MedCentral Health System Employees'
Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of MedCentral Health System Employees' Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015 and 2014 and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual Life Insurance Company (MassMutual) on behalf of Hartford Life Insurance Company (Hartford), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Hartford holds the Plan's investment assets and participant notes receivable and executes related transactions. The plan administrator has obtained a certification from MassMutual on behalf of Hartford as of and for the years ended December 31, 2015 and 2014 that the information provided to the plan administrator by Mass Mutual, on behalf of Hartford, is complete and accurate.

To the OhioHealth Audit Committee
MedCentral Health System Employees'
Retirement Plan

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2015 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Change in Previously Issued Opinion

In our report dated September 15, 2015, for the financial statements as of and for the year ended December 31, 2014, we disclaimed our opinion as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and also disclaimed an opinion due to exclusion of investments from the financial statements for certain annuity and custodial accounts issued to current and former employees issued prior to January 1, 2009, as permitted by the Department of Labor's (DOL) Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. Sufficient accounting records were not available at that time to apply auditing procedures or to determine the extent to which the financial statements were affected by those conditions. The Plan was subsequently able to determine the amounts related to excluded investments, and auditing procedures applied. No material modifications were necessary to the previously issued 2014 financial statements. Accordingly, our present opinion on the 2014 financial statements, as presented herein, is different from that expressed in our previous report.

MedCentral Health System Employees' Retirement Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 1 - Plan Description

The following description of MedCentral Health System Employees' Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement or summary plan description for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution 403(b) plan covering all employees of MedCentral Health System (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 31, 2015, the Company elected to freeze the Plan to new participants and contributions effective December 31, 2015.

Contributions - All employees are eligible to participate in the Plan by making deferrals immediately upon hire. Participants may contribute any portion of their salaries and wages to the Plan, subject to maximum tax-deferred limitations established by the Internal Revenue Code (the "Code"). Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company makes matching contributions to the Plan equal to 50 percent of a participant's elective contributions for the plan year of between 3 percent and 6 percent based on years of service. Employees are eligible to receive matching contributions after completion of one year of service.

Vesting - Participants are immediately 100 percent vested in employee salary, rollover, and employer matching contributions and any income or loss thereon.

Benefit Payments - Distributions are payable upon the retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account, or in installments over a period not to exceed the expected life expectancy of the participant.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Hartford Life Insurance Company or its affiliates. Hartford Life Insurance Company (the "Custodian") is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Participant Notes Receivable - Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Internal Revenue Code. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

MedCentral Health System Employees' Retirement Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition - Investments held by the Plan are stated at fair value except as noted below. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

The fully benefit-responsive unallocated contracts are valued at contract value. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents deposits made to the contracts, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Fees for administrative services provided by the custodian are deducted directly from each participant's plan assets. Other administrative expenses are borne by the Company including external legal and accounting services. In addition, the Company provides internal accounting and administrative services to the Plan at no charge.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

MedCentral Health System Employees' Retirement Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 2 - Summary of Significant Accounting Policies (Continued)

New Accounting Pronouncements - During 2015, the Plan adopted Accounting Standards Update (ASU) Nos. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, and 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965)* - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient. ASU No. 2015-07 amended ASC 820, *Fair Value Measurements*, and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. Parts I and II of ASU No. 2015-12 were applicable to the Plan. Part I requires the fully benefit-responsive investment contract be recorded at contract value without presentation of fair value or the difference between fair value and contract value and reduces the related disclosures. Part II modified the investment disclosures under ASC 820 and 962. These standards were adopted retrospectively and had no impact on the Plan's net assets or changes in net assets.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including September 15, 2016, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Hartford Life Insurance Company (Hartford) holds the Plan's investments and participant notes receivable and executes related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by Massachusetts Mutual Life Insurance Company, on behalf of Hartford.

Note 4 - Tax Status

The Internal Revenue Service (IRS) is not currently accepting applications for individual 403(b) plan determination letters. The plan administrator has indicated the Plan will apply for a determination letter when the IRS allows such applications to be made. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of Internal Revenue Code Section 403(b). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Notes to Financial Statements December 31, 2015 and 2014

Note 5 - Fair Value Measurements

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2015 and 2014.

