Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITORS' REPORT

To the Administrative and Investment Committees of the Union Underwear Pension Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Union Underwear Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by The Northern Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2015 and the supplemental schedule of reportable transactions for the year then ended are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

UNION UNDERWEAR PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2015 AND 2014

1. DESCRIPTION OF THE PLAN

The following description of the Union Underwear Pension Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General—The Plan is a non-contributory defined benefit pension plan covering substantially all U.S. based employees of Union Underwear Company, Inc. (“Union Underwear” or the “Company”) and its subsidiaries. The Plan was frozen effective December 31, 2007. Notwithstanding anything herein to the contrary, no employee has been eligible to become a new participant in the Plan since December 31, 2007. Union Underwear is wholly owned by Fruit of the Loom, Inc. (“Fruit of the Loom”), which in turn is wholly owned by Berkshire Hathaway Inc.

Effective December 31, 2008, the Russell Corporation Revised Pension Plan (“Russell Pension Plan”) and the Russell Corporation Pension Plan for Hourly-Rate Employees of Huffy Sporting Goods Division (“Huffy Pension Plan”) also known as the (“Merged Plans”) were merged with and into the Plan in accordance with the requirements of Code Section 414(1). The investments from the Merged Plans were transferred into the Plan in January 2009. Notwithstanding anything in the Plan to the contrary, to the extent required by Code Section 411(d)(6), benefits for each individual who was a participant, beneficiary or alternate payee in one of the Merged Plans as of December 31, 2008, are determined and paid pursuant to the terms of the applicable Merged Plan that were in effect immediately prior to the merger, and the terms of the Merged Plans have been attached to the Plan and deemed incorporated therein by reference for the purpose of determining and paying such benefits.

The Plan’s Investment Committee is responsible for directing and overseeing the investment of Plan assets. The Northern Trust Company (the “Trustee”) serves as trustee of the Plan, and, at the direction of the Investment Committee, maintains custody of all Plan investments. The Plan’s Administrative Committee controls and manages the day-to-day operation and administration of the Plan, including monitoring and reporting investment performance to the Investment Committee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Pension Benefits—Notwithstanding any other provision of the Plan, the earning or crediting of any and all further benefit accruals under the Plan ended as of December 31, 2007, and no additional service or compensation of any type has or will be credited to any person under the Plan in any way that would increase the accrued benefit already earned by that person under the Plan as of December 31, 2007, and no new participation in the Plan has or will occur after December 31, 2007. Prior to January 1, 2007, all permanent employees who had completed one year of continuous service and attained 21 years of age, as defined by the Plan, were eligible for participation in the Plan.

Pension benefits are provided to participants under several types of retirement options based upon years of continuous service and age. The participants' continuous service does not include any continuous service after December 31, 2007. Retirement benefits are paid to pensioners or beneficiaries in various forms of joint and survivor annuities, including a lump-sum payment option. Participants are eligible for normal monthly benefit payments at age 65. Participants became vested in their retirement benefits upon completion of five years of continuous service prior to December 31, 2007. Those participants who did not have the required five years of continuous service on that date, became fully vested if they completed the required five years following that date.

The Plan is required to maintain an Adjusted Funding Target Attainment Percentage ("AFTAP") of at least 80% in order for the Plan to pay full lump-sum benefits. As of December 31, 2015 and 2014, the Plan's AFTAP was 132.47% and 124.20%, respectively. As a result of the AFTAP obtained for 2015, there are no restrictions on benefit payments for the Plan year beginning January 1, 2016.

Effective September 28, 2012, the Plan was amended to automatically pay a lump-sum benefit to terminated participants if the value of the participant's benefit was less than \$5,000. The Plan was also amended to provide for a temporary lump sum payment option to eligible terminated Plan participants. Terminated participants with vested benefits were allowed to exercise the lump-sum payment option through November 7, 2012, after which date, the option was no longer available. The lump sum amount was calculated in accordance with IRS requirements for interest rates and average life expectancy assumptions.

