Comfort Home Care 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Comfort Home Care 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with U.S. generally accepted auditing standards. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by MG Trust Company d.b.a Matrix Trust Company and Ascensus Trust Company, the trustees, except for comparing such information with the related information included in the financial statements and supplementary schedule. We have been informed by the plan administrator that Ascensus Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2015 and for the period from August 17, 2015 to December 31, 2015 and MG Trust Company d.b.a Matrix Trust Company held the Plan's investment assets and executed investment transactions for the period from January 1, 2015 to August 16, 2015. The plan administrator has obtained certifications from the trustees as of December 31, 2015 that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2015 financial statements referred to in the first paragraph.

Other Matter

The supplementary schedule of assets (held at end-of-year) as of December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplementary schedule referred to above.

Other Matter - 2014 Financial Statements

The financial statements of the Plan as of December 31, 2014 were audited by Brad Borbidge, P.A., who subsequently merged with Berry Dunn McNeil & Parker, LLC. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by MG Trust Company, the trustee of the Plan. Their report dated October 13, 2015 indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, were presented in compliance with Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplementary schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

COMFORT HOME CARE 401(K) PLAN

Notes to Financial Statements

December 31, 2015 and 2014

1. Description of Plan

The following description of Comfort Home Care 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Comfort Home Care, LLC (the Company). Employees of the Company who have attained 21 years of age are eligible to participate in the Plan after completing one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective August 17, 2015, Ascensus Trust Company became the trustee of the Plan. Before August, 17, 2015, MG Trust Company d.b.a Matrix Trust Company was the trustee of the Plan.

Contributions and Vesting

Participants may contribute up to 100% of eligible compensation, as defined in the plan document, to the Plan, subject to the limitations established by the Internal Revenue Code (the Code). In addition, participant contributions may also consist of rollovers from other qualified retirement plans. Participants are immediately vested in their elective deferrals and any rollover contributions.

The Plan allows for an employer discretionary non-elective contribution. To date, the Company has not approved a non-elective contribution to the Plan. A participant's vested interest in their account derived from employer contributions is based on a five-year vesting schedule.

Participant Accounts

Individual accounts are maintained for each participant and are credited with the participant's and employer's contributions and an allocation of investment income. A participant's account shall be reduced by any distributions, investment losses and certain administrative expenses. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Investments

Upon enrollment in the Plan, a participant may direct his or her account balance among the various investments offered by the Plan. The Plan currently offers several mutual funds and a money market fund.

COMFORT HOME CARE 401(K) PLAN

Notes to Financial Statements

December 31, 2015 and 2014

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 reduced by the excess of the participant's highest outstanding balance of all loans during the prior year or 50% of their account balance. In the event a participant's vested account balance is less than \$20,000, the maximum loan amount shall not exceed the lesser of \$10,000 or 100% of the participant's vested account balance. Loan terms range from 1 to 5 years but may be longer if used for the purchase of a primary residence. Loans are secured by the balance of the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Benefits Paid to Participants

Amounts contributed to participant accounts by rollover from other qualified retirement plans may be distributed to participants at any time. No other amounts may be distributed to participants from their accounts prior to their termination of employment, death, disability or the attainment of age 59½, unless the participant has incurred a hardship, as defined by the Code.

Distributions of account balances are made in the form of lump sum distributions. A participant who terminates employment with a vested account balance of \$5,000 or less and elects to receive a distribution will receive an automatic rollover to an individual retirement account.

2. Summary of Significant Accounting Policies

Recently Adopted Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965)*. ASU 2015-12 reduces the complexity in employee benefit plan accounting and simplifies financial reporting and disclosure requirements. Among other changes to reporting and disclosure requirements, ASU 2015-12 eliminates the requirements to disclose (1) individual investments that represent 5% or more of net assets available for benefits, (2) the net appreciation or depreciation for investments by general type and (3) sub-classes of assets for fair value disclosures. The Plan elected to apply ASU 2015-12 for the year ended December 31, 2015 using retrospective application and, therefore, the 2015 and 2014 financial statements and related footnotes have been presented accordingly.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting and are presented in conformity with U.S. generally accepted accounting principles.

COMFORT HOME CARE 401(K) PLAN

Notes to Financial Statements

December 31, 2015 and 2014

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities, at the date of the financial statements. Actual results could differ from those estimates.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Net depreciation in the fair value of investments includes realized and unrealized gains and losses on the fair value of investments held by the Plan. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Management has considered transactions or events occurring through October 4, 2016, which is the date that the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.

3. Fair Value Measurement

FASB Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds: Valued at the quoted net asset value of shares held by the Plan at year-end.

Money market fund: Consists of investments in money market accounts valued at \$1 per share.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Parties-in-Interest

The Company provides certain accounting and administrative services to the Plan for which no fees are charged. The employees that provide these services are also participants of the Plan. Administration expenses consist of direct fees paid by the Plan for the investment management services, recordkeeping and trust services.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. Tax Status

The Company has adopted a prototype plan, which has received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. As a qualified plan, the Plan is exempt from federal and state income taxes.
