Notes to Financial Statements

1. Description of the Plan

The following description of the inome, Inc. 401(k) Plan (the “Plan”) provides summarized general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan’s provisions.

Effective February 1, 2016, the inome, Inc. 401(k) Plan changed its name to the Intelius, Inc. 401(k) Plan.

General

The Plan provides certain benefits to the employees of inome, Inc. and subsidiaries (collectively, the “Company”). The Plan is sponsored by inome, Inc., whose subsidiaries are participating employers (“Participating Employer”) in the Plan. The Plan is intended to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code (“IRC”). The purpose of the Plan is to enable eligible employees to save for retirement.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and is designed as an ERISA Section 404(c) plan. Accordingly, the participants, and not the Plan fiduciaries, are responsible for investment decisions relating to investments offered under the Plan. Plan assets are invested in accordance with participant directions in mutual funds and money market funds managed by Fidelity Management Trust Company.

Eligibility

All Company employees who attain the age of 21 are eligible to participate in the Plan and may join effective the first day of the month following the date of hire.

Contributions

Participants may contribute a percentage of their eligible compensation and bonus, subject to certain limitations under the IRC. The Plan provides that the Company makes a matching contribution equal to the participant contribution, not to exceed 4% of each participant’s eligible compensation.

Participant Accounts

Each participant’s account is credited with the participant’s salary deferral contribution and an allocation of employer contributions, Plan net earnings and losses, and administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting

Participants are immediately vested in their pre-tax account, any rollover accounts from other qualified plans, Company matching contributions, and any earnings thereon.

Income, Inc. 401(k) Plan

Notes to Financial Statements

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions between any combination of mutual funds and a money market fund offered by the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of one-half of their vested account balance or \$50,000. All notes must be repaid over a term not to exceed five years, unless the note is for the purchase of a primary residence, in which case the note may be for a maximum of up to 10 years. Participants are allowed only one outstanding note at a time. The notes are secured by the participant's vested account balance and bear interest at a rate commensurate with prevailing rates as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for notes which would be made under similar circumstances. The interest rate on all outstanding notes was 4.25% as of December 31, 2015. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or for any other reason, a participant can elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. The Plan also allows hardship withdrawals to participants meeting certain criteria. Upon execution of a hardship withdrawal, participant deferrals are suspended for a period of six months.

Upon termination, if the participant's vested benefit under the Plan does not exceed \$1,000, then the Plan Administrator may direct the trustee to make a single lump sum distribution to the participant without prior written consent. If the vested benefit under the Plan exceeds \$1,000, then the participant must consent to the distribution before it may be made.

Administrative Expenses

The Company pays substantially all administrative expenses associated with the administration of the Plan. Fees paid by the Plan are for participant-requested services.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

income, Inc. 401(k) Plan

Notes to Financial Statements

Risks and Uncertainties

The Plan allows participants to direct contributions into various mutual funds and a money market fund. The underlying securities of these funds are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain underlying securities and the level of uncertainty related to changes in the value of the funds, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments in mutual funds and money market accounts are stated at fair value, using quoted market prices which represent the net asset values of the shares held at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the statements of changes in net assets available for benefits, as income or loss, the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized annual appreciation or depreciation in those investments.

Notes Receivable from Participants

Notes receivable from participants are valued at amortized cost, plus any accrued and unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefits Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures; and III. Measurement Date Practical Expedient*. This three-part ASU simplifies current benefit plan accounting and requires (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements; (iii) the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. Further, the amendments in this ASU eliminate the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value ("NAV") per share using the practical expedient in the FASB ASC Topic 820. Part III of the ASU provides a practical expedient to permit employee benefit plans to measure investments and investment related accounts as of the month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end, while requiring certain additional disclosures. The amendments in Parts I and II of this

Income, Inc. 401(k) Plan

Notes to Financial Statements

standard are effective retrospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. The amendments in Part III of this standard are effective prospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. The Plan administrator does not expect this ASU to have a material impact on the Plan's financial statements.

3. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

<i>December 31,</i>	2015		2014
Money market fund	\$ 122,769	\$	120,093
Mutual funds	7,352,198		7,452,486
	\$ 7,474,967	\$	7,572,579

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

4. Investments

The following presents investments that represent five percent or more of the Plan's net assets available for benefits:

<i>December 31,</i>	2015	2014
Fidelity Freedom 2050 Fund	\$ 1,199,542	\$ 1,255,126

*Investment is below 5% of the Plan's net assets available for benefits as of the date indicated.

**As of June 14, 2016 this fund changed its name from Spartan Total Market Index Fund to the Fidelity Total Market Index Fund.

5. Fair Value Measurements

U.S. GAAP has established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The tables below set forth by level within the fair value hierarchy the Plan assets as of December 31, 2015 and 2014:

Investment Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total

Mutual funds	7,452,486	-	-	7,452,486

Mutual funds are valued at quoted market prices which represent the value of shares held by the Plan at year end.

6. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, the trustee of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee were \$2,925 and \$4,079 for the years ended December 31, 2015 and 2014, respectively.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their Company contributions.

8. Income Tax Status

In a letter furnished to the Plan record keeper dated March 31, 2008, the Internal Revenue Service determined that the prototype of the plan used to develop the Plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Company adopted the prototype plan and the Plan has since been amended. However, the Plan administrator believes that the Plan is designed and currently operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. Partial Plan Termination

As a result of reductions of the Plan Sponsor's workforce in 2015, the Plan experienced a partial plan termination as defined by ERISA. Under ERISA, a partial plan termination may occur if a significant percentage of the Plan participants are terminated because of an action taken by the Plan Sponsor. If a partial plan termination occurs, full vesting is required for the terminated participants, but the remaining participants' vesting continues to be determined according to the plan provisions.

All terminated employees who were participants in the Plan were fully vested in their account balances at the date of the partial plan termination.

Notes to Financial Statements

1. Description of the Plan

The following description of the inome, Inc. 401(k) Plan (the “Plan”) provides summarized general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan’s provisions.

Effective February 1, 2016, the inome, Inc. 401(k) Plan changed its name to the Intelius, Inc. 401(k) Plan.

General

The Plan provides certain benefits to the employees of inome, Inc. and subsidiaries (collectively, the “Company”). The Plan is sponsored by inome, Inc., whose subsidiaries are participating employers (“Participating Employer”) in the Plan. The Plan is intended to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code (“IRC”). The purpose of the Plan is to enable eligible employees to save for retirement.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and is designed as an ERISA Section 404(c) plan. Accordingly, the participants, and not the Plan fiduciaries, are responsible for investment decisions relating to investments offered under the Plan. Plan assets are invested in accordance with participant directions in mutual funds and money market funds managed by Fidelity Management Trust Company.

Eligibility

All Company employees who attain the age of 21 are eligible to participate in the Plan and may join effective the first day of the month following the date of hire.

Contributions

Participants may contribute a percentage of their eligible compensation and bonus, subject to certain limitations under the IRC. The Plan provides that the Company makes a matching contribution equal to the participant contribution, not to exceed 4% of each participant’s eligible compensation.

Participant Accounts

Each participant’s account is credited with the participant’s salary deferral contribution and an allocation of employer contributions, Plan net earnings and losses, and administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting

Participants are immediately vested in their pre-tax account, any rollover accounts from other qualified plans, Company matching contributions, and any earnings thereon.

Income, Inc. 401(k) Plan
Notes to Financial Statements

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions between any combination of mutual funds and a money market fund offered by the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of one-half of their vested account balance or \$50,000. All notes must be repaid over a term not to exceed five years, unless the note is for the purchase of a primary residence, in which case the note may be for a maximum of up to 10 years. Participants are allowed only one outstanding note at a time. The notes are secured by the participant's vested account balance and bear interest at a rate commensurate with prevailing rates as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for notes which would be made under similar circumstances. The interest rate on all outstanding notes was 4.25% as of December 31, 2015. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or for any other reason, a participant can elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. The Plan also allows hardship withdrawals to participants meeting certain criteria. Upon execution of a hardship withdrawal, participant deferrals are suspended for a period of six months.

