NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the *403(b) Thrift Plan for Employees of United Way of Greater Toledo* (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Description of the Plan

General

The Plan is a defined contribution plan covering eligible employees of the *United Way of Greater Toledo* (the "Company") electing to participate in the Plan. Employees may enter the Plan on the first day of each month. The Plan, which was adopted effective April 1, 2015, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and provides for retirement, disability and death benefits.

The Plan was formed as a result of the termination of a previous defined contribution plan administered by the Company. Certain assets of the previous plan were transferred to the Plan on April 1, 2015. Balances transferred as part of the previous plan were fully vested and amounted to \$3,032,973.

Contributions

Contributions may be made on a pre-tax basis or as a Roth contribution on an after-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). The Plan agreement includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of pre-tax eligible compensation and their contributions invested in the Mutual of America Life Insurance Company ("Mutual of America") target date retirement fund which corresponds most closely to their normal retirement date. The Plan provides for a Company matching contribution equal to 100% of a participant's deferrals up to 5% of compensation. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers separate accounts and a general interest account as investment options for participants. All contributions are limited to maximum amounts allowed under the Internal Revenue Code ("IRC").

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contribution and Plan earnings based on investment options selected by the participant. Investment options included a variety of separate accounts and a guaranteed interest account sponsored by Mutual of America. Fees for certain distribution types are deducted from amounts paid to participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

403(B) THRIFT PLAN FOR EMPLOYEES OF UNITED WAY OF GREATER TOLEDO

NOTES TO FINANCIAL STATEMENTS

Vesting

Participants are immediately vested in their deferral contributions plus actual earnings thereon. The Company matching contributions are fully vested for employees hired before April 1, 2015, and for employees hired on or after April 1, 2015 they become 50% vested after one year of service, 75% after two years, and 100% after three years of service.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable may not be issued from a participant's Roth contribution account. Note terms generally range from one to five years but may be up to 10 years for the purchase of a primary residence. The notes receivable are secured by the balance in the participants' accounts and bear interest at rates ranging from 4.00% to 4.80%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, or total and permanent disability before retirement, a participant may elect to receive the full value of their vested account in the form of a lump-sum distribution, partial withdrawal or a specified payment option. Participants may also elect from several annuity options. If the participant's account balance is \$5,000 or less or if any annuity payable to the participant would be less than \$100 per month, payment can only be made in the form of a lump-sum. Upon termination of employment for any reason other than retirement, total and permanent disability or death, a participant is entitled to the entire vested interest in their account. Upon the death of a participant, the value of the account is paid to the named beneficiary in any form provided by the Plan. In-service withdrawals of participant contributions and earnings thereon may be elected by participants who have attained age 59½ or incurred a disability. The Plan also permits withdrawals of participant contributions in amounts necessary to satisfy a financial hardship.

The Plan was amended on August 17, 2016 to allow for a one-time mandatory distribution of all participant account balances not greater than \$5,000 at the time of the amendment. For the affected participants, if their vested balance is \$1,000 or less, payment will be made in a lump-sum without the participant's consent. If the balance is between \$1,000 and \$5,000 it will be rolled directly into an individual retirement account provided by Mutual of America.

Forfeited Accounts

Forfeiture accounts are to be used to reduce future employer cash contributions. There were no forfeited accounts used to reduce employer contributions in 2015. There was no unallocated forfeiture balance in the Plan at December 31, 2015.

403(B) THRIFT PLAN FOR EMPLOYEES OF UNITED WAY OF GREATER TOLEDO

NOTES TO FINANCIAL STATEMENTS

Administrative Expenses

The Plan's administrative expenses, including audit and other professional fees, and salaries related to the administration of the Plan, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid by the Company are excluded from these financial statements. Fees for investment management services are paid by the Plan through an addition to net depreciation in fair value of separate accounts. Participants are charged directly for fees related to certain distribution types.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation in fair value of separate accounts includes the Plan's aggregate gains and losses on such accounts bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected as an addition to net depreciation in the fair value of such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default based upon terms of the Plan agreement, the participant note receivable is reduced and a benefit payment is recorded.

403(B) THRIFT PLAN FOR EMPLOYEES OF UNITED WAY OF GREATER TOLEDO

NOTES TO FINANCIAL STATEMENTS

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the Company.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*. This ASU removes the requirement to make certain disclosures as well as categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") as a practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Plan management has elected to adopt the ASU for the year ended December 31, 2015. Other than the change to disclosures, the adoption of this standard did not have a material impact on the financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Plan management has elected to adopt Part II early and, other than the change to disclosures, the early adoption of this standard did not have a material impact on the financial statements.

