S&S ACTIVEWEAR, LLC 401K RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2015 and 2014 and for the Year Ended December 31, 2015

NOTE 1 - Description of the Plan

The following description of the S&S Activewear, LLC 401K Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General

The Plan is a defined contribution plan covering all full time employees of S&S Activewear, LLC ("Company"), Americana Activewear, LLC, and Eva Activewear, LLC (collectively, the "Companies"). Employees are eligible to participate on the first day of January or the first day of July after completing one year of service and after attaining the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan adopted two amendments effective January 1, 2015. First, the Plan was amended to cover the employees of Eva Activewear, LLC under the same eligibility requirements as the employees of the Companies. Second, employees may enter the Plan on the first day of the quarter in which the service and age requirements are met.

Contributions

Participants may contribute pre-tax annual compensation up to limits as defined in the plan document. Participants are also permitted to make Roth contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants age 50 or older may contribute catch-up contributions. Contributions are subject to applicable limits of the Internal Revenue Code ("IRC"). Participants may change their elective deferrals on a quarterly basis.

The Companies make safe harbor qualified nonelective contributions equal to 3 percent of eligible participant compensation for all eligible participants. During the plan year ended December 31, 2015, $363,651 of qualified nonelective contributions were made. The Companies may make a discretionary matching contributions of 100% of each eligible participant’s elective deferrals, not to exceed 4 percent of the participant’s compensation. During the plan year ended December 31, 2015, there were no matching contributions made by the Companies. The Companies may also make separate discretionary contributions. Separate discretionary amounts are determined by allocation groups, as noted within the plan document. During the plan year ended December 31, 2015, $184,106 in separate discretionary contributions were made. Contributions made by the Companies are subject to certain limitations of the IRC.

Participant Accounts

Participant contributions and investment earnings were directed by the individual Plan participants to certain investment choices offered by the Plan. Each participant’s account is credited with the participant’s contribution, the Companies' matching contributions, the Companies' qualified nonelective contributions and an allocation of any Companies' separate discretionary contributions, plan earnings, and debited for disbursements, plan losses, and administrative fees. Participants with outstanding loans are charged with loan maintenance fees. Allocations of Companies' contributions, plan earnings or losses, and administrative expenses are based on participant's compensation or account balances, as defined in the plan document.

NOTE 1 - Description of the Plan (cont.)

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balances. The repayment period of a note is not to exceed five years. Notes receivable from participants are collateralized by the balance in the participant's account and bear interest at the prevailing commercial rate for similar notes. Participants are limited to two notes receivables outstanding at any one time and the approval of two loans in any 12 month period. Loans are secured by the participant's vested balance and bear interest at rates ranging from 4.25% to 6% at December 31, 2015. Principal and interest are paid ratably through payroll deductions and are reinvested in the investment options selected by the participant.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in a variety of investment choices. Investment choices are more fully described in the Plan's literature. Participants may change their investment options at any time.

Payment of Benefits

On termination of service for any reason, a participant may receive an amount equal to the value of his or her account using various methods per the plan document. The Plan provides for normal retirement at age 65 or early retirement at age 55 with six years of service with the Companies. In-service withdrawals are allowed once a participant attains 59 1/2 years of age. Hardship withdrawals are also permitted under certain circumstances and are limited to the participant's elective deferral account.

Administrative Expenses

The Company pays a portion of the Plan's administrative expenses. In addition, certain administrative expenses of the Plan are paid through revenue-sharing arrangements with investment managers. During the year ended December 31, 2015, the Plan paid approximately $106,000 (1.15% of total assets) in investment management fees, of which approximately $56,000 (0.61%) was applied to recordkeeping services, $17,000 (0.18%) to professional services, and $33,000 (0.36%) to investment management services. These amounts were offset against appreciation of the Plan's investments and not paid directly by the Plan. Additionally, participant transaction fees were applied to the individual participant accounts and were paid directly through the Plan.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements of the Plan are prepared under the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires plan management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 6, Fair Value of Financial Instruments, for details on inputs, valuation technique and fair value measurement level within the fair value hierarchy.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are reclassified to benefits paid to participants based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

Payment of Benefits

Benefits are recorded when paid. There were no participants who elected to withdraw from the Plan prior to year end but had not been paid as of December 31, 2015 and 2014.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Recent Accounting Pronouncements

In June 2015, the FASB issued ASU No. 2015-10, *Technical Corrections and Improvements*. ASU 2015-10 amends a wide range of Accounting Standards Codification topics to make clarifying changes, correct unintended application of guidance and make minor changes that are not expected to have a significant effect on current accounting practice or create a significant administrative cost on most entities. As part of this amendment, the FASB changed the definition of Readily Determinable Fair Value. This change was effective upon issuance. The adoption of ASU 2015-10 has been applied to the financial statements and related disclosures.

