NOTE A - SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The accounting records of the Thank You Nurses, Ltd 401(k) Profit Sharing Plan (the "Plan") are maintained on the accrual basis.

Recognition of Income: The basis of investments held by the Plan is adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized and unrealized gains and losses on investments are computed using adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments: Investments in mutual funds (registered investment companies) are carried at fair market value (net asset value), as determined by quoted prices in an active market. Dividends are considered in the fair market value determination. Gains and losses (realized and unrealized) included in changes in net assets are reported in net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits.

Participants' Notes Receivable: Participants' notes receivables are stated at their unpaid principle balance plus any accrued interest. Interest is recognized as accrued. An allowance was not required at December 31, 2015 and 2014. If participants cease to make a loan repayment and the Plan administrator deems the participant loan is in default, the loan balance is reduced and a benefit payment to the participant is recorded.

Benefit Payments: Benefits are recorded when paid.

Concentration of Credit Risks: Concentration of credit risk with respect to mutual funds is reduced as a result of the diversity of the underlying investments.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

New Accounting Pronouncements: Management is not aware of any new accounting pronouncements that have been released, and are not yet effective, which will have a significant impact to its financial position or results of operations in future periods.

Use of Estimates: The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE B - DESCRIPTION OF PLAN

The following description of the Thank You Nurses, Ltd 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan.

General: The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and covers substantially all employees of the Plan Sponsor who are age twenty-one or older and have one year of service. Although it has not expressed an intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Contributions: Each year participants may elect to contribute up to 85% of pretax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor may elect to contribute a matching contribution, the amount of which is determined by the Board of Directors and allocated based on each participant's contributions. Participants also direct the investment of any matching contribution received. For the years ended December 31, 2015 and 2014, the Plan Sponsor elected to contribute 100% of the first 3% and .5% of the next 2% of compensation that a participant contributes to the Plan in accordance with its safe harbor provision.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are 100% vested at all times in their voluntary contributions, employer safe harbor contributions, and actual earnings thereon. A participant's interest in the discretionary contributions the employer makes to the Plan becomes 100% vested upon attaining the Plan's normal retirement age or if employment is terminated due to death or disability. If employment is terminated prior to normal retirement age for any reason other than death or disability, then the employee's interest in employer contributions becomes 100% vested following 6 years of employment in accordance with specific vesting schedules based on years of service as required by the Department of Labor Rules and Regulations..

Participants' Notes Receivable: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan Administrator. Principal and interest is repaid no less frequently than quarterly by payroll deductions.

Payment of Benefits: On termination of service a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period of time detailed in the Plan.

Forfeited Accounts: Forfeited non-vested accounts totaled $0 at December 31, 2015 and 2014. Forfeitures may be used to pay administrative expense and reduce employer contribution.

NOTE C - INCOME TAX STATUS

The underlying standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008 stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), and therefore, is tax exempt. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe the Plan is appropriately designed and is currently being operated in compliance with the applicable requirements of the IRS.

The Plan Administrator is not aware of any tax positions that would have a significant impact on the Plan's financial position. The Plan's federal returns for the last four years remain subject to examination.

NOTE D - FAIR VALUE MEASUREMENTS

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets in active markets, including pooled separate accounts
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means
- if the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE D - FAIR VALUE MEASUREMENTS - continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Fair Value Measurements Using			
December 31, 2015	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 935,838	$ -	$ -	$ 935,838

	Fair Value Measurements Using			
December 31, 2014	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 821,524	$ -	$ -	$ 821,524

There have been no changes in methodologies used to estimate fair value. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the net asset value (NAV).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - TRANSACTIONS WITH PARTIES - IN - INTEREST

The Plan includes certain investments managed by the trustee therefore; these transactions qualify as party-in – interest transactions. Fees paid for legal, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates and, if paid by the Plan Sponsor, are excluded from these financial statements. The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed for in the Plan document.

NOTE F – DELINQUENT PARTICIPANT CONTRIBUTIONS

The Plan Sponsor failed to remit participant contributions in a timely manner to the Plan. Contributions not remitted in a timely manner totaled $7,996 in 2015. The Sponsor has corrected these remittances and, in October 2016, remitted lost earnings. The lost earning for Plan participants totaled to approximately $35 for 2015.

NOTE G - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The audited financial statements are prepared on the accrual basis of accounting, whereas, the Form 5500 is prepared on the cash basis.

