Independent Auditor's Report

To the Administrative Committee
Americhem, Inc. Employee Retirement Savings Plan
Cuyahoga Falls, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Americhem, Inc. Employee Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Charles Schwab Trust Company and Fidelity Management Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions from September 1, 2015 to December 31, 2015 and that Charles Schwab Trust Company held the Plan's investment assets and executed investment transactions from January 1, 2014 to August 31, 2015. The plan administrator has obtained certifications from the trustees as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustees is complete and accurate.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2015 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Americhem, Inc. Employee Retirement Savings Plan

Notes to Financial Statements

1. Plan Description

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Americhem, Inc. and Subsidiaries (Company or employer), except for those employees classified as ineligible (as defined). Employees are eligible to participate in the Plan provided they have completed three months of service and have attained the age of nineteen. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Plan is administered by the Company or persons appointed by the Company. Fidelity Management Trust Company, trustee of the Plan from September 1, 2015 to December 31, 2015, and Charles Schwab Trust Company, trustee of the Plan from January 1, 2014 to August 31, 2015 (collectively, the trustees), receive and hold Plan assets and make distributions to participants in accordance with the Plan.

Contributions

Subject to limitations contained in the Plan and under the Internal Revenue Code, participants may contribute up to 80% of pretax annual compensation, as defined in the Plan agreement. In addition, participants may also contribute amounts representing distributions from other qualified retirement savings plans (termed "rollover contributions"), Roth elective deferrals, after-tax contributions, and based on qualifying age, catch-up contributions. The Plan is a safe harbor 401(k) plan. The Company contributes 100% of the first 3% and 50% of the next 2% of pretax compensation a participant contributes to the Plan (as defined). Additional amounts may be contributed at the discretion of the Company's board of directors. No additional discretionary contributions were made for the year ended December 31, 2015.

Participant Accounts

Each participant's account is credited with the participant and employer contributions, as well as an allocation of Plan earnings and losses and administrative expenses. Allocation of the earnings and losses is based on participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Additionally, participants elect to maintain their accounts in a combination of investment funds. Separate accounting for each of the participants' funds is maintained pursuant to each participant's designated election.

Americhem, Inc. Employee Retirement Savings Plan

Notes to Financial Statements

Vesting

Participant and Company safe harbor contributions plus actual earnings thereon are vested immediately. Participants are subject to the following vesting schedule for Company discretionary contributions plus actual earnings thereon:

Years of Service	Vested %
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeited nonvested contributions totaled \$1,995 and \$40,032 for the years ended December 31, 2015 and 2014, respectively. These amounts were used to pay Plan expenses in each of the respective years.

Distributions

Vested benefits are payable upon the participant's attainment of age 59-1/2, retirement, separation from service with the Company, death, or total and permanent disability. In addition, upon existence of substantial hardship, withdrawals are available to Plan participants. Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of his or her account, or annual installments over a specified period. With respect to distributions, if the vested balance is greater than \$1,000 and less than \$5,000, and the participant does not make an election to either receive or to roll over the distribution, the distribution must be rolled over to an IRA. If the vested balance is \$1,000 or less, the form of distribution remains as a single lump sum payment.

Notes Receivable from Participants

Participants are eligible to take out loans against amounts accumulated in the Plan on their behalf. The Plan limits the loan amount to a maximum of \$50,000 minus the difference, if any, between the participant's highest loan balance during the previous one-year period preceding the date the new loan is to be made and the participant's outstanding loan balance the day before receiving the new loan; or, fifty percent of the participant's vested account balance, whichever is less. Participants can only have one loan outstanding under the Plan at any time. The loans are repayable over one to five years, unless used to acquire a principal residence. Interest rate charged was 4.25% on all loans outstanding as of December 31, 2015 and 2014. Principal and interest are paid ratably through payroll deductions. In addition, participants may choose to make additional payments directly to the trustee.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America (GAAP).

Valuation of Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation methodology used to measure the fair value of the New York Life Anchor Acct IV fund is derived from the net asset value (NAV) of units held by the Plan at December 31, 2015. The NAV, as provided by the trustee, is used as the practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less liabilities. See Note 3 for a discussion of fair value measurements.

Investment transactions are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis.

Benefit Distributions

Benefit distributions are recorded when paid to participants.

Expenses of the Plan

Direct fees and expenses related to investment transactions are paid from the Plan. All other fees and expenses relating to the operation of the Plan and its related trust are paid by the Company.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options through the use of mutual funds. Investment securities are exposed to various risks, such as interest rate and market fluctuations. Due to the level of risk associated with certain investment securities, as well as the level of uncertainty related to changes in the value of the investment securities, it is at least reasonably possible that changes in investment values in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the financial statements. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted this update for the 2015 Plan year, and it was retrospectively applied to the 2014 Plan year. Prior year disclosures have been revised to reflect the retrospective application of this update. The impact of adopting this update is reflected in Note 3.

