on Company contributions as follows:

Vesting Service (Years)	Vesting %
Less than 2	0
2	25
3	50
4	75
5 or more	100

Participants are credited with a year of service for vesting purposes upon completion of 1,000 hours of service during the year.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and must bear reasonable rates of interest which are generally consistent with local borrowing rates as of the date of each loan. Principal and interest is paid ratably through payroll deductions over the term of the loan.

Payment of Benefits

The Plan provides for payment of 100% of the account balance to participants upon normal retirement at age 65, death, or total and permanent disability. Participants terminating employment for any other reason are entitled to receive 100% of their vested account balances and any remaining non-vested portions would be forfeited. Participant distributions from the Plan will be made in a single lump payment. If the participant's vested benefit under the Plan exceeds \$5,000, then the participant must consent to the distribution before it is made. However, if the participant's vested benefit under the Plan does not exceed \$5,000, then the benefit may be distributed as soon as possible following the event that entitles the participant to a distribution. Once a participant reaches the age of 70 ½ there are minimum distribution requirements. Generally, a participant may receive a distribution from the Plan prior to termination of employment if certain conditions are satisfied. A participant may be entitled to receive a pre-retirement distribution from their vested account balance if they have reached the age of 55. Participants may also request financial hardship distributions from vested accounts if they meet certain conditions defined in the plan agreement.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$9,719 and \$14,378, respectively. These accounts are used first to pay certain administrative expenses of the Plan and any remaining funds are applied to reduce Company contributions made to the Plan. The amount of forfeitures used to pay administrative expenses in 2015 was \$2,434. The amount of forfeitures applied to reduce Company contributions in 2015 was \$9,132.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Charter School Services of Michigan, Inc. Retirement Plan
Notes to the Financial Statements
December 31, 2015 and 2014

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Plan's investment adviser, custodian, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Contributions Receivable

Contributions receivable consist of participant and employer contributions receivable. No allowance was recorded as the full balance is deemed collectible.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance has been recorded as of December 31, 2015 and 2014, as the full outstanding balance is deemed collectible. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and recorded in the statement of changes in net assets available for benefits as a deemed distribution of participant notes receivable.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements, unless paid from the Plan's forfeiture account. Fees related to the processing and administration of notes receivable from participants, benefit payments, general administration, and recordkeeping are charged directly to the participant's account and are included in administrative expenses on these financial statements. Certain other expenses, such as for recordkeeping, investment advice, etc. are included in investment income as they are paid through revenue sharing. Investment-related expenses are included in investment income.

Notes to the Financial Statements

December 31, 2015 and 2014

New Accounting Standards

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, "Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)", which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. This update is effective for years beginning after December 15, 2016, however, the Plan is applying the update for the year ended December 31, 2015 as early application is permitted. The update has been applied retrospectively to all periods presented as required.

In July 2015, the FASB issued ASU 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part I. Fully Benefit-Responsive Investment Contracts, Part II. Plan Investment Disclosures, Part III. Measurement Date Practical Expedient". Part I and II simplifies reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures. Part III is not applicable to the Plan. This update is effective for years beginning after December 15, 2015, however, the Plan is applying the update for the year ended December 31, 2015 as early application is permitted. The update has been applied retrospectively to all periods presented as required.

Subsequent Events

Management has evaluated subsequent events through October 5, 2016, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under US GAAP are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable for the asset or liability.

The following are descriptions of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Charter School Services of Michigan, Inc. Retirement Plan
Notes to the Financial Statements
December 31, 2015 and 2014

Pooled separate accounts – valued at the NAV of units held by the Plan at year end. The NAV, as provided by Voya Retirement Insurance and Annuity Company for the period from September 23, 2015 to December 31, 2015 and Lincoln Financial Group for the period January 1, 2014 to September 22, 2015, is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The NAV is not a publicly-quoted price in an active market.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Fair Value Measurements at Reporting Date Using				
	Fair Value	Level 1	Level 2	Level 3
<u>December 31, 2015</u>				
Investments measured at net asset value *	\$ 1,361,405	\$ -	\$ -	\$ -

	Fair Value	Level 1	Level 2	Level 3
<u>December 31, 2014</u>				
Investments measured at net asset value *	\$ 1,233,795	\$ -	\$ -	\$ -

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

For the years ended December 31, 2015 and 2014, there were no significant transfers between levels.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption restrictions noted below are applicable only to the Plan.