Upon termination, if the participant's vested benefit under the Plan does not exceed \$1,000, then the Plan Administrator may direct the trustee to make a single lump sum distribution to the participant without prior written consent. If the vested benefit under the Plan exceeds \$1,000, then the participant must consent to the distribution before it may be made.

Administrative Expenses

The Company pays substantially all administrative expenses associated with the administration of the Plan. Fees paid by the Plan are for participant-requested services.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

income, Inc. 401(k) Plan

Notes to Financial Statements

Risks and Uncertainties

The Plan allows participants to direct contributions into various mutual funds and a money market fund. The underlying securities of these funds are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain underlying securities and the level of uncertainty related to changes in the value of the funds, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments in mutual funds and money market accounts are stated at fair value, using quoted market prices which represent the net asset values of the shares held at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the statements of changes in net assets available for benefits, as income or loss, the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized annual appreciation or depreciation in those investments.

Notes Receivable from Participants

Notes receivable from participants are valued at amortized cost, plus any accrued and unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefits Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures; and III. Measurement Date Practical Expedient*. This three-part ASU simplifies current benefit plan accounting and requires (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements; (iii) the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. Further, the amendments in this ASU eliminate the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value ("NAV") per share using the practical expedient in the FASB ASC Topic 820. Part III of the ASU provides a practical expedient to permit employee benefit plans to measure investments and investment related accounts as of the month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end, while requiring certain additional disclosures. The amendments in Parts I and II of this

Income, Inc. 401(k) Plan

Notes to Financial Statements

standard are effective retrospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. The amendments in Part III of this standard are effective prospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. The Plan administrator does not expect this ASU to have a material impact on the Plan's financial statements.

3. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

<i>December 31,</i>	2015		2014
Money market fund	\$ 122,769	\$	120,093
Mutual funds	7,352,198		7,452,486
	\$ 7,474,967	\$	7,572,579

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

4. Investments

The following presents investments that represent five percent or more of the Plan's net assets available for benefits:

<i>December 31,</i>	2015	2014

Fidelity Freedom 2045 Fund	*	399,939

*Investment is below 5% of the Plan's net assets available for benefits as of the date indicated.

**As of June 14, 2016 this fund changed its name from Spartan Total Market Index Fund to the Fidelity Total Market Index Fund.

5. Fair Value Measurements

U.S. GAAP has established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The tables below set forth by level within the fair value hierarchy the Plan assets as of December 31, 2015 and 2014:

Investment Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 122,769	\$ -	\$ -	122,769

Total Investments, at fair value	\$ 7,474,967	\$ -	\$ -	7,474,967

income, Inc. 401(k) Plan

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 120,093	\$ -	\$ -	120,093
Mutual funds	7,452,486	-	-	7,452,486
Total Investments, at fair value	\$ 7,572,579	\$ -	\$ -	7,572,579

Mutual funds are valued at quoted market prices which represent the value of shares held by the Plan at year end.

6. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, the trustee of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee were \$2,925 and \$4,079 for the years ended December 31, 2015 and 2014, respectively.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their Company contributions.

8. Income Tax Status

In a letter furnished to the Plan record keeper dated March 31, 2008, the Internal Revenue Service determined that the prototype of the plan used to develop the Plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Company adopted the prototype plan and the Plan has since been amended. However, the Plan administrator believes that the Plan is designed and currently operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. Partial Plan Termination

As a result of reductions of the Plan Sponsor's workforce in 2015, the Plan experienced a partial plan termination as defined by ERISA. Under ERISA, a partial plan termination may occur if a significant percentage of the Plan participants are terminated because of an action taken by the Plan Sponsor. If a partial plan termination occurs, full vesting is required for the terminated participants, but the remaining participants' vesting continues to be determined according to the plan provisions.

