INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Rite Aid Corporation 401(k) Plan
For Collectively Bargained Associates
Harrisburg, Pennsylvania

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Rite Aid Corporation 401(k) Plan For Collectively Bargained Associates (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Matrix Trust Company and T. Rowe Price Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Matrix Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2015 and for the period of January 1, 2015 to December 31, 2015, and that the T. Rowe Price Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2014. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, in 2015 the Plan retrospectively adopted Financial Accounting Standards Board Accounting Standards Update ("ASU") No. 2015-07, Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent) and ASU No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965). Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule listed in the Table of Contents is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RITE AID CORPORATION 401(K) PLAN FOR COLLECTIVELY BARGAINED ASSOCIATES

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2015 AND 2014, AND FOR THE YEAR ENDED DECEMBER 31, 2015

1. DESCRIPTION OF THE PLAN

The following brief description of the Rite Aid Corporation 401(k) Plan for Collectively Bargained Associates (the "Plan") is provided for general informational purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General—The Plan is a defined contribution plan sponsored by Rite Aid Corporation (the "Plan Sponsor"). An individual account is established for each participant and provides benefits that are based on (a) amounts contributed to the participant's account by the employee, (b) investment earnings (losses), and (c) any administrative expenses charged to participant accounts, if any.

Matrix Trust Company serves as Plan trustee. The Employee Benefits Administration Committee is the Plan administrator (the "Plan Administrator") and is responsible for the preparation of the Plan's financial statements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2015 the Record Keeper for the Plan changed from T. Rowe Price to Aon Hewitt and the Trustee for the Plan changed from T. Rowe Price to Wilmington Trust (now known as Matrix Trust Company).

Participation—The Plan includes employees covered by collective bargaining agreements who have negotiated for this plan, as defined in the Plan. Eligible employees for the non-match provision or Local 614 must have completed one year of service (a twelve-month period when at least 1,000 hours are credited) and have attained age 21. Eligible employees for the match provision, other than Local 614, must have completed 90 days of service and have attained age 21.

Contributions—For employees who have bargained for an employer match, the Plan Sponsor matches 100% of a participant's pretax payroll contribution, up to a maximum of 2% of such participant's pretax compensation. Thereafter, the Plan Sponsor will match 50% of the participant's additional pretax payroll contributions, up to a maximum of 2% of such participant's additional pretax annual compensation. Participants may also contribute, or rollover, amounts representing distributions from another qualified defined benefit or defined contribution plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Investment Options—The Plan provides participants with the option of investing the participant's account balances into various investment options contained within the Master Trust. The Plan currently offers four mutual funds, six custom funds, twelve common/collective trusts, and a stable value fund.

The Plan's custom funds are custom investment options created specifically for the Plan by Northern Trust Global Advisors, Inc. The custom fund is an unregistered custom account maintained by the trustee. The performance of the custom fund is based on the performance of the underlying mutual funds which are registered in the market.

Payment of Benefits—Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's account or installment payments. Benefits are payable upon retirement, termination of employment, or the death or disability of the participant. In certain circumstances, benefits may be paid to a participant prior to termination of employment.

Notes Receivable from Participants—A participant may elect to borrow against the participant's vested balance at a reasonable rate of interest as defined in the Plan. A participant may borrow up to 50% of the participant's vested balance, with a maximum loan of \$50,000. A participant may only have one loan outstanding at any time.

Vesting—Participants are immediately vested in all contributions credited to the participant's accounts, plus actual earnings (losses) thereon.

Forfeited Accounts—At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$0 and \$3,745 respectively. These forfeited amounts may, among other uses, be used to reduce future employer contributions and pay certain administrative expenses. During the year ended December 31, 2014, employer contributions were reduced by forfeited non-vested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Risks and Uncertainties—The plan utilizes various investment instruments, including registered investment companies and a stable value fund. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported changes to the Plan's net assets available for benefits during the reporting period. Actual results may differ from those estimates and assumptions.