Charter School Services of Michigan, Inc. Retirement Plan
Notes to the Financial Statements
December 31, 2015 and 2014

Note 4 – Fully Benefit-Responsive Investment Contracts

The Plan held a traditional investment contract at December 31, 2014. This contract met the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the contract value for the investment contract held by the Plan.

	December 31,	
	2015	2014
Traditional investment contract	\$ -	\$ 141,402

With traditional investment contracts, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers. The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0 percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may vary depending on the contract. Examples of such events include, but are not limited to, the following:

- The Plan's failure to qualify under Section 401 (a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501 (a) of the Internal Revenue Code.
- Premature termination of the contract.
- Plan termination or merger.
- Changes to the Plan's prohibition on competing investment options.
- Bankruptcy of the Company or other Company events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may vary depending on the contract. Examples of such events include, but are not limited to, the following:

- An uncured violation of the Plan's investment guidelines.
- A breach of material obligation under the contract.
- A material misrepresentation.

Charter School Services of Michigan, Inc. Retirement Plan
Notes to the Financial Statements
December 31, 2015 and 2014

- A material amendment to the agreements without the consent of the issuer.

Note 5 – Related-Party Transactions and Party-In-Interest Transactions

Certain plan investments were managed by Lincoln Financial Group from January 1, 2015 to September 22, 2015, the custodian of the Plan. These transactions qualify as party-in-interest transactions. Fees incurred by the Plan for custodial services were \$6,959.

Effective September 23, 2015, certain plan investments are managed by Voya Retirement Insurance and Annuity Company, the custodian of the Plan. These transactions qualify as party-in-interest transactions. Fees incurred by the Plan for custodial services are netted with investment income as they are paid through revenue sharing.

The Plan made payments to Peritus Benefits and Investments, third party administrator from January 1, 2015 to September 22, 2015 relating to participant loan processing, withdrawals, and general plan administration. Fees incurred by the Plan for these services totaled \$1,989.

The Plan made payments to Michigan Benefit Consulting, Inc., third party administrator, effective September 23, 2015, relating to participant loan processing, withdrawals, and general plan administration. Fees incurred by the Plan for these services totaled \$2,122.

The Plan made payments to Voya Retirement Insurance and Annuity Company, the custodian of the Plan relating to participant loan processing and withdrawals that were charged directly to participant accounts. Fees incurred by the Plan for these services totaled \$737.

Note 6 – Certification of Investments

The Plan's investment assets, transactions, and income were held and certified by the Voya Retirement Insurance and Annuity Company, the custodian, as of and for the year ended December 31, 2015. For the year ending December 31, 2014, the Plan's investment assets, transactions, and income were held and certified by Lincoln Financial Group.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their account balances.

Note 8 – Tax Status

The Company adopted a prototype plan, which received a favorable opinion letter from the Internal Revenue Service (IRS), dated March 31, 2014, indicating that the prototype plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the letter, however, the plan administrator and the Plan's tax counsel believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Charter School Services of Michigan, Inc. Retirement Plan
Notes to the Financial Statements
December 31, 2015 and 2014

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 – Reclassifications

Due to the early application of the ASUs as described in Note 2, certain amounts in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements. On the Statement of Net Assets Available for Benefits, investments have been reclassified to "Investments, at fair value" as of December 31, 2014. Net assets available for benefits are unchanged due to these reclassifications. See schedule below for line items affected by the reclassification.

Statement of Net Assets Available for Benefits

Prior Presentation

Investments

Pooled separate accounts	\$ 1,233,795

In addition, the presentation of certain footnote disclosures have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements. In "Note 3 – Fair Value Measurements", investments have been reclassified to be disclosed only by general type and pooled separate accounts for which fair value is measured using the net asset value per share practical expedient have been reclassified and are not being categorized within the fair value hierarchy.

Note 11 – Subsequent Event

Effective January 1, 2016, the Plan elected an automatic deferral election at 2.0% of plan compensation for all newly eligible participants.