All terminated employees who were participants in the Plan were fully vested in their account balances at the date of the partial plan termination.

The late remittances are included in Form 5500, Supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2015, which has been attached as a Supplemental Schedule to these financial statements.

The Plan Sponsor is currently in the process of remediating the participant and employer match missed contributions through the IRS Self Correction Program utilizing the Voluntary Fiduciary Correction Program Online Calculator. The Plan Sponsor has further implemented procedures to help ensure all future remittances are made within the prescribed time period.

11. Subsequent Events

Effective February 1, 2016, the inome, Inc. 401(k) Plan changed its name to the Intelius, Inc. 401(k) Plan.

Notes to Financial Statements

1. Description of the Plan

The following description of the inome, Inc. 401(k) Plan (the “Plan”) provides summarized general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan’s provisions.

Effective February 1, 2016, the inome, Inc. 401(k) Plan changed its name to the Intelius, Inc. 401(k) Plan.

General

The Plan provides certain benefits to the employees of inome, Inc. and subsidiaries (collectively, the “Company”). The Plan is sponsored by inome, Inc., whose subsidiaries are participating employers (“Participating Employer”) in the Plan. The Plan is intended to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code (“IRC”). The purpose of the Plan is to enable eligible employees to save for retirement.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and is designed as an ERISA Section 404(c) plan. Accordingly, the participants, and not the Plan fiduciaries, are responsible for investment decisions relating to investments offered under the Plan. Plan assets are invested in accordance with participant directions in mutual funds and money market funds managed by Fidelity Management Trust Company.

Eligibility

All Company employees who attain the age of 21 are eligible to participate in the Plan and may join effective the first day of the month following the date of hire.

Contributions

Participants may contribute a percentage of their eligible compensation and bonus, subject to certain limitations under the IRC. The Plan provides that the Company makes a matching contribution equal to the participant contribution, not to exceed 4% of each participant’s eligible compensation.

Participant Accounts

Each participant’s account is credited with the participant’s salary deferral contribution and an allocation of employer contributions, Plan net earnings and losses, and administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting

Participants are immediately vested in their pre-tax account, any rollover accounts from other qualified plans, Company matching contributions, and any earnings thereon.

Income, Inc. 401(k) Plan

Notes to Financial Statements

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions between any combination of mutual funds and a money market fund offered by the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of one-half of their vested account balance or \$50,000. All notes must be repaid over a term not to exceed five years, unless the note is for the purchase of a primary residence, in which case the note may be for a maximum of up to 10 years. Participants are allowed only one outstanding note at a time. The notes are secured by the participant's vested account balance and bear interest at a rate commensurate with prevailing rates as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for notes which would be made under similar circumstances. The interest rate on all outstanding notes was 4.25% as of December 31, 2015. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or for any other reason, a participant can elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. The Plan also allows hardship withdrawals to participants meeting certain criteria. Upon execution of a hardship withdrawal, participant deferrals are suspended for a period of six months.

Upon termination, if the participant's vested benefit under the Plan does not exceed \$1,000, then the Plan Administrator may direct the trustee to make a single lump sum distribution to the participant without prior written consent. If the vested benefit under the Plan exceeds \$1,000, then the participant must consent to the distribution before it may be made.

Administrative Expenses

The Company pays substantially all administrative expenses associated with the administration of the Plan. Fees paid by the Plan are for participant-requested services.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

inome, Inc. 401(k) Plan

Notes to Financial Statements

Risks and Uncertainties

The Plan allows participants to direct contributions into various mutual funds and a money market fund. The underlying securities of these funds are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain underlying securities and the level of uncertainty related to changes in the value of the funds, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments in mutual funds and money market accounts are stated at fair value, using quoted market prices which represent the net asset values of the shares held at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the statements of changes in net assets available for benefits, as income or loss, the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized annual appreciation or depreciation in those investments.