The following is a reconciliation of net assets available for benefits as of December 31:

Internal Control Related Matters
(Management Letter Items)

In planning and performing our audit in of the Benefit Plan in accordance with U.S. generally accepted auditing standards, we consider the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the Plan's financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies, or material weaknesses. A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis.

A *material weakness* is a deficiency, or combination of deficiencies, in internal controls, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal controls, that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Segregation of Duties: Due to the relatively small size of the Plan, ideal segregation of duties cannot be achieved. This is not unusual for a Plan of your size; however, the lack of segregation of duties increases the risk of fraud related to misappropriation of assets, financial statement misstatement, or both. The Plan administrator and management should be constantly aware of this condition. It is the responsibility of management and those charged with governance to make the decision to accept the degree of risk associated with this condition because of cost or other considerations. We believe it is important for management and those charged with governance be aware that some weakness exists and they should continue to apply diligent oversight and monitoring activities.

A *control deficiency* is a deficiency in internal control which does not rise to the level of being considered either a material weakness or a significant deficiency. However, it is a finding we noted during the audit process which we believe should be brought to your attention. Control deficiency findings we noted include the following:

Audit Adjustments: During the course of the audit process, we may recommend certain adjustments for a fair presentation of the financial statements. These audit adjustments, if applicable, have previously been discussed with you. Audit adjustments, depending on their materiality and other factors, may be considered as either a *control or a significant deficiency* by U. S. Professional Standards. We consider the adjustments discussed with you to be *control deficiencies*.

Financial Statement Preparation: Preparation of financial statements and related footnotes by the auditor, instead of your internal staff, may also be considered as either a *control or significant deficiency*. We consider the preparation of the financial statements and related footnotes by our firm a *control deficiency,* as assistance with this process by the independent auditors is a customary practice for entities of this size.

Timely Remittances: Department of Labor (DOL) regulations require employee contributions and participant loan repayments withheld from the employees' wages by the employer be remitted to the Plan at the earliest date that the assets can be reasonably segregated from the employer assets. Failure to timely remit employee contributions and loan repayments violates the fiduciary responsibilities imposed by ERISA. The DOL does not have a bright line number of days; however, they have consistently taken the position the employee contribution and loan repayments should be remitted similar to the time that the employer pays the payroll taxes each month. Accordingly, *our strong recommendation is such remittances to the Plan are made on the same day the Company's payroll taxes are remitted.* We consider any departures from this timing as a control deficiency.

Reliance on Third Party Administrator: The Plan sponsor relies heavily on the Third Party Administrator (TPA) to perform reconciliations and other administrative duties. However, the ultimate responsibility for administration, reconciliations and record keeping rests with the Plan sponsor, Plan administrator and any others who exercise authority or control over the Plan or its assets. The sponsor, administrator and other personnel with significant roles in the Plan are considered fiduciaries. We recommend that Plan management review reports available on the TPA's website to reconcile contributions recorded to contributions per the Plan sponsor's payroll and contribution records. We further recommend the Plan management become familiar with reports available on the TPA's website to enhance their controls around financial reporting.

DOL Audits: The DOL is continuing to audit a large number of employee benefit plans. Although the DOL may audit any area of the Plan for compliance, their current focus appears to be centered on these areas:

- Timely remittances of deposits, as discussed above.

- Fee analysis: What fees are being paid by the Plan, in particular, the fees paid by each individual investment (i.e., by each mutual fund, etc) held by the Plan, whether such fee is paid directly by the fund or netted against the fund earnings.

- Participant education: Are the Plan administrators and trustees providing periodic education to the participants so knowledgeable decisions may be made by the participants? Making education available to all participants on at least an annual basis is expected by the DOL.

- Annual meeting of Plan trustees and administrators: At least annually, the Plan trustees and administrators should meet to discuss various aspects of the benefit plan, including a discussion of administrative and investment fees; education for its participants; investment policy and decisions regarding changes to investments offered by they Plan; changes in laws and regulations; and the general environment surrounding the Plan sponsor and the Plan itself. This meeting should be documented in formal minutes maintained in the permanent files of the Plan.

Other Matters:

Participant Declination Forms – During our participant testing, we noted 5 out of 25 participants selected did not have an enrollment form declining their participation in the Plan. Per discussions with management, enrollment forms that get mailed to participants are not followed-up for subsequent receipt back to the Plan Sponsor. We recommend that Thank You Nurses, Ltd. obtain signed enrollment forms indicating that an eligible employee is opting not to participate in the Plan.