The Plan invests in mutual funds, common/collective trusts, corporate stocks and the stable value fund ("SVF"). Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition—The Plan's investments in the Rite Aid Master Retirement Savings Trust are stated at fair value, which has been determined based on the fair value of the underlying investments of the Master Trust. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Money market funds are stated at amortized cost, which approximates fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end.

Common collective trust funds are stated at net asset value as determined by the issuer of the common collective trust funds by using the practical expedient.

The stable value fund is a custom investment which is made up of a fully benefit responsive synthetic guaranteed contract ("GIC") issued by Prudential Insurance Company of America ("Prudential") and an investment in the T. Rowe Price Stable Value Common Trust Fund, on an approximate 50%-50% basis. The synthetic GIC is made up of a group annuity contract and a portfolio of assets owned by the plan and designee. The fair value of the synthetic GIC portion of the SVF is based on the fair value of the underlying investments and the wrapper contract and then adjusted to arrive at contract value, which represents principle plus accrued interest. The Common Trust Fund portion of the SVF is based on the net asset value ("NAV") of the underlying asset portfolio which is further discussed in footnote 4 below. In accordance with GAAP, the stable value fund is included at contract value in participant-directed investments in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

The common collective trust funds and the stable value fund may invest in fixed interest insurance investment contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds, and other fixed income securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals.

Purchases and sales of securities are recorded on a trade-date basis. Realized gain or loss on investment transactions is determined using the first-in, first-out method; investment transactions are recorded at the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Valuation of Investment(s) Contracts—The Plan offers the SVF as an investment option, which as discussed above consists of a synthetic GIC. Interest on the synthetic GIC portion of the SVF is credited daily. Prudential declares an annual interest rate on a quarterly basis and credits one-fourth of that amount on a quarterly basis. The synthetic GIC portion of the SVF is deemed to be fully benefit responsive; therefore, it is presented at contract value.

Administrative Expenses—Plan fees and expenses related to account maintenance, transaction, and investment fund management may be allocated to participant accounts. Under the terms of the Plan document, costs relating to Plan administration may be paid by the Plan Sponsor or paid from Plan forfeitures. For the year ended December 31, 2015, participant accounts have paid substantially all administrative expenses.

Adoption of New Accounting Standards—In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III permits plans to elect a practical expedient of using, as an alternative measurement date for plan investments (and investment-related accounts such as a liability for a pending trade with a broker), the month-end closest to the plan's fiscal year-end when the fiscal year-end does not coincide with a month-end. Any contributions, distributions, or other significant events occurring between the employee benefit plan's fiscal year-end and the alternative measurement date should be disclosed. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to early adopt Parts I and II. Part III is not applicable to the Plan.

In May 2015, the FASB issued ASU No. 2015-07, *Fair Value Measurement (Topic 820) Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. Topic 820, Fair Value Measurement, permits a reporting entity, as a practical expedient, to measure the fair value of certain investments using the net asset value per share of the investment. This ASU removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The ASU also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted. Management has elected to early adopt ASU 2015-07. The adoption of ASU 2015-07 did not have a material impact on the Plan's financial statements and has been applied retrospectively to prior periods presented.

Subsequent Events—Subsequent events were evaluated through October 13, 2016, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

The Plan's investments are held in a Master Trust that was established for the investment of assets of the Plan and several other Company sponsored retirement plans. The assets of the Master Trust are held by Matrix Trust Company ("Trustee") as of and for the period ended December 31, 2015 and by T. Rowe Price as of December 31, 2014. A portion of the Plan's asset portfolio is segregated from the other participating plan's assets within the Master Trust whereas the remaining portion is commingled with other participating plan's assets for investment and administrative purposes. Although a portion of the assets of all

plans are commingled in the Master Trust, the Trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans. The net investment income and administrative expenses are allocated by the Trustee to each participating plan based on the relationship of the interest of each plan to the total of the interests of the participating plans. For the portion of assets that is segregated, the Plan does not have an undivided interest in each investment in the Master Trust. Rather, the Plan has a specific interest in each of these investments that differs from the overall percentage interest in the Master Trust.

