We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Employees' Thrift Plan of Indianapolis Power & Light Company at December 31, 2015 and 2014, and the changes in its net assets available for benefits for the year ended December 31, 2015, in conformity with U.S. generally accepted accounting principles.

Supplemental Schedule

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2015, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Employees' Thrift Plan of Indianapolis Power & Light Company

Notes to Financial Statements

December 31, 2015

1. Description of the Plan

The following description of the Employees' Thrift Plan of Indianapolis Power & Light Company (the Plan) provides general information about the Plan's provisions. Indianapolis Power & Light Company (IPL) is the plan sponsor. Participants should refer to the plan document and summary plan description, copies of which may be obtained from the plan sponsor, for a more complete description of the Plan's provisions.

General

The Plan is administered by the Employees' Pension and Benefits Committee (the Pension Committee), which is a committee of not less than five persons appointed by the IPL Board of Directors. The Plan is a defined contribution plan, and certain employees become eligible to participate in the Plan immediately upon date of employment. The Plan's trustee and record-keeper of the Plan's assets is T. Rowe Price Trust Company (T. Rowe Price). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Employee contributions are made through payroll deductions representing amounts equal to a specific percentage of the employee's base rate of compensation. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Employees have the option of contributing anywhere from 1% to 50% of base compensation, in increments of 1%, and direct their contributions into any of the investment options provided by the Plan. Employees can make such contributions under a "Before Tax" or "After Tax" option. Employer-matching contributions are made in an amount equal to current employee contributions up to a maximum of 5% for certain union employees; and 4% for other eligible employees and are invested in the same funds as the employee elects to have his/her contributions invested. Certain union employees are also eligible to receive an annual lump-sum company contribution at the discretion of the plan sponsor's president. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participant Accounts

Each participant's account is credited with the participant's contribution, IPL's matching contribution, and any additional employer contributions as provided under the Plan. Allocations of the Plan's earnings and losses are based on individual account balances relative to total account balances as of the valuation dates.

Notes to Financial Statements

December 31, 2015

1. Description of the Plan (continued)

Participant fund transfers are subject to certain restrictions as outlined in the summary plan description. In the event of partial or total termination of the Plan, the funds in the Plan shall be valued as of the date of partial or total termination and, after payment of necessary expenses, shall be distributed as though all participants directly affected by the partial or total termination had retired as of that date.

Vesting

Employee before and after tax contributions are non-forfeitable and fully vested at all times. All eligible employees (including union and nonunion employees) vest at a rate of 20% per year and become fully vested in the Plan after five years of uninterrupted service related to employer contributions.

Forfeitures

Termination of employment before the five-year vesting requirement requires forfeiture of a prorated amount of allocated employer contributions. Forfeited amounts may be used to reduce employer-matching contributions. Unallocated forfeiture balances as of December 31, 2015 and 2014, were \$1,035 and \$5,827, respectively, and forfeitures used to reduce employer contributions for 2015 were \$9,534.

Payment of Benefits

Upon separation from service with IPL due to death, disability, retirement, or termination, a participant, or the participant's beneficiary, may elect to receive either a lump-sum distribution, or elect an automatic rollover to an individual retirement account, or the participant has the option of maintaining the account until reaching the age of 70½ years; however, all distributions must be made in one lump-sum payment unless the participant has met his/her "required beginning date" allowing the participant to take annual installments of distributions. A participant whose vested account balance is \$1,000 or less will automatically receive a lump-sum distribution equal to his/her vested account balance in December of that respective year.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (the IRS), and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

1. Description of the Plan (continued)

Plan Assets

Assets of the Plan are maintained in trust. Once placed in trust, assets may be withdrawn only for the purpose of in-service, hardship, or age 59½ withdrawals by active employees; paying distributions to retiring employees; refunding employee contributions; payment of vested employer contributions to employees withdrawing from the Plan; payment of loan proceeds to participants electing a loan from the Plan; distributions to beneficiaries of deceased employees; or payment of the expenses of the Plan. Participants make requests for distributions directly with the record-keeper except for certain loans and refunds of participant contributions, which require approval from the Benefits Department of IPL. The Payroll and Benefits Departments of IPL conduct day-to-day activities of the Plan at the designation of the Pension Committee.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company. Expenses that are paid by IPL are excluded from these financial statements. Accrued plan expenses of \$0 and \$39,990 were payable at December 31, 2015 and 2014, respectively. Most permissible plan expenses are paid by plan participants.

