Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company (the Custodian), except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the information described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets (held at end of year) and delinquent participant contributions are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PROFIT-SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following description of the Rana USA Inc. 401(k) Profit-Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the published summary Plan booklet for a more complete description of the Plan's provisions.

General:

The Plan became effective on January 1, 2012. The Plan is a defined-contribution plan covering all employees of Rana USA Inc. (the Company) and participating affiliates as denoted in the Adoption Agreement. The purpose of the Plan is to enable eligible employees to save for retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan participation:

An employee of the Company shall become eligible to participate on the first day of the calendar month following the date on which the employee attains the age of 18 and completes three months of service. A monthly service credit is received when one hour of service is completed per a given month. On November 1, 2014, the Plan was amended to require no minimum service requirement.

Contributions:

Each year, participants may contribute up to the lesser of 90% of pre-tax annual compensation as defined in the Plan or the maximum amount as allowed by the Internal Revenue Code (the Code). Contributions can be made on a regular 401(k) "pre-tax" basis or on a ROTH 401(k) "after-tax" basis. Participants may also contribute rollover amounts representing distributions from other qualified plans.

Employees who elect deferral contributions to the Plan are also eligible for a 50% Company match. The Company matching contributions are allocated to participants according to the ratio of each participant's contributions to the total contributions for all participants in the Plan. The contribution is limited to the first 6% of compensation.

In addition, the Company may make an annual discretionary profit-sharing contribution in an amount to be determined at Plan year-end by the Companies' Board of Directors. A participant must be employed as of the last day of the Plan year to be eligible for a profit-sharing contribution. There were no discretionary profit-sharing contributions for the year ended December 31, 2015.

1. Description of the Plan (continued)

Contributions: (continued)

Other employer contributions represent corrective contributions to be made by the employer because they did not properly withhold 401(k) contributions from certain employees' compensation. At December 31, 2015, the Plan had other employer contributions receivable of $16,887.

Participant accounts:

Each participant's account is credited with the participant's contributions and allocations of (a) the Companies' contribution and (b) Plan earnings and decreased with the participant's withdrawal and allocations of administrative expenses. A participant directs his or her and the Companies' contributions in the various investment options offered by the Plan. Allocations are based on participant's earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

A participant's vested portion of the employer contribution amounts credited to his or her account is based on the number of years of service to the Companies. The vested portion is determined in accordance with the following schedule:

Years of service	Vested portion
Less than 2 years	0%
At least 2 years, but less than 3	20%
At least 3 years, but less than 4	40%
At least 4 years, but less than 5	60%
At least 5 years, but less than 6	80%
6 years or more	100%

Participants are vested immediately in their contributions plus earnings thereon.

Investment options:

The Plan currently offers a variety of mutual funds and a common collective trust as investment options for participants.

1. Description of the Plan (continued)

Payment of benefits:

A participant becomes entitled to benefits under the Plan upon normal retirement, death, disability or other termination of employment. Benefit payments are generally paid in a lump-sum as soon as practicable after employment with the Company has ended. Participants who terminate with account balances greater than $5,000 may elect to leave their account balances in the Plan.

Until such time as the funds are distributed, the participant is entitled to receive a pro-rata share of fund earnings. Benefits may also be paid directly to an eligible retirement plan as an eligible rollover distribution.

Participant loans:

A participant may borrow from their fund accounts amounts not to exceed the lesser of $50,000 or 50% of the vested portion of the balance with the minimum loan amount being $500. The term of all loans shall be 60 months or less (120 months for purchase of principal residence). If administratively available, up to three loans may be outstanding at any time, provided however, that only one loan with an initial term greater than 60 months may be outstanding at any time and provided further, that, to the extent required by regulations under Code Section 72(p), no more than two loans within a calendar year may be outstanding. All loans bear a reasonable rate of interest as determined by prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances.

Forfeitures:

If a participant terminates employment and is less than 100% vested in the employer account, then he or she may forfeit the non-vested portion of the employer account. A forfeiture will occur in the Plan year that a distribution of the entire vested account balance is received or after five consecutive one-year breaks in service if a distribution is not made. Forfeitures of employer matching contributions are used to reduce the Company's future matching contributions or to reduce administrative expenses. Forfeitures arising during the year ended December 31, 2015 totaled $10,229. The Company used $7,955 of accumulated forfeitures towards matching contributions during the year ended December 31, 2015. There were $2,294 and $20 forfeiture account balances at December 31, 2015 and 2014, respectively.

2. Summary of significant accounting policies

Basis of accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are stated at fair value. The fair values of marketable securities are based on quotations from national securities exchanges. Where marketable securities are not listed on an exchange, quotations are obtained from brokerage firms. Investment transactions are recorded on a trade-date basis and investment income is presented on an accrual basis.

Units of the common collective trust fund are valued based on the net asset value per shares as a practical expedient.

Administrative expenses:

All administrative costs, charges and expenses are paid by the Plan to the extent not paid by the Company.

Payment of benefits:

Benefits are recorded when paid.

2. Summary of significant accounting policies (continued)

Notes receivable from participants:

As described in Note 1, the Plan allows for participants to borrow against their vested account balance and the loan is secured by the participant's account balance. Participant loans are valued at their unpaid principal balance plus any accrued but unpaid interest. Participant loans are repaid ratably through regular payroll deductions and loan defaults are treated as distributions. The Plan is required to review the collectibility of the outstanding loan balances and record an allowance for loans determined to be uncollectible. As of December 31, 2015 and 2014, no allowance for uncollectible loans was deemed necessary.

