Altoona Regional Health System 403(b) Plan

Notes to Financial Statements

December 31, 2015

1. Description of the Plan

The following description of Altoona Regional Health System 403(b) Plan (the Plan) provides general information about the Plan's provisions. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan under Section 403(b) of the Internal Revenue Code (IRC) covering all employees, except for non-leased employees of Altoona Regional Health System (the Employer and Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective December 31, 2014, the Plan was amended to discontinue participant and employer contributions, rollovers and transfers into the Plan, and on May 16, 2015, the Plan prohibited participants from taking new loans against their accounts. Participants continue to have access to their accounts, continue to receive earnings on their investments, and continue to earn vested service.

Contributions

Prior to December 31, 2014, each year, participants could contribute up to 100% of pretax annual compensation, as defined by the Plan, up to the maximum limits of the IRC. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Generally, participants who completed one year of service, as defined by the Plan, were eligible to receive an employer match equal to 25% of the participants' deferrals to the Plan up to a maximum of 4% of compensation and an employer discretionary contribution of 3% of compensation. Other enhanced employer contributions were provided to participants who met criteria specified in the Plan document. Additionally, the Plan provided for an employer discretionary contribution in an amount that may be equal to the accrued but unused sick leave for certain participants as of termination of employment.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis.

Effective after the plan freeze at December 31, 2014, each participant's account is credited with allocations of plan earnings and charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of his or her respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and rollovers plus actual earnings thereon. Participants become 100% vested in the Employer's matching and discretionary contributions at normal retirement date of 65 years of age or early retirement date of 55 years of age. In the event of termination of employment other than retirement, death or disability, a participant shall vest 100% in the Employer's matching and discretionary contribution after three years of credited service.

Transfers

Effective January 1, 2015, the Plan permits fully vested participants who participate in the UPMC 403(b) Retirement Savings Plan to elect a plan-to-plan transfer to the UPMC 403(b) Retirement Savings Plan.

Participant Loans

Prior to May 16, 2015, participants could borrow from their vested account balance. The loans are secured by the balance in the participant's account and bear reasonable interest established by the vendor, and interest is paid through payroll deductions. Loan repayable terms are over a period not to exceed five years.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Payment of Benefits

On termination of service due to death, disability, retirement, or termination, a participant may elect to receive either a lump-sum distribution or installments equal to the value of the participant's vested account.

Administrative Expenses

Administrative expenses are paid by the Employer, except for certain trustee fees, which are paid by the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments held by the Plan (except for fully benefit-responsive investment contracts) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

New Accounting Pronouncement

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of the ASU eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III of the ASU allows a plan with a fiscal year-end that doesn't coincide with the end of a calendar month to measure its investments and investment-related accounts using the month-end closest to its fiscal

year-end. The ASU is effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early. Part III is not applicable to the Plan.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2015 and 2014, and net (depreciation) appreciation in fair value of investments, dividends and interest income on notes receivable from participants for the years ended December 31, 2015 and 2014, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the trustees of the Plan, Lincoln Financial Group Trust Company, LLC as of December 31, 2015, and for the period of April 1, 2015 through December 31, 2015, and Wilmington Trust as of December 31, 2014, and for the year then ended and for the period of January 1, 2015 through March 31, 2015.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active

Altoona Regional Health System 403(b) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management’s own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value by the Plan.

Mutual funds: valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets carried at fair value:

Assets at Fair Value Measurements as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,716,314	\$ –	\$ –	\$ 13,716,314

Altoona Regional Health System 403(b) Plan

Notes to Financial Statements (continued)

5. Fully Benefit-Responsive Investment Contracts With Insurance Company

The Plan invests in the Lincoln Stable Value Account, a fully benefit-responsive investment contract (a traditional investment contract) with Lincoln National Life Insurance Company. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer with a minimum guaranteed interest rate of 1%. The crediting rate is reviewed on a quarterly basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by the participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

No event would result in the Plan not being able to receive contract value over a five-year installment period.

Any of the following events could trigger termination by the issuer, resulting in the Plan not being able to receive immediate contract value: (1) any charges billed to the contract owner haven't been paid to Lincoln National Life Insurance Company within 30 days, (2) the plan ceases to meet the requirements of the Internal Revenue Code for purchasers of this contract, (3) at any time following the end of the third contract year, the contract owner's account balance is less than \$15,000, (4) at any time following the end of the third contract year, there is no deposit activity for a 24-consecutive-month period and the contract owner's account balance is less than \$50,000, (5) the contract owner fails to furnish requested information or other documentation, (6) Lincoln National Life Insurance Company discovers any misrepresentation of material information, (7) Lincoln National Life Insurance Company discontinues offering this contract form to the public, (8) the Plan terminates its recordkeeping agreement with Lincoln National Life Insurance Company.

The contract with Lincoln National Life Insurance Company does not have a termination date.

Altoona Regional Health System 403(b) Plan

Notes to Financial Statements (continued)

6. Related-Party and Party-in Interest Transactions

Certain of the Plan's investments are managed by the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

7. Plan Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the Code) and therefore, it is not currently eligible to receive a determination letter from the Internal Revenue Service (IRS). The Plan is required to operate in conformity with the Code to maintain its qualification under Section 403(b). The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 or 2014, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

Management evaluated subsequent events for the Plan through October 14, 2016 the date the financial statements were available to be issued.
