GOLD COAST EAGLE DISTRIBUTING EMPLOYEES SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015

NOTE A – DESCRIPTION OF PLAN

The following description of the Gold Coast Eagle Distributing Employees Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement or Summary Plan Description (SPD) for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Gold Coast Eagle Distributing, LLLP, (the Company) who have completed one year of service (with a minimum of 1,000 hours of service) and are at least twenty-one years of age. The Board of Directors and the Company's management is responsible for oversight of the Plan.

Contributions

Each year, participants may contribute a portion of their pretax annual compensation, as defined by the Plan, up the amount allowable by Internal Revenue Code, $18,000 for 2015. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions, up to $6,000 for 2015. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company elected to make a discretionary non elective contribution. The Company contribution is allocated among eligible participants based on a uniform percentage of included compensation as follows: 3% for 1-3 years of service and 1-2 years of participation; 4% for 4-5 years of service and 3-4 years of participation; 5% for over 6 years of service and 5 years of participation. The Company, at its discretion, may also make other qualified non-elective contributions. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant account is credited with the participant's contribution, and allocations of the Company's discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A – DESCRIPTION OF PLAN – CONTINUED

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based upon years of continuous service. Participants vest in the Company contributions as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Upon reaching normal retirement age of 65, participants become fully vested in all of their accounts under the Plan.

Payment of Benefits

Upon termination of service, (due to termination, retirement, death or disability), a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her vested account , or annual installments. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Generally, the Plan is compelled to begin minimum distributions of vested balances of participants reaching 70½. All other active participants may only receive a distribution of their vested balances in the event of financial hardship as defined by the Internal Revenue Service and as set forth in the Plan.

Forfeitures

At December 31, 2014, forfeitures in the amount of $26,355 were available for use to reduce future Company contributions. In 2015, employer contributions were reduced by $5,941 from forfeited nonvested accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator and management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net Appreciation (Depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants are recorded in the plan year the Company makes the payroll deductions from participants' wages. Company contributions are made on a quarterly basis and are recorded in these financial statements in the year they pertain to.

Payment of Benefits

Benefits are recorded when paid.

Expenses of the Plan

Certain expense of maintaining the Plan is paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of the fair value of the investments.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2016, which is the date the financial statements were available to be issued.

NOTE C – INVESTMENTS

The following that represent 5% or more of the Plan's net assets at December 31, 2015:

	2015	2014
JP Morgan Smart Retirement 2020	$ 366,360	$ 391,176
JP Morgan Smart Retirement 2040	306,040	319,329
JP Morgan Smart Retirement 2030	297,295	307,289
BlackRock Global Allocation R	262,251	172,693
Hartford Fixed Account	1,290,224	1,291,694

During 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) which are held in various types of mutual funds and a guaranteed investment contract, depreciated in the amount of $22,693.

NOTE D – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include

- quoted market prices for similar assets or liabilities in active markets;
- quoted market prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE D – FAIR VALUE MEASUREMENTS – CONTINUED

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of nay input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end and are based on the closing price reported on the active market where the individual securities are traded.

Stable value funds

The fair value of stable value funds are generally obtained directly from the fund house or other investment provider. Valuations are based on observable inputs (assumptions obtained from independent sources) for the asset or liability, either directly or indirectly, i.e. quoted prices used to value similar instruments in active market such as bonds.

Group funding agreement

The fair value of group funding agreement is valued by discounting the related cash flows based on the current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

NOTE D – FAIR VALUE MEASUREMENTS – CONTINUED

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

		Fair Value Measurements at Reporting Date Using:	
	December 31, 2015	Level 1	Level 3

Total Assets at Fair Value	$ 3,354,212	$ 2,063,988	$ 1,290,224

		Fair Value Measurements at Reporting Date Using:

NOTE E – GROUP FUNDING AGREEMENT WITH NATIONAL INSURANCE COMPANY

The Plan entered into a fully benefit-responsive group funding agreement with Hartford Life Insurance Company (HLIC). HLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group funding agreement is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by HLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2015 and 2014 was $1,290,204 and $1,291,694, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%.

Certain events limit the Plan's ability to transact at contract value with HLIC. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The group funding agreement does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

NOTE G – TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan's management has analyzed the tax provisions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500
