NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Dogfish 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General and Eligibility

The Plan is a single employer 401(k) elective deferral plan, which covers substantially all employees of Dogfish Head Craft Brewery, Inc., Dogfish Head, Inc. and Dogfish Inn, LLC (collectively, “the Company”). Employees are eligible for participation in the Plan upon six months of service. The Investment Committee of the board of directors of the Company controls and manages the operation and administration of the Plan. State Street Bank and Trust Company serves as the trustee of the Plan. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions

Employee Contributions: Each year, employees may contribute up to 85% of their eligible earnings, as defined in the Plan document, subject to Internal Revenue Code (“IRC”) limitations. The minimum elective deferral is 1%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows rollovers into the Plan from an eligible participant’s qualified (Roth and non-Roth) retirement funds. Participants are not allowed to borrow from their accounts under the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Employer Matching Contributions: The Company made a safe harbor matching contribution equal to 100% of the first 3% of employee elective salary deferrals, and an additional 50% of the next 2% of salary deferrals to the Plan for each of the years ended December 31, 2015 and 2014. Employer contributions totaled \$359,287 and \$296,730 for the Plan years ended December 31, 2015 and 2014, respectively.

Investment Options

Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, including money market funds, as well as collective trust funds (“CTFs”).

Participant Accounts

Each participant’s account is credited with the participant’s elective salary deferral, the employer contribution and an allocation of Plan earnings, and is charged with an allocation of administrative expenses.

NOTE A - DESCRIPTION OF THE PLAN - Continued

Vesting

Employees receive credit for one month of service for each month in which they complete one hour of service. The Plan provides for 100% immediate vesting of employee elective salary deferrals and employer match contributions.

Benefit Payments

Upon termination of service, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or various installment options as provided by the Plan. Benefits may be paid in cash, rolled over to another qualified retirement plan, or remain in the Plan until the participant chooses to make a distribution. In-service distributions are permitted from fully vested accounts after attaining age 59½. If the vested participant balance is greater than \$5,000 at the time of termination, the participants may elect to defer receiving payments until age 70½ or receive installments.

Hardship withdrawals are available upon demonstration of financial hardship with limitations as defined in the Plan. After withdrawal, a participant may not make deferral contributions to the Plan for at least six months after receipt of the hardship distribution.

The Plan also provides for minimum required distributions per IRS regulations by April 1 of the calendar year following the later of the calendar year in which participants reach age 70½ or the calendar year the participant retires.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("US GAAP") as applied to and in accordance with the terms of the Plan Agreement.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan also invested in a Collective Trust Fund ("CTF") which holds fully benefit-responsive contracts. The fair value of the CTF approximates contract value.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Investment Valuation and Income Recognition

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded when paid. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and the disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Administrative Expenses

At the Company's discretion, investment, administrative and accounting costs of the Plan may be paid by the Company. The Company pays all auditing costs of the Plan from non-pension plan assets. Only costs related to disbursement activity are paid from pension plan assets. The administrative expenses of the Plan are allocated to each participant's account based on their balance at the time of allocation. Expenses totaling \$1,000 and \$950 were paid in 2015 and 2014, respectively, for trustee and recordkeeping fees.

Payment of Benefits

Benefit payments to participants are recorded upon their distribution.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA.

New Accounting Standards

In May 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent) – a Consensus of the FASB Emerging Issues Task Force*, which exempts investments measured using the net asset value (“NAV”) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy and related disclosures. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management does not expect the new accounting pronouncement to have a material impact on the financial statements.

In July 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update “ASU” 2015-12, *Plan Accounting, Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early adoption permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Parts I and III are not applicable to this Plan. The Company has not early adopted this guidance and is currently evaluating the effect that the provisions of the amended guidance will have on the Plan’s financial statements.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

NOTE D - FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 —Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Dogfish 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2015 and 2014

NOTE D - FAIR VALUE MEASUREMENTS - Continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds: The Plan's investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within Level 1 of the fair value hierarchy.

Collective Trust Fund: The Plan's Collective Trust Fund investments are stated at fair value measured as the NAV of units of the common collective trust. The NAV as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities and is classified within Level 2. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The investments with a reported estimated fair value using NAV do not have unfunded commitments, redemption restrictions, or a redemption notice period. The redemption frequency is immediate.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Dogfish 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2015 and 2014

NOTE D - FAIR VALUE MEASUREMENTS - Continued

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net (depreciation) appreciation in fair value of investments in the statements of changes in net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. The Plan's investments in mutual funds are valued at the NAV of shares held by the Plan at year end and are classified within Level 1 of the fair value hierarchy.

NOTE E - RELATED PARTY TRANSACTIONS

State Street Bank and Trust Company is the trustee that holds the Plan's investment assets and executes investment transactions. Plan investments held in collective trusts are in funds managed by State Street Global Advisors. No fees were paid to State Street Global Advisors directly from the Plan. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

NOTE F - INCOME TAX STATUS

The Plan is a prototype plan which has received a determination letter from the Internal Revenue Service dated July 8, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from income. If the Plan were subject to interest and penalties, they would be included under deductions in the Statements of Changes in Net Assets Available for Benefits. Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Dogfish 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2015 and 2014

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, credit and market volatility. Therefore, the value, liquidity and related income of the securities are sensitive to changes in economic conditions, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - SUBSEQUENT EVENTS

The Plan has evaluated events through October 7, 2016, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