In July 2015, the FASB issued ASU No. 2015-12, *Pension Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient – Consensus of the Emerging Issues Task Force*. The amendments in this update (1) require a pension plan to use contract value as the only measure for fully benefit-responsive investment contracts, (2) simplify and increase the effectiveness of the investment disclosure requirements for employee benefit plans, and (3) provide benefit plans with a measurement-date practical expedient similar to the practical expedient provided to employers in ASU 2015-04, *Practical Expedient for the Measurement Date of an Employer's Defined Benefit Obligation and Plan Assets*. The amendments in this update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Part I and Part II shall be applied retrospectively to all periods presented, while the amendments in Part III shall be applied prospectively. The Plan has adopted Parts I and II of this update for the 2015 Plan year, and they were retrospectively applied to the 2014 Plan year. Part III is not applicable to this Plan. The adoption of ASU 2015-12 did not have a material impact on the financial statements.

Evaluation of Subsequent Events

The Company has evaluated subsequent events through September 30, 2016, which is the date the financial statements were available to be issued, and has determined that there were no subsequent events that have occurred through that date that have not already been reflected in the financial statements and/or disclosed in the notes.

3. Fair Value Measurements

The Plan follows the provisions of *Fair Value Measurements and Disclosures*, which defines fair value and provides guidance for measuring fair value and expands disclosures about fair value measurements. *Fair Value Measurements and Disclosures* does not require any new fair value measurements, but rather applies to all other accounting pronouncements that require or permit fair value measurements.

Americhem, Inc. Employee Retirement Savings Plan

Notes to Financial Statements

Fair Value Measurements and Disclosures establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Registered investment company securities: Valued at the daily closing price as reported by the fund. Registered investment company securities held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. The registered investment company securities held by the Plan are deemed to be actively traded.

Common/collective trusts - Stable value fund: Valued using the NAV based on the fair value of the underlying investments held by the fund less its liabilities. The use of NAV as fair value is deemed appropriate as the collective trust funds do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

Pooled separate accounts: The fair values of participation units in the pooled separate accounts are based upon the NAVs of such accounts, which are provided by the trustee. The NAV is based on the underlying assets owned by the account less liabilities and then divided by the number of shares outstanding. The accounts are made up of high-quality fixed income securities in order to maintain a return similar to a short-term bond fund with a risk profile similar to a money market fund. The accounts allow for daily redemptions and contributions.

Americhem, Inc. Employee Retirement Savings Plan

Notes to Financial Statements

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Fair Value Measurements at Reporting Date Using			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 41,104,055	\$ -	\$ -	\$ 41,104,055
Investments measured at NAV (a)				4,563,970
Total Investments	\$ 41,104,055	\$ -	\$ -	\$45,668,025

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	Fair Value Measurements at Reporting Date Using			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 40,388,178	\$ -	\$ -	\$40,388,178
Investments measured at NAV (a)				5,176,815
Total Investments	\$ 40,388,178	\$ -	\$ -	\$ 45,564,993

(a) In accordance with ASC 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. Investments/Notes Receivable (unaudited)

All investment and notes receivable from participants information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014, and the net depreciation in fair value of investments and interest and dividends for the year ended December 31, 2015, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustees.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Americhem, Inc. Employee Retirement Savings Plan

Notes to Financial Statements

6. Tax Status of the Plan

As of December 31, 2015, the Plan used a prototype plan document sponsored by Fidelity Management Trust Company. Fidelity received an opinion from the Internal Revenue Service (IRS), dated March 31, 2014, which states that the prototype document satisfies the provisions of Section 401 of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Parties-in-Interest Transactions

Transactions that qualify as parties-in-interest consist of purchases and sales of Charles Schwab Trust Company funds sponsored by an affiliate of the Plan's trustee and notes receivable from participants.

Beginning September 1, 2015, the Plan was under contract with Fidelity Management Trust Company to provide various administrative services. Fees paid by the Plan for these services for the period September 1, 2015 through December 31, 2015 were \$7,251. From the period January 1, 2015 through August 31, 2015 and for the year ended December 31, 2014, the Plan was under contract with Charles Schwab Trust Company to provide various administrative services. Fees paid by the Plan for these services for the period January 1, 2015 through August 31, 2015 and for the year ended December 31, 2014 were \$80,163 and \$40,436, respectively.

Also during 2015 and 2014, the Company utilized the prototype plan sponsors for other consulting matters. The fees for these services were paid by the Company.