Participant Loans

Participants may borrow up to the lesser of 50% of the vested portion of their account or \$50,000, with a minimum loan requirement of \$1,000. The available loan amount is reduced by the highest outstanding loan balance during the one-year period preceding the date the loan is made. The period of repayment of the loan can vary but generally will not exceed five years, except for loans used to purchase or construct a principal residence where the repayment period will not exceed ten years. The loans are secured by the balance in the participant's account and bear interest at 1% over prime. Principal and interest are normally paid through payroll deductions. Plan participants have the ability to pay off their loans at any time directly with the Plan's record-keeper. Participants who separate from service with a loan balance outstanding have the option to either pay off their loan or make monthly payment arrangements directly with the Plan's record-keeper. Once participants have separated from service, they are prohibited from taking out any new loans. A participant may not have more than four loans outstanding at any point in time.

Plan Termination

Although it has not expressed any intent to do so, IPL has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Pending Trades Receivable

Other receivables includes a pending trade receivable of \$258,419 at December 31, 2014, primarily relating to unsettled trades of The AES Corporation (AES) common stock. This receivable was collected in January 2015.

Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates that affect amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

New Accounting Pronouncement

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: *Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of the ASU eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III of the ASU is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early.

3. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 - Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Employees' Thrift Plan of Indianapolis Power & Light Company

Notes to Financial Statements

December 31, 2015

3. Fair Value Measurements (continued)

- Level 2 - Inputs other than quoted prices in active markets for identical assets and liabilities that are observable, either directly or indirectly, for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - quoted prices for similar assets and liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in markets that are not active;
 - observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals);
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 - Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation techniques and inputs used for each general type of assets measured at fair value by the Plan:

AES Common Stock: AES common stock is valued at the closing price reported on the active market on which AES common stock is traded.

Mutual Funds: Mutual funds are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end.

Common/Collective Trusts (CCTs):

Well Fargo Stable Value Fund C

T. Rowe Price Stable Value Common Trust Fund

All CCTs are valued using net asset value as a practical expedient. In accordance with the terms of the Trust, the net asset value of the Fund is calculated daily and net investment income, realized and unrealized gains on investments are not distributed but rather reinvested and reflected in the net asset value of the fund. Units of the Fund are issued and redeemed at the current net asset value. Redemptions by

3. Fair Value Measurements (continued)

participating plans occur at net asset value following a 12- or 30-month advance notice.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There have been no changes from prior years in techniques and inputs used to determine fair value. Transfers between levels, if any, are recorded as of the date the transfer occurred. There were no transfers between Levels 1, 2 and 3 during 2015 or 2014.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value:

Assets at Fair Value as of December 31, 2015

3. Fair Value Measurements (continued)

- (a) This category includes common/collective trust funds that are designed to deliver safety and stability by preserving principal and accumulating earnings. These funds are primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed-redemptions have no restrictions; however, the Plan is required to provide a 12- or 30-month redemption notice to liquidate its entire share in either fund.
- (b) This category also includes a common/collective trust fund that seeks total return and to outperform benchmark and to identify attractively valued small- and mid-sized companies that have the potential for above-average capital appreciation.

4. Related Party Transactions

One of the Plan's investment options is AES common stock. Since AES is the parent company of IPALCO Enterprises, Inc. and IPALCO Enterprises, Inc. is the parent company of IPL, all investment transactions involving AES common stock qualify as party-in-interest transactions. However, the transactions are exempt from the prohibited transactions rules under ERISA. During 2015, the Plan received \$518,178 in common stock dividends from AES.

Certain Plan investments are shares of mutual funds and units of common/collective trust funds managed by T. Rowe Price. T. Rowe Price is the Trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Tax Status

The Plan has received a determination letter from the IRS dated July 30, 2013, stating that the Plan is qualified under Section 401(a) of the Code and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of

Employees' Thrift Plan of Indianapolis Power & Light Company

Notes to Financial Statements

December 31, 2015

6. Tax Status (continued)

the Code and therefore, believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014, to the Form 5500:

	December 31,	
	2015	2014
Net assets available for benefits per the financial statements	\$ 150,927,390	\$ 164,799,182
Add: Adjustment from fair value to contract value for fully benefit-responsive investment contracts	—	293,267
Net assets available for benefits per the Form 5500	\$ 150,927,390	\$ 165,092,449

The following is a reconciliation of total additions per the financial statement to total income per the Form 5500 for the year ended December 31, 2015:

Total additions per the financial statement	\$ 5,574,512
Less: Adjustment from fair value to contract value for fully benefit-responsive investment contracts at December 31, 2014	(293,267)
Total additions per Form 5500	\$ 5,281,245

8. Subsequent event

Effective January 1, 2016, the portion of the Plan invested in AES common stock is intended to be an employee stock ownership plan (ESOP) within the meaning of Section 4975(e)(7) of the Code. Under the ESOP provisions, participants have the option to either receive, in cash, the distribution of dividends from AES or to reinvest the dividends in AES common stock.