In compliance with GAAP, the net change in value from participation in the Master Trust is reported as one line item in the accompanying statement of changes in net assets available for benefits and the Plan's interest in the Master Trust is reported as a single line item in the accompanying statements of net assets available for benefits for those investments at fair value and a single line item for those investments at contract value.

4. FAIR VALUE MEASUREMENTS

The Plan utilizes the three-level valuation hierarchy for the recognition and disclosure of fair value measurements.

The categorization of assets and liabilities within this hierarchy is based upon the lowest level of input that is significant to the measurement of fair value. The three levels of the hierarchy consist of the following:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2—Inputs to the valuation methodology are quoted prices for similar assets and liabilities in active markets, quoted prices in markets that are not active or inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the instrument.

Level 3—Inputs to the valuation methodology are unobservable inputs based upon management's best estimate of inputs market participants could use in pricing the asset or liability at the measurement date, including assumptions about risk.

The following is a description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds—The Plan measures its mutual funds that are exchange-traded using the fund's quoted price, which is in an active market. Therefore, these investments are classified within Level 1 of the valuation hierarchy.

Custom Funds—Custom funds are made up of two mutual funds. The Plan measures its mutual funds that are exchange-traded using the fund's quoted price. They are traded daily based on observable fair value at a net asset value (NAV) that is recalculated daily. Regardless of the underlying investments, as permitted under GAAP, the Company values their investment in the custom funds using the practical expedient of net asset value. There are no redemption restrictions on their investment in the custom funds and shares can be redeemed at net asset value on a daily basis without a notice period. In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy.

Common and Collective Trusts—Common and Collective Trusts are priced at trust NAV per unit, adjusted for trustee fees accrued daily (as applicable). Investments held by the trusts are stated at fair value in accordance with ASC Topic 820. Regardless of the underlying investments, as permitted under GAAP, the Company values their investment in the custom and collective trusts using the practical expedient of net asset value. There are no redemption restrictions on their investment in the custom funds and shares can be redeemed at net asset value on a daily basis without a notice period. In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy.

Stable Value Fund—Stable value fund is a blended investment consisting of the synthetic GIC and the stable value common trust fund. The fair value of the synthetic GIC is based on the underlying portfolio of fixed income securities whose value is derived from the observable inputs based on the pricing of similar instruments that are publicly traded. The stable value common trust fund has underlying investments that consist of cash equivalents, collective trust funds, GICs, and alternative investment contracts. Cash equivalents are short-term investment funds that have a maturity of 90 days or less and are valued at cost. The collective trust funds value is derived by their respective NAV. The collective trust funds consist of bonds and asset-backed securities whose value is derived from observable inputs based on the pricing of similar instruments that are publicly traded. GICs are valued based on their underlying securities, which consist of bonds whose value is derived from observable inputs, including London InterBank Offered Rate (LIBOR) forward interest rate curves. The bonds are valued based on the pricing of similar bonds that are publicly traded. In determining fair value, factors such as the benefit-responsiveness of the investment contracts and the ability of the parties to the investment contracts to perform in accordance with the terms of the contracts, such inputs were not significant to the valuation. Alternative investment contracts are valued based on their underlying securities, which consists of common funds consisting of bonds and asset-backed securities whose value is derived from observable inputs based on the pricing of similar instruments that are publicly traded. Regardless of the underlying investments, as permitted under GAAP, the Company values their investment in the stable value common trust fund using the practical expedient of net asset value. There are no redemption restrictions on their investment in the custom funds and shares can be redeemed at net asset value on a daily basis without a notice period. In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by Level within the fair value hierarchy a summary of the Master Trust's investments, and the corresponding Plan's interest in those investments, measured at fair value on a recurring basis at December 31, 2015 and 2014.

