NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Merry X-Ray Chemical Corporation 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

(A) General:

The Plan was formed August 12, 1992 (and amended in subsequent years) as an Internal Revenue Code Section 401(k) profit sharing plan which covers substantially all full-time non-union employees of Merry X-Ray Chemical Corporation (the "Company"). Generally, all full-time employees are eligible to participate in the Plan after completion of one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(B) Contributions:

Upon completion of one year of service, as defined, participants may contribute up to 100% of their annual compensation, as defined, and generally limited to a calendar year maximum contribution of $18,000 and $17,500 for 2015 and 2014, respectively. Additionally, participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions limited to $6,000 and $5,500 for 2015 and 2014, respectively. The plan currently offers several mutual funds and participation in an insurance company contract as investment options for participants. During 2015 and 2014, the Company made discretionary matching contributions of up to 3% of compensation paid to officers and non-officers.

(C) Participant Accounts:

Each participant's account is credited with the participant's voluntary contribution and an allocation of (a) the Company's contribution and (b) Plan earnings (computed and allocated daily, as applicable). Allocations are based on employee earnings, or account balances, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

(D) Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their employer contributions.

(E) Investments:

Investments were held in trust, administered by the Trustee of the Plan, and are stated at fair value, using quoted prices at the end of each year.

NOTE 1 - DESCRIPTION OF THE PLAN - continued

(F) Vesting:

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary match is based on years of continuous service as follows:

Years of Service	Percentage of Account Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

(G) Payment of Benefits:

Upon termination of services, retirement or death, benefits shall be paid within 60 days following the close of the plan year during which a distribution is requested or otherwise payable.

(H) Death and Disability Benefits:

Upon death or disability of a participant before retirement or termination of employment, the participant's account balance becomes fully vested and will be paid to the designated beneficiary either in a lump sum or in installment payments as chosen by the beneficiary.

(I) Forfeited Accounts:

Non-vested contributions for terminated participants may be used to pay administrative expenses of the plan and any remaining forfeitures shall be used to reduce employer matching contributions. During the years ended December 31, 2015 and 2014 amounts forfeited were $16,744 and $26,938, respectively. At December 31, 2015 and 2014, the forfeiture account balance totaled $10,506 and $30,623 respectively.

(J) Participant Loans:

No participant loans are permitted.

(K) Plan Expenses:

Accounting and administrative expenses incurred in the administration of the Plan are allocated to the participant accounts.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

(A) Basis of Accounting:

The financial statements of the plan are prepared on the accrual basis of accounting.

(B) Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(C) Investment Valuation and Income Recognition:

The plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Shares of mutual funds are valued at the net asset value of shares held by the plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(D) Payment of Benefits:

Benefits are recorded when paid.

(E) Date of Management's Review:

Subsequent events were evaluated through October 11, 2016, which is the date the financial statements were available to be issued.

NOTE 3 - INCOME TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended and restated since receiving the determination letter. The plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code.

NOTE 3 - INCOME TAX STATUS - continued

Continued recognition as a qualified employee benefit plan exempts the Plan from most income taxes. However, non-compliance and possible income from non-exempt transactions may result in the Plan being subject to taxation in the U.S. and various states. Management is not aware of the existence of either of these conditions. Accordingly, no income tax expense is reflected in the accompanying financial statements. As of December 31, 2015, the Plan's tax year for 2011 and future years are subject to examination by tax authorities. No examinations were in progress as of December 31, 2015.

NOTE 4 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

NOTE 5 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for plan benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority and Level 3 consists of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs, when available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements:

Valuations are based on quoted prices in active markets for identical assets or liabilities.

Gains and losses (realized and unrealized) included in changes in net assets available for plan benefits for the years ended December 31, 2015 and 2014 are reported in net appreciation in fair value of investments.

NOTE 5 - FAIR VALUE MEASUREMENTS - continued

Level 2 Fair Value Measurements:

Valuations are based on quoted prices for similar assets or liabilities in active markets, or quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

The Plan has as an investment option participation in the Key Guaranteed Portfolio Fund, which is a contract with an insurance company. The Fund is backed by the general assets of Great-West Life & Annuity Insurance Company. The investment is structured to provide low risk, and has rates of return comparable to money market mutual funds. The Plan also maintains a small account for holding cash equivalent amounts, including forfeitures, with the insurance company. The valuation used in the accompanying financial statements is $1.00 per $1.00 invested, which is what is used for investment and liquidation purposes.

The following summarizes the activity in the Great-West Key Guaranteed Portfolio Fund for 2015 and 2014.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

During 2013, the company did not remit certain participant contributions to the plan in a timely manner, as defined by ERISA. These are considered nonexempt party-in-interest transactions. The amounts totaled $12,844 and the contributions were deposited during 2013 and 2014. The company contributed to the affected participants accounts to compensate for lost earnings due to the delays in January 2016.