The following valuation methodologies have been used to value the Plan's investments:

Pooled Separate Account - The pooled separate accounts are valued at net asset value per share or its equivalent of the funds (NAV), which are based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	Balance at December 31, 2015
Investments measured at NAV - Pooled separate accounts:	
Equity investments (1)	\$ 48,486,883
Fixed-income investments (2)	6,166,983
Balanced investments (3)	8,842,206
Retirement year-based investments (3)	1,827,556
Total investments at fair value	<u>\$ 65,323,628</u>
	Balance at December 31, 2014
Investments measured at NAV - Pooled separate accounts:	
Equity investments (1)	\$ 51,978,759
Fixed-income investments (2)	6,235,481
Balanced investments (3)	9,793,853
Retirement year-based investments (3)	1,601,785
Total investments at fair value	<u>\$ 69,609,878</u>

- (1) This class represents investments in actively managed pooled separate accounts that invest primarily in equity securities which may include common stocks, options, and futures.
- (2) This class represents investments in actively managed pooled separate accounts that invest in a variety of fixed-income investments which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

MedCentral Health System Employees' Retirement Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 5 - Fair Value Measurements (Continued)

- (3) This class represents investments in actively managed pooled separate accounts with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

Note 6 - Investment Contracts

The Plan has a benefit-responsive investment contract with Hartford. Hartford maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting, but may not be less than 4.00 percent. When establishing interest credit rates for this product, Hartford considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account.

Generally there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and which require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

As described in Note 2, because the contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator (“you”) in completing the Form 5500 Schedule C¹ by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2015 - 12/31/2015 and indirect compensation is presented on a calendar year basis ending 12/31/2015.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because, among other potential considerations, plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan’s service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Total Direct Compensation Paid **\$12,705.00**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: Massachusetts Mutual Life Insurance Company EIN: 04-1590850

Service Codes: 15, 23, 37, 38, 54, 55, 59, 60, 62, 63, 64, 65, 66, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **\$12,705.00**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2015 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company ("MMLIC") are the net result of aggregating direct compensation after the effects of adjustments processed in 2015, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation **\$1,134.75**

Bank accounts and investments associated with short-term investment pool

This is an estimate based on the annual average rate of float (0.573% for 2015) earned on the bank accounts and investments associated with the short-term investment pool for the 2015 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor, subject to applicable regulation. The Plan Sponsor should consult with the Plan's/Plan Sponsor's tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. MassMutual's Code of Conduct generally restricts MassMutual employees from giving to or receiving gifts from customers and/or business partners having a value of over \$100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including MassMutual, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual.

Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Massachusetts Mutual Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2015 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

In addition, please note that some of the funds available through your service contract or arrangement are funds from the Oppenheimer family of mutual funds, which are affiliated with MassMutual (The Oppenheimer Funds). These affiliated mutual funds have contracts for services with companies that are affiliated with MassMutual. The MassMutual-affiliated companies that provide these services, and are compensated in connection with those services, are listed below. For more information about these affiliated mutual funds, see the applicable fund prospectus.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of MedCentral Health System Employees' Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015 and 2014 and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual Life Insurance Company (MassMutual) on behalf of Hartford Life Insurance Company (Hartford), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Hartford holds the Plan's investment assets and participant notes receivable and executes related transactions. The plan administrator has obtained a certification from MassMutual on behalf of Hartford as of and for the years ended December 31, 2015 and 2014 that the information provided to the plan administrator by Mass Mutual, on behalf of Hartford, is complete and accurate.

To the OhioHealth Audit Committee
MedCentral Health System Employees'
Retirement Plan

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2015 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Change in Previously Issued Opinion

In our report dated September 15, 2015, for the financial statements as of and for the year ended December 31, 2014, we disclaimed our opinion as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and also disclaimed an opinion due to exclusion of investments from the financial statements for certain annuity and custodial accounts issued to current and former employees issued prior to January 1, 2009, as permitted by the Department of Labor's (DOL) Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. Sufficient accounting records were not available at that time to apply auditing procedures or to determine the extent to which the financial statements were affected by those conditions. The Plan was subsequently able to determine the amounts related to excluded investments, and auditing procedures applied. No material modifications were necessary to the previously issued 2014 financial statements. Accordingly, our present opinion on the 2014 financial statements, as presented herein, is different from that expressed in our previous report.