Notes Receivable from Participants

Notes receivable from participants are valued at amortized cost, plus any accrued and unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefits Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures; and III. Measurement Date Practical Expedient*. This three-part ASU simplifies current benefit plan accounting and requires (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements; (iii) the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. Further, the amendments in this ASU eliminate the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value ("NAV") per share using the practical expedient in the FASB ASC Topic 820. Part III of the ASU provides a practical expedient to permit employee benefit plans to measure investments and investment related accounts as of the month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end, while requiring certain additional disclosures. The amendments in Parts I and II of this

Income, Inc. 401(k) Plan

Notes to Financial Statements

standard are effective retrospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. The amendments in Part III of this standard are effective prospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. The Plan administrator does not expect this ASU to have a material impact on the Plan's financial statements.

3. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

<i>December 31,</i>	2015		2014
Money market fund	\$ 122,769	\$	120,093
Mutual funds	7,352,198		7,452,486
	\$ 7,474,967	\$	7,572,579

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

<i>Years ended December 31,</i>	2015		2014

4. Investments

The following presents investments that represent five percent or more of the Plan's net assets available for benefits:

<i>December 31,</i>	2015	2014
Fidelity Freedom 2050 Fund	\$ 1,199,542	\$ 1,255,126
Fidelity Total Market Index**	595,349	496,561
Fidelity Small Cap Discovery Fund	445,277	541,131
Fidelity Freedom 2045 Fund	*	399,939

*Investment is below 5% of the Plan's net assets available for benefits as of the date indicated.

**As of June 14, 2016 this fund changed its name from Spartan Total Market Index Fund to the Fidelity Total Market Index Fund.

5. Fair Value Measurements

U.S. GAAP has established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The tables below set forth by level within the fair value hierarchy the Plan assets as of December 31, 2015 and 2014:

Investment Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 122,769	\$ -	\$ -	122,769
Mutual funds	7,352,198	\$ -	-	7,352,198
Total Investments, at fair value	\$ 7,474,967	\$ -	\$ -	7,474,967

inome, Inc. 401(k) Plan

Notes to Financial Statements

Investment Assets at Fair Value as of December 31, 2014				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 120,093	\$ -	\$ -	120,093
Mutual funds	7,452,486	-	-	7,452,486
Total Investments, at fair value	\$ 7,572,579	\$ -	\$ -	7,572,579

Mutual funds are valued at quoted market prices which represent the value of shares held by the Plan at year end.

6. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, the trustee of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee were \$2,925 and \$4,079 for the years ended December 31, 2015 and 2014, respectively.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their Company contributions.

8. Income Tax Status

In a letter furnished to the Plan record keeper dated March 31, 2008, the Internal Revenue Service determined that the prototype of the plan used to develop the Plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Company adopted the prototype plan and the Plan has since been amended. However, the Plan administrator believes that the Plan is designed and currently operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. Partial Plan Termination

As a result of reductions of the Plan Sponsor's workforce in 2015, the Plan experienced a partial plan termination as defined by ERISA. Under ERISA, a partial plan termination may occur if a significant percentage of the Plan participants are terminated because of an action taken by the Plan Sponsor. If a partial plan termination occurs, full vesting is required for the terminated participants, but the remaining participants' vesting continues to be determined according to the plan provisions.

All terminated employees who were participants in the Plan were fully vested in their account balances at the date of the partial plan termination.

10. Prohibited Transactions - Delinquent Transmittal

During the year ended December 31, 2015, the Plan Sponsor identified one late participant deferral. The late remittances are included in Form 5500, Supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2015, which has been attached as a Supplemental Schedule to these financial statements.

The Plan Sponsor is currently in the process of remediating the participant and employer match missed contributions through the IRS Self Correction Program utilizing the Voluntary Fiduciary Correction Program Online Calculator. The Plan Sponsor has further implemented procedures to help ensure all future remittances are made within the prescribed time period.

11. Subsequent Events

Effective February 1, 2016, the inome, Inc. 401(k) Plan changed its name to the Intelius, Inc. 401(k) Plan.

The Plan has evaluated subsequent events through October 13, 2016, which is the date on which the financial statements were available to be issued.
