THE CONTRACTORS RETIREMENT PLAN

THE AUDITORS' COMMUNICATION WITH THOSE CHARGED WITH GOVERNANCE

FOR THE YEAR ENDED DECEMBER 31, 2015

To The Board of Trustees
The Contractors Retirement Plan

We have conducted a DOL limited-scope audit of the financial statements of The Contractors Retirement Plan (the "Plan") for the year ended December 31, 2015 and have issued our report thereon dated October 14, 2016. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit and certain information related to our audit findings.

Our Responsibility under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated April 22,2016, our responsibility, as described by professional standards, is to conduct our audit in accordance with auditing standards generally accepted in the United States of America except that, as permitted by Regulation 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by Plan management, we will not perform any auditing procedures with respect to information prepared and certified to by American National Bank of Texas, the trustee, in accordance with DOL Regulation 2520.103-5, other than comparing the information with the related information included in the financial statements. Our audit of the financial statements does not relieve you or management of your responsibilities.

Planned Scope and Timing of the Audit

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit involved judgment about the number of transactions to be examined and the areas to be tested.

Our audit included obtaining an understanding of the entity and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Material misstatements may result from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations, including prohibited transactions with parties-in-interest or other violations of ERISA rules and regulations, that are attributable to the Plan or to acts by management or employees acting on behalf of the Plan.

Professional standards also require that we communicate to you the following information related to our audit:

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by The Contractors Retirement Plan are described in Note 2 to the financial statements. Note the disclosure of the change in accounting principle in Note 2 relating to the early adoption of Part II of Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") No. 2015-12, which eliminates disclosures of (1) individual investments that represent 5% or more of net assets available for benefits, and (2) the net appreciation or depreciation for investments by general type. Aside from this change, no other new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2015. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

- Management's estimate of the Plan's investments is based on the fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. We evaluated the key factors and assumptions used to develop the fair value of Plan's investments in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

- The disclosure of fair value measurements in Note 4 to the financial statements using the fair value hierarchy of observable and unobservable inputs.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 14, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Board of Trustees and management of The Contractors Retirement Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

To The Board of Trustees
The Contractors Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Contractors Retirement Plan, which comprise the statement of net assets available for benefits at December 31, 2015 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by American National Bank of Texas, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that Nationwide Financial Services, Inc. (the "Custodian") holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2015, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, the Plan has adopted Financial Accounting Standards Board Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part II: Plan Investment Disclosures*, and has applied the standard retrospectively to all periods presented, as required. Part II of this ASU eliminates the requirement to disclose: (1) individual investments that represent 5% or more of net assets available for benefits, and (2) the net appreciation or depreciation for investments by general type. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Other Matter - 2014 Financial Statements

The statement of net assets available for benefits at December 31, 2014 was compiled by us. We did not audit or review the statement and, accordingly, do not express an opinion or provide any assurance about whether the statement is in accordance with auditing standards generally accepted in the United States of America.

Note 1 - Description of Plan

The following description of The Contractors Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or Summary Plan Description ("SPD") for a more complete description of the Plan's provisions.

General

The LandTek Group, Inc. (the "Sponsor") sponsors and administers the Plan. Investments of the Plan are held by Nationwide Financial Services Inc. (the "Custodian"). The Trustee of the Plan is American National Bank of Texas.

The Plan is a defined contribution plan covering all eligible employees of The LandTek Group, Inc. This Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established on January 1, 2015.

The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Master Trust

The Plan invests in a Master Trust. The Trustee is responsible for managing, holding and controlling the assets of the Master Trust for the Plan's benefit, among other fiduciary responsibilities. The Master Trust reports as a 103-12 Investment Entity, as defined under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's investments reported in these financial statements are the underlying assets of the Master Trust which consists of mutual funds.

The purpose of the Master Trust is the collective investment of the assets of participating employee benefit plans. The Trust's assets are allocated among participating plans by assigning to each plan those transactions (primarily contributions and benefit payments) which can be specifically identified and allocating among the plans (in proportion to the fair value of the assets assigned to each plan) the income and expenses resulting from the collective investment of the assets.

Contributions

All employees are eligible to participate in the Plan immediately upon the date of hire. An employer contribution will be made for each eligible participant while performing work covered by prevailing wage laws. The plan allows discretionary employer profit sharing contributions, employer prevailing wage contributions and employee rollover contributions.

Contributions into the Plan are based on the prevailing wage rate based on the jurisdictions the participant is working in.

The employer may make contributions in amounts to help satisfy the fringe benefit requirements of the prevailing wage laws.

Note 1 - Description of Plan (cont'd.)

Contributions (cont'd.)