MedCentral Health System Employees' Retirement Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 1 - Plan Description

The following description of MedCentral Health System Employees' Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement or summary plan description for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution 403(b) plan covering all employees of MedCentral Health System (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 31, 2015, the Company elected to freeze the Plan to new participants and contributions effective December 31, 2015.

Contributions - All employees are eligible to participate in the Plan by making deferrals immediately upon hire. Participants may contribute any portion of their salaries and wages to the Plan, subject to maximum tax-deferred limitations established by the Internal Revenue Code (the "Code"). Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company makes matching contributions to the Plan equal to 50 percent of a participant's elective contributions for the plan year of between 3 percent and 6 percent based on years of service. Employees are eligible to receive matching contributions after completion of one year of service.

Vesting - Participants are immediately 100 percent vested in employee salary, rollover, and employer matching contributions and any income or loss thereon.

Benefit Payments - Distributions are payable upon the retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account, or in installments over a period not to exceed the expected life expectancy of the participant.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Hartford Life Insurance Company or its affiliates. Hartford Life Insurance Company (the "Custodian") is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Participant Notes Receivable - Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Internal Revenue Code. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

MedCentral Health System Employees' Retirement Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition - Investments held by the Plan are stated at fair value except as noted below. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

The fully benefit-responsive unallocated contracts are valued at contract value. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents deposits made to the contracts, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Fees for administrative services provided by the custodian are deducted directly from each participant's plan assets. Other administrative expenses are borne by the Company including external legal and accounting services. In addition, the Company provides internal accounting and administrative services to the Plan at no charge.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

MedCentral Health System Employees' Retirement Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 2 - Summary of Significant Accounting Policies (Continued)

New Accounting Pronouncements - During 2015, the Plan adopted Accounting Standards Update (ASU) Nos. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, and 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965)* - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient. ASU No. 2015-07 amended ASC 820, *Fair Value Measurements*, and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. Parts I and II of ASU No. 2015-12 were applicable to the Plan. Part I requires the fully benefit-responsive investment contract be recorded at contract value without presentation of fair value or the difference between fair value and contract value and reduces the related disclosures. Part II modified the investment disclosures under ASC 820 and 962. These standards were adopted retrospectively and had no impact on the Plan's net assets or changes in net assets.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including September 15, 2016, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Hartford Life Insurance Company (Hartford) holds the Plan's investments and participant notes receivable and executes related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by Massachusetts Mutual Life Insurance Company, on behalf of Hartford.

Note 4 - Tax Status

The Internal Revenue Service (IRS) is not currently accepting applications for individual 403(b) plan determination letters. The plan administrator has indicated the Plan will apply for a determination letter when the IRS allows such applications to be made. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of Internal Revenue Code Section 403(b). Therefore, no provision for income taxes has been included in the Plan's financial statements.

MedCentral Health System Employees' Retirement Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 5 - Fair Value Measurements

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2015 and 2014.

The following valuation methodologies have been used to value the Plan's investments:

Pooled Separate Account - The pooled separate accounts are valued at net asset value per share or its equivalent of the funds (NAV), which are based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	Balance at December 31, 2015
Investments measured at NAV - Pooled separate accounts:	
Equity investments (1)	\$ 48,486,883
Fixed-income investments (2)	6,166,983
Balanced investments (3)	8,842,206
Retirement year-based investments (3)	1,827,556
Total investments at fair value	<u>\$ 65,323,628</u>
	Balance at December 31, 2014
Investments measured at NAV - Pooled separate accounts:	
Equity investments (1)	\$ 51,978,759
Fixed-income investments (2)	6,235,481
Balanced investments (3)	9,793,853
Retirement year-based investments (3)	1,601,785
Total investments at fair value	<u>\$ 69,609,878</u>

- (1) This class represents investments in actively managed pooled separate accounts that invest primarily in equity securities which may include common stocks, options, and futures.
- (2) This class represents investments in actively managed pooled separate accounts that invest in a variety of fixed-income investments which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

MedCentral Health System Employees' Retirement Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 5 - Fair Value Measurements (Continued)

- (3) This class represents investments in actively managed pooled separate accounts with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

Note 6 - Investment Contracts

The Plan has a benefit-responsive investment contract with Hartford. Hartford maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting, but may not be less than 4.00 percent. When establishing interest credit rates for this product, Hartford considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account.

Generally there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and which require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

As described in Note 2, because the contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.