Subsequent Events

In preparing these financial statements, the Plan Administrator has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2015, the most recent statement of net assets available for benefits presented herein, through October 14, 2016, the date these financial statements were available to be issued. No significant events or transactions of this nature were identified other than previously disclosed above.

403(B) THRIFT PLAN FOR EMPLOYEES OF UNITED WAY OF GREATER TOLEDO

NOTES TO FINANCIAL STATEMENTS

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mutual of America, as trustee, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statement of net assets available for benefits as of December 31, 2015 (2) the December 31, 2015, supplemental schedule of assets (held at end of year), (3) the changes in fair value of the Plan's Level 3 assets in Note 3, and (4) the related investment activity reflected in the statements of changes in net assets available for benefits during 2015. Mutual of America has also certified the completeness and accuracy of notes receivable from participants and the related interest income as of and for the year ended December 31, 2015.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in markets that are not active;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy of each of the Plan's assets and liabilities is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

403(B) THRIFT PLAN FOR EMPLOYEES OF UNITED WAY OF GREATER TOLEDO

NOTES TO FINANCIAL STATEMENTS

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified.

Separate accounts: These investments are valued using the NAV of units held by the Plan at year-end as provided by the insurance company and are not assigned a level in the fair value hierarchy. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the account net of investment management fees. The practical expedient is not used when it is determined to be probable that the investment will be sold for an amount different than the reported NAV.

Guaranteed interest account: The guaranteed interest account is backed by the general account of Mutual of America that supports its insurance annuity obligations. No portion of its general account is attributable to a particular plan nor do plans have any undivided ownership interest in the general account assets. Specific underlying assets are not assigned and there is no market for this investment. The general account is valued at contract value, which is deemed to be equivalent to fair value. The valuation of the guaranteed interest account considered the credit-worthiness of Mutual of America and there is no reserve for credit risk as of December 31, 2015. This investment is classified as Level 3.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2015:

	Level 1	Level 2	Level 3	Other (1)	Total
Mutual of America Group					
Annuity Contract					
Separate accounts	\$ -	\$ -	\$ -	\$ 2,112,186	\$ 2,112,186
Guaranteed interest account	-	-	912,860	-	912,860
Total investments at fair value	\$ -	\$ -	\$ 912,860	\$ 2,122,186	\$ 3,025,046

(1) Certain investments are measured at NAV per share (or its equivalent) on a non-active market and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

403(B) THRIFT PLAN FOR EMPLOYEES OF UNITED WAY OF GREATER TOLEDO

NOTES TO FINANCIAL STATEMENTS

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

The following table sets forth a summary of changes in the fair value of the guaranteed interest account, the Plan's Level 3 asset, for the year ended December 31, 2015:

Balance, beginning of year	\$ -
Purchases	74,827
Sales	(102,888)
Interested credited	6,232
Transfers from other plans	<u>934,689</u>
Balance, end of year	<u>\$ 912,860</u>

The following tables set forth the Plan's Level 3 financial instrument, the valuation technique used to measure its fair value, and the significant unobservable inputs and the ranges of values for those inputs at December 31, 2015:

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Weighted Average and/or Range of Significant Input Values
Mutual of America Interest Accumulation Account	\$ 912,860	Contract value	Guaranteed contract rates	1.00%

In estimating fair value of the investments classified as Level 3, Plan management utilizes the trustee. In substantiating the reasonableness of pricing data provided by the trustee, Plan management reviews existing contracts.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2015:

Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Separate accounts	\$ 2,112,186	\$ -	Daily	Daily

403(B) THRIFT PLAN FOR EMPLOYEES OF UNITED WAY OF GREATER TOLEDO

NOTES TO FINANCIAL STATEMENTS

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Mutual of America. Mutual of America is the trustee of the Plan and, therefore, related transactions qualify as party-in-interest. Fees paid by the Plan related to payment of benefits amounted to \$847 in 2015. Fees paid by the Plan for investment management services are added to net depreciation in fair value of separate accounts.

5. TAX STATUS

Under Section 403(b) of the IRC, the Plan and the trust established thereunder are not subject to federal income tax. The Plan Administrator believes the Plan is currently designed and being operated in compliance with applicable requirements of the IRC and that the Plan is qualified and the related trust is tax exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan, to the extent not used to pay Plan expenses, would be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. RISKS AND UNCERTAINTIES

The Plan invests in a group annuity contract consisting of separate accounts and a guaranteed interest account. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