For the years ended December 31, 2015 and 2014, there were no significant transfers in or out of Levels 1, 2, or 3.

Other Financial Instruments—Other financial instruments not detailed above, employer and employee contributions receivable and notes receivable from participants, are recorded at book value, which the Plan believes approximates their fair values due to their short term nature.

5. SYNTHETIC GUARANTEED INVESTMENT CONTRACT

As part of the investment in the SVF, the plan provides a self-managed stable value investment option to participants that includes a synthetic guaranteed investment contract which simulates the performance of a guaranteed investment contract through an issuer's guarantee of a specific interest rate (the wrapper contract) and a portfolio of financial instruments that are owned by the plan. The synthetic GIC contract includes underlying assets which are held in trust owned by the plan and utilizes a benefit-responsive wrapper contract. The contract provides that participants execute plan transactions at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. The interest rates are reset quarterly based on market rates of other similar investments, the current yield of the underlying investments and the spread between the market value and contract value. Certain events such as plan termination or a plan merger initiated by the plan sponsor, may limit the ability of the plan to transact at contract value or may allow for the termination of the wrapper contract at less than contract value. The plan sponsor does not believe that any events that may limit the ability of the plan to transact at contract value are probable.

	2015	2014
Average yields:		
Based on annualized earnings ⁽¹⁾	1.30 %	1.14 %
Based on interest rate credited to participants ⁽²⁾	2.76	2.80

⁽¹⁾ Computed by dividing the annualized one-day actual earnings of the contract on the last day of the plan year by the fair value of the investments on the same date.

⁽²⁾ Computed by dividing the annualized one-day earnings credited to participants on the last day of the plan year by the fair value of the investments on the same date.

6. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 14, 2016 that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. Plan management believes that the Plan and the related trust is currently designed and operated in compliance with the applicable requirements of the IRC and continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax years 2013, 2014, and 2015 remain open to audit.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Matrix Trust, the trustee of the Plan. The transactions related to such investments qualify as party-in-interest transactions. The Plan Administrator does not consider benefits paid by the Plan to be party-in-interest transactions.

9. CONTINGENCY

In 2011, the Plan's Recordkeeper identified an operational failure across all clients serviced relating to certain loans that were not defaulted in a timely manner and certain loans that were amortized beyond the loan's maximum payoff date. On September 1, 2011, the Plan's Recordkeeper submitted a Group Submission for operational failures under the IRS's Voluntary Correction Program on behalf of all of its clients, requesting a compliance statement and approval of the correction method for the operational failures identified. The Plan Administrator believes that this operational failure did not affect the continuing qualification of the Plan; therefore, no provision for penalties, taxes, and remedial payments was accrued. Penalties, taxes, and remedial payments, if any, will not be material to the Plan and will be paid by the Plan Recordkeeper. On July 8, 2014 the IRS accepted the Recordkeeper's correction methods. All corrections were completed by December 24, 2014.

10. RECONCILIATION OF FINANCIALS TO FORM 5500

The reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2015, is as follows:

	2015	2014
Net assets available for benefits per the financial statements at contract value	\$ 28,443,128	\$ 28,041,157
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	<u>54,677</u>	<u>164,949</u>
Net assets available for benefits per Form 5500, Schedule H, Part I (line L)	<u>\$ 28,497,805</u>	<u>\$ 28,206,106</u>

For the year ended December 31, 2015, the following is a reconciliation of total income per the financial statements to the Form 5500:

Total contribution	\$ 2,731,551
Total investment income	208,673
Total interest income	41,635
Prior year adjustment from fair value to contract value for fully benefit-responsive investment contracts	(164,949)
Current year adjustment from fair value to contract value for fully benefit-responsive investment contracts	<u>54,677</u>
Total income per Form 5500, Schedule H, Part II (line 2d)	<u>\$ 2,871,587</u>

11. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through the date these financial statements were available to be issued. There were no subsequent events requiring recording or disclosure in the financial statements.