In July 2015, the FASB issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient* ("ASU 2015-12"). Part I of the accounting standards update requires fully-benefit responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II of this update requires that investments (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation or depreciation in investments in the aggregate. Additionally, if an investment is measured using the net asset value (NAV) per share (or its equivalent) practical expedient in Topic 820 and that investment is a fund that files a U.S. Department of Labor (DOL) Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. Part III of the update permits plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Parts I and II require retrospective application; whereas, the amendments within Part III should be applied prospectively. Management has elected to early adopt the provisions of Part II of this new standard. Parts I and III of this standard are not applicable to the Plan.

NOTE 3 - Information Prepared and Certified by Custodian - Unaudited

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2015 and 2014. Accordingly, Principal Life Insurance Company, the custodian of the Plan ("Custodian"), has certified to the completeness and accuracy of all investments reported in the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment activity reported in the statements of changes in net assets available for benefits for the year ended December 31, 2015.

NOTE 4 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 5 - Concentrations

The Plan holds certain investments that represent 10% or more of the Plan's net assets available for benefits. As of December 31, 2015 and 2014, the Plan held one such investment totaling $2,131,080 and $2,016,641, respectively.

NOTE 6 - Fair Value of Financial Instruments

The Plan follows U.S. GAAP for measuring, reporting, and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported, and/or disclosed on a fair value basis.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 6 - Fair Value of Financial Instruments (cont.)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2015 and 2014.

Units of guaranteed interest accounts: Valued at fair value represented by the contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. The units of guaranteed interest accounts may be subject to surrender charges if they are withdrawn prior to maturity and the applicable interest rates are higher than the interest rates being credited to participants accounts. The accounts are also subject to market value adjustment upon liquidation prior to maturity or upon transfer of funds to other investment managers beyond the limits of the contract.

Units of pooled separate accounts: Valued at the total of the NAV of shares of mutual funds, cash and stocks held by the account at year-end. The Plan's interests in the pooled separate accounts are valued based on the information reported by the investment advisor.

The plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Guaranteed interest accounts:	$ -	$ -	$ 84,111	$ 84,111
Pooled separate accounts:	-	8,714,942	-	8,714,942
Total assets at fair value	$ -	$ 8,714,942	$ 84,111	$ 8,799,053

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total

Total assets at fair value	$ -	$ 8,666,892	$ 77,002	$ 8,743,894

NOTE 6 - Fair Value of Financial Instruments (cont.)

The changes in Level 3 assets and liabilities measured at fair value on a recurring basis for the year ended December 31, 2015 are summarized as follows:

Interest credited		442
Purchases		40,213
Sales		(33,167)
End of year	$	84,111

The Guaranteed Interest Account issued by Principal Life Insurance Company is carried at fair value. The following table provides information about significant unobservable inputs related to the Plan's investment in the Guaranteed Interest Account, which is categorized as Level 3 in the fair value hierarchy.

	Fair Value at December 31, 2015	Fair Value at December 31, 2014	Valuation Technique	Significant Unobservable Input	Range of Net Crediting Interest Rates

NOTE 7 - Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of the ERISA.

NOTE 8 - Parties-In-Interest

Certain investments of the Plan are managed by the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. As disclosed in Note 1, fees incurred by the Plan for the investment management services, professional services, and recordkeeping services are offset against appreciation in fair value of the Plan's investments, rather than a direct payment, and are also considered party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 9 - Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related Trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in accordance with the applicable requirements of the IRC and, therefore, the plan continues to qualify under Section 401(k) and the related trust continues to be tax-exempt as of December 31, 2015. Therefore, no provision for income taxes is included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan. The financial statements effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