Required Communication to Plan Committee

Our Responsibility Under U. S. Generally Accepted Auditing Standards

Our responsibility, as prescribed by U.S. Professional Standards, is to plan and perform our audit to obtain reasonable assurance about whether the financial statements are free of material misstatement and to express an opinion on the financial statements. An audit in accordance with U. S. Generally Accepted Auditing Standards does not provide absolute assurance or guarantee the accuracy of the financial statements and is subject to the inherent risk that errors, irregularities or illegal acts, if they exist, have not been detected. Such standards also require that we obtain a sufficient understanding of the internal control structure to plan the audit. However, such understanding is required for the purpose of determining our audit procedures and not to express an opinion on the effectiveness of internal control over financial reporting. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities.

Our Responsibility for Other Information in Documents Containing Audited Financial Statements

Pursuant to U.S. Professional Standards, the auditor's responsibility for other information in documents containing the audited financial statements does not extend beyond the financial information identified in the audit report, and the auditor is not required to perform procedures to corroborate such other information.

Management Judgments and Accounting Estimates

Accounting estimates, based upon Management's judgments, are an integral part of the financial statements. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from Management's current judgments.

Disagreements with Management

For purposes of this letter, U. S. Professional Standards define a disagreement with Management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter which could be significant to the financial statements or the audit report. We are pleased to report that no such disagreements arose during the course of our audit.

Report Issued on Financial Statement Audit

Our report issued on the financial statements was a disclaimer of opinion as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations.

Internal Control Related Matters

We considered the internal control structure in order to gain a basic understanding of the internal control policies and procedures in order to design an effective and efficient audit approach, not for the purpose of providing assurance on the internal control structure. If applicable, any matters which we believe require your attention are included on page 2 of this report.

Accounting Principles

Management employed appropriate accounting principles as described in the audited financial statements and made all required disclosures in a clear and complete manner within the financial statements, as required following U. S. Generally Accepted Accounting Principles. The accounting principles under which the Plan prepares its financial statements are reasonable, conservative and consistent, thereby enabling such statements to be of the highest quality.

We noted no transactions that were both significant and unusual, and of which, under U.S. Professional Standards, we are required to inform you, or transactions for which there is a lack of authoritative guidance or consensus.

Management Cooperation

The Management and employees have been most helpful and cooperative.

Management Consultations with Other Accountants

Management has advised it did not consult with other accountants regarding auditing and accounting matters.

Major Issues Discussed with Management

We discussed a variety of matters with Management, including the application of accounting principles and auditing standards. These discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention as your independent auditors.

Management Representation

Management has provided us with a representation letter which outlines their responsibilities for the financial statements and information provided to us during the audit.

Difficulties Encountered in Performing the Audit

We encountered no unusual difficulties in dealing with Management in performing our audit. We were given full access to accounting records, supporting documents and other information that we requested.

Independence

We are not aware of any relationships between our firm and you that, in our professional judgment, may reasonably be thought to bear on our independence since our last communication.

The following section provides our communications to those charged with governance as provided for under our U.S. Professional Standards:

Auditing Standard Statements	Audit Responses
AU-C 240, *Consideration of Fraud in a Financial Statement Audit*	We are not aware of any errors or material misstatements which would require communication to the Board and Management.
AU-C 250, *Illegal Acts by Clients*	We are not aware of any illegal acts which would require communication to the Board.
AU-C 260, *The Auditor's Communication with Those Charged with Governance*	
• The auditors' responsibility	Our audit is designed to enable us to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement.
• Significant accounting policies	Significant accounting policies include, but are not limited to, revenue recognition and accounting estimates. These policies have been discussed with the Board and Management.
• Management judgments and accounting estimates	We reviewed the significant estimates utilized in the preparation of the audited financial statements and found them to be in conformity with U. S. GAAP.
• Audit adjustments	All adjustments recommended by us during the course of the audit were made by Management, and are considered normal for the audit process. We have previously provided you a detail of such adjustments. Other adjustments, clearly immaterial to the financial statements, have been summarized and previously provided to Management.
AU-C 265, *Communicating Internal Control Related Matters Identified in an Audit*	We are not required to perform procedures to identify deficiencies in internal control or to express an opinion on the effectiveness of internal control. However, during the course of an audit, we may become aware of deficiencies while obtaining an understanding of internal control, assessing the risks of material misstatement of the financial statements due to error or fraud, performing further audit procedures to respond to assessed risk, communicating with Management or others (for example, internal auditors or governmental authorities), or otherwise. Our findings with respect to internal control, if any, are on page 2.