The law imposes a maximum limit on the amount of contributions that may be made to a participant`s account and any other amounts allocated to any of the accounts during the Plan year, excluding earnings. Beginning in 2015, this total cannot exceed the lesser of $53,000 or 100% of the participant`s annual compensation. After 2015, the dollar limit may increase for cost-of-living adjustments.

Participant Accounts

Each participant's account is credited with the Sponsor's contribution and Plan earnings/losses on all contributions. Allocations are based on participant's earnings/losses or account balances, according to specific terms provided by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their account balance, which includes the Sponsor`s contributions and actual earnings/losses thereon.

Participants are vested in the Sponsor's contributions portion of their accounts based on years of service as follows:

Years of Service	Vesting Percentage
Less than 1	0%
At least 1 but less than 2	20%
At least 2 but less than 3	40%
At least 3 but less than 4	60%
At least 4 but less than 5	80%
At least 5 or more years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum equal to 50% of their vested account balance up to the DOL limit of $50,000. The loans generally must be repaid over a period no longer than five years, unless the funds are used to acquire a principal residence. The loans are collateralized by the balance in the participant`s account and bear interest at 3.25% and 4.25%.

Payment of Benefits

The Plan provides for normal retirement at 59 ½ years of age, or early retirement. The Plan permits distribution to participants upon termination of services after 90 days from termination, retirement at age 65, and disability or death immediately. Distribution of benefits to participants will be made in a partial, full lump sum or in installment payments.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Change in Accounting Principle

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Part II early. Accordingly, the amendments were applied retrospectively to all periods presented, resulting in changes to the prior-period disclosures to eliminate the disclosure of: (1) individual investments that represent 5% or more of net assets available for benefits, and (2) the net appreciation or depreciation for investments by general type. Parts I and III are not applicable to this Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Administrative expenses of maintaining the Plan are paid by the Plan Sponsor.

Note 3 - Information Prepared and Certified By Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by American National Bank of Texas, the trustee of the Plan, at December 31, 2015 and 2014 and for the year ended December 31, 2015. This information has not been audited by the independent auditors.

	2015	2014
Cash - participant loan line	$ 63,978	$ -
Investments held by Master Trust, at fair value:		
Mutual funds	$ 6,562,617	$ 5,043,060
Notes receivable from participants	$ 465,686	$ 387,975
Net depreciation in fair value of investments	$ (173,336)	
Interest income on notes receivable from participants	$ 16,465	

Note 4 - Fair Value Measurements

FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures* ("FASB ASC 820"), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4 - Fair Value Measurements (cont'd.)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2015 and 2014:

	Investments at Fair Value at December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,562,617	$ -	$ -	$ 6,562,617
Total Assets at Fair Value	$ 6,562,617	$ -	$ -	$ 6,562,617

	Investments at Fair Value at December 31, 2014 (Unaudited)			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,043,060	$ -	$ -	$ 5,043,060
Total Assets at Fair Value	$ 5,043,060	$ -	$ -	$ 5,043,060

Note 5 - Cash - Participant Loan Line

The Plans allows participants to allocate a portion of their account balances into a participant loan line. Participants can allocate a minimum of $1,000 up to the same maximum prescribed for notes receivable. The allocated funds are held in a separate money market account to be used as a loan line of credit that participants may borrow against by use of a dedicated debit card or other funding options. Each funding request by a participant becomes a participant loan receivable. These funds are shown as cash - participant loan line on the statement of net assets available for benefits. Loans are not collected by payroll deduction, as they are repaid directly by the participants, who receive a monthly bill. The interest charged on these loans is the same as that charged for notes receivable.

Note 6 - Related Party Transactions and Party-In-Interest Transactions

Notes receivable from participants qualify as party-in-interest transactions.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, the participants will become 100% vested in their accounts.

Note 8 - Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Sponsor by a letter dated April 29, 2014, that the Plan, based on its initial filing as a Prototype Plan, is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code ("IRC"). The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The Plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax benefit only if it is more likely than not that the tax position would be sustained upon examination by the IRS.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan started in 2014, and therefore from this date forward, the Plan is subject to income tax examinations.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Note 10 - Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 to the Form 5500:

Net assets available for benefits per the financial statements	$ 7,242,896
Adjustment for employer contributions receivable	(150,615)
Net assets available for benefits per the Form 5500	$ 7,092,281

Note 10 - Reconciliation of Financial Statements to the Form 5500 (cont'd.)

The following is a reconciliation of total additions per the financial statements for the year ended December 31, 2015 to the Form 5500:

Total additions per the financial statements	$	2,395,234
End of year contributions receivable		(150,615)
Total additions per the Form 5500	$	2,244,619

Note 11 - Subsequent Events

The Plan administrator has evaluated all events or transactions that occurred after December 31, 2015 through the date of these financial statements, which is the date that the financial statements were available to be issued. During this period, there were no material subsequent events requiring disclosure.