8. Differences between Financial Statements and Forms 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Forms 5500 as follows:

December 31,	2015	2014
Net assets available for benefits per the financial statements	\$ 46,831,523	\$ 47,035,586

Independent Auditor's Report

To the Administrative Committee
Americhem, Inc. Employee Retirement Savings Plan
Cuyahoga Falls, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Americhem, Inc. Employee Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Charles Schwab Trust Company and Fidelity Management Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions from September 1, 2015 to December 31, 2015 and that Charles Schwab Trust Company held the Plan's investment assets and executed investment transactions from January 1, 2014 to August 31, 2015. The plan administrator has obtained certifications from the trustees as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustees is complete and accurate.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2015 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Americhem, Inc. Employee Retirement Savings Plan

Notes to Financial Statements

1. Plan Description

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Americhem, Inc. and Subsidiaries (Company or employer), except for those employees classified as ineligible (as defined). Employees are eligible to participate in the Plan provided they have completed three months of service and have attained the age of nineteen. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Plan is administered by the Company or persons appointed by the Company. Fidelity Management Trust Company, trustee of the Plan from September 1, 2015 to December 31, 2015, and Charles Schwab Trust Company, trustee of the Plan from January 1, 2014 to August 31, 2015 (collectively, the trustees), receive and hold Plan assets and make distributions to participants in accordance with the Plan.

Contributions

Subject to limitations contained in the Plan and under the Internal Revenue Code, participants may contribute up to 80% of pretax annual compensation, as defined in the Plan agreement. In addition, participants may also contribute amounts representing distributions from other qualified retirement savings plans (termed "rollover contributions"), Roth elective deferrals, after-tax contributions, and based on qualifying age, catch-up contributions. The Plan is a safe harbor 401(k) plan. The Company contributes 100% of the first 3% and 50% of the next 2% of pretax compensation a participant contributes to the Plan (as defined). Additional amounts may be contributed at the discretion of the Company's board of directors. No additional discretionary contributions were made for the year ended December 31, 2015.

Participant Accounts

Each participant's account is credited with the participant and employer contributions, as well as an allocation of Plan earnings and losses and administrative expenses. Allocation of the earnings and losses is based on participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Additionally, participants elect to maintain their accounts in a combination of investment funds. Separate accounting for each of the participants' funds is maintained pursuant to each participant's designated election.

Americhem, Inc. Employee Retirement Savings Plan

Notes to Financial Statements

Vesting

Participant and Company safe harbor contributions plus actual earnings thereon are vested immediately. Participants are subject to the following vesting schedule for Company discretionary contributions plus actual earnings thereon:

Years of Service	Vested %
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeited nonvested contributions totaled \$1,995 and \$40,032 for the years ended December 31, 2015 and 2014, respectively. These amounts were used to pay Plan expenses in each of the respective years.

Distributions

Vested benefits are payable upon the participant's attainment of age 59-1/2, retirement, separation from service with the Company, death, or total and permanent disability. In addition, upon existence of substantial hardship, withdrawals are available to Plan participants. Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of his or her account, or annual installments over a specified period. With respect to distributions, if the vested balance is greater than \$1,000 and less than \$5,000, and the participant does not make an election to either receive or to roll over the distribution, the distribution must be rolled over to an IRA. If the vested balance is \$1,000 or less, the form of distribution remains as a single lump sum payment.

Notes Receivable from Participants

Participants are eligible to take out loans against amounts accumulated in the Plan on their behalf. The Plan limits the loan amount to a maximum of \$50,000 minus the difference, if any, between the participant's highest loan balance during the previous one-year period preceding the date the new loan is to be made and the participant's outstanding loan balance the day before receiving the new loan; or, fifty percent of the participant's vested account balance, whichever is less. Participants can only have one loan outstanding under the Plan at any time. The loans are repayable over one to five years, unless used to acquire a principal residence. Interest rate charged was 4.25% on all loans outstanding as of December 31, 2015 and 2014. Principal and interest are paid ratably through payroll deductions. In addition, participants may choose to make additional payments directly to the trustee.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America (GAAP).

Valuation of Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation methodology used to measure the fair value of the New York Life Anchor Acct IV fund is derived from the net asset value (NAV) of units held by the Plan at December 31, 2015. The NAV, as provided by the trustee, is used as the practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less liabilities. See Note 3 for a discussion of fair value measurements.

Investment transactions are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis.

Benefit Distributions

Benefit distributions are recorded when paid to participants.

Expenses of the Plan

Direct fees and expenses related to investment transactions are paid from the Plan. All other fees and expenses relating to the operation of the Plan and its related trust are paid by the Company.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options through the use of mutual funds. Investment securities are exposed to various risks, such as interest rate and market fluctuations. Due to the level of risk associated with certain investment securities, as well as the level of uncertainty related to changes in the value of the investment securities, it is at least reasonably possible that changes in investment values in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the financial statements. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted this update for the 2015 Plan year, and it was retrospectively applied to the 2014 Plan year. Prior year disclosures have been revised to reflect the retrospective application of this update. The impact of adopting this update is reflected in Note 3.