Effective July 1, 2014, the Plan was amended to permit certain vested participants, who had terminated employment prior to the effective date, a one-time election to receive their retirement benefit in a lump sum. This one-time lump sum election was available through November 14, 2014. The Plan was also amended to permit vested participants who terminate on or after the effective date, to elect to receive their retirement benefit in a lump sum.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Recently adopted accounting standards—In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, "Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share" ("ASU 2015-07"), which removes the requirement to present certain investments for which the practical expedient is used to measure fair value at net asset value ("NAV") within the fair value hierarchy table. Instead, the Plan is required to include those investments as a reconciling item so that the total fair value amount of investments in the disclosure is consistent with the fair value investment balance on the statement of net assets available for benefits. The Plan Sponsor elected to early adopt ASU 2015-07 as of December 31, 2015 and has applied the provisions retrospectively. The Plan presents the investment disclosure required by this ASU 2015-07 in the fair value hierarchy tables for 2015 and 2014 in Note 4, "Fair Value Measurements." There were no other impacts on the statements of net assets available for benefits as of December 31, 2015 and 2014, or the statements of changes in net assets available for benefits for the years then ended.

In July 2015, FASB issued ASU 2015-12, "*Plan Accounting: Defined Benefit Pension Plan (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*," ("ASU 2015-12"). ASU No. 2015-12 simplifies accounting for employee benefit plans.

Part I

- a. is not applicable to the Plan.

Part II

- a. the requirement to disclose investments that represent 5 percent or more of net assets available for benefits has been eliminated,
- b. the net appreciation or depreciation in investments for the period should be presented in the aggregate, but are no longer required to be disaggregated and disclosed by general type,
- c. it eliminates the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value ("NAV") per share using the practical expedient in the FASB ASC Topic 820,

Part III

- a. is not applicable to the Plan.

The Plan Sponsor elected to early-adopt ASU 2015-12 as of December 31, 2015, and has applied the provisions retrospectively. The adoption of ASU 2015-12 has resulted in the Plan Sponsor eliminating its historical disclosure of individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by type. There were no other impacts on the statements of net assets available for benefits as of December 31, 2015 and 2014, or the statements of changes in net assets available for benefits for the years then ended.

Basis of Accounting—The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits, and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan has utilized various investment securities including U.S. government and agency securities, a collective investment fund, a venture capital limited partnership fund, and domestic equities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Net assets available for benefits exceeded the actuarial present value of accumulated benefits as of December 31, 2015 and 2014 by approximately \$57,000,000 and \$80,000,000, respectively, resulting in the Plan being fully funded.

Investment Valuation and Income Recognition— Investments are stated at fair value as reported by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses—Administrative expenses of the Plan are accrued and paid by the Plan, as provided in the Plan document. Union Underwear pays accounting and other administrative services in accordance with U.S. Department of Labor guidance.

Payment of Benefits—Benefit payments to participants are recorded upon distribution.

Events Occurring After Reporting Date— The Plan's management has evaluated events and transactions that occurred between December 31, 2015 and October 13, 2016, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

3. FUNDING POLICY

Contributions to provide benefits under the Plan are made solely by Union Underwear in amounts no less than the minimum required by ERISA as determined by the Plan's independent actuary using the unit credit (prorated on service) cost method. The funding policy of the Plan is generally to make contributions to meet regulatory requirements plus additional amounts as determined by management based on actuarial valuations. The Plan has met the minimum funding requirements under ERISA for the Plan years ending December 31, 2015 and 2014.

4. ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments under the Plan's provisions, including lump-sum distributions that are attributable to service rendered by participants as of the valuation date. No continuous service or compensation earned (or deemed to be earned) after December 31, 2007, is taken into account for purposes of determining the amount of a participant's final average compensation. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died, and (3) current employees or their beneficiaries.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The actuarial present values of accumulated plan benefits as of January 1, 2015 is as follows:

Vested benefits:	
Participants and/or beneficiaries currently receiving benefits	\$ 284,558,886
Other participants	<u>73,332,615</u>
Total vested benefits	357,891,501
Nonvested benefits	<u>2,387,342</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 360,278,843</u>

Changes in the actuarial present value of the accumulated plan benefits for the year ended January 1, 2015 is as follows:

Actuarial present value of accumulated plan benefits as of beginning of period	\$ 387,444,436
Increase (decrease) during the year attributable to:	
Actuarial experience	4,576,834
Benefit payments	(71,479,560)
Assumption changes	16,428,477
Plan Amendments	411,282
Interest accumulation	<u>22,897,374</u>
Actuarial present value of accumulated plan benefits as of end of period	<u>\$ 360,278,843</u>

The change in assumptions relates to the use of the RP-2014 mortality tables with blue collar adjustments and generational projection Scale MP-2014 as of January 1, 2015 compared to the use of the IRS prescribed 417(e)(3) applicable mortality table for 2014 as of January 1, 2014.

The significant actuarial assumptions used in the January 1, 2015 valuation were:

- Mortality: – RP-2014 mortality tables for employees and annuitants with blue collar adjustment and generational projection Scale MP-2014
- Assumed investment rate of return compounded annually: 6.50% in 2015.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

5. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- I. *Domestic equities and U.S. government and agency securities*: Valued at the closing price reported on the active market on which the individual securities are traded.
- II. *Venture capital limited partnership fund*: Valued by management of the applicable partnerships taking into account all reasonably available information about the business and all assumptions that market participants would normally use in their estimates of value. The Plan's ability to transact this investment is limited by the terms stated in the agreement of the limited partnership.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

**Fair Value Measurements as of
December 31, 2015 using the following inputs**

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
U.S. Government and agency securities	\$ 1,980,480	\$	\$ 1,980,480	\$ -
Domestic equities	382,308,412	382,308,412		
Venture capital limited partnership fund	288,372	-	-	288,372
Investments measured at NAV (a)	<u>32,882,686</u>			
Total investments at fair value	<u>\$ 417,459,950</u>	<u>\$ 382,308,412</u>	<u>\$ 1,980,480</u>	<u>\$ 288,372</u>

**Fair Value Measurements as of
December 31, 2014 using the following inputs**

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
U.S. Government and agency securities	\$ 2,399,869	\$	\$ 2,399,869	\$ -
Domestic equities	447,766,797	447,766,797	-	-
Venture capital limited partnership fund	204,147	-	-	204,147
Investments measured at NAV (a)	<u>17,222,066</u>			
Total investments at fair value	<u>\$ 467,592,879</u>	<u>\$ 447,766,797</u>	<u>\$ 2,399,869</u>	<u>\$ 204,147</u>

- (a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which the fair value is measured using the NAV per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>Description</u>	<u>Fair Value 12/31/2015</u>	<u>Fair Value 12/31/2014</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible</u>	<u>Redemption Notice Period</u>
Collective trust fund	\$32,882,686	\$17,222,066	N/A	Daily	N/A

The following table provides a summary of changes in fair value of the Plan's Level 3 assets for the years ended December 31, 2015 and 2014:

	Fair Value Measurements Using Significant Unobservable Inputs (Level 3)
Balance at December 31, 2013	\$ 209,831
Realized gains	19,345
Unrealized losses relating to instruments still held at the reporting date	(2,967)
Sales	<u>(22,062)</u>
Balance at December 31, 2014	204,147
Realized gains	11,882
Unrealized gains relating to instruments still held at the reporting date	85,867
Sales	<u>(13,524)</u>
Balance at December 31, 2015	<u>\$ 288,372</u>

6. PARTY-IN-INTEREST TRANSACTIONS

The investment in the Collective Short-Term Investment Fund totaling \$32,882,686 and \$17,222,066 as of December 31, 2015 and 2014, respectively, is managed by the Trustee; therefore, transactions with this investment qualify as party-in-interest transactions. Fees paid by the Plan to the Trustee were \$380,729 and \$366,963 for the years ended December 31, 2015 and 2014, respectively.

