NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

1. PLAN DESCRIPTION

The following description of the Tafel Motors, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Tafel Motors, Inc. (the Company) and Peterson Motor Cars, LLC d/b/a Mini of Louisville (collectively, the Companies) who have completed three months of service and are age 21 or older. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Employees may make annual Roth and pre-tax deferral contributions up to the maximum annual deferral amount defined by the Internal Revenue Code (IRC). The Companies may make annual discretionary matching and profit-sharing contributions, which are determined by the Companies' management. A participant must be employed by the Companies at December 31, and have completed 1,000 or more service hours in the plan year to share in the allocation of any matching or profit-sharing contributions, excluding events of death, disability, or retirement. For the year ended December 31, 2015, the Companies matched 100% of the first 1% of the participant's eligible compensation that was contributed to the Plan. No profit-sharing contributions were made for the year ended December 31, 2015. The Plan also allows for transfers or rollovers into the Plan from other qualified plans or retirement accounts.

The Plan requires automatic enrollment for all newly-hired employees who meet the age and service requirements. Employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have 5% of their annual compensation withheld and contributed to the Plan, and have 90 days from their first contribution to elect not to participate in the Plan. If an election not to participate is made within the 90-day timeframe, an employee may elect to receive a distribution of any funds contributed to the Plan from their eligibility date through their election date.

Participant Accounts

Each participant's account is credited with the participant's own contributions and allocations of the Companies' discretionary matching and profit-sharing contributions, as well as allocations of Plan earnings. Participants are charged with an allocation of administrative expenses. Allocations are based on participant account balances or compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

TAFEL MOTORS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

Vesting

Participants are immediately vested in their contributions and related earnings. Vesting in the Companies' discretionary matching and profit-sharing contribution portions of their accounts and related earnings are based on years of credited service. Using a graduated scale, a participant is fully vested with regard to the Companies' contributions and related earnings after six years of credited service. The non-vested balance is forfeited upon termination of service. A participant becomes fully vested in the event of death or disability.

Payment of Benefits

Any payment of a participant's plan benefits due to death, disability, retirement, termination, or attainment of age 59½, is to be distributed in accordance with specific provisions of the plan agreement. In the event of financial hardship, the Plan may allow a participant to withdraw all or part of the participant's pre-tax elective deferral account balance. A participant is prohibited from making an elective deferral or any other voluntary contribution to the Plan for the six-month period following a withdrawal for financial hardship.

Forfeited Accounts

Forfeited employer contributions may be used to reduce the Companies' future discretionary matching or profit-sharing contributions or to pay the Plan's administrative expenses. At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$8,192 and \$5,613, respectively. For the year ended December 31, 2015, an aggregate of \$5,631 in forfeitures were used to reduce the Companies' contributions and to pay Plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

TAFEL MOTORS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosures of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net change in fair value includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability, with a corresponding reduction to contributions. The Plan distributed the 2015 excess contributions to the applicable participants before March 15, 2016.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Investment-related expenses are included in net change of fair value of investments.

Subsequent events

Plan management has evaluated subsequent events through October 12, 2016, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

3. CHANGE IN ACCOUNTING PRINCIPLES

During 2015, the Plan early adopted Accounting Standards Update 2015-12, *Plan Accounting, Parts I and II* which simplified accounting for certain investments and eliminated previously required disclosure requirements.

Part I specifies that contract value is the relevant measure for fully benefit-responsive investment contracts to be recorded in the statement of net assets available for benefits. Previously, the contract value approximated fair value for these contracts and the adoption of this standard did not have a significant impact on the statement of net assets available for benefits. The accounting policy has been revised to reflect this change.

Part II eliminates certain disclosure requirements for plans. Specifically, investments will be disaggregated by general type (mutual funds, common stocks, bonds) whereas previously they were disaggregated in much greater detail such as by investment objective or industry. In addition, the disclosure of individual investments with a value equal to or greater than 5% of net assets available for benefits has been removed. And finally, plans will present the net appreciation (depreciation) in the aggregate whereas previously it was detailed by the general type of the investment. The 2014 notes to the financial statements have been retroactively restated as required by the standard.

4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Life Insurance Company (Transamerica) and Jackson National Life Insurance Company (Jackson), the custodians of the Plan, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, and investment related activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

TAFEL MOTORS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled separate accounts - These investments are credited with earnings and gains or losses on the pooled investments. The separate accounts are stated at fair value as reported to the Plan by the custodian, based on the quoted market prices of the underlying mutual funds. The unit price of the separate account is calculated by dividing the total value of the assets of the separate accounts by the number of units in the separate account.

Fixed account - Fair value is the sum of all amounts transferred to the fixed account under the variable annuity contracts, plus credited interest, less withdrawals (including any applicable charges and adjustments for such withdrawals), transfers, and charges.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets valued at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	As of December 31, 2015		As of December 31, 2014	
	Level 2	Total	Level 2	Total
Pooled separate accounts	\$ 3,105,747	\$ 3,105,747	\$ 3,082,017	\$ 3,082,017
Fixed account	1,161,326	1,161,326	854,435	854,435
Investments at fair value	<u>\$ 4,267,073</u>	<u>\$ 4,267,073</u>	<u>\$ 3,936,452</u>	<u>\$ 3,936,452</u>

The Plan's policy is to recognize transfers, if any, between levels as of the actual date of the event or change in circumstances. There were no transfers between levels during 2015 or 2014.

TAFEL MOTORS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

6. FULLY BENEFIT-RESPONSIVE CONTRACT

The Plan holds a group annuity contract that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Transamerica Stable Value Core Option is a group variable annuity contract issued by Transamerica Life Insurance Company (TLIC), and is backed by the full faith and creditworthiness of TLIC. All deposits in this investment are credited with the same interest rate, credited on a daily basis, and there is no set maturity. The effective credited interest rate is set semi-annually and effective on the first day of the semi-annual period. Contract charges may reduce this return.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the claims-paying ability of TLIC. Although Plan participants generally may withdraw assets from the Transamerica Stable Value Core Option without restrictions, a hold may apply on the Plan's assets in the group annuity contract. If the Companies wish to remove the Transamerica Stable Value Core Option as an option from the Plan, then TLIC may impose a hold for up to a 270-day period on the investment assets at the Plan level if the most recently announced upcoming credited rate has increased or has not changed. The custodian will provide at least 45 days' advance notice of any interest rate change for each semi-annual period. Additionally, under limited circumstances occurring at the issuer, the custodian may impose up to a 12-month delay period on all withdrawal requests from all plan sponsors at the plan level. There are not any events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value to be paid.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

TAFEL MOTORS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2015 AND 2014

8. INCOME TAX STATUS

The IRS has determined by an opinion letter dated March 31, 2014, that the non-standardized prototype adopted by the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended subsequent to March 31, 2014, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified.

9. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are managed by Transamerica and Jackson, the Plan's custodians. Investment management fees are paid to the custodians. Trinity Pension Consultants, Inc. is the Plan's third-party administrator. Blue & Co., LLC is the independent auditor for the Plan. The aforementioned parties generally receive payment from the Companies.

10. RISKS AND UNCERTAINTIES

The Plan holds investments that are exposed to various risks, such as interest rate and credit risks, and overall market volatility. Due to the level of risk associated with investment securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term that could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of total additions and total deductions per the financial statements for the year ended December 31, 2015 to Form 5500:

Total additions per the financial statements	\$ 369,910
Add excess contributions liability recorded	27,342
Total income per Form 5500	<u>\$ 397,252</u>
Total deductions per the financial statements	\$ 122,565
Add excess contributions liability recorded	27,342