In July 2015, the FASB issued ASU No. 2015-12, *Pension Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient – Consensus of the Emerging Issues Task Force*. The amendments in this update (1) require a pension plan to use contract value as the only measure for fully benefit-responsive investment contracts, (2) simplify and increase the effectiveness of the investment disclosure requirements for employee benefit plans, and (3) provide benefit plans with a measurement-date practical expedient similar to the practical expedient provided to employers in ASU 2015-04, *Practical Expedient for the Measurement Date of an Employer's Defined Benefit Obligation and Plan Assets*. The amendments in this update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Part I and Part II shall be applied retrospectively to all periods presented, while the amendments in Part III shall be applied prospectively. The Plan has adopted Parts I and II of this update for the 2015 Plan year, and they were retrospectively applied to the 2014 Plan year. Part III is not applicable to this Plan. The adoption of ASU 2015-12 did not have a material impact on the financial statements.

Evaluation of Subsequent Events

The Company has evaluated subsequent events through September 30, 2016, which is the date the financial statements were available to be issued, and has determined that there were no subsequent events that have occurred through that date that have not already been reflected in the financial statements and/or disclosed in the notes.

3. Fair Value Measurements

The Plan follows the provisions of *Fair Value Measurements and Disclosures*, which defines fair value and provides guidance for measuring fair value and expands disclosures about fair value measurements. *Fair Value Measurements and Disclosures* does not require any new fair value measurements, but rather applies to all other accounting pronouncements that require or permit fair value measurements.

Americhem, Inc. Employee Retirement Savings Plan

Notes to Financial Statements

Fair Value Measurements and Disclosures establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Registered investment company securities: Valued at the daily closing price as reported by the fund. Registered investment company securities held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. The registered investment company securities held by the Plan are deemed to be actively traded.

Common/collective trusts - Stable value fund: Valued using the NAV based on the fair value of the underlying investments held by the fund less its liabilities. The use of NAV as fair value is deemed appropriate as the collective trust funds do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

Pooled separate accounts: The fair values of participation units in the pooled separate accounts are based upon the NAVs of such accounts, which are provided by the trustee. The NAV is based on the underlying assets owned by the account less liabilities and then divided by the number of shares outstanding. The accounts are made up of high-quality fixed income securities in order to maintain a return similar to a short-term bond fund with a risk profile similar to a money market fund. The accounts allow for daily redemptions and contributions.

Americhem, Inc. Employee Retirement Savings Plan

Notes to Financial Statements

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Fair Value Measurements at Reporting Date Using			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 41,104,055	\$ -	\$ -	\$ 41,104,055
Investments measured at NAV (a)				4,563,970
Total Investments	\$ 41,104,055	\$ -	\$ -	\$45,668,025

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	Fair Value Measurements at Reporting Date Using			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 40,388,178	\$ -	\$ -	\$40,388,178
Investments measured at NAV (a)				5,176,815
Total Investments	\$ 40,388,178	\$ -	\$ -	\$ 45,564,993

(a) In accordance with ASC 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. Investments/Notes Receivable (unaudited)

All investment and notes receivable from participants information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014, and the net depreciation in fair value of investments and interest and dividends for the year ended December 31, 2015, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustees.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Americhem, Inc. Employee Retirement Savings Plan

Notes to Financial Statements

6. Tax Status of the Plan

As of December 31, 2015, the Plan used a prototype plan document sponsored by Fidelity Management Trust Company. Fidelity received an opinion from the Internal Revenue Service (IRS), dated March 31, 2014, which states that the prototype document satisfies the provisions of Section 401 of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Parties-in-Interest Transactions

Transactions that qualify as parties-in-interest consist of purchases and sales of Charles Schwab Trust Company funds sponsored by an affiliate of the Plan's trustee and notes receivable from participants.

Beginning September 1, 2015, the Plan was under contract with Fidelity Management Trust Company to provide various administrative services. Fees paid by the Plan for these services for the period September 1, 2015 through December 31, 2015 were \$7,251. From the period January 1, 2015 through August 31, 2015 and for the year ended December 31, 2014, the Plan was under contract with Charles Schwab Trust Company to provide various administrative services. Fees paid by the Plan for these services for the period January 1, 2015 through August 31, 2015 and for the year ended December 31, 2014 were \$80,163 and \$40,436, respectively.

Also during 2015 and 2014, the Company utilized the prototype plan sponsors for other consulting matters. The fees for these services were paid by the Company.

8. Differences between Financial Statements and Forms 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Forms 5500 as follows:

December 31,	2015	2014
Net assets available for benefits per the financial statements	\$ 46,831,523	\$ 47,035,586