7. FEDERAL INCOME TAX STATUS

The Plan obtained a favorable determination letter from the Internal Revenue Service ("IRS") on November 17, 2015, stating that the Plan and related trust are in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if it has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management of the Plan has analyzed the Plan's tax positions and concluded that as of December 31, 2015 or 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by various taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PLAN TERMINATION

The Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal-age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

As of December 31, 2015 and 2014, the PBGC guaranteed most, but not all, vested retirement benefits and certain disability and survivor's benefits up to a maximum monthly benefit of \$5,011 and \$4,943, respectively, for each participant for plan terminations.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

As described in Note 1, Union Underwear is a wholly owned subsidiary of Fruit of the Loom which in turn is a wholly owned subsidiary of Berkshire Hathaway Inc. During 2016 it was determined the Plan will merge with the Berkshire Hathaway Consolidated Pension Plan as of December 31, 2016. As a result, all participant account balances and Plan assets will be transferred into the Berkshire Hathaway Consolidated Pension Plan. Benefits will continue to be paid according to current Plan terms, subject to a possible change in the lookback month used to determine lump sum interest rates, as this will need to be uniform for all lump sums in the merged plan. Northern Trust will continue to be the Trustee.

9. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the information that was prepared by or derived from information prepared by the Trustee, furnished to the Plan administrator and included in the Plan's financial statements as of December 31, 2015 and 2014 and for the years then ended. The Plan administrator has obtained certifications from the Trustee that such information is complete and accurate.

	<u>2015</u>	<u>2014</u>
Investments, at fair value	\$ <u>417,459,950</u>	\$ <u>467,592,879</u>
Interest and dividends receivable	\$ <u>105,456</u>	\$ <u>367,725</u>
Net investment income (loss)	\$ <u>(1,779,199)</u>	\$ <u>24,557,524</u>

All investment balances and investment information in Note 5 is also certified by the Trustee.

Demographic Assumptions

Mortality:

- Healthy Separate rates for non-annuitants (based on RP-2000 “Employees” table without collar or amount adjustments, projected to 2030 using Scale AA) and annuitants (based on RP-2000 “Healthy Annuitants” table without collar or amount adjustments, projected to 2022 using Scale AA).
- Disabled IRS prescribed tables for disabled participants (pre-1995 Sex Distinct Disability Mortality Table per Rev. Ruling 96-7)

Termination Rates varying by age, see table A.

Disability Rates varying by age and sex, see table B.

Retirement Rates varying by age, see table C.

Unpredictable Contingent Event Benefits (UCEB) assumptions The likelihood of a UCEB occurring is de minimis.

Benefit commencement date:

- Preretirement death benefit The earliest date on which the participant could commence
- Deferred vested benefit For both current and future deferred vested participants, age 60 if eligible to commence early; otherwise age 65
- Disability benefit Upon disablement
- Retirement benefit Upon termination of employment

SCHEDULE SB ATTACHMENTS

Form of payment for:

- Actives 100% lump sum if Legacy Union Underwear Pension Plan and terminate after age 62 with 10 years of service
Otherwise, 80% elect a lump sum, and the remaining elect life annuity if single or a 50% joint and survivor (contingent) benefit if married
- Terminated vested participants 100% of single participants elect life annuity and 100% of married participants elect a 50% joint and survivor (contingent) benefit

Percent married 80% of males; 80% of females

Spouse age Wife three years younger than husband

Administrative expenses \$2,000,000

Accrued benefits Provided by plan administrator for each participant as of January 1, 2015.

At-risk assumptions For at-risk calculations, all participants eligible to elect benefits during the current and subsequent ten plan years are assumed to commence benefits at the earliest possible date under the plan, but not before the end of the current plan year, except in accordance with the regular valuation assumptions. In addition, all participants (not just those eligible to begin benefits within the next 11 years) are assumed to elect the most valuable form of benefit under the plan, which is usually the lump sum form of payment.