Early adoption of accounting standards:

During the year ended December 31, 2015, management has elected to early adopt FASB ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures and (III) Measurement Date Practical Expedients (a consensus of the FASB Emerging Issues Task Force).*

The ASU removes the requirement that the Plan report individual investments that exceed 5% of net assets available for benefits. In addition, disaggregation of net appreciation and depreciation by general type is no longer required, but only required to be presented in the aggregate. Also, investments are no longer required to be disclosed by nature, characteristic and risk, but only required to be disclosed by general type. Finally, disclosure of the investment strategy is no longer required for investments that are recorded at fair value using the Net Asset Value practical expedient as permitted by ASC 820-10 and that are in a fund that directly files Form 5500 with the U.S. Department of Labor. This ASU was required to be adopted retrospectively. There was no effect on net assets available for plan benefits and changes in net assets available for plan benefits.

During the year ended December 31, 2015, management has elected to early adopt FASB ASU 2015-07, *Fair Value Measurement (Topic 820); Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent).* Investments measured at fair value using the net asset value per share practical expedient are no longer required to be categorized within the fair value hierarchy. This ASU was requirement to be adopted retrospectively. There was no effect on net assets available for plan benefits and changes in net asset available for plan benefits.

2. Summary of significant accounting policies (continued)

Reclassifications:

Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

3. Investments (information prepared and certified by Custodian)

The following information included in these financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by State Street Bank and Trust Company (the Custodian) at December 31, 2015 and 2014.

Fair value of investments of $1,351,198 and $799,224 at December 31, 2015 and 2014, respectively.

Notes receivable from participants of $23,813 and $23,152 are also certified by the Custodian at December 31, 2015 and 2014, respectively. The interest rate on these receivables was 5.25% in 2015 and 2014.

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian of the Plan has certified to the completeness and accuracy of the investments disclosed above and notes receivable from participants which are included in the statement of net assets available for plan benefits as of December 31, 2015 and 2014, the schedule of assets (held at end of year) at December 31, 2015 and related investment activity reflected in the statement of changes in net assets available for plan benefits for the year ended December 31, 2015.

During the year ended December 31, 2015, interest and dividend income totaled $66,418. The Plan's investments, consisting of mutual funds and a stable value fund (including investments bought, sold and held during the year), depreciated in value by $97,235 for the year ended December 31, 2015.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

4. Plan termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

5. Tax status of the Plan

The Company has received a favorable determination letter from the Internal Revenue Service dated March 31, 2008, stating that the Plan is in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is currently designed and is being operated in accordance with applicable rules and regulations of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. Party-in-interest transactions

State Street Bank and Trust Company is the Custodian of all the Plan assets and, therefore, fees paid to them qualify as party-in-interest transactions. Administrative fees totaled $2,075 for the year ended December 31, 2015.

7. Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to Schedule H of Form 5500:

December 31, 2015	
Net assets available for plan benefits per the financial statements	$ 1,364,098
Add: excess contributions liability	27,800
Less: Other employer contributions receivable	(16,887)
Net assets available for plan benefits per Form 5500	$ 1,375,011

7. Reconciliation of financial statements to Schedule H of Form 5500 (continued)

The following is a reconciliation of the net increase in net assets available for plan benefits per the financial statements to Schedule H of Form 5500:

Year ended December 31, 2015		
Net increase in net assets available for plan benefits per the financial statements	$	570,985
Plus: excess contributions liability		27,800
Plus: difference in net depreciation in fair value of investments		(249)
Minus: prior year excess contributions liability		(29,263)
Minus: other employer contributions		(16,887)
Net increase in net assets available for plan benefits per Form 5500	$	552,386

8. Risks and uncertainties

The Plan provides for various investment options in any combination of interests in registered investment entities. The underlying investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

9. Fair value measurements

The financial Accounting Standards Board Accounting Standards Codification 820 (FASB ASC 820) *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

9. Fair value measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Common collective trust fund: Valued at the NAV of shares held by the Plan. NAV is determined to be contract value, the value at which participants ordinarily transact. The practical expedient would not be used if it is determined to be probable that the Fund will sell the investment for an amount different from reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes that the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. In addition, the Company reports certain investments using the NAV per share as determined by certain funds known as the practical expedient.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Investments at fair value as of December 31, 2015:

December 31, 2015	**Level 1**	**Total**
Mutual funds	**$ 1,283,735**	**$ 1,283,735**
		1,283,735
Common collective trust fund measured at NAV*		**67,463**
Total investments at fair value		**$ 1,351,198**

9. Fair value measurements (continued)

Investments at fair value as of December 31, 2014:

December 31, 2014	Level 1	Total
Mutual funds	$ 782,171	$ 782,171
		782,171
Common collective trust fund measured at NAV*		17,053
Total investments at fair value		$ 799,224

*In accordance with Subtopic 820-10, certain investments that were measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for plan benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014:

Investment	**2015**	2014	Unfunded commitment	Redemption frequency	Redemption notice period
Common collective trust fund	**$ 67,463**	$ 17,053	N/A	Daily	None

10. Excess contributions refundable

At December 31, 2015 and 2014, payables of $27,800 and $29,263, respectively, were recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

11. Subsequent events

The Plan Administrator has reviewed and evaluated subsequent events from December 31, 2015, the financial statement date, through October 13, 2016, the date the financial statements were available to be issued. No events have occurred in this period that would be required to be recognized and/or disclosed in these financial statements as required by generally accepted accounting principles.