Methods

Valuation date First day of plan year

Funding target Present value of accrued benefits.

Target normal cost Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year

Actuarial value of assets

Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings at 6.50% for 2013 and 6.50% for 2014 and (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of fair value, including discounted contributions receivable.

The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

Benefits not valued

All benefits described in the Plan Provisions section of this report were valued. Willis Towers Watson has reviewed the plan provisions with Fruit of the Loom, Inc. and, based on that review, is not aware of any significant benefits required to be valued that were not.

Data Sources

Willis Towers Watson used participant and asset data supplied by Fruit of the Loom, Inc. as of the valuation date. Data were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the company, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Assumptions Rationale - Significant Economic Assumptions for Contributions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Lump sum conversion rate	As required by IRC 430, lump sum benefits are valued using "annuity substitution," so that the interest rates assumed are effectively the same as described above for the discount rate.
Administrative expenses	Administrative expenses are estimated by determining the average expenses paid from the trust over the preceding 3 years and adjusted for expected PBGC premiums for the current year.

Assumptions Rationale - Significant Demographic Assumptions

Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination, Disability, and Retirement	Termination, disability, and retirement rates were based on an experience study conducted in 2011, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.

Source of Prescribed Methods

Funding methods	The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are "prescribed methods set by law," as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

Change in assumptions since prior valuation

The segment interest rates used to calculate the funding target and target normal cost were updated to the current valuation date as required by IRC 430.

The mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvement, as required by IRC 430.

The 417(e) lump sum conversion mortality basis was updated to the rates applicable for 2015 distributions from 2014 distributions.

The form of payment assumption for active participants was updated to accommodate the new lump sum form of payment option for participants who terminate after July 1, 2014.

 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V Summary of Plan Provisions

Plan Provisions

The Russell Corporation Revised Pension Plan and Russell Corporation Pension Plan for Hourly-Rate Employees of the Huffey Sports Division were merged into Union Underwear Pension Plan on December 31, 2008. At the time of the merger, all the pension plans were frozen. Participants retain the plan provisions applicable to their legacy pension plan.

All frozen accrued benefits and monthly benefits in receipt are provided by Fruit of the Loom, Inc. for the valuation.

Plan Provisions – Legacy Union Underwear Pension Plan

The most recent amendment reflected in the following plan provisions was adopted and became effective on December 29, 2014. The plan was amended during 2014 to add an ongoing lump sum optional form of distribution to participants terminating after July 1, 2014.

The Plan was amended to cease all future benefit accruals after December 31, 2007. As a result, any compensation earned and service completed after December 31, 2007 will not be taken into account in determining the benefit payable under the Plan.

Effective date	January 1, 1959 as amended and restated effective January 1, 1999; most recently amended December 29, 2014.
Covered employee	Effective December 31, 2007, no new employees are eligible to participate in the plan. Fruit of the Loom, Inc. indicates all remaining participants for the valuation.

Optional forms of benefit

10 year certain and life, 15 year certain and life, and 75% joint and survivor annuities, lump sum if terminate after 7/1/2014.

Optional annuity conversions are based on formulas:

50%J&S – 0.92 decreased (increased) by 0.004 for each year by which the participant is older (younger) than the beneficiary

75%J&S – 0.88 decreased (increased) by 0.005 for each year by which the participant is older (younger) than the beneficiary

10C&L – 0.92 increased (decreased) by 0.006 for each year by which the participant is under (over) age 65, to a maximum factor of 0.98

15C&L – 0.86 increased (decreased) by 0.01 for each year by which the participant is under (over) age 65, to a maximum factor of 0.96

Lump sum conversion is based on the Applicable Interest Rate and Applicable Mortality Table as defined in the Plan for purposes of IRC Sec 417(e). Early retirement subsidies reflected in lump sum value if terminate after the attainment of age 62 with ten years of service.

Optional form conversions for Franklinton participants are based upon UP-1984 Unisex Pension Mortality setback 2 years and an 8.0% interest rate.
